

SSZ

THE HEAT IS ON

The new SSZ Commodore, Ute and Crewman take the pure unadulterated V8 sports looks and performance of the legendary SS range to the next level. Extra features make these vehicles exceptional value. It's a special edition for the discerning few.

SSZ COMMODORE

The Special Edition SSZ reflects Holden's uncompromising desire to produce performance vehicles that deliver excitement through technology. In addition to the tough 250kW¹ Gen III V8, upgraded performance brakes and leather sports seats, the SSZ is the first Australian built car to feature Bluetooth wireless phone technology as standard².

Holden's Bluetooth system allows you to make and receive mobile phone calls³ at the touch of a button conveniently located in your centre console. It seamlessly enables hands-free mobile phone operation without a cradle, wires or headset and is fully integrated with the vehicle's audio system.

SSZ UTE
SSZ CREWMAN

The SSZ Ute and SSZ Crewman continue the sports design and V8 performance of the SSZ Commodore. The SSZ Ute boasts performance brakes and new 18 inch alloy wheels. Its unique hard tonneau is shaped with distinctive twin aero forms. The SSZ Crewman features a hard tonneau and front performance brakes. Inside, both vehicles have SSZ leather sports seats, colour keyed SSZ clusters and centre sports instrument binnacle. Work and play like never before.

STANDARD FEATURES

- 6-speed manual transmission
- Sports body kit with front fog lamps and fender vents
- Sports seating, steering wheel and instrument cluster
- Sports suspension
- 6 disc in-dash CD player
- Electronic climate control
