Forester Hybrid S AWD

the future of driving is here

Loaded with state-of-the-art safety and entertainment tech, the Subaru Forester is made to help you and your family make the most of every moment. And now Australian families have another reason to love Subaru Forester even more, with the debut of our new generation Subaru e-Boxer hybrid technology.

Self-charging on the go

e-Boxer technology combines an electric motor and high voltage battery with a petrol Boxer engine for better performance and fuel efficiency. Plus, self-charging technology captures braking energy to recharge the battery.

A perfect match

Subaru e-Boxer hybrid uses power from a compact battery and electric motor to assist the petrol engine – changing between Electric only, Motor Assist and Engine only driving modes to match the conditions.

3-way power

In certain conditions, such as when gently pulling away or driving slowly, the electric motor exclusively powers the car. However, when cruising, the petrol engine alone is the most suitable power source. While under other conditions, e-Boxer's Motor Assist engages both power sources for a superior drive.

Framed to deliver

Delivering a linear, highly-responsive drive with excellent handling and stability, the Subaru Forester Hybrid range incorporates structural changes designed to enhance overall torsional and rear suspension rigidity.

Loaded for fun

With the electric motor's battery and other electrical components positioned under the cargo floor, the Subaru Forester Hybrid range boasts generous cargo space with the same convenient height for loading all your gear and then some.

why Forester?

Symmetrical force of power

Our All-Wheel Drive philosophy

Greater balance and control. That's the confidence you get from our unique Symmetrical All-Wheel Drive (AWD) system, which delivers the drive distribution to all four wheels, all the time. Every Subaru Forester has an innate sense of balance from the ground up, thanks to a near perfect symmetrical layout.

Boxing clever

Our famous Subaru Boxer engine

While most engines stand vertically, ours lay flat. The famous Subaru Boxer engine helps to deliver better handling. Sitting horizontally in the engine bay, it moves like a boxer's fists with a punch and counterpunch action. Lightweight, low and flat, it makes for perfect balance and a much lower centre of gravity. It creates less noise and vibration too. All of this means better on-road handling for you. More stability. More performance. More fun. And a more confident drive.

Finest safety

5 star ANCAP¹ safety across the Forester range

With Forester comes some serious safety innovation. We want every Subaru Forester to be amongst the safest cars on the road. Engineered full of cutting-edge technologies and the most intelligent design features. The Subaru Forester carries the maximum 5 star ANCAP safety rating.

The backbone of the future

Subaru Global Platform

The Forester is built on the new Subaru Global Platform (SGP). Revolutionary Subaru engineering underpins the superior modular platform for enhanced performance, safety and drivability. Innovative to the core, the game changing frame delivers reduced vibration, less roll when cornering, a smoother ride and improved overall road dynamics. The result? A drive that's damn near perfect and super smooth - with greater straight line stability, improved rigidity, responsive steering control and a quieter cabin.

Eyes in the back of your head

Rear view reverse camera

Manoeuvring back into a tight side street? Family driveway littered with toys? Reverse with confidence, thanks to our rear view reverse camera technology. The rear view reverse camera is like having eyes in the back of your head. This greatly improves your visibility and reduces the risk of bumps and scrapes. A rear view reverse camera is standard across the Subaru Forester range.

Efficiency without compromise

Auto Stop Start

We're constantly thinking of ways to help the environment and become more fuel-efficient. That's why we developed Auto Stop Start technology. It saves fuel by cutting the engine when you don't need it, like when you're idling or stopped in heavy traffic. The moment you're ready to move again, the engine restarts in a fraction of a second. Our Auto Stop Start technology is standard across the Subaru Forester range.

1. The Australasian New Car Assessment Program (ANCAP) gives consumers consistent information on the level of occupant protection provided by vehicles in serious front and side crashes.

The eyes have it

Driver Monitoring System - Driver Focus¹

Using the facial recognition capabilities of the Driver Monitoring System – Driver Focus, the Forester may identify the driver as they take their seat and automatically adjust cabin settings to that driver's pre-programmed preferences. The individual preferences of up to five drivers can be stored, allowing the Multi-Function Display, instrument settings and climate control to be restored to the driver's last setting. Also, the driver's seat and door mirror positions are moved to the driver's personal settings on the 2.5i Premium AWD, 2.5i-S AWD and Hybrid S AWD variants.

Yet another world first

Lineartronic[®] CVT

Pushing innovation beyond the bounds, we introduced an automatic transmission called Lineartronic[®] Continuously Variable Transmission (CVT) and it's the reason our automatic models drive so smooth. It's the

world's first longitudinally mounted system for AWD vehicles. Unlike a conventional automatic transmission – which uses fixed gear ratios – our Lineartronic[®] CVT provides infinite variability between the highest and lowest available ratios. So you now experience a smoothness that also optimises the efficiency of the vehicle. For even more excitement, switch to manual mode for greater control to suit your driving style. Lineartronic[®] CVT is standard on all Forester variants.

Intelligently driven

Subaru Intelligent Drive

Heading to the shops? Taking on the Great Ocean Road? Each situation deserves a distinctive driving mode, so we crafted Subaru Intelligent Drive (SI-Drive) technology to do just that. Intelligent (I) mode – perfect for everyday driving and Sport (S) mode – for enhanced acceleration and all-round sport performance. SI-Drive is standard on Forester 2.5i Premium AWD, 2.5i-S AWD and Hybrid S AWD.

Get smart

X-Mode

When the going gets tough, engage Subaru's intelligent X-Mode, standard across the Subaru Forester range. Featuring Hill Descent Control which optimises traction in low speed and slippery conditions, X-Mode delivers uncompromising performance in challenging terrain.

We're looking out for you

EyeSight[®] Driver Assist

We were the first car company to exclusively use stereo camera technology to detect objects in our vehicle's path. A sign of our future-thinking and our commitment to quality, technology and safety, EyeSight[®] Driver Assist is like your second pair of eyes, spotting potentially dangerous situations. If EyeSight[®] detects anything that might be of danger, it warns you audibly, urging you to take action and brake. EyeSight[®] is standard across the Subaru Forester range.

1. Driver Monitoring System - Driver Focus performance and capability dependent on environmental and technical conditions. Refer to Owner's Manual for full details. Excludes Subaru Forester 2.5i AWD variant.

get more done

Clever design, beautiful finishes and cutting-edge tech make the Forester more enjoyable and productive. A large intuitive touchscreen connects to your phone using Apple CarPlay® and Android Auto™ connectivity¹, plus extra device charging ports in the back and plenty of legroom. A rear view reverse camera will also make it easier to get away safely.

welcome to the family

There are cars that simply get you from A to B, and then there are cars that empower you. Buying a Subaru is like embracing life with both hands and knowing that nothing is going to stop you. When you buy a new Subaru you are welcomed into an owner's program that gives you access to a number of benefits.

Subaru New Car Warranty – 5 Year/Unlimited Kilometres¹

Every new Subaru purchased for private use is covered by a 5 Year/Unlimited Km manufacturer's national warranty. Visit www.subaru.com.au/warranty or ask your Subaru Retailer for more information.

Subaru Capped Price Servicing²

With our 5 Year/62,500 Km Capped Price Servicing Program, you'll now know the maximum amount you will have to pay for your next scheduled service during the Program period. You'll also have peace of mind knowing that specialist Subaru technicians will be looking after your pride and joy using only Genuine Subaru Parts.

1-Month Health Check and Chat

The 1-Month Health Check and Chat is a free consultation within the first month after delivery of your new Subaru. It allows our factory-trained technicians to provide quick vehicle checks, and one of our Service Advisors will answer any of your questions to help ensure an ongoing, worry-free experience.

Subaru's Map Updates³

If your new Subaru is fitted with a factory line fit navigation unit, your unit will be covered by Subaru's Map Update Program – guaranteeing you'll have access to the latest maps for the first 3 years of ownership.

Subaru Roadside Assistance⁴

Enjoy 12 months of Australia-wide, standard Roadside Assistance when you purchase your new Subaru. In the unfortunate situation where you need that extra helping hand, our Roadside Assistance will help with arranging a tow, battery service, flat tyre service, fuel delivery and lockout service.

1. Every new Subaru comes with a 5 Year/Unlimited Km warranty period, unless the vehicle is used as a hire car, taxi, ride share, rental, driving school, delivery or courier vehicle in which case the warranty period is 5 years/150,000 kilometres (whichever occurs first). For full warranty terms and conditions, visit www.subaru.com.au/warranty. 2. Every eligible Model Year 2020 onward Subaru Forester comes with Subaru's 5 Year/62,500 Km Capped Price Servicing Program. Available at participating Subaru Retailers only and does not apply to rental and some other classes of vehicles. For full Capped Price Servicing Terms and Conditions visit www.subaru.com.au/service/pricing/capped-price-servicing. 3. Subaru's Map Update Program is available on MY20 Subaru Forester models purchased from 27th February 2020 onwards with the factory line fit Gen3.1 navigation unit. Subaru's Map Update Program is not available on accessory fit or dealer sourced navigation units. Subaru Australia reserves the right to add and remove eligible vehicles at its discretion. For full terms and conditions of the Subaru Map Update Program visit www.subaru.com.au/owner-experience/benefits/subaru-map-update-program. 4. 12 month Club Membership and Roadside Assistance Offer is standard upon activation with the relevant Motoring Club in each state. To receive this benefit the customer must opt into the 12 month Club Membership and Roadside Assistance Offer at time of vehicle delivery. Eligible customers are those retail and novated lease customers who purchase a new Subaru and have less than 5 vehicles under the Club Membership offer. Customers must provide a valid phone number and residential address, as well as date of birth. Fleet, Government and Rental companies are excluded. Terms and conditions apply. For a full list of benefits, visit www.subaru.com.au/owner-experience/benefits/program/roadside.
