Features and Specifications

	118TSI Trendline	118TSI Comfortline	118TSI Highline	155TSI Highline Sport
Safety and Security				
Airbags				
Driver and front passenger airbags	S	S	S	S
Driver and front passenger side airbags	S	S	S	S
Curtain airbags, front and rear	S	S	S	S
Anti-theft				
Alarm system with interior monitoring and tilt sensor	—	S	S	S
Electronic engine immobiliser	S	S	S	S
Body				
Fully galvanised with 12 year anti-corrosion perforation warranty	S	S	S	S
Door side impact protection	S	S	S	S
Rigid safety cell with front and rear crumple zones	S	S	S	S
Brakes				
Automatic flashing brake lights activated in emergency braking situation	S	S	S	S
Anti-lock Braking System (ABS)	S	S	S	S
Electronic Brake-pressure Distribution (EBD)	S	S	S	S
Brake Assist	S	S	S	S
Hill Start Assist (HSA)	S	S	S	S
Child restraints				
Child seat top tether anchorage points, mounted on rear seat back (3)	S	S	S	S
ISOFIX child seat anchorage points, outer rear seats	S	S	S	S
Entry/warning reflectors in front and rear doors				
	S	S	S	S
Head restraints				
Front safety optimised head restraints, height adjustable	S	S	S	S
Rear head restraints height adjustable (3)	S	S	S	S
Lighting				
Daytime driving lights, halogen light integrated in headlight housing	S	S	S	—
Daytime driving lights, LED lights integrated in headlight housing	—	—	—	S
Front fog lights with static cornering lights, mounted in lower bumper	—	—	S	S
Rear fog lamp	S	S	S	S
Rear registration plate light, LED	S	S	S	S
Rear tail lights, LED	—	—	—	S

Safety and Security (continued)	118TSI Trendline	118TSI Comfortline	118TSI Highline	155TSI Highline Sport
Locking				
Remote central locking	S	S	S	S
SAFELOCK deadlock mechanism	—	S	S	S
Keyless Access, keyless entry and starting system including starter button	—	—	S	S
2 stage unlocking (programmable)	S	S	S	S
Automatic locking after takeoff (programmable)	S	S	S	S
One touch lock / unlock for driver	S	S	S	S
Child safety locks on rear doors	S	S	S	S
Fuel filler flap lock/unlock by remote, push to open	S	S	S	S
Seat belts				
Front height adjustable with pre-tensioners and belt force limiters	S	S	S	S
Visual and acoustic warning for driver and front seat passenger seat belts not fastened	S	S	S	S
3 point seat belts for all passengers	S	S	S	S
Traction control				
Anti-Slip Regulation (ASR)	S	S	S	S
Electronic Differential Lock (EDL)	S	S	S	S
Electronic Stabilisation Program (ESP)	S	S	S	S
Extended Electronic Differential Lock (XDL)	S	S	S	S

Exterior Equipment / Styling

Body enhancements				
Body coloured bumper bars, door handles and exterior mirrors	S	S	S	S
Chrome inserts in radiator grille	—	S	S	S
Chrome strip on lower edge of side window frames	—	S	S	S
Exposed dual exhaust tail pipes	S	S	S	—
Exposed dual chrome exhaust tail pipes	—	—	—	S
Rear boot lip spoiler	A	A	A	A
Paint				
Metallic or Pearl Effect paint finish	O	O	O	O
Protection				
Loading sill protection, transparent film	A	A	A	A
Door sill protection, Black with silver highlights or transparent film	A	A	A	A
Mudflaps, front and rear	A	A	A	A
Slimline weather shields, front and rear	A	A	A	A

Exterior Equipment / Styling (continued)	118TSI Trendline	118TSI Comfortline	118TSI Highline	155TSI Highline Sport
Roof				
Roof bars	A	A	A	A
Bicycle, kayak, ski, surfboard and snowboard holders	A	A	A	A
Roof box range – 340 and 460 litre volume	A	A	A	A
Urban loader box – 300 to 500 litre volume expandable	A	A	A	A
Turn indicators integrated in exterior mirrors with LED technology	S	S	S	S
Tinted Glass				
Darkened rear tail light clusters	—	—	—	S
Dark tinted rear side window and rear window glass, 65% light absorbing	—	—	—	S
Heat insulating tinted glass	S	S	S	S
Tow bar				
Tow bar with 7-pin flat trailer connector and removable tongue	A	A	A	A
Wheels				
Alloy wheels (Sonoma) 16 x 6½" with 205/55 R16 tyres	S	—	—	—
Alloy wheels (Porto) 17 x 7" with 225/45 R17 tyres	—	S	—	—
Alloy wheels (Lancaster) 17 x 7" with 225/45 R17 tyres	—	—	S	—
Alloy wheels (Charleston) 18 x 7½" with 225/40 R18 tyres	—	—	—	S
Alloy Wheels (various designs) 16, 17 and 18" Please consult your Volkswagen Dealer for correct wheel and tyre fitment by model	A	A	A	A
Anti-theft wheel bolts	S	S	S	S
Valve caps with Volkswagen emblem	A	A	A	A
Low tyre pressure indicator	—	S	S	S
Weight and space saving spare wheel	S	S	S	S

Comfort and Convenience

Air conditioning				
Air conditioning, manual control	S	—	—	—
Dual zone automatic (2 modes) climate control with allergen filter	—	S	S	S
Air quality sensor with automatic air recirculation	—	S	S	S
Dust and pollen filter	S	S	S	S
Armrests				
Front centre armrest with storage box, rear air outlets (2)	S	S	S	S
Rear seat centre armrest with load through provision and cup holders (2)	—	S	S	S
Cruise control	S	S	S	S

Comfort and Convenience (continued)

Cup holders

Bottle holders in front door pockets

Centre console, front (2)

Rear seat centre armrest (2)

Driver assistance systems

Driver Fatigue Detection* system

Parking distance sensors, front and rear with acoustic warning and audio volume level reduction when sensor warning is activated

Optical Parking System (OPS) in audio/satellite navigation system display

Automatic kerb function when reversing, passenger's side exterior mirror

Rear View Camera (RVC)* with static guidance lines

Floor mats

Front and rear, carpet

Front and rear, rubber

Grab handles

Soft fold away grab handles (4)

Headlights

Halogen headlights with daytime driving lights and clear polycarbonate lens

Bi-Xenon headlights for high and low beam with dynamic cornering lights, integrated LED daytime driving lights, automatic self-levelling and lowwasher fluid warning

Headlight washer system

Internal headlight range adjustment

Low light sensor with automatic headlight function

Coming / leaving home function

Combined headlight and fog light rotary switch

In car entertainment and technology

Composition Media audio system

6.5" colour touch screen display with smartphone style HMI and proximity sensor, AM/FM radio, CD player and SD card slot for music, compatible with MP3, WMA and AAC music files, jpeg image viewer, car menu with convenience and service settings, security coded

Discover Media audio and satellite navigation system

6.5" colour touch screen display with smartphone style HMI and proximity sensor, AM/FM radio, CD player and 2 x SD card slots for music and navigation data, 2D and 3D (bird's eye) map views, compatible with MP3, WMA and AAC music files, jpeg image viewer, car menu with convenience and service settings, security coded

App-Connect™ USB interface for Apple CarPlay®, Android Auto™ and MirrorLink® in front centre console

Audio, cruise control and telephone controls mounted on steering wheel

Auxiliary input socket for external audio source in front centre console

Please note Metallic (M) and Pearl Effect (PE) paint are optional at extra cost.

* Leather appointed seats have a combination of genuine and artificial leather, but are not wholly leather.

Glossary

Anti-lock Braking System (ABS)

When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the ABS system reduces brake pressure to that wheel. This prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable.

Anti-Slip Regulation (ASR)

ASR is a traction control system that prevents the wheels from spinning under acceleration by reducing engine torque.

Brake Assist

During emergency braking, Brake Assist aids the driver by increasing the brake pressure automatically to a level exceeding the locking limit. The ABS is thus quickly brought into the operating range, which enables maximum vehicle deceleration to be achieved.

Direct Shift Gearbox (DSG)

DSG is a manual gearbox in which the gearshifts are controlled electronically. What makes the DSG unique is that it has 2 separate gear sets operated by 2 clutches. The benefit of 2 gear sets and 2 clutches is that one gear set and clutch is engaged driving the vehicle with the second disengaged clutch having already pre-selected the next gear awaiting for power to be transferred. As the next gear has already been pre-selected prior to power being applied, the gear change only takes 3-4 100ths of a second. There is virtually no interruption to power, traction or acceleration. The DSG also offers Tiptronic gear selection and sports mode.

Fatigue Detection

The driver Fatigue Detection system automatically analyses the driving characteristics and if they indicate possible fatigue, recommends that the driver takes a break. The system continually evaluates steering wheel movements along with other signals in the vehicle on motorways and others roads at speeds in excess of 65 km/h, and calculates a fatigue estimate. If fatigue is detected, the driver is warned by information in the Multi-function Display and an acoustic signal. The warning is repeated after 15 minutes if the driver has not taken a break.

Fatigue Detection cannot replace the driver's attentiveness. The driver is still legally responsible for the vehicle and therefore determining whether or not they are fit to drive. A driving time of 15 minutes is required in order to assess the driver correctly. The functionality of the system is restricted given a sporty driving style, winding roads and poor road surfaces.

Electronic Brake-pressure Distribution (EBD)

Electronic, more sophisticated means of regulating the ratio of front/rear brake pressure. Settings are varied according to driving and load conditions to ensure each wheel is braked to the optimum extent.

Electronic Differential Lock (EDL)

EDL improves driving and steering characteristics when accelerating on road surfaces where each wheel has a different degree of traction. The system operates automatically and is combined with the ABS system. Using the ABS wheel sensors, EDL monitors the speed of the individual driving wheels. When a difference in driving wheel speed is detected (i.e. when one wheel starts to spin due to differences in road surfaces, e.g. due to water or dirt) the system brakes the spinning wheel, transferring engine power to the wheel with the best traction.

Electronic Stabilisation Program (ESP)

ABS and ASR traction control systems are integrated into the Electronic Stabilisation Program (ESP). In short, ESP helps ensure that the vehicle goes where you steer it even in extreme driving conditions. The ESP system constantly compares the actual movement of the vehicle with pre-determined values and should a situation arise where the vehicle starts to skid, ESP will apply the brakes to individual wheels and automatically adjust the engine's power output to correct the problem. ESP prevents the vehicle from losing control when trying to avoid an accident, for example. It also reduces the effects of understeer or oversteer.

Extended Electronic Differential Lock (XDL)

XDL is an extension of the Electronic Differential Lock (EDL) function. When cornering, XDL responds to the load relief at the front wheel on the inside of a corner. The ESP hydraulics are used for the XDL to apply pressure to the wheel on the inside of the corner in order to prevent wheel spin. This improves traction and reduces the tendency to understeer. As a direct result of the one-sided and precise braking pressure, cornering is sportier and more accurate.
