Drive**

sportiness embodied

In the R.S. Line version, all-new Renault Arkana boasts specific sports SUV styling. It combines robustness and elegance with its motorsport-inspired blade in the front bumper, gloss black and gun metal grey highlights, specific Silverstone alloy wheel rims with ruby-red highlights, emotion is ever-present. At the rear, the twin chrome exhaust tips underline Arkana's dynamic nature. The R.S. Line badge on the front wings is a reminder of its exceptional lineage, while the C-shaped LED lighting signature combines style with practicality for improved visibility at night.

1. glass sunroof**
2. R.S. Line interior

immersive pleasure

Arkana offers a truly sensuous interior. The mixed leather & suede upholstery* with contrast stitching and heated leather steering wheel provide a luxurious drive while seat heating and ventilation ensure you remain comfortable at all times. The R.S. Line version exudes sportiness with its gloss carbon-look trim and red highlights throughout the cabin. Multi-sense* technology bathes the cabin in any of the 8 ambient lighting colour options you choose, and the sunroof** adds plenty of natural light. Arkana's 9.3" vertical touchscreen* and 10.25" fully digital instrument cluster^ keep you informed and always connected.

2. 10.25" fully digital instrument cluster^

2

adapts to your mood

A completely customisable driving experience is made possible with Arkana's multi-sense* technology, which offers the choice of three different driving modes and eight interior ambient lighting colours. Whether you select the My Sense, Sport or ECO mode, you will be met with a different ambient lighting scene, powertrain response, engine sound and steering flexibility that is specifically suited to that drive mode, and perfectly suited to your own mood. The Auditorium Sound system by Arkamys can also be tailored to your mood, with sound setting customisation and 3D spatialisation for a truly immersive sound experience.

1. main menu with links to navigation, radio, music, telephone, applications, etc.
2. satellite navigation interface address and point of interest search
3. multi-screen interface with customisable widgets: driving assistance, multi-sense and phone
4. 10.25" digital instrument panel[^] and 9.3" central display*

2

intuitive interface

3

4

At the heart of the cabin, find a floating-style 9.3" vertical touch screen* on the central console. Functioning as an on-board computer, the easy link system gives you access to satellite navigation services and allows you to control all the functions of your Arkana, such as driving aids and multi-sense* technology. The touchscreen is also angled slightly towards you, the driver, allowing for easier use and total control. Combined with the 10.25" digital instrument panel^, your vehicle has one of the largest display surfaces in the category.

connectivity

3

Arkana keeps you connected with Apple CarPlay® and Android Auto® smartphone replication so you can access your smartphone's functionalities. Bluetooth connectivity with voice control means you can always keep your eyes on the road, and with wireless smartphone charging[^] and four USB ports throughout the vehicle, your devices will never run out of charge.

Never worry about needing to lock your car again, Arkana takes care of this for you with its 'walk-away' door locking. Simply walk away from your vehicle with the smart key card on your person and Arkana will do the rest, locking your vehicle and securing your belongings.

1. boot volume up to 485 litres
2. modular layout
3. roomy rear seats

overseas model shown

spacious interior

With a capacity of 485 litres, Arkana's boot volume is expansive. Its split-level floor gives you the best of both worlds, it can be placed in the low position to maximise loading capacity, or in the high position to provide a fully flat floor. This allows you to load larger, heavier items more easily into the boot, and to get the most out of the nearly 2 metres of load length when the rear seats are folded down.

The rear bench seat offers generous leg and knee room and can be folded down in 2/3-1/3 configurations. Arkana's practicality does not end here, though, with plenty of clever storage spaces throughout the cabin this SUV coupé is extremely easy to live with.

overseas model shown

Renault Easy Drive

All-new Renault Arkana is equipped with a suite of the latest advanced driving and parking assistance systems to help ensure a safe journey for you and your passengers. Awarded the maximum 5-star rating by ANCAP, you can drive with peace of mind in the Arkana.

traffic sign recognition

This system recognises speed signs and tells you the speed limit via the instrument cluster. The icon will flash as a warning if the speed limit is exceeded.

lane keep assist

Active between 70 km/h and 160 km/h, this applies a correction in the steering wheel to bring your vehicle back into its lane if you cross a continuous or broken line without using your indicator.

safe following distance warning

A camera at the front of your vehicle calculates a safe distance from the vehicle in front. In the event of a risk of collision, the system activates an audible and visual warning.

active emergency braking with cyclist detection

This detects cyclists in front of your vehicle, warns you and will automatically perform emergency braking if you do not. Travelling in the city has never been safer, day or night.

active emergency braking with vehicle detection

This detects vehicles in front with which there is risk of a collision, for example if the car in front brakes suddenly. The system warns you and will automatically perform emergency braking if you do not. Travelling in the city has never been safer, day or night.

active emergency braking with pedestrian detection

This detects pedestrians in front of your vehicle, warns you and will automatically perform emergency braking if you do not. Travelling in the city has never been safer, day or night.

cruise control/speed limiter

Control your speed while driving using the buttons on the steering wheel and set your maximum speed to the limit already detected by your vehicle.

adaptive cruise control

This system maintains a safe following distance from the vehicle in front. In heavy traffic, your vehicle comes to a complete stop and accelerates when the vehicle in front starts moving again.

blind spot warning

Active from 15km/h, this system warns you when a vehicle is in your blind spot via warning lights located on each of the door mirrors.

automatic high/low beam

Automatically switches the LED headlights on your vehicle from high to dipped beam when you enter a built up area or approach another vehicle.

easy park assist

Parking has never been easier. This system perfectly steers your vehicle into a nominated parking space while you select the gears and control the accelerator and brake pedals.

rear cross traffic alert*

Exit your parking space with greater peace of mind. This system alerts you when a vehicle is approaching as you are reversing out of a parking space.

accessories

1. Flame Red exterior customisation pack

Use colour to set yourself apart. Flame red trims can be added to the front air deflectors, side body protection mouldings and on the wheel centre caps to add an extra touch of sportiness and style to your Arkana.

overseas model shown

2. White boot spoiler

Accentuate the sporty nature of your vehicle.

3. roof rack

The perfect addition to your Arkana when extra storage space is required.

4. Side steps

Get off the beaten track with go-anywhere styling. A convenient accessory that makes it easier to access your vehicle and its roof. They also help to protect the bodywork.

5. easyflex modular boot protection

Protect your Arkana's boot with this anti-slip and water-resistant easyflex protection that covers the entire load space, including the back of the rear bench seats.

services

renault at your side

When you choose a Renault, you enjoy years of worry-free motoring, backed by a trusted and reliable brand.

5 YEAR
EASY LIFE
OWNERSHIP

- 5 Year Unlimited km Warranty
- 5 Year Roadside Assist
- 5 Capped Price Services

*Conditions apply

Comprehensive Warranty

Renault has been building motor vehicles for more than 100 years. This wealth of experience is reflected in the design, performance and quality of every vehicle we sell. We're so confident that your new Renault will provide you with many years of reliable and enjoyable driving that we're backing our quality promise with a comprehensive 5 years unlimited kilometre warranty on all our passenger vehicles.

24/7 Roadside Assistance

As a new Renault owner, you are backed by Renault's 24/7 Roadside Assistance for up to 5 years when you service your vehicle with Renault, regardless of how many kilometres you travel. Available 365 days a year, all across Australia.

Capped Price Servicing

You'll enjoy the benefits of lower maintenance costs for your first 5 years or 150,000 km (whichever occurs first) behind the wheel of your new Renault. The CPS program covers the cost of all genuine parts, lubricants and labour required for standard scheduled maintenance services. Renault vehicles only require servicing once per calendar year or every 30,000 km (whichever occurs first) – not every six months like some manufacturers.

Genuine Renault Parts

Parts, lubricants and accessories are of the highest quality and are specifically designed for Renault vehicles. They are purpose-built, guaranteeing fit, function and performance. They are also covered by our 1 year unlimited kilometre warranty.

the R16 icon

the first modern family car with a tailgate

In the early 1960s, people aspired to a better life, new comfort and greater autonomy. Renault, very attentive to these changes in behaviour, carried out an in-depth analysis of the new uses of the car. Alongside the sedan cars that made the brand so successful, there was a place for a more plush, modern, status-oriented vehicle. A vehicle aimed at a new target group of wealthier families who want to be able to travel on a daily basis and go away for the weekend with peace of mind.

A development team set out to meet this demand and gave birth to the R16. The look of the car, created by the visionary designer Philippe Charbonneaux, was astonishing in more ways than one at the Geneva Motor Show in March 1965: aerodynamic lines, no visible boot, sharp angles, a fifth hatchback door and large glass surfaces. The style is decidedly modern. The interior is no exception, with a light and airy passenger compartment, with plenty of room in the front and rear, and the 7-way adjustable seats allowing the space to be transformed

at will. On the technical side, designer Yves George also innovated: the engine block is made of aluminium, the closed cooling system has automatic ventilation, and the four-wheel independent suspension uses torsion bars to ensure excellent road holding.

Innovative, original, on the borderline between a sedan and a wagon, hyper-functional and "middle-class" at the same time, the R16 is different. A crossover before its time, everyone agrees that the R16 was a real success both in terms of design and technology: certain features such as the electronic automatic gearbox, the sliding bench seat and the central door locking system were truly avant-garde. Avant-garde, a word that also describes all-new Arkana. The natural successor to the R16, this sporty SUV also shakes up the traditional conventions of the market. Emotion, dynamism and innovation have been passed down through the ages and, today as in the past, inject a breath of passion into life.

→ car of the year in 1966

→ nearly 2 million cars produced, including some Australian production

→ marketed for almost 15 years
