

ACCORD

 **5 YEAR** UNLIMITED KM WARRANTY

 **HONDA**

THE HONDA ACCORD. ELEVATE YOUR EXPECTATIONS.

Introducing the best Accord yet – where everything from the design and comfort, to tech, performance and safety has been elevated to the next level.

Even at first glance you can tell something special is going on. Its new body style is long and sleek, giving it an overall athletic stance that conveys a quiet confidence everywhere it goes. It also features a striking set of 18-inch alloys and stunning LED headlights that really catch the eye of passers-by.

But its beauty isn't just skin deep. Inside, it's as luxurious and comfortable as can be with plenty of space to spare. It also includes Honda Sensing, our advanced suite of driver assist technologies to help keep you out of harm's way*. And it's available in an impressive 1.5L turbo or 2.0L hybrid engine. So, it's ok to have high expectations, because the Accord is one sedan that's sure to exceed them.

LED Headlights

Electric Sunroof

*Honda Sensing technologies are driver-assist technologies and should not be used in place of safe driving practices. Drivers should continue to monitor the road at all times. The accuracy and operation of Honda Sensing technologies may vary based on weather, speed, traffic, road conditions, markings and other factors.

A NEW CLASS OF COMFORT.

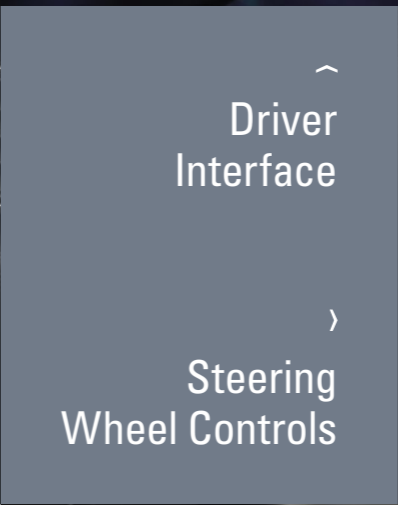

Step inside and you will discover a surprising amount of space and style, with everything you need within arm's reach. In fact, the entire interior was inspired by a concert hall, making it as refined as it is roomy.

The premium sound system is a treat to listen to. You can really hear every nuance thanks in part to the built-in active noise control that cancels out unpleasant sounds to create a quieter, more peaceful cabin.

Ease back in the leather-appointed seats¹ and you'll notice there's ample legroom – freed up by the ingenious thinner dash design. There's also dual zone climate control to keep you and everyone comfortable, plus a sunroof that lets the outside in. It's not lacking in boot space either – giving you enough room for everything from weekend trips to the country, to outings with friends.

¹Leather-appointed means some parts of the seats may contain non-leather materials.

INNOVATION ALL AROUND YOU.

There's more advanced technology inside the Accord than ever before. It works seamlessly all around you to deliver a more refined and enjoyable driving experience.

The impressive new 'heads up' display puts all your vital information directly in your line of sight – like your current speed and any activated Honda Sensing features. It's a first for any Honda in Australia, just like the wireless charging* pad that makes phone charging cordless. Plus with Remote Engine Start, you can start the car's engine without being inside the vehicle so you're ready to hit the road before you're even seated.

Inside that crystal-clear Advanced Display Audio at the centre of the dash you'll find Apple CarPlay®+ and Android Auto™# that let you connect seamlessly to maps, music, messages and more. It's also where you'll view the multi-view camera system that gives you a bigger picture of everything around you. And where LaneWatch displays everything on the passenger's side of the car when you indicate left.

Turn-by-turn information and live traffic updates will make journeys a breeze with built-in Garmin®± satellite navigation. Plus with Digital Radio (DAB+)±, you can listen to all of your favourite stations static free.

SMARTER SAFETY. GREATER PEACE OF MIND.

Honda Sensing, our intelligent suite of safety and driver-assist technologies, improves your situational awareness and, in some cases, intervenes to help avoid a collision or lessen its severity*. The Accord features all of the very latest upgrades – giving you more peace of mind than ever before.

Adaptive Cruise Control with Low-Speed Follow keeps you at a safe distance from the car in front of you at all times. The Lane Keeping Assist System helps to keep you in-between the lines. And a more sensitive Road Departure Mitigation System now works on even narrower roads than before.

Other safety features new to the Accord include a Cross Traffic Monitoring System that detects oncoming traffic when you reverse and alerts you of any oncoming cars. There's also Smart Park Assist which uses sensor technology to help park in those tricky spots. And that's in addition to all the other smart safety features that already come standard.

*Honda Sensing technologies are driver-assist technologies and should not be used in place of safe driving practices. Drivers should continue to monitor the road at all times. The accuracy and operation of Honda Sensing technologies may vary based on weather, speed, traffic, road conditions, markings and other factors.

Honda SENSING

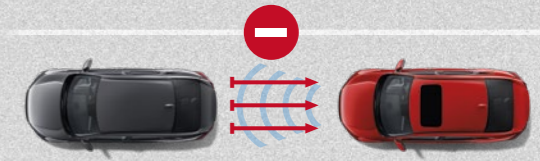

Honda Sensing[^] can support and enhance your driving senses to help keep you safer on the road.

These intelligent technologies may improve your situational awareness, and, in some cases, intervene to help avoid a collision or lessen its severity.

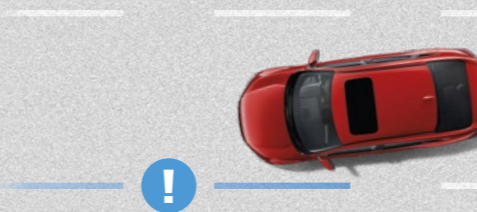

FORWARD COLLISION WARNING

Alerts you when it detects the possibility of your vehicle colliding with the vehicle in front of yours.

COLLISION MITIGATION BRAKING SYSTEM (CMBS)

Can assist you when there is a possibility of your vehicle colliding with a vehicle or a pedestrian detected in front of yours. The CMBS is designed to alert you when a potential collision is determined, as well as to reduce your vehicle speed to help minimise collision severity when a collision is deemed unavoidable.

LANE DEPARTURE WARNING FUNCTION

When the vehicle enters the warning area, the LKAS alerts you with slight steering wheel vibration as well as a warning display.

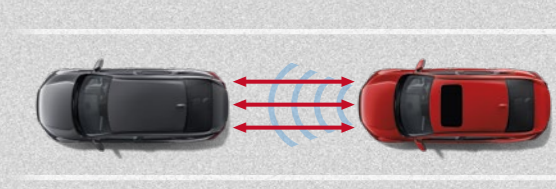

ROAD DEPARTURE MITIGATION SYSTEM

Alerts and helps to assist you when the system detects a possibility of your vehicle unintentionally crossing over detected lane markings.

LANE KEEPING ASSIST SYSTEM (LKAS)

Provides steering input to help keep the vehicle in the middle of a detected lane and provides audible and visual alerts if the vehicle is detected drifting out of its lane.

ADAPTIVE CRUISE CONTROL (ACC) WITH LOW SPEED FOLLOW (LSF)

Helps maintain a constant vehicle speed and a set following interval behind a vehicle detected ahead of yours and, if the detected vehicle comes to a stop, can decelerate and stop your vehicle, without you having to keep your foot on the brake or the accelerator. When ACC with LSF slows your vehicle by applying the brakes, your vehicle's brake lights will illuminate.

THE HEIGHT OF POWER AND EFFICIENCY.

There are two impressive engines to choose from with the Accord. First, there's the 2.0L hybrid engine for those who need to have the latest technology and still want to do their part for the environment. It produces plenty of power, and has the honour of being the most fuel-efficient Honda engine in Australia – plus, because it's a Hybrid, it means less visits to the petrol station. Then there's the new 1.5L turbo engine that produces an eyebrow-raising 260Nm of torque. So no matter what you decide, you're making a smart decision.

ONE MODEL, TWO ENGINES TO CHOOSE FROM

VTi-LX

Petrol - 1.5 litre DOHC i-VTEC turbo 4-cylinder engine
 - 140kW @ 5500rpm and 260Nm @ 1600-5000rpm
 Fuel consumption 6.5L/100km*
 CO2 emissions (g/km) 149

Hybrid 2.0L DOHC Hybrid i-VTEC In line 4-cylinder
 158kW @ 5000-6000 rpm and 315Nm @ 0-2000
 Fuel consumption 4.3L/100km*
 CO2 emissions (g/km) 98

Petrol and Hybrid options come standard with:

- Continuously Variable Transmission (CVT) with steering wheel mounted paddle shifters
- 18-inch alloy wheels with wheel resonator
- LED headlights
- Automatic dusk-sensing headlights
- 2-speed & auto rain-sensing front wipers
- Electric parking brake with automatic brake hold
- i-Dual-zone climate control with rear ventilation
- Climate control knobs with temperature sensitive LED illumination
- Chrome and body coloured door handles
- Active shutter grille
- LED outer door handle illumination
- Auto retractable door mirrors with LED turn indicators
- LED front fog lights
- LED Daytime Running Lights (DRL)
- LED headlights with auto off coming home/leaving home function
- LED tail lights
- Eco Assist and ECON Mode
- Sports mode
- Wood-grain look interior finishes (dash and door)
- Electric sunroof
- Water dispersing glass
- Power windows with auto up/down function (driver and front passenger)
- Reverse tilt down function passenger mirror
- Black leather-appointed seat trim¹
- Leather-wrapped steering wheel and gear shift knob
- Heated front seats
- 8-way adjustable electric driver seat with 4-way power lumbar support and two-position memory
- 4-way adjustable electric front passenger seat
- Seat adjust switch (accessible by rear passengers)
- Active Noise Control (ANC)
- Wireless charger²
- Accessory power outlet (12v) – front
- Rear USB (x2)
- Sunvisor with illuminated vanity mirror (driver & front passenger)
- Multi Information Display (MID)

- Advanced Display Audio (8-inch colour touchscreen) featuring:
 - AM/FM radio
 - Apple CarPlay[®] with Siri[®] Eyes Free mode³
 - Android Auto[™] with Google[™] Voice search⁴
 - Bluetooth[®] connectivity with audio streaming⁵
 - Digital Radio (DAB+)⁶
 - Garmin[®] satellite navigation⁷ (with SUNA[™] Live Traffic updates)
 - USB port (x2)
 - Multi-view camera system
 - LaneWatch
 - 452W premium sound system (10 speakers inc. subwoofer)
 - Smart keyless entry with push button start
 - Remote engine start
 - Honda Sensing suite of driver-assist technologies:
 - Forward Collision Warning (FCW)
 - Collision Mitigation Braking System (CMBS)
 - Lane Departure Warning (LDW)
 - Lane Keep Assist System (LKAS)
 - Road Departure Mitigation System (RDM)
 - Adaptive Cruise Control (ACC) with Low Speed Follow (LSF)
 - High Beam Support System (HSS)
 - LED Active Cornering Lights (ACL)
 - Head-up display (HUD)
 - Smart Parking Assist (SPA) with Rear Collision Mitigation Braking System
 - Rear Cross traffic monitoring system (CTMS)
 - Auto dimming rear view mirror
 - Parking sensors – front and rear
 - SRS airbags (dual front, side and full-length curtain)
 - Anti-lock Braking System (ABS) with Brake Assist (BA)
 - Electronic Brake-force Distribution (EBD)
 - Child restraint anchorage point x3, ISOFIX x2
 - Emergency Stop Signal (ESS)
 - Hill Start Assist (HSA)
 - Vehicle Stability Assist (VSA) with Traction Control System (TCS)
 - Tyre pressure monitoring system (TPMS)
 - Driver attention monitoring system
 - Security alarm & immobiliser
 - Space saver spare wheel
 - Boot capacity (litres in VDA standard) 570 litres
- Hybrid option unique features:**
- Audible system (EV mode)
 - EV mode
 - Rear bumper chrome garnish
 - Blue tinted headlights and taillights
 - Hybrid badging
