X-Mode

Redesigned for even more memorable family moments, this new incarnation of the fifth generation Subaru Forester teases the best from Subaru's most popular mid-size SUV.

Make the most of every moment

Embrace those 'grab them, or you'll miss them' moments that can make your day, like epic adventures, spontaneous trips and everyday activities. Subaru Forester is made for family trips where adventure goes hand-in-hand with performance. Redesigned to deliver enhanced technology, safety and off-road confidence, this is the SUV that boasts more features and more fun as standard.

Your safety is our priority

With distractions all around us, Subaru Forester boosts safety with an upgraded EyeSight® Driver Assist system – with a wide field of vision. While the rear view reverse camera takes care of safety from behind. Leading safety includes Subaru Driver Monitoring System – Driver Focus¹ on selected variants, Symmetrical All-Wheel Drive and Subaru Global Platform for driving confidence.

Athletic design with enhanced visibility

You'll be instantly drawn to Subaru Forester's redesigned lines including a striking hexagonal grille, reshaped LED headlights and a sporty front bumper. Inside, enjoy more moments watching the world go by with thin pillars for excellent all-round visibility and large windows to minimise blind spots.

Entertainment for the whole family

Shared family moments are rare, so embrace them with features to keep everyone connected. Rear passengers enjoy USB charge ports, while upfront the intuitive 8" touchscreen takes control. Enjoy seamless connections via Apple CarPlay® and Android Auto™ connectivity², plus the Subaru 'That's Incredible' podcast turns every family trip into an adventure.

Clever features to make life easy

There's space to thrive with plenty of storage to stash your gear, Isofix child restraint anchor points, roof rails and convenient powered tailgate³ on selected variants. Driver functions include Adaptive Cruise Control, Lane Departure Prevention and on selected variants the Driver Monitoring System – Driver Focus¹ let's you adjust the temperature via a hand gesture.

The capable and fun SUV

Driver fun starts with the supreme handling confidence of the Subaru Global Platform, Symmetrical All-Wheel Drive and on selected variants Subaru Intelligent Drive⁴ offers a choice of driving modes. Negotiate rough tracks with X-Mode to dial-up traction and off-road capability, while e-Boxer hybrid technology⁵ looks after the future.

Low Cost of Ownership

Spend more time off-road on family adventures, and less time off the road getting serviced. With 12 months or 12,500 kilometre service intervals, whichever occurs first, Subaru Forester is always ready to roll. Add affordable servicing and low maintenance, and Forester delivers the long-term value Subaru is famous for.
