STATESMAN BY HOLDEN.
THE PRESTIGE IS BUILT INTO THE CAR,
NOT ADDED ONTO THE PRICE.

Never before has an Australian car been so widely acclaimed for its refinement, performance, safety and value.

The new ECOTEC engine is the heart of the most powerful V6 Statesman ever, boasting new levels of quietness that invite comparison with its nearest competitor.

Safety has been enhanced with the addition of the only passenger airbag available in an Australian luxury car and the latest Anti-lock Braking System, both standard features.

Improved insulation has further reduced noise levels, while the new 10 stack CD unit complements an already luxurious interior environment.

The remarkable body computer operates a host of electronic features such

as the automatic climate control, cruise control and a nine function trip computer, combining to make your motoring more pleasurable and safe.

While the security system leaves Statesman inoperative, providing thieves with their greatest challenge.

**STRONG ENOUGH TO STAND UP
TO THE COMPETITION.**

Improvements in the power and torque of the new ECOTEC V6 engine are linked by a new Powertrain Control Module to the electronically controlled
