PEACE OF MIND

When you choose PEUGEOT, you have the reassurance of knowing that your vehicle has been designed and manufactured to give you years of worry-free motoring. Whats more, as a PEUGEOT owner, you can rely on a comprehensive range of customer care services from your dealer. So you can be sure that you're talking to a specialist who'll listen to you, understand your needs and respond efficiently – someone who also has the expertise to maintain your PEUGEOT correctly, using trained technicians, PEUGEOT Diagnostic Equipment and PEUGEOT Genuine Parts.

PEUGEOT ASSURED SERVICE

When it comes to peace of mind servicing for your new PEUGEOT there is no substitute for certainty, therefore every PEUGEOT comes with PEUGEOT Assured servicing. PEUGEOT petrol and diesel-engined cars need servicing at 20,000 kilometres or every 12 months (whichever comes first). Technical improvements in PEUGEOT engine design and lubricants have resulted in less time spent on maintenance and fewer service calls. While PEUGEOT can predict the maintenance needs of engine components, the wear rate of others – such as brake pads and tyres – is less predictable and is affected by driving style and conditions. Refer to peugeot.com.au for full details, terms and conditions.

THREE YEAR/100,000KM WARRANTY (whichever occurs first)

Should any part of the vehicle require repair or replacement as a result of a manufacturing or material defect within the warranty period the part will be repaired or replaced without charge by your authorised PEUGEOT dealer, regardless of any change of ownership of the vehicle during the period covered. The warranty

does not cover items replaced during normal service and maintenance operations which are subject to wear and tear. During the warranty period you will also automatically receive PEUGEOT Assistance cover for complete peace of mind (subject to the conditions outlined in the Service and Information Booklet).

12-YEAR ANTI-CORROSION WARRANTY

PEUGEOT vehicles are renowned for their durability and longevity, due in part to the sophisticated measures taken during the production process to optimise long-term protection from the elements. PEUGEOT backs this advanced technology with a 12-year warranty against corrosion/perforation of your car's bodywork (subject to the conditions outlined in the Service and Information Booklet). This is one of the longest body warranties available in the world today.

PEUGEOT ASSISTANCE

In the unlikely event of a breakdown or emergency, assistance is only a phone call away. PEUGEOT Assistance is free for PEUGEOT new car owners for the duration of the new car warranty. The program includes

24-hour roadside assistance, vehicle recovery and technical advice. For full details of all terms and conditions are available here: <http://www.peugeot.com.au/service-and-support/roadside-assist>

PEUGEOT GENUINE PARTS PROMISE

If your car is in for service or repair, the parts needed to keep it on the road are PEUGEOT Genuine Parts. Using specifically designed and manufactured parts ensures your PEUGEOT operates at peak performance at all times.
