

Vista

1990

Improve your outlook on life

Vista 4-door LX features velour cloth front bucket seats and split rear seats with centre armrest.

The Vista colour-keyed instrument panel features easy-to-reach controls.

Vista offers a range of selections at affordable prices, so you can match your needs to your bank account. We call it good value; and we think it's not a bad way of looking at things.

Examine the values built into the Vista four-door sedan. Reclining bucket seats, floor console, full carpeting, trip odometer, and steel-belted radials to name a few.

"A smartly styled, comfortable five-passenger sedan with a reputation for reliability."

If you'd like to see a few added refinements, there's the Eagle Vista DL four-door, with map pockets inside and full wheel covers outside.

The four-door Eagle Vista LX goes further still, with tinted windows and sport instrument cluster with tachometer. Also available is the passing power of a 1.6-litre four-cylinder turbo engine.

Eagle Vista three-door hatchback is available in basic, GT, and GT Turbo models. Here is the versatility of a hatchback and easy handling of front-wheel drive, plus the standard features

listed on Vista four-door. The Vista GT Turbo has velour cloth bucket seats, sport instrument panel, Performance suspension, and other extras to make it even more fun.

Low-back cloth and vinyl bucket seats are standard on 4-door Vista DL and 3-door Vista LT.

The 1.6-litre engine's exhaust drives the turbocharger, where fuel and air are mixed and forced into each cylinder. The result is a sudden and smooth surge of useful power.

Vista LX Turbo 4-door (left) and GT Turbo 3-door hatchback (above). Drive adjustable lumbar support in driver's seat.

ABOUT THIS CATALOGUE: Since the time of printing, some of the information you'll find in this catalogue may have been updated. Ask your Dealer for details before ordering.

Vista WAGON

The family wagon. The second car. The coach for the coach. Here is a vehicle for which a new use is discovered almost daily. Because what could be more versatile?

Yet, perhaps the most remarkable feature of the Vista Wagon is the four-wheel-drive availability. If snow or rain is a concern, you can be in four-wheel drive with a push of the button on the gearshift.

Here is a compact 7-passenger five-door wagon. Smaller, that is, than the conventional North American-built mini-vans. Half the back seat folds down for six passengers plus extra gear. Fold the other half of the seat down, and it's seating for five and still more cargo. Or take the back seat out - just release the latch with your fingers - and you have great cargo room. Or fold both seats flat and you have a mini-camper with daybeds.

Think of the times you could have used versatility like this.

The five-door Vista Wagon delivers the perfect blend between the driving ease of a compact car and the spaciousness of a mini-van. Front-wheel drive not only provides directional stability and traction, but provides better comfort as well with a roomy passenger and cargo area.

The multi-position rear seats on Vista Wagon offer tremendous flexibility.

The versatile and comfortable seating of Vista Wagon is enhanced further for 1990 with the addition of new shoulder belts at all outboard seating positions.

The dealer does not fit all standard and optional equipment items - some options are available only in combination with others, and some equipment may be subject to availability restrictions. See your Dealer for details.

VISTA EXTERIOR COLOURS

Colour reproductions are approximate and not necessarily exact. Your Dealer can show you colour sample cards that more closely represent the actual colours. Note also that colour availability varies by model and body style.

Specifications, descriptions and illustrative material contained herein are based on authorized information. Although specifications, descriptions and illustrations were believed to be correct at the time this publication was approved for printing, accuracy cannot be guaranteed. Chrysler Canada Ltd. reserves the right to discontinue models or options at any time or change specifications and materials, equipment or design without notice and without incurring obligation.

Some equipment may not be exactly as illustrated in this publication. Some of the illustrative material contained herein may show equipment that is not standard and is available only at extra cost. Equipment referred to as available or optional may be at extra cost. Some options are required in combination with other options. For the price of the model with the equipment you desire or verification of specifications and equipment availability contained herein, see your Jeep and Eagle Dealer. Some of the items shown on vehicles in this publication may be available only through retail organizations and establishments not connected with Chrysler Canada Ltd. Availability, price, quality and durability of these items rests solely with the respective manufacturers and their sales organizations, and Chrysler Canada Ltd. assumes no responsibility for their availability or life use.

Chrysler genuine parts are marked under the brand names of Mopar and Autopar. These parts are approved by the name. Chrysler engineers also designed your Eagle vehicle. Mopar and Autopar parts meet all original Chrysler specifications - they are PARTS YOU CAN TRUST.

3/60 WARRANTY

All of Chrysler Canada's Eagle Vista and Vista Wagon vehicles are protected by warranty coverage that specifies confidence, 3-year or 100,000-kilometer Basic Warranty and powertrain coverage of 3 years or 80,000 kilometers. At the same time, the Cummins Warranty covers body sheet metal against rust through for 3 years and cover body panels for 5 years, regardless of distance driven. See your Dealer for full details.
