2-speed fan-boosted ventilation.

Big 10.8 cu. ft. (1.31 cu. metres) capacity boot.

Foot-operated parking brake.

TORANA'S: COMING THROUGH WITH THE RIGHT ANSWERS.

Quick-size* Torana. Name that really underlines the way this car performs in today's windy conditions.

With more than half of us living in 15-start cities we need a car that's easy to drive, easy to handle, easy to park.

On the other hand, we want to kick up a caravan, pack up the kids and go. Then we need the power to do it all along in perfect comfort. It's easy to be economical and dependable.

All of which makes Torana 'S' a really unique car. Which it is. Neat and compact on the outside; roomy and comfortable on the inside. In fact, per passenger, there's close to as much hip and shoulder room as many big cars.

Big car comfort, too. Full-width seats are moulded foam, covered in pleated vinyl. Head restraints are built into the seat backs. Deep padded armrests with integral door handles are standard. So is the luxury carpet.

There's a great dash layout, too. With easy-to-read recessed instruments, easy-to-find international symbols on low-profile padded control knobs.

Everything's right at your fingertips: Like a 2-speed fan-boosted ventilation system. One that keeps the fresh outside air coming in—even when the car is standing still.

You'll like Torana's foot-operated parking brake, too. Very convenient. Performance? Big car power. Power to tow. Power to go. You won't have to move over for anyone.

Torana's '2850' 6-cylinder engine delivers 105 galloping horses. It's teamed to a smooth 3-speed column mounted manual transmission. If you prefer, you can order Holden's popular '3300' engine. Also optional

is Tri-matic 3-speed automatic. A 4-speed manual floor shift can be ordered with bucket seats.

TORANA POWER TRAIN CHART

	Standard	Optional
Transmission	3-speed manual column change	3-speed Tri-matic column or T-bar floor shift 4-speed manual floor change
Engine	'2850' 6-cylinder	'3300' 6-cylinder or 4.2 litre V8
Axle Ratio		
'2850' 6 cyl:		
Manual	3.36:1	Perf. opt. 3.36:1
Tri-matic	2.78:1	—
'3300' 6 cyl:		
Manual	3.08:1	Perf. opt. 3.36:1
Tri-matic	2.78:1	Perf. opt. 3.36:1
4.2 litre V8:		
Manual	3.08:1	—
Tri-matic	2.78:1	—
Brakes	Drums	10" (254 mm) front discs (standard with V8), rear drums

To cope with the performance, big 10" (254 mm) drum brakes. Or choose optional 10" (254 mm) power-assisted front disc brakes (standard with V8) for little extra cost.

But driving is what this improved Torana is all about. Rally-tuned handling is totally Torana. The wide 55" (1397 mm) track gives you authority through corners. Four-coil suspension has increased vertical travel to absorb shocks more comfortably. Result: Superior handling with a smooth, easy, big-car ride.

A quieter ride, too. We replaced solid metal cross members and suspension pick-up points with rubber bushes to isolate you from road noise and vibration.

Very quiet. Very comfortable. And look at that view. Low-waisted styling. Super-slim pillars. No disturbing side vents. You see more—all round.

Safety like this is built into every Torana. Like strong bumper bars, front and rear. Spaced out to give you more protection in traffic. Big glare-reducing mirrors. Dual circuit braking system.

MORRISON'S HOLDEN
71-73 MAIN STREET,
STAWELL PH. 61888

Full foam back and cushion, giving correct back and underleg support.

A steel cargo barrier between boot and passenger compartment. The entire GMH Safety Package.

Deciding on Torana 'S' is a pretty easy decision. Because it's one car designed and built around your ideas and needs.

Next, it's a Holden. Built in Australia for Australian conditions. Built strong. Built right. Dependable. And reliable. Reasons why it will be a better investment today, and when it's time to sell.

GMH 12/20 warranty: Your Torana 'S' is protected for 12 months or 20,000 kilometres.
