

*The NEW HOLDEN*

# CALAIS

**CALAIS  
STANDS APART FROM  
THE CROWD.**

The Holden Calais introduces you to a realm of standard luxury features.

A new 10 stack CD unit, a new leather wrap steering wheel with built-

in sound system controls, automatic climate control, a comprehensive trip

computer and cruise control. And of course, the luxury of a spacious interior upholstered in new Derwent velour and leather, or optionally in full Howe Leather.

**A TOTAL SAFETY AND SECURITY SYSTEM.**

Calais, with Holden's Total Safety Systems (TSS) technology, is remarkable both for its ability to assist in avoiding accidents and for its accident protection features.

These features include Independent Rear Suspension developed specially for Australian conditions, the latest Bosch 5.0 Anti-lock Braking and the protection of driver, and now passenger airbags as standard equipment.

Both your personal security and your Calais' security are protected by a host of remarkable features.

Calais' slim, new, encoded Power Key provides convenient entry and

controls the engine disabler of one of Australia's safest security systems.

The new Holden Calais – security and safety that stand apart from the crowd.

For more information see your nearest Holden Dealer, or call 1800 035 464 for a free brochure.

What sets the Holden Calais apart is its distinctive design, driving performance and indulgence of standard luxury features.

Now with the brilliant new Holden ECOTEC V6 engine, Calais is ready to deliver new power, yet fuel economy and quietness that surpasses the competition.

**HOLDEN**  
Calais

*There's nothing quite like a Holden.*
