

World Class Luxury

General-Motors Holden's is proud to present a significant part of Australia's Driving Future for 1984 and beyond.

Here is a powerful 6-cylinder luxury sedan with an even greater combination of performance, comfort, equipment, economy and technology than you've ever seen before in a top of the line Holden.

This is a car which has made true world class excellence an everyday and affordable reality.

Holden Calais

Presenting a new outlook on excellence – Holden Calais.

The Australian ram-charge boosted, electronically fuel injected, personal high performance limousine unlike any other luxury car.

New Holden Calais has much more than just comfort, quietness, smoothness and power.

Now you can have excellent ride with precise handling, power steering with feel and accuracy, real comfort plus good interior space filled with features.

Holden Calais is the finest expression of world class Australian technology. Throughout this pace-setting vehicle you will find an outstanding level of equipment, from its fully electronic instrumentation with an integral 8-function trip

computer to its low-profile steel-belted radials on distinctive new, alloy wheels.

Calais offers you a new kind of dynamic performance with efficiency from an electronic fuel injection engine which produces a massive 27% more power with 15% more torque*.

In fact more power per litre of capacity than any other Australian production six. Automatic transmission is standard.

Inside new Calais lies a world of innovation. At a touch, high fidelity stereo music will

surround you from a world class, four speaker, 20 Watt radio-cassette system loaded with advanced features.

An electronic touch control dash allows easy, instant operation of a variety of equipment, including rear window demister and power aerial. Calais' electronic cruise control can automatically maintain a driver pre-set touring speed until the brake pedal is pressed. This helps reduce long-distance driver fatigue and can substantially improve fuel-economy on tour.

Finger-touch electric adjustment exterior mirrors.

Power operated central door-locking.

Year-round comfort is assured by a new, spiral-compressor powered air-conditioning system that's 40% more efficient*. Upholstery is new plush velour cloth (leather is available as an option). Carpet is cut-pile throughout the cabin.

The driver's bucket seat is height adjustable and has a 3-position lumbar support.

Nothing has been overlooked.

Calais' comprehensive equipment list even includes electric exterior mirror adjustment, power central door locking, remote electric boot release, personal reading lamps and naturally, four wheel disc brakes.

Wherever you look, from its sophisticated electronic fuel injection power source to its aerodynamic lines and unparalleled interior appointments, Calais is very much world class at a level of excellence never before attained in an Australian car.

Outstanding luxury, astonishing performance, impressive value – that's new Holden Calais.

Every Holden Calais is covered by the GMH New Vehicle Warranty which covers your vehicle for the first 12 months or 20,000 kilometres, whichever occurs first.

A word about this catalogue. We have tried to make this catalogue as comprehensive and factual as possible. However, since the time of printing some of the information you'll find here may have been updated. Also, some of the equipment shown or described through this catalogue is available at extra cost. And the right is reserved to make changes at any time without notice, in prices, colours, materials, equipment, and models. Your Holden Dealer has details, and before ordering, you should ask him to bring you up to date.

No GMH Dealer or other person is authorised or permitted to give or make any statement assertion or undertaking in relation to the quality performance characteristics descriptions or fitness for any purpose of any GMH product

which is at variance with any written statement assertion or undertaking on any of these subjects given or made by General Motors-Holden's Limited or General Motors-Holden's Sales Pty. Ltd. in its published sales literature, and neither company accepts any liability for any such unauthorised action. General Motors-Holden's Limited and General Motors-Holden's Sales Pty. Ltd. have franchised dealers in many parts of Australia for the sale of service parts and the provision of service to owners of GMH's products. Every endeavour is made to ensure that such dealers carry adequate stocks of service parts, but neither General Motors-Holden's Limited nor General Motors-Holden's Sales Pty. Ltd. makes any promise, other than that contained in the New Vehicle Warranty given by General Motors-Holden's Sales Pty. Ltd. that such parts or service facilities will be available at any specific location or at any particular time. Copyright. General Motors-Holden's Sales Pty. Limited.
