307 Touring

ACCESSORIES

1 Alloy Wheels (COTYA)

The look of the wheel can be a very tangible statement of style, however its contribution to the overall safety of the car cannot be underestimated as it directly impacts on road holding. Produced according to the same specifications as the standard 307 wheels, COTYA wheels are tried and tested, guaranteeing you reliability and sturdiness. These classy and sporty alloy wheels complement the 307 with a stylish and personal touch.

Part Number:
15" 9606XX
16" 9606XY
17" 9606XZ

2 Locking Wheel Nuts

A clear deterrent to thieves, these sprocket coded wheel anti-theft nuts ensure your alloy wheels cannot be removed without the special spanner. Available as a set of 4 with coded spanner.

Part Number: 9606PA

3 Reverse Proximity Detector

Perfect to get your 307 in and out of a tight spot. Detects obstacles by induction with sound frequency varying according to distance.

Part Number: 9671X7

4 Bonnet Protector

Protect your 307 from frontal stone chips. Moulded from high impact clear acrylic, offering protection that won't detract from your car's style.

Part Number: 9160264

5 Headlight Covers

Moulded to complement your 307's headlights, the covers provide extra protection against stone chips and abrasive dust particles.

Part Number: 9160259

6 Car Alarm

Peugeot's goal was simple with the 307 alarm: compatibility and reliability. The wiring is designed to connect directly into the multiplex smart servo box. This high performance alarm combines both a perimeter system, monitoring the doors and boot, and an ultrasonic volumetric alarm to detect movement in the cabin. The alarm meets SRA Classification demanded by insurance companies.

Part Number: 96716N

7 CD Storage

Keep your favourite music at your fingertips with this handy CD rack that fits under the radio. It also features a disc present indicator light. Holds 4 CDs.

Important: Cannot be installed if car is equipped with a 5 CD in-dash changer.

Part Number: 946809

8 CD In-Dash Changer

This high quality 5 CD Changer is designed to fit into the second slot in the dash and perfectly complements the overall dash design. Electronic security renders the unit inoperable if removed from car.
