

*HOLDEN*  
**COMMODORE**  
*SERIES II*

***Designed by people  
with a passion for driving,  
for people with a  
passion for driving.***

*New Holden Commodore Series II is a driver's car. A car designed to let you enjoy the freedom of Australian roads: to live life to the limit. Dynamic style, big car performance, even more responsive handling, thanks to Commodores' new Control-Link suspension and an outstanding active safety system all combine to give you a feeling of confidence and control whenever you're behind the wheel.*

**ACCLAIM**

**EXECUTIVE**

**SS**

## Motor racing: the heart of Holden.

We build our cars with a passion fuelled by over three decades of Bathurst success. This experience has helped us refine the formula for the 'driver's car'. So your Commodore feels like an extension of you, instantly responding to your every command. No wonder your heart beats a little faster when you get behind the wheel of a Commodore.

- Holden has won 21 Bathurst races, a testimony to the constant improvement of our competing products.
- Only Holden has a long history in V8 production cars. Ultimately Holden's dedication to motorsport benefits all Holden buyers.

Yes, new Commodore Executive Series II is different. Subtle changes which take advantage of technological advances. You'll see it in the quiet evolution of Commodore's enduring style. You'll sense it in the smooth, responsive handling. And you'll feel it in our new driving refinements. And what does it all mean to you? Greater control when you need it.

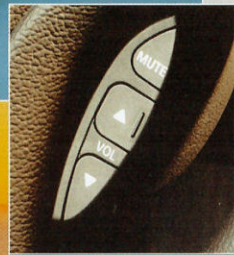

A CD player is standard in every Commodore.

Get into the Australian six that gets it all together.

### EXECUTIVE FEATURES

- New Control-Link Independent Rear Suspension holds the car's tail in check on corners with powerful rear grip.
- The combination of rear wheel drive, Independent Rear Suspension and ABS offers greater control.
- Multi-function trip computer, includes:
  - Distance to empty estimate, to help avoid running out of fuel.
  - Audible and visual speed warning (4 adjustable settings).
- Advanced security system now includes an alarm that sounds and flashes if bonnet, boot or door is unlawfully opened.
- Remote control Power Key:
  - Engages and releases deadlocks on all doors.
  - Operates the dome lamp.
  - Central locking for keyless entry through driver's door which helps prevent intruder entry from another door.
  - Opens the boot, especially useful when your hands are full.
- Power remote control exterior mirrors.
- Teardrop shape headlamps with clear lenses bring improved low beam spread and penetration.
- Power antenna automatically retracts, to help prevent damage.

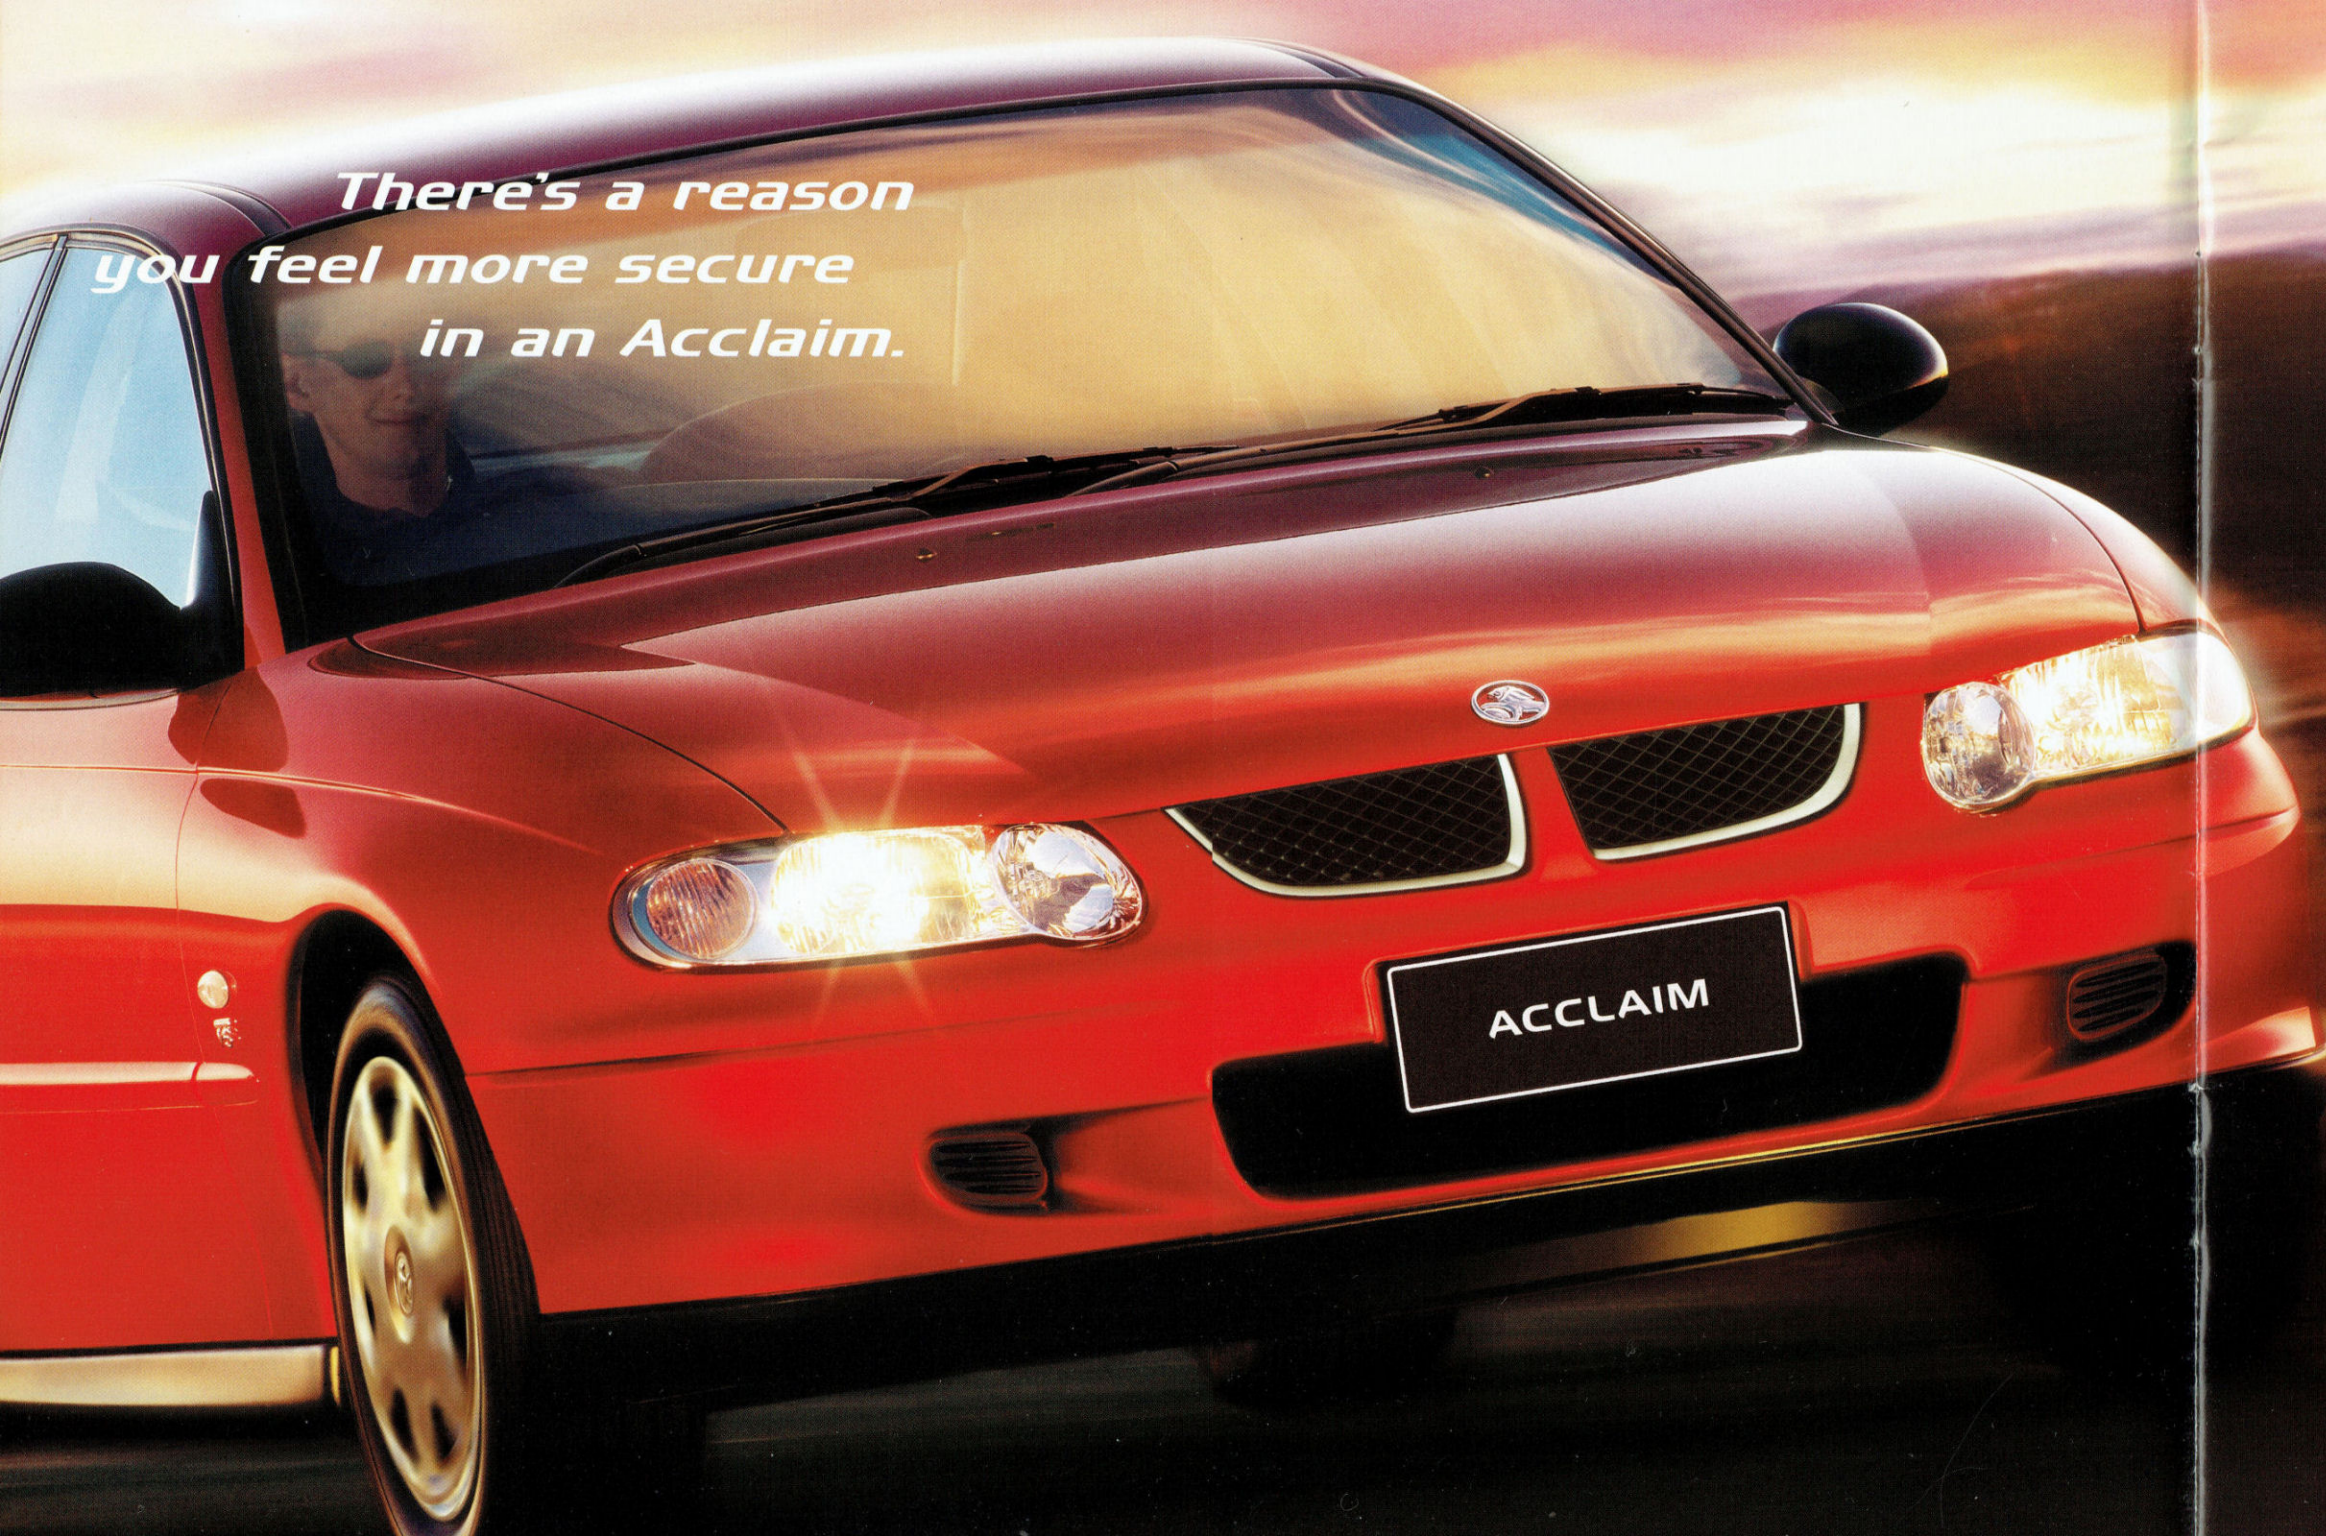

Sound system remote controls on steering wheel that, in addition to being convenient, help improve active safety. The driver can, for example, click through pre-set AM and FM stations, or change the CD track, while remaining focussed on the road ahead.

Standard on every Commodore, Anti-lock Braking (ABS) assists in maintaining steering control, even under full braking.

*There's a reason  
you feel more secure  
in an Acclaim.*

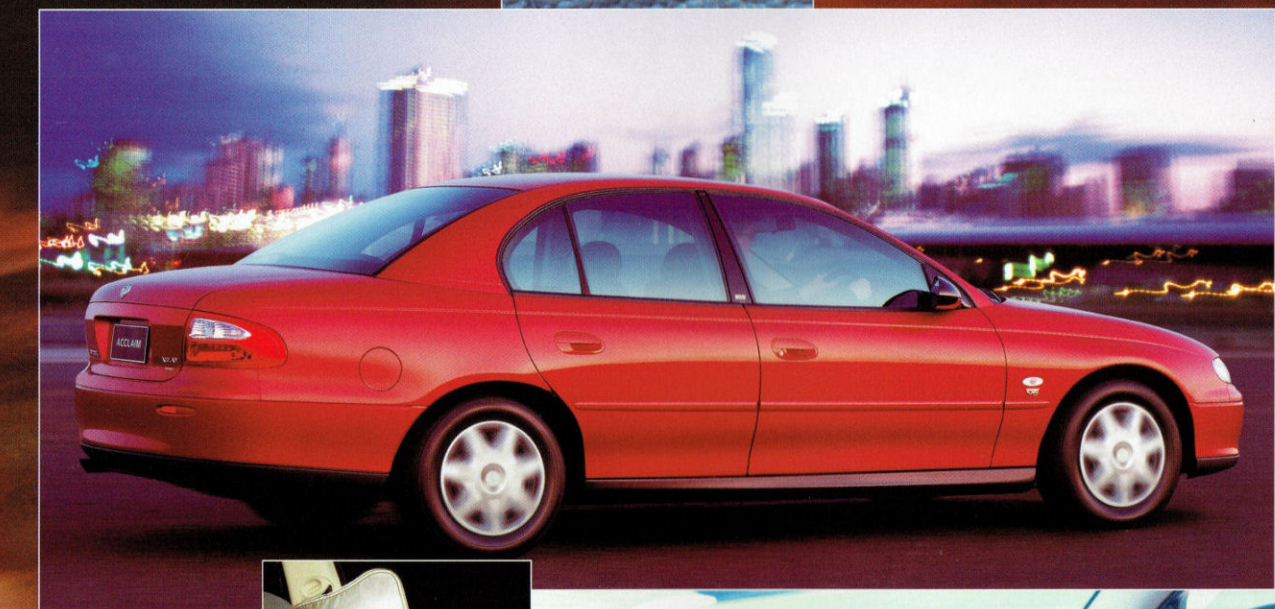

*New simple twist action Cruise Control with electronic fingertip operation, reduces effort and enhances economy on long distance touring.*

*Driver and front passenger airbags.*

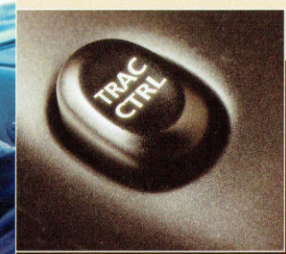

*We're driven to be leaders with safety features. We want our car to be your best possible defence against the unexpected and the unavoidable. Which is why Commodore Acclaim Series II has more safety features than any other Australian-built car. And why there's a special sense of security that cocoons you whenever you drive an Acclaim.*

### ACCLAIM FEATURES

- Air conditioning.
- Power windows.
- Driver & front passenger seat lumbar support for added comfort on long journeys.
- Padded front seat headrests adjust for height and tilt, for added comfort and safety.
- Front seats feature seat belt sash height adjustment for best possible fitment.
- Electronic control four speed automatic transmission with power or economy mode.

*Driver and front passenger side impact airbags help reduce risk of head, chest and neck injury in a side collision.*

*Traction Control (TC) provides smooth, stable acceleration in slippery conditions by helping to prevent loss of traction. It also assists on 'split surfaces' such as when one wheel is on gravel on the shoulder of a bitumen road.*

*Feels like a sedan. Fills like a wagon.*

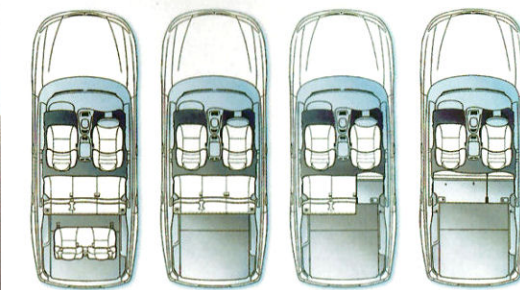

*It's quiet. It's responsive. It offers dynamic handling. In fact, you may have to glance over your shoulder to remind yourself you're driving a wagon. The new Commodore Series II wagon drives like a sedan but offers you the largest cargo carrying capacity of any Australian built family wagon - and still seats up to 5 in comfort.*

## ACCLAIM WAGON

- Remote control Power Key can unlock tailgate as you approach.
- Carpeted cargo area.
- Cargo area storage locker for small items.
- Tailgate window wiper has intermittent sweep synchronised to front wipers.
- Rear seat head restraints with height adjustment.
- Three lap sash safety belts across rear seats.
- Aerodynamically styled inbuilt roof rack tracks.
- Cargo barrier available as an accessory provides protection from items stacked in the rear, and includes quick release fittings and multi-positional attachments.

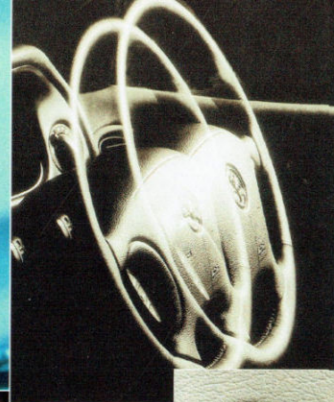

*Wide rear cargo area allows you to carry items up to 1.2 metres wide.*

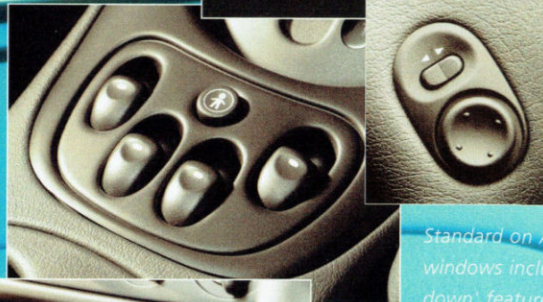

*Imagine seating you can tailor to your requirements! New Commodore wagon offers a variety of seating and storage configurations. The 60/40 split folding second row seat means longer objects can still be carried with one or two rear passengers, while the Holden 'Plus 2' accessory seat provides a forward-facing, split 3rd row seat for two children up to 12 years old.*

# INTERIOR FEATURES

Slide into the ergonomic wrap-around cockpit. The instruments are subtly angled towards you so you're more aware of what the car is doing. The controls are designed to give you all the information you need to make the decisions you need, when you need to make them. It's the way driving should feel. You're in control.

Comodore's height and reach adjustable steering wheel combines with electric driver's seat height adjustment, including front & rear head cushion tilt, to maximise driver comfort.

All Commodores have the convenience of remotely controlled electric exterior mirrors. The convex left-hand-side mirror helps to eliminate blind spots when changing traffic lanes or reversing.

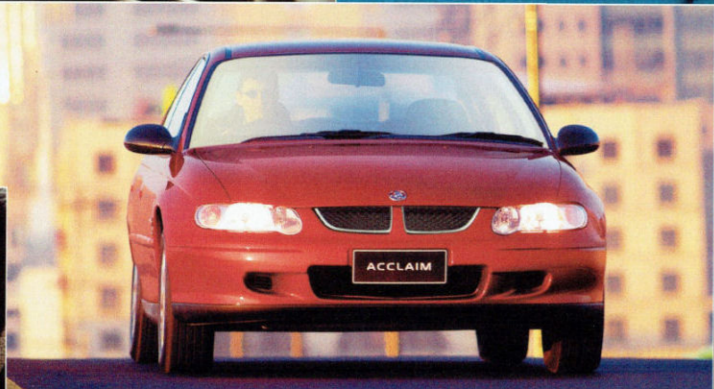

Standard on Acclaim, S and SS, power windows include a one-touch 'express down' feature on the driver's side.

Driver's side vanity mirror with cover.

The double standard size sound system control panel contains a radio, and a CD player.

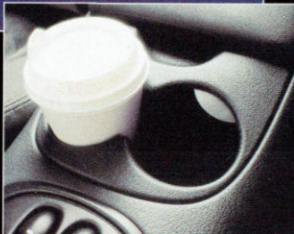

As one of the world's most advanced satellite navigation systems, this accessory provides detailed route maps for just about any destination in Australia. And you'll receive both spoken and visual guidance.

Sound system remote controls on steering wheel include selection of AM & FM stations, and operation of the CD player.

Front console holders secure cups of various sizes. Twin cup holders in the rear are provided in the central fold-away tray.

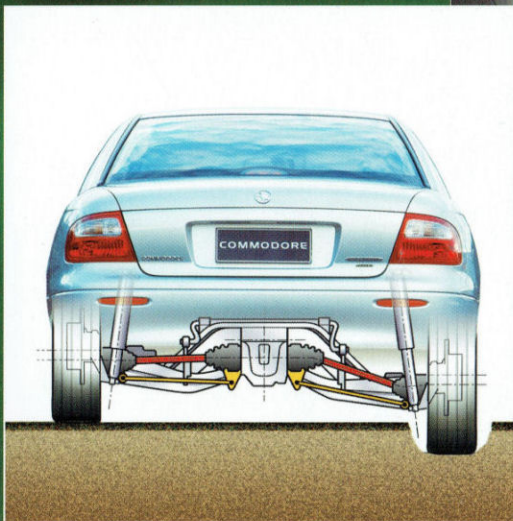

**Controls designed to give you control.**

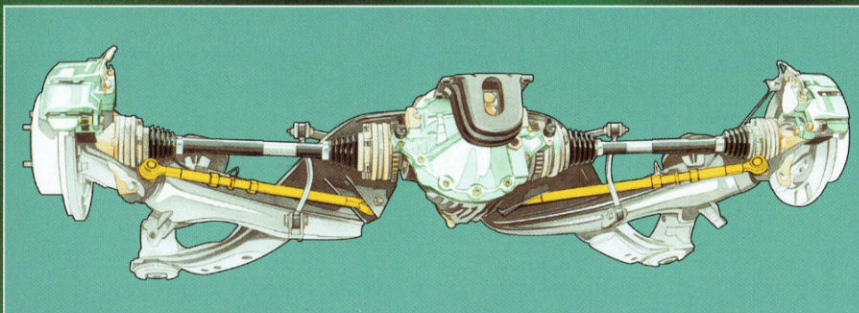

Commodore was the first Australian built car to offer side impact airbags. Each airbag is in the seat bolster for optimum positioning regardless of seat position and angle.

Traction Control (TC) provides smooth, stable acceleration in slippery conditions by helping to prevent loss of traction. It also assists on 'split surfaces' such as when one wheel is on gravel on the shoulder of a bitumen road.

Independent Rear Suspension (IRS) is specifically developed for Australian driving conditions to improve ride and handling over rough and uneven surfaces.

Control-Link IRS adds safety when deceleration is needed to negotiate a challenging bend. The suspension is tuned to take a slightly tighter cornering line for the driver, using the Control-Link to hold the tail in check with powerful rear grip.

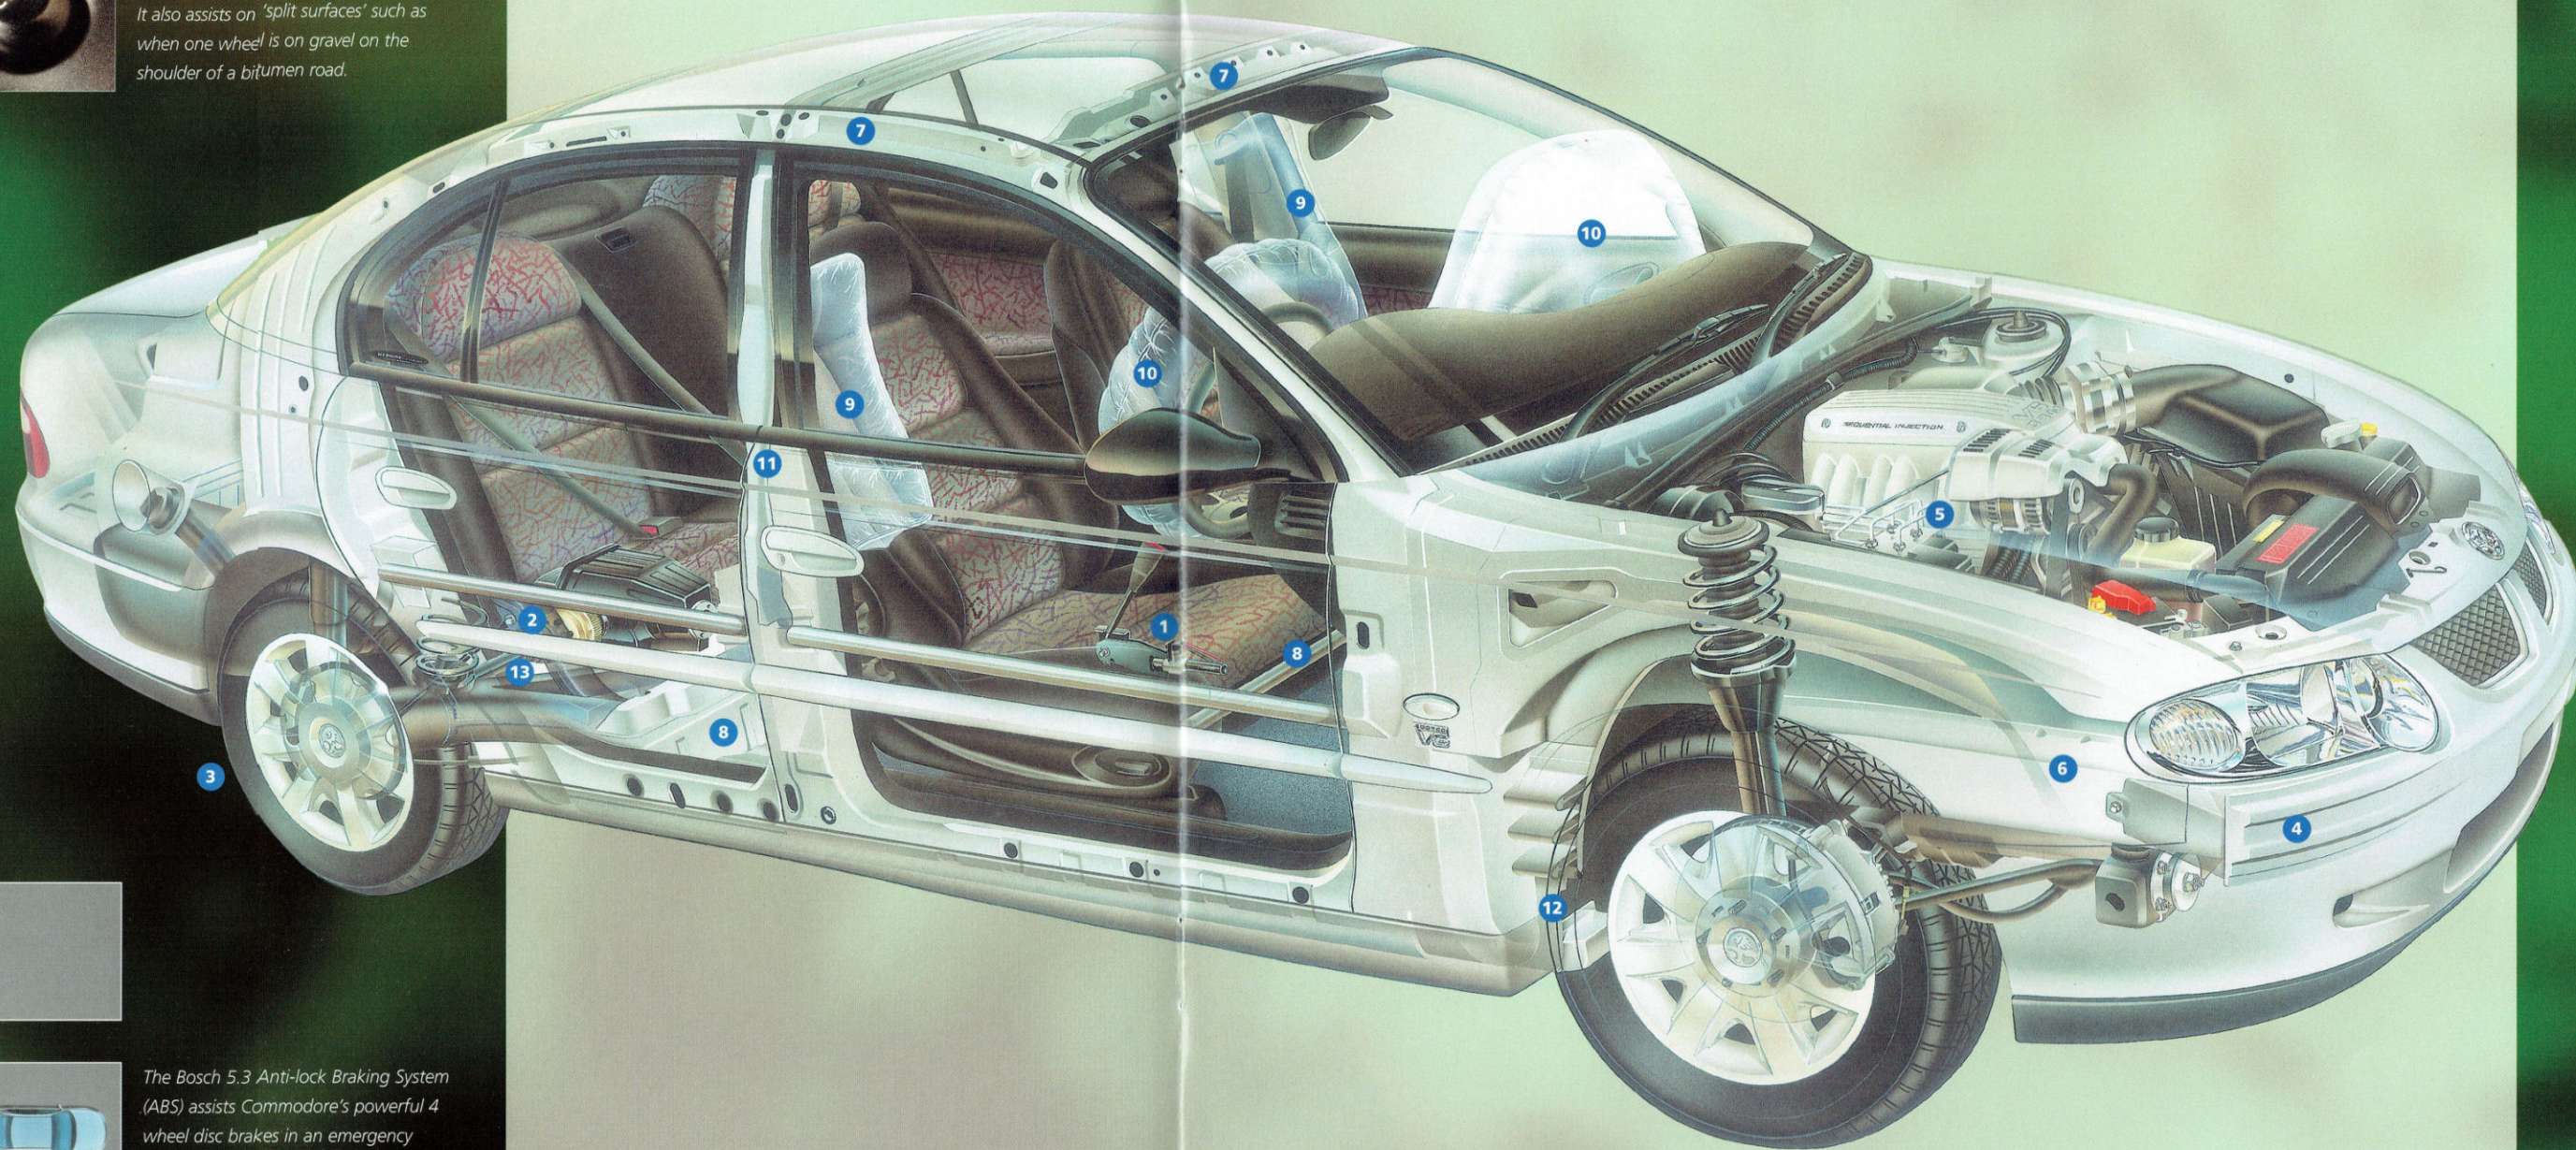

Without ABS.

With ABS.

The Bosch 5.3 Anti-lock Braking System (ABS) assists Commodore's powerful 4 wheel disc brakes in an emergency situation by helping to maintain steering control, even under full braking.

## Safety first, second and third.

## SAFETY FEATURES

We want you to feel safe. Commodore has been engineered to instantly respond to the unexpected. Consistently, and on command. Commodore's superb roadholding characteristics and wide track design give you all the confidence you want. And the combination of active and passive safety systems give you the security you need.

1. Pyrotechnic front seat belt pre-tensioners to minimise forward movement in a frontal collision.
2. Independent Rear Suspension (IRS) for traction when accelerating, cornering and braking.
3. Traction Control (TC) for stable acceleration on difficult road surfaces.
4. Front bumper side beams to share an offset frontal impact over both sides of car.
5. Bosch 5.3 Anti-lock Braking System (ABS) to help maintain full steering, even under full braking.
6. Crash Pulse Optimisation allows front to crush progressively for less severe impact.
7. Integrated safety cell engineered to withstand high energy loads.
8. Front and rear anti-submarining ramps to reduce risk of sliding under seat belt in a collision.
9. Driver and front passenger side impact airbags to reduce risk of head, neck and chest injury in a side collision.
10. Driver and front passenger airbags have low pressure inflator designed to prevent injury from airbag inflation.
11. Strengthened upper B pillar is computer modelled to reduce side impact velocity to head, neck and chest.
12. Frontal Offset Enhancement Package helps prevent the front wheel intruding into foot well in a frontal collision.
13. Control-Link IRS adds safety when deceleration is needed to negotiate a challenging bend with powerful rear grip.

*You are what you drive.*

*Sophisticated power teamed with super-charged performance. Technological response that's second-to-none. The Commodore S Series II is a driver's car. The dynamic styling reflects its performance heritage. The Supercharged V6 option is a different kind of power, coming from a pedigree usually found only in a select few European performance cars.*

*New 16" x 7" alloy wheels, with 5 spoke sports styling, and 225/50 V-rated low profile tyres.*

*Bold new design front spoiler, side skirts, and rear wing-spoiler.*

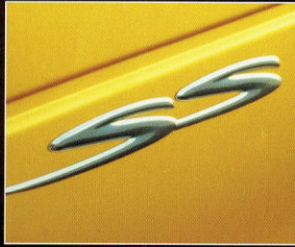

*Front and rear power windows with a one-touch 'express down' feature for the driver.*

## COMMODORE S FEATURES

- 3.8 litre ECOTEC 152kW engine, with imported 5-speed Getrag manual transmission for responsive performance.
- Supercharged V6 171kW engine option with electronic control 4 speed auto transmission.
- FE2 sports suspension for responsive, performance-car handling.
- Traction Control (TC), now standard.
- Four spoke leather-wrapped steering wheel.
- Sports interior trims are colour-coded to your car's exterior colour.
- Anthracite leather interior now available as an option.

*The ultimate Commodore.*

High winged sports seats are now available with optional leather trim that complements exterior paint.

*This is the king of the concrete jungle. Menacing and intimidating, the aggressive lines give a clear indication of its capabilities. And, under the bonnet, the contained fury of a 225kW, alloy V8 make it a car for people with a real passion for driving. It all combines to put Commodore SS Series II into a totally exhilarating class of its own.*

**COMMODORE** *SS*  
FEATURES

- Gen III 5.7 litre alloy V8 engine.
- 6 speed manual transmission gives sports ratios to suit the SS driver.
- Limited slip differential for superior traction.
- Colour coded instrument panel and instrument cluster to complement the exterior paint.
- Driver and front passenger airbags.

Sports body kit, including front spoiler, side skirts and rear wing-spoiler.

17" x 8" alloy wheels with low profile 235/45 V-rated tyres.

Striking headlamp design and large circular fog lamps in the front spoiler individualise the SS.

# Powered by the passion to drive.

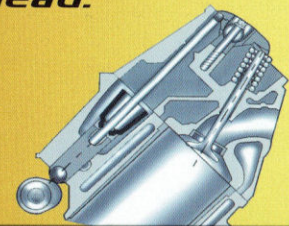

All Commodores are powered by passion. Whether you're after the big car performance of a classic V6, the sophisticated technological rush of a Supercharged V6 or the contained fury of an alloy V8, the power at the heart of every Commodore is engineered to constantly provide the response you expect. Every time you expect it. Regular as a heartbeat.

**5.7 litre Generation III alloy V8**

- 225kW of power, 460Nm of torque.
- Aluminium alloy construction creates light weight engine for:
  - Smooth ride. Lower weight allows softer, more supple front suspension
  - Agile handling. Less weight in front end allows more precise steering response.
- One piece induction system made from composite materials for smoother airflow and superior 'breathing'.
- Inlet manifold has improved air flow for performance and fuel economy.

## Alloy cylinder head.

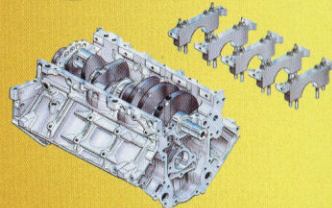

The integrated aluminium cylinder head, block and sump help create high structural rigidity.

Replicated ports and combustion chambers ensure balanced cylinder-to-cylinder air and fuel distribution, for enhanced emission control.

The piston rings are low tension for further friction reduction.

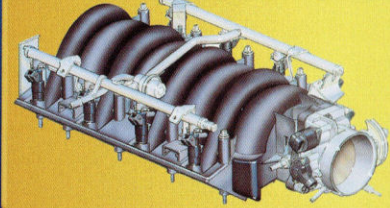

## Deep skirt alloy block.

The bottom end features a deep skirt with five main bearing caps which support the crankshaft using four vertical, and two horizontal bolts per cap.

The cylinder block's deep skirt and upper deck rails, combined with the six-bolt bearing caps, increase stiffness. Helps prevent crankshaft bending, engine wear and noise.

## Composite inlet manifold.

The inlet manifold is made of glass filled nylon and handles only air. The insulating characteristics maintain a cooler charge and improve the thermal isolation of fuel system components mounted on the inlet manifold.

The smoother, composite material results in improved breathing bringing more power, and a smoother power band.

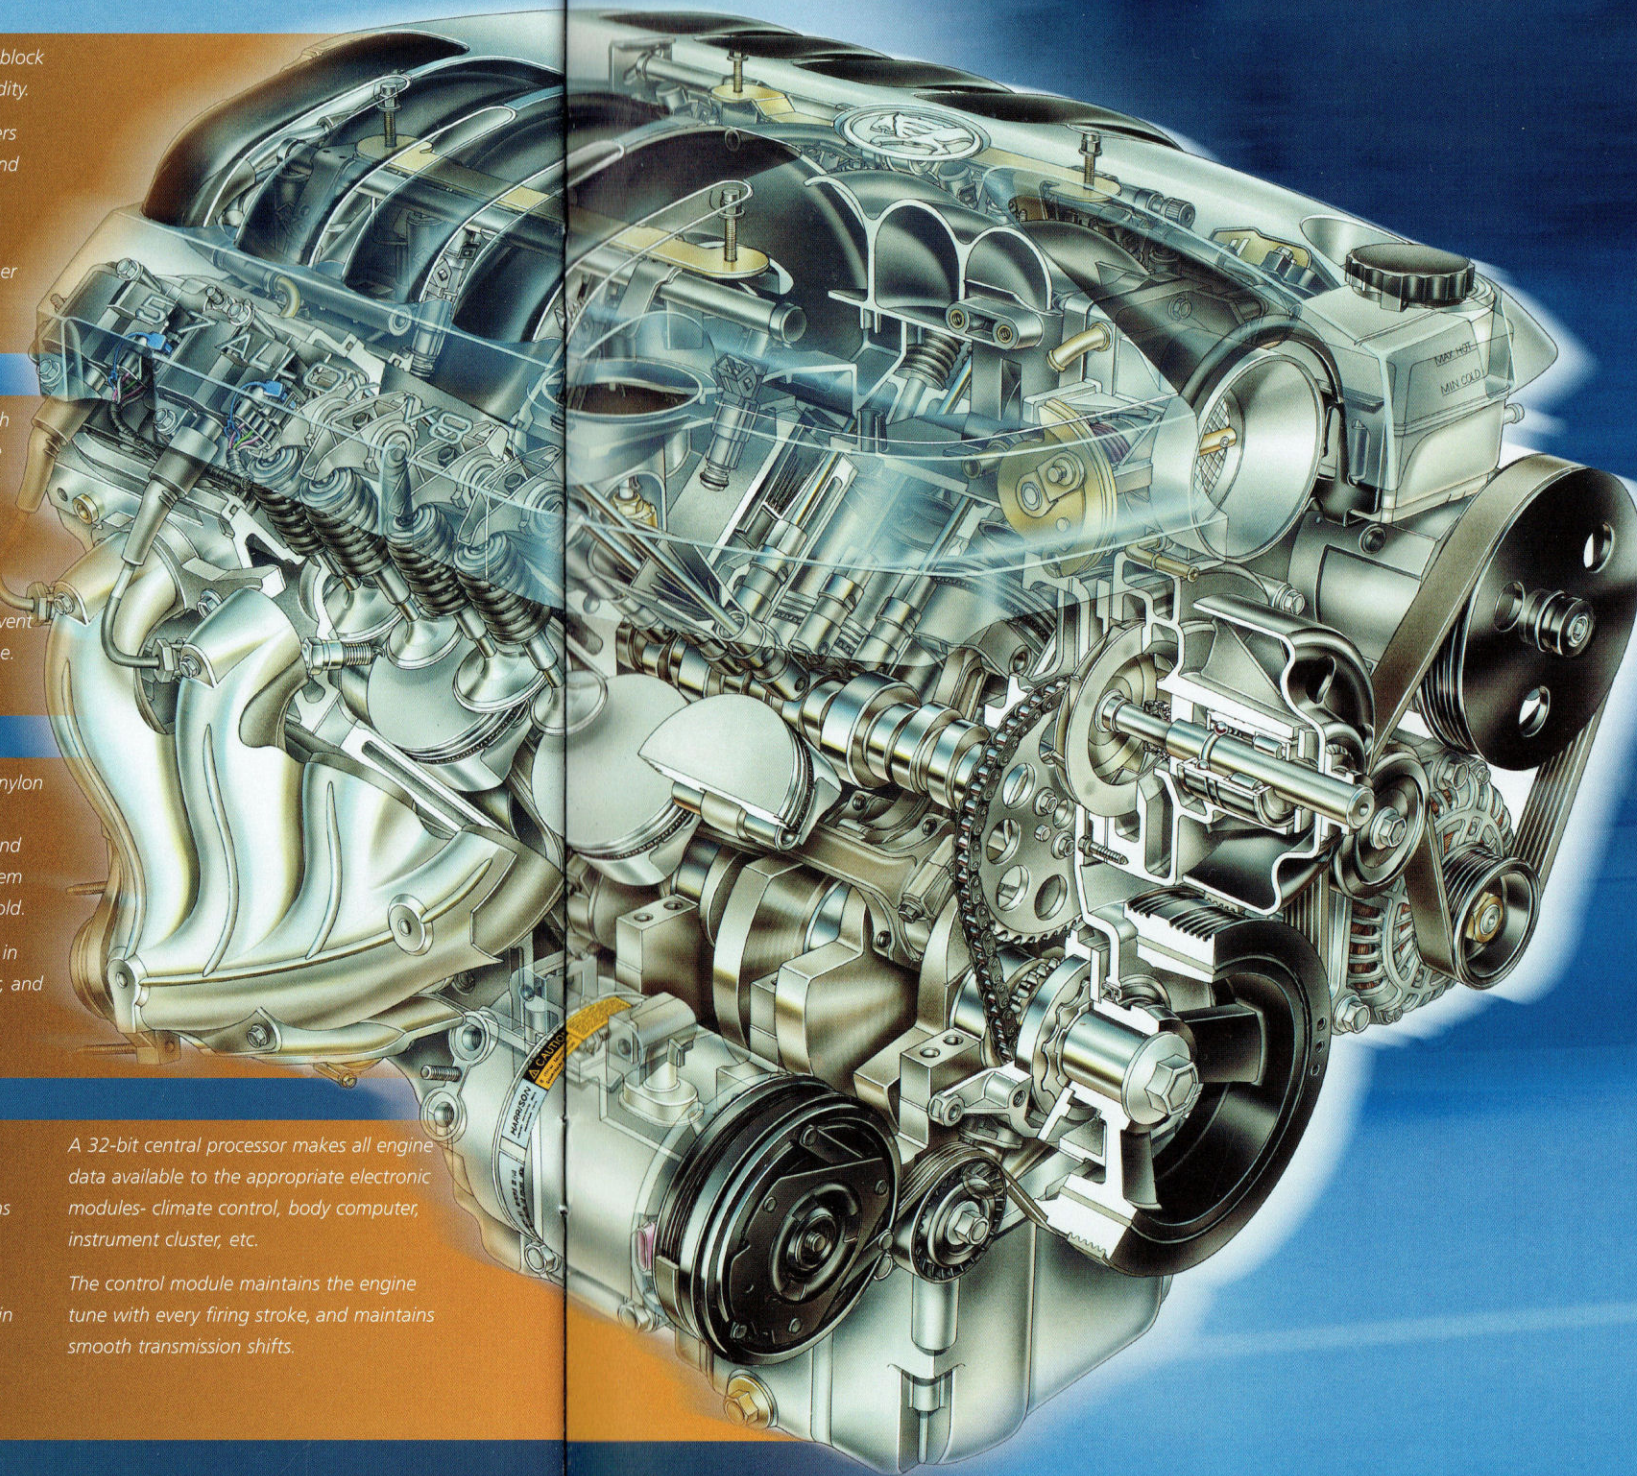

## Powerful engine management.

A fully-integrated Powertrain Control Module is one of the most powerful and sophisticated engine management systems yet developed.

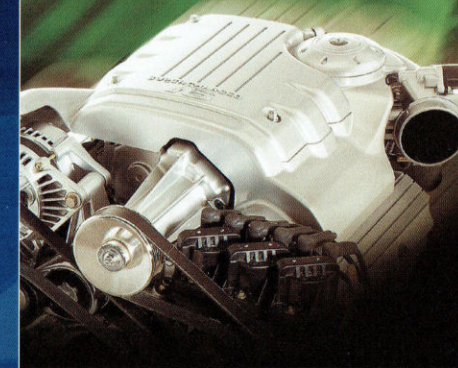

Sequential fuel injection optimises timing and measurement of fuel input resulting in improved efficiency, performance, idle stability, durability and driveability.

A 32-bit central processor makes all engine data available to the appropriate electronic modules- climate control, body computer, instrument cluster, etc.

The control module maintains the engine tune with every firing stroke, and maintains smooth transmission shifts.

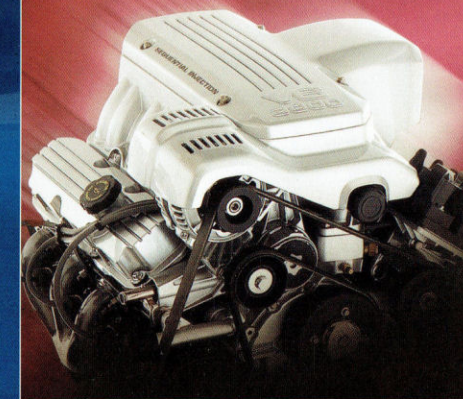

## Supercharged V6

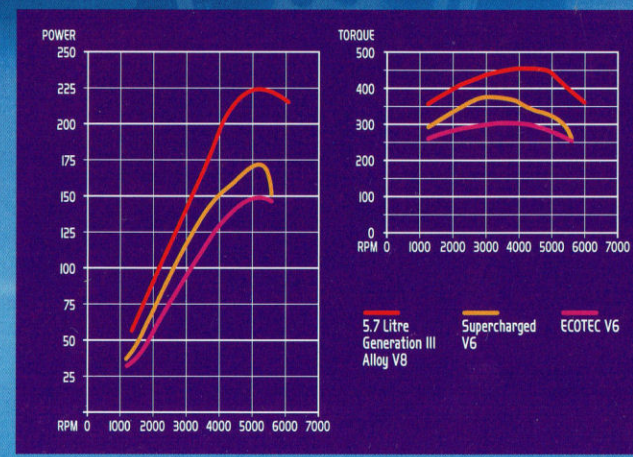

- 171kW of power, 375Nm of torque.
- Outstanding 6 cylinder performance from elite technology, shared with Aston Martin, Mercedes and Jaguar.
- Eaton M90 Supercharger is a crankshaft driven air pump that compresses more air into the cylinders than a naturally aspirated engine.
- More air, and more fuel, increase power. Like a bigger engine.
- Vacuum operated boost control modulates air pressure to give smooth, progressive power.
- Substantial torque across rev range makes engine responsive and easy to drive.

## ECOTEC V6

- 152kW of power, 305Nm of torque.
- V6 engine is compact and light, for excellent ride and handling.
- High power with outstanding fuel efficiency from use of:
  - Friction reduction techniques on moving parts, especially pistons, rings and valve train.
  - Faster, more powerful new engine management for individual cylinder spark control, to improve performance, driveability and economy.
  - Die cast inlet manifold smoother for improved air flow to increase power.
- Stainless steel long life exhaust.

17" x 8" 'X' series  
8 spoke alloy,  
235/45 V-rated tyres.

17" x 8" 'C' series  
5 spoke alloy,  
235/45 V-rated tyres.

17" x 8" 'RT' series  
5 spoke alloy,  
235/45 V-rated tyres.

16" x 7.5" 'T' series  
multi spoke alloy,  
225/50 V-rated tyres.

Holden By Design's tailored sunroof is electronically controlled from convenient ceiling mounted controls for preferred positioning in the slide or tilt mode and even automatically closes when you lock your car.

Leather steering wheel.

## Getting personal with your Holden.

Your car is a reflection of your personality. You're not like anyone else. Why should your car look the same as anyone else's? And that's what Holden By Design is all about. Added to that is the knowledge that Holden By Design personalised enhancements are factory fitted and carry Holden's comprehensive 3 year or 100,000km warranty. The combinations are endless. The choice, yours.

Vehicle fitted with Holden By Design sports body kit, Type 3 sports wing and 17" x 8" 'X' series alloy wheels.

Vehicle fitted with Holden By Design sports body kit, Type 2 sports wing and 17" x 8" 'C' series alloy wheels.

Vehicle fitted with Holden By Design sports body kit, Type 1 sports wing and 17" x 8" 'RT' series alloy wheels.

Vehicle fitted with Holden By Design sports body kit and 16" x 7.5" 'T' series alloy wheels.

## Commodore accessories.

**1. Bonnet stone guard.** Don't let stone chips and scratches detract from the superb paint finish. This durable acrylic custom design can be easily removed for cleaning.

**2. Headlight protector.** Specially engineered for Commodore headlights in durable acrylic, this accessory provides the ideal protection against annoying stone chips and scratches.

**3. Moulded mudflaps.** Integrated into Commodore's fascia design, these fully moulded mudflaps are both practical and stylish.

**4. Rear spoiler.** Achieve a sporty look and give your Commodore a dynamic presence with this stunning rear spoiler.

**5. Roof bars.** Ideal for both sedan and wagon, Holden roof bars let you carry luggage and sporting equipment without sacrificing interior space.

**6. Mats.** Help keep your Commodore in its original condition with these fully tailored, high quality long pile carpet floor mats, now with a new anti-slip backing.

**7. Mobile phone mounting platform.** A new style of platform that avoids drilling holes in the console. A universal phone holder is also available.

**8. Ashtray.** These ashtrays and cigarette lighters are cleverly integrated into the front and rear of your Commodore.

**9. Standard size weathershield.** Let the fresh air in and keep the wind and rain out with this full sized weathershield.

**10. Rear sunguard.** Commodore's tinted acrylic sunguard provides excellent head protection for rear seat passengers.

**11. Front sunshade.** Aerodynamically designed external front sunshade reduces heat build up when parked, and helps reduce sun and road glare when driving.

**12. Insect screen.** In extreme conditions an insect screen can help prevent clogging and avoid your car's cooling system being put under pressure.

**13. Sheepskin seat covers.** Fully tailored, stylish sheepskin covers add to your comfort, keeping you cool in summer and warm in winter (not to be fitted to vehicles with side impact airbags).

**14. Third seat package.** Turn your wagon into a seven seater family mover with this third seat package. Designed to accommodate children, up to the size of an average 12 year old. Available in matching trim for all wagons.

**15. Cruise control.** By maintaining a set speed, cruise control helps long country kilometres glide by effortlessly and can improve fuel efficiency.

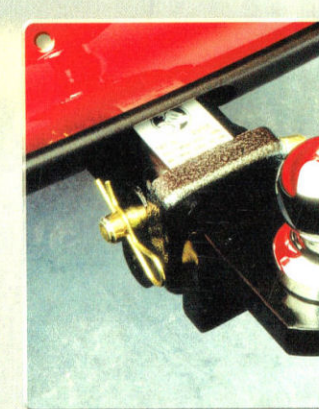

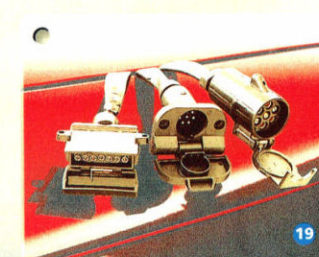

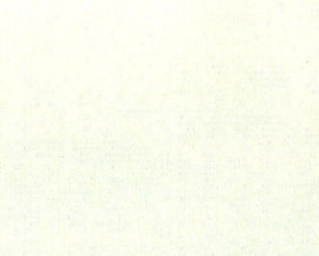

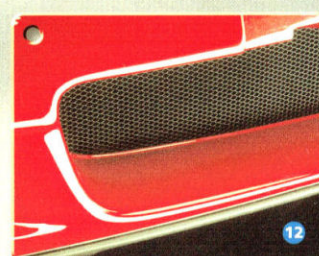

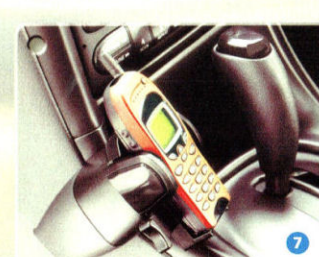

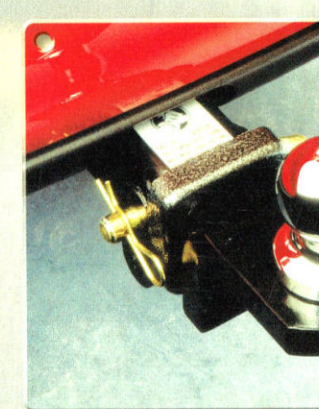

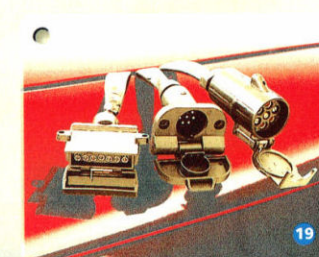

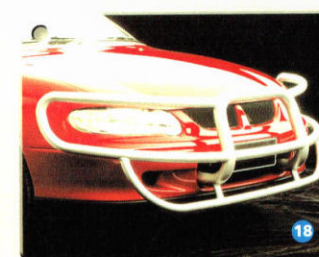

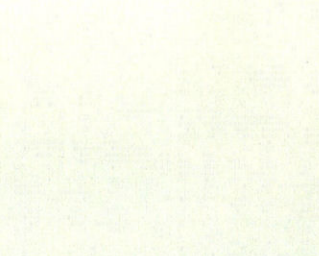

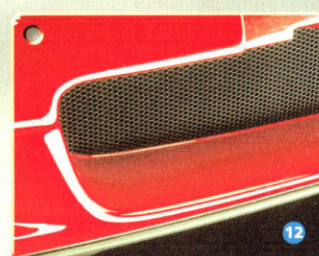

**16. Cargo barrier.** Keep everything in its place with a heavy mesh cargo barrier. Expertly designed with quick release fittings and multi-positional attachments for your wagon.

**17. Cargo blind.** Showing stylish integrated design this cargo blind draws out to provide protection from the sun and provides added security for the back of wagons.

**18. Roo bar.** Rural driving is safer with a country roo bar, which is designed to work with Commodore's SRS airbag system. Also available in textured black finish.

**19. Wiring harnesses.** Select the trailer wiring harness that best suits your existing connections – 7 pin flat, small 7 pin round and large 7 pin round.

**20. Tow bar.** Holden's range of tow bars have been specifically designed and tested for Commodore. See your dealer to get the right bar for your needs.

- Complies with Australian Design Rules.
- Factory calibration of engine management system delivers performance level similar to petrol.
- LPG filler (neatly hidden behind fuel door) attaches easily and securely to the LPG filling hose.
- Upgraded rear suspension maintains high standards of ride and handling.
- For greater convenience the fuel mode switch built into the instrument panel now lets you change easily from petrol to LPG whilst on the run at more than 2,000rpm.
- Integrated fuel gauge automatically shows level of LPG or petrol and even recalculates the 'distance to empty' on the trip computer. With 'on the run' switch over, you can now check distance to empty using the other fuel.
- Safety and reliability of specially formed, integrated steel fuel lines.
- Australia-wide availability of replacement parts through all Holden Dealers.

The Commodore wagon retains the full 75 litre petrol tank capacity as well as 60 litres of LPG, providing extra long driving range when you need it.

Specially designed 60 litre LPG tank, fitted so that loss of boot space is kept to a minimum.

## Commodore towing systems.

Not all tow bars are the same. Holden tow bars have been specifically designed and tested by Holden engineers for Commodore. They meet stringent Australian Design Rules. Only Holden approved tow bars are covered by Holden's warranty.

### Towbar Package up to 1,200kg.

Comprehensive package includes 1,200kg rated towbar.

**Additional equipment:** Trailer wiring harness. Tow ball.

**Recommended additional equipment:**

Load distribution device if towing more than 750kg.

Brakes on trailer if required by your State laws.

### Towbar Package up to 1,600kg.

Comprehensive package includes 1,600kg rated towbar.

Heat shields.

**Additional equipment:** Trailer wiring harness. Tow ball.

Brakes on trailer.

**Recommended additional equipment:** Load distribution device.

### Towbar Package up to 2,100kg.

Comprehensive package includes 2,100kg rated towbar. Heat shields.

Superlift shock absorbers.

**Additional equipment:** Trailer wiring harness. Tow ball.

Brakes on trailer. Automatic Transmission.

Warning triangle for roadway.	A	A	A	A	A	A
First aid kit.	A	A	A	A	A	A

## The smartest way to own a new Holden.

### Smart choices.

A smart way to get into a new Holden is by talking to Holden Financial Services. A wide range of options is on offer and you can select the terms, conditions and pricing structure to best suit your lifestyle. The SmartChoices range offers affordable, flexible, low monthly repayments<sup>1</sup> and the security of a guaranteed minimum buyback price.<sup>2</sup> For more information contact your Holden Dealer or call Holden Customer Assistance on 1800 033 349.

### SmartCare.

Holden offers a range of competitively priced insurance products that provide tailor-made protection. The SmartCare comprehensive policy offers new car replacement, agreed value and a genuine Holden Approved parts guarantee plus a range of additional premium benefits.<sup>3</sup> For more information see your local Holden Dealer or call the Holden SmartCare Hotline on 1800 060 094.

### The Holden Mastercard.

With the Holden MasterCard, 5% of every dollar you spend on credit purchases goes toward your rebate on a new Holden.<sup>4</sup> You can redeem a maximum core rebate of \$3000 on any new Holden.<sup>4</sup> Use your Holden MasterCard at exclusive Holden MasterCard Bonus Partners and you'll receive an extra 1% bonus rebate that you can earn. You'll also pay no annual card fee in the first year, get up to 45 days interest free on credit card purchases, and a competitive rate of

interest.<sup>5</sup> To apply, visit any Westpac/Challenge Bank/Bank of Melbourne branch, your local Holden Dealer or call the Holden MasterCard 24-hour customer line on 1300 650 696.

### The package wouldn't be complete without extra peace of mind.

#### We're with you all the way.

Holden drivers are backed by the most comprehensive customer care package on the road. With over 300 dealers and 900 Roadside Assistance centres nationwide, few other cars in Australia are supported with the level of customer care offered to Holden owners.

#### 3 year or 100,000km New Vehicle Warranty.

Your peace of mind, guaranteed. Every Holden comes with a 3 year or 100,000km New Vehicle Warranty,<sup>6</sup> whichever comes first. This factory backed bumper to bumper warranty covers everything including the engine, transmission, clutch, interior and exterior components.

An extended New Vehicle Warranty is able to be purchased. For more details, contact Holden Customer Assistance on 1800 033 349 or your Holden Dealer.

#### 3 year/24 hour Roadside Assistance.

Go anywhere, anytime, with complete confidence. Holden Roadside Assistance, one of Australia's most comprehensive assistance packages, is complimentary for 3 years or 100,000km, whichever comes first.<sup>7</sup>

In the event of the unexpected happening, from your keys being locked in the car to mechanical and accident advice, you can get in touch with our 24 hour hotline, 365 days of the year, by calling the toll-free number 1800 817 100.

This service is delivered by Assist Australia and the combined resources of the Australian motoring organisations.

### A decidedly different level of service.

Dealer support when you need it, where you need it.

With dealers strategically located nationwide, the Holden Service Network is the largest in the country. Our service centres are staffed by a team of trained technicians who have access to regular factory training, bringing them up to speed on the latest technology.

If you want to know more about the extensive benefits of Holden ownership, contact Holden Customer Assistance on 1800 033 349, Monday - Friday, 8am - 6pm. EST.

1. Fees and charges apply. For the annual percentage rate applicable to you contact your local Holden Dealer. 2. Conditions apply. A disposal fee of \$385 (incl GST) applies plus charges for excess wear and tear or excess kilometres may also apply. 3. Refer to the policy wording for specific terms, conditions and exclusions. 4. Earning and redemption of rebate is subject to the Holden MasterCard Rebate Program Rules. A maximum of \$3000 in the form of Holden MasterCard 'core' rebate (plus any additional 'bonus' rebate accumulated via the partner program) accrued over a maximum of 5 years may be applied per eligible vehicle purchased. Vehicle sales for which a fleet allowance is paid are not eligible for Holden MasterCard rebate. 5. The interest-free period applies where the card account is fully paid by the due date each month. 6. Refer to your owner's handbook or see your Holden Dealer for full terms and conditions. 7. Roadside Assistance may not be available in some rural areas. Refer to your Holden Roadside Assistance booklet or see your Holden Dealer for terms and conditions.

Passion
