the original and best

The Subaru XV was one of the first compact SUVs on Australian roads. With its eye-catching design and super cool wheels, the XV gave birth to a whole new car category. It took SUV capability, big car technology and performance and molded it into a small, sleek, irresistible package perfect for urban adventures. It never cut corners. And it never will.

The Subaru XV delivers cutting-edge safety and entertainment technologies to help you and the ones you love make the most of every moment.

There's plenty of room inside (be sure to sit in the back seat to experience the generous legroom) thanks to some very clever design. And it's loaded head-to-toe with smart features to make every day, a great day.

Built for fun and friends. The Subaru XV is made for you.

Test drive today.

Subaru XV 2.0i-S AWD

Subaru XV 2.0i AWD

action packed. feature packed.

Jump inside a Subaru XV 2.0i AWD and the first thing you and your friends will notice is the super comfy interior. The cabin is brimming with gadgets and tech to make life even more fun.

There's a large intuitive touchscreen with Apple CarPlay® and Android Auto™ connectivity¹ that puts selected smartphone content right where you want it. Digital radio² brings you a wide choice of stations. Legendary Symmetrical All-Wheel Drive (AWD) and Boxer engine performance means better grip and control on rough surfaces. And with Auto Vehicle Hold driver fatigue is reduced by holding the vehicle in position when stopped.

A wide and sporty stance shows off Subaru's classic hexagonal grille and hawk-eye headlights while the matte black cladding and 17" alloy wheels define the SUV's rugged character.

the original and best – just got better

Everything you love about the original and our best compact SUV has just gotten better, with the all-new Subaru XV Hybrid AWD. Packed with legendary Symmetrical All-Wheel Drive (AWD) capability, class-leading safety and brilliant entertainment tech, it now boasts the self-charging hybrid technology of Subaru's e-Boxer.

Self-charging on the go

e-Boxer technology combines an electric motor and high voltage battery with a petrol Boxer engine for better performance and fuel efficiency. Plus, self-charging technology captures braking energy to recharge the battery.

A perfect match

Subaru e-Boxer hybrid uses power from a compact battery and electric motor to assist the petrol engine – changing between Electric only, Motor Assist and Engine only driving modes to match the conditions.

3-way power

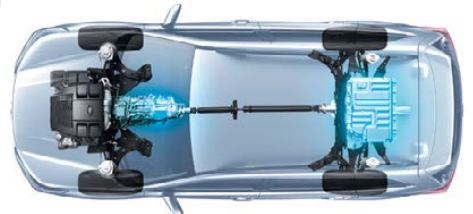

In certain conditions such as when gently pulling away or driving slowly the electric motor powers the car, however when cruising, the petrol engine alone is the most suitable power source. While under other conditions, e-Boxer's Motor Assist engages both power sources for a superior drive.

Framed to deliver

Delivering a linear, highly-responsive drive with excellent handling and stability, the Subaru XV Hybrid AWD incorporates structural changes designed to enhance overall torsional and rear suspension rigidity.

Locked and loaded

Subaru XV Hybrid AWD is cleverly designed with the electric motor's battery and other electrical components neatly positioned under the cargo floor, all without compromising the cargo space, height or versatility.

why XV?

Symmetrical force of power

Our All-Wheel Drive philosophy

Greater balance and control. That's the confidence you get from our unique Symmetrical All-Wheel Drive (AWD) system, which delivers the drive distribution to all four wheels, all the time. Every Subaru XV has an innate sense of balance from the ground up, thanks to a near perfect symmetrical layout.

Boxing clever

Our famous Subaru Boxer engine

While most engines stand vertically, ours lay flat. The famous Subaru Boxer engine helps to deliver better handling. Sitting horizontally in the engine bay, it moves like a boxer's fists with a punch and counterpunch action. Lightweight, low and flat, it makes for perfect balance and a much lower centre of gravity. It creates less noise and vibration too. All of this means better on-road handling for you. More stability. More performance. More fun. And a more confident drive.

Finest safety

5 star ANCAP¹ safety across the XV range

With spirit, quality and imagination comes some serious safety innovation. We want every Subaru XV to be amongst the safest cars on the road. Engineered full of cutting-edge technologies and the most intelligent design features. The Subaru XV carries the maximum 5 star ANCAP safety rating.

The backbone of the future

Subaru Global Platform

Built on the all-new Subaru Global Platform (SGP), the Subaru XV is brilliant to its core. A new streamlined frame delivers amazing stability, a smoother ride, more responsive control and an even quieter cabin. The result? The feel-good ride of the year.

Part technology, part process, the Subaru Global Platform is a modular, future-ready foundation for our cars, informing everything we make and do.

Eyes in the back of your head

Rear view reverse camera

Manoeuvring back into a tight side street? Family driveway littered with toys? Reverse with confidence, thanks to our rear view reverse camera technology. The rear view reverse camera is like having eyes in the back of your head. This greatly improves your visibility and reduces the risk of bumps and scrapes. A rear view reverse camera is standard on every Subaru XV variant.

Efficiency without compromise

Auto Stop Start

We're constantly thinking of ways to help the environment and become more fuel-efficient. That's why we developed Auto Stop Start technology. It saves fuel by cutting the engine when you don't need it, like when you're idling or stopped in heavy traffic. The moment you're ready to move again, the engine restarts in a fraction of a second. Our Auto Stop Start technology is standard on all Subaru XV variants.

1. The Australasian New Car Assessment Program (ANCAP) gives consumers consistent information on the level of occupant protection provided by vehicles in serious front and side crashes.

Yet another world first

Lineartronic® CVT

Pushing innovation beyond the bounds, we introduced an automatic transmission called Lineartronic® Continuously Variable Transmission (CVT). And it's the reason our automatic models drive so smooth. It's the world's first longitudinally mounted system for AWD vehicles. Unlike a conventional automatic transmission – which uses fixed gear ratios – our Lineartronic® CVT provides infinite variability between the highest and lowest available gear ratios. So you now experience a smooth gear change, into any optimum gear for that moment. Lineartronic® CVT is standard on all Subaru XV variants.

Get smart

X-Mode

When the going gets tough, engage Subaru's intelligent X-Mode, standard across the Subaru XV range. Featuring Hill Descent

Control and improved grip and traction in low speed and slippery conditions, X-Mode delivers uncompromising performance in challenging terrain.

We're looking out for you

EyeSight® Driver Assist

We were the first car company to exclusively use stereo camera technology to detect objects in our vehicles path. A sign of our future-thinking and our commitment to quality, technology and safety, EyeSight® Driver Assist is like your second pair of eyes, spotting potentially dangerous situations. If EyeSight® detects anything that might be of danger, it warns you audibly, urging you to take action and brake. EyeSight® is standard on Subaru XV 2.0i-L AWD, 2.0i Premium AWD, Hybrid AWD and 2.0i-S AWD.

Clever thinking

Subaru's Vision Assist

Subaru's Vision Assist is advanced technology that gives you greater awareness of the world around you. Subaru's Vision Assist Blind Spot Monitoring features rear and side sensors that let you know when there's something in a blind spot to make lane changes safer. The Rear Cross Traffic Alert can warn you that another car is approaching when reversing out of a car space. Cutting-edge technology to help keep your family safe. Subaru's Vision Assist available on Subaru XV Hybrid AWD and 2.0i-S AWD.

welcome to the family

There are cars that simply get you from A to B, and then there are cars that empower you. Buying a Subaru is like embracing life with both hands and knowing that nothing is going to stop you. When you buy a new Subaru you are welcomed into an owner's program that gives you access to a number of benefits.

Subaru New Car Warranty – 5 Year/Unlimited Kilometres¹

Every new Subaru purchased for private use is covered by a 5 Year/Unlimited Km manufacturer's national warranty. Visit www.subaru.com.au/warranty or ask your Subaru Retailer for more information.

Subaru Capped Price Servicing²

With our 5 Year/62,500 Km Capped Price Servicing Program, you'll now know the maximum amount you will have to pay for your next scheduled service during the Program period. You'll also have peace of mind knowing that specialist Subaru technicians will be looking after your pride and joy using only Genuine Subaru Parts.

1-Month Health Check and Chat

The 1-Month Health Check and Chat is a free consultation within the first month after delivery of your new Subaru. It allows our factory-trained technicians to provide quick vehicle checks, and one of our Service Advisors will answer any of your questions to help ensure an ongoing, worry-free experience.

Subaru's Map Updates³

If your new Subaru is fitted with a factory line fit navigation unit, your unit will be covered by Subaru's Map Update Program – guaranteeing you'll have access to the latest maps for the first 3 years of ownership.

Subaru Roadside Assistance⁴

Enjoy 12 months of Australia-wide, standard Roadside Assistance when you purchase your new Subaru. In the unfortunate situation where you need that extra helping hand, our Roadside Assistance will help with arranging a tow, battery service, flat tyre service, fuel delivery and lockout service.

1. Every new Subaru comes with a 5 Year/Unlimited Km warranty period, unless the vehicle is used as a hire car, taxi, ride share, rental, driving school, delivery or courier vehicle in which case the warranty period is 5 Year/150,000 Km (whichever occurs first). For full warranty terms and conditions, visit www.subaru.com.au/warranty. 2. Every eligible Model Year 2020 onward Subaru XV comes with Subaru's 5 Year/62,500 Km Capped Price Servicing Program. Available at participating Subaru Retailers only and does not apply to rental and some other classes of vehicles. For full Capped Price Servicing Terms and Conditions visit www.subaru.com.au/service/pricing/capped-price-servicing. 3. Subaru's Map Update Program is available on 2020 Subaru XV models purchased from 27th February 2020 onwards with the factory line fit Gen3.1 navigation unit. Subaru's Map Update Program is not available on accessory fit or dealer sourced navigation units. For full terms and conditions of the Subaru Map Update Program visit www.subaru.com.au/owner-experience/benefits/subaru-map-update-program. 4. 12 month Club Membership and Roadside Assistance Offer is standard upon activation with the relevant Motoring Club in each state. To receive this benefit the customer must opt into the 12 month Club Membership and Roadside Assistance Offer at time of vehicle delivery. Eligible customers are those retail and novated lease customers who purchase a new Subaru and have less than 5 vehicles under the Club Membership offer. Customers must provide a valid phone number and residential address, as well as date of birth. Fleet, Government and Rental companies are excluded. Terms and conditions apply. For a full list of benefits, visit www.subaru.com.au/owner-experience/benefits/program/roadside.

live life without limits
