GMC

- 1 Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo.
- 2 Calculated using Long Box measurements. Cargo and load capacity limited by weight and distribution.
- 3 Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for additional details.
- 4 Gross Vehicle Weight Rating (GVWR). When properly equipped, includes vehicle, passengers, cargo and equipment.
- 5 Not available on 1500HD or Crew Cab.
- 6 Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details.
- 7 XM is available only in the 48 contiguous United States. Service fees extra. Visit www.gm.xradio.com for more details.
- 8 Includes electronic Autotrac transfer case, redesigned pickup bed with flared fenders and marker lamps, roof marker lamps, heavy-duty rear limited slip differential, 71" rear track width, 145-amp alternator, Ride Control Suspension Package, heavy-duty trailering equipment and heavy-duty power disc brakes. Requires 1500 Extended Cab Standard Box 4x4 or 1500HD Crew Cab.
- 9 Always use safety belts and proper child restraints, even with air bags. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat. See the Owner's Manual for more safety information. Passenger Sensing System not available on 1500HD models.
- 10 Requires SLE or SLT trim.
