SUZUKI APV REALLY DELIVERS.

DELIVERS ALL ROUND.

The Suzuki APV has a contemporary and practical interior to complement its unique, exterior design. Though the APV is moderate in size, it's big on space! It has a tight turning radius for easy manoeuvrability when you need to deliver with speed and efficiency. The fuel-efficient petrol engine generates a commanding low-end torque, required to haul heavy cargo. You can be confident that the APV will always deliver, with the Suzuki CustomerCare program, which offers Australia wide 3 year Roadside Assistance and 3 year / 100,000km Warranty.

DELIVERS ON COMFORT.

The APV boasts power steering, a CD system with AM/FM radio, driver and passenger's airbag and plush cabin carpet. These are just some of the features that will make the time you spend travelling around as easy and comfortable as possible.

DELIVERS ON SAFETY.

Suzuki's TECT body directs the force of a collision impact away from occupants inside, while the cabin's rigid construction also includes side impact beams and dual airbags as standard, to further protect passengers in the event of a collision.

DELIVERS ON SPACE.

The APV maximises space efficiency, featuring over 3 cubic metres of space and superior weight distribution for ultra stable handling. The durable vinyl cargo mat comes standard to ensure your valuable freight won't move around and the rear lifting gate door guarantees ease of accessibility.

AIR CONDITIONING

CARGO BARRIER, 2 POSITION

FLOOR MATS

REAR PROTECTION BAR

DELIVERS ON STYLE.

The Suzuki APV has a sleek, well-built design, and comes in Superior White, Atlantis Blue and Silky Silver Metallic. Whether you'd like to add accessories, such as a cargo barrier or a rear protection bar, there are many ways you can style your new Suzuki APV to ensure it fits your requirements!
