SUBARU

a new generation of desire

Lust. Infatuation. Passion. Whatever you call it, Subaru WRX owners know there's nothing like it. The spine-tingling feeling you get when you hear that throaty rumble.

Now the new generation Symmetrical All-Wheel Drive Subaru WRX is set to reignite desire - with the launch of not one, but two new models. A seriously exhilarating new Sedan AND the exciting introduction of a Sportswagon to the Subaru line up - the brand new All-Wheel Drive Subaru WRX Sportswagon.

Having risen to cult status, the iconic Subaru WRX has been revered by motorsports enthusiasts for decades, setting the benchmark against which all other performance cars are judged. So can Subaru WRX get any better, you ask? With its menacing engine roar, muscular stance and new styling, the scene is set for a new era for Subaru WRX worshippers.

New generation of exhilaration

Born of a legend and built on three decades of innovation, the all-new 2022 Subaru WRX is the most thrilling yet in the storied history of the iconic WRX.

Featuring increased power courtesy of the new 2.4-litre direct injected, turbocharged horizontally-opposed Boxer engine, unparalleled grip, reimagined bolder and more aggressive styling, and seriously sophisticated high-tech infotainment and safety technology, the arrival of the all-new Symmetrical All-Wheel Drive Subaru WRX ushers in a new generation of exhilaration.

Raw Power – Accelerated

The spine-tingling combination of the new 2.4-litre Boxer engine and its menacing rumble, paired with the choice of the thrilling 6-speed manual transmission or an 8-speed Subaru Performance Transmission, results in a 'hairs on the back of your neck' raising drive worthy of WRX.

The revolutionary Subaru Global Platform and iconic Symmetrical All-Wheel Drive, along with Subaru Intelligent Drive (SI-Drive) and Drive Mode Select on selected variants deliver superior handling and mind blowing grip to bestow tantalising poise, agility and control.

Animal Magnetism

A redesigned silhouette that's athletic, bolder and more aggressive, with commanding design cues including the iconic bonnet scoop, seductive LED 'switchback' headlights and sleek rear diffuser.

Alongside the distinctive wheel arches, sporty wheels and striking grille and side fenders.

The design overhaul goes beyond looks, by adding agility and poise with improved aerodynamics. The all-new Subaru WRX exudes an animal magnetism that demands attention, and commands you to get in and drive.

Dialled to 11

Infotainment in the all-new Subaru WRX has been dialled up to 11 – quite literally, featuring a seriously sophisticated high-tech infotainment unit – with an 11.6" touchscreen, Sports instrument cluster, multi-function displays and sound system.

Add re-designed sport front seats together with the practical cargo space afforded by the Sedan or Sportswagon layout, the scope to customise and enhance your driving thrills are almost limitless.

License for thrills

The all-new Subaru WRX gives you a license for thrills, thanks to the peace of mind afforded by the cutting-edge safety technology of new generation EyeSight® Driver Assist¹ on selected variants which adds Lane Centring Function and Speed Sign Recognition, plus a wider camera view to better detect vehicles, cyclists and pedestrians.

Subaru WRX also adds the advanced Driver Monitoring System and Vision Assist technology on selected variants for enhanced safety, including a new front passenger seat cushion airbag.

1. EyeSight® Driver Assist standard on models equipped with Subaru Performance Transmission.

Subaru's iconic performance machine rebooted

Tuned to thrill, the new generation Symmetrical All-Wheel Drive Subaru WRX flawlessly blends seamless style and muscle car grunt. With the agility of a sports-inspired Sedan and intimidating engine power, available in the choice of a 6-speed manual transmission or an 8-speed Subaru Performance Transmission, the all-new Subaru WRX Sedan delivers a performance that's been skilfully honed.

A healthy dose of Subaru WRX attitude pervades every detail, from the slick exterior lines to the motorsports-style cockpit features. Riding on the Subaru WRX philosophy that takes fun very seriously, the new generation All-Wheel Drive Subaru WRX boasts potent driving dynamics and the reassuring grip of Symmetrical All-Wheel Drive.

Add spot-on, performance bred styling and you have a Sedan with the intensity, engineering, safety and responsiveness you've been waiting for.

infused style from tip-to-tail

The rumours are true. The distinctive engine growl is pure adrenalin. And the new generation Symmetrical All-Wheel Drive Subaru WRX Sportswagon is here.

Unmistakable Subaru WRX character is evident in every inch of the new generation Symmetrical All-Wheel Drive Subaru WRX Sportswagon. A fusion of sublime Sedan performance and Sportswagon flexibility, offered exclusively with the Subaru Performance Transmission, this versatile Subaru can blitz family weekday trips - but loves the open road.

With legendary Symmetrical All-Wheel Drive and the crisp power of the horizontally-opposed Boxer engine, this heavy-hitting Sportswagon is offered exclusively with the Subaru Performance Transmission to deliver outstanding driving dynamics and a responsive performance that's all class.

Boasting all the poise and agility you'd expect from Subaru WRX, plus a star-studded technology line-up, this is a Sportswagon that takes nothing for granted. Award-winning, preventative safety - includes Subaru EyeSight® Driver Assist which acts like a second pair of eyes to help monitor the road ahead for potential dangers. Meanwhile, Subaru's Vision Assist on selected variants ramps up safety with cameras, sensors and radar technology. Add seamless infotainment and connectivity for the whole family, and this is a Sportswagon with a sting in its tail.

Hold on tight, because it's going to be a wild ride.

Register your interest at subaru.com.au for the latest updates and to be one of the first in Australia to experience the exciting new generation Symmetrical All-Wheel Drive Subaru WRX.
