

# The Crafter Double Cab

## Specifications

\* Overseas model shown

### Technical

| Engine                            | 80kW   | 100kW              | 120kW          |
|-----------------------------------|--|--------------------|----------------|
| Type                              | 5 Cylinder, SOHC, 10 Valve   |                    |                |
| Installation / Construction       | Longitudinal installation / Cast iron block with alloy head                        |                    |                |
| Capacity, litres/cc               | 2,5 / 2,459  |                    |                |
| Bore x Stroke / Compression ratio | 81.0mm x 95.5mm / 16.8:1   |                    |                |
| Maximum power, kW @ rpm           | 80 @ 3,500   | 100 @ 3,500        | 120 @ 3,500    |
| Maximum torque, Nm @ rpm          | 280 @ 2,000  | 300 @ 2,000        | 350 @ 2,000    |
| Fuel system                       | 3 <sup>rd</sup> Gen. Common rail direct injection                                  |                    |                |
| Induction                         | Variable turbine geometry (VTG) turbocharger with intercooler                      |                    |                |
| Emissions standard                | Euro 4   |                    |                |
| Fuel type                         | Diesel DIN EN 590  |                    |                |
| Fuel tank capacity                | 75 Litre   |                    |                |
| Transmission                      |  |                    |                |
| Transmission – manual             | 6 Speed Manual   | 6 Speed Manual     | 6 Speed Manual |
| Transmission – automatic          | 6 Speed Shiftmatic   | 6 Speed Shiftmatic | -              |
| Driven wheels                     | Rear wheel drive   |                    |                |
| Suspension & Steering             |  |                    |                |
| Front axle                        | Independent front struts, transverse leaf spring, sub frame and gas filled dampers |                    |                |
| Rear axle                         | Live rear axle featuring longitudinal leaf springs and gas dampers                 |                    |                |
| Steering                          | Rack and pinion power steering   |                    |                |
| Turning Circle                    | MWB: 13.5m / LWB: 15.6m  |                    |                |
