

Envoy XUV SLT shown in Liquid Silver Metallic with optional equipment.

## 2005 GMC ENVOY XUV

The GMC® Envoy® XUV™ changes everything — starting with your idea of an SUV. It's the world's first SUV with a power-sliding rear roof. It also has other exclusive features: a fold-down Next Generation Midgate®, a dual-function drop or swing tailgate, and an all-weather cargo area. Along with the power and comfort found in every Envoy, it's no wonder the Envoy XUV is considered the sport utility with more utility. Professional grade engineering. It's not more than you need. Just more than you're used to.

## WHEELS

WE ARE PROFESSIONAL GRADE® **GMC**

1 Official EPA estimates not yet available. Estimates based on GM testing.  
 2 Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo.  
 3 Calculated with the second-row seat folded down. Cargo and load capacity limited by weight and distribution.  
 4 Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for additional details.  
 5 RDS functions only when stations broadcast RDS information.  
 6 XM is available only in the 48 contiguous United States. Service fees extra. Visit [www.gm.xmradio.com](http://www.gm.xmradio.com) for more details.  
 7 Always use safety belts and proper child restraints, even with air bags. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat. See the Owner's Manual for more safety information.  
 8 Call 1-888-4ONSTAR (1-888-466-7827) or visit [onstar.com](http://onstar.com) for system limitations and details.  
 9 Available at an extra charge.
