

The 2024 Carnival

Movement that inspires

Purposefully designed for family life.

Celebrate life's big moments in the 2024 Kia Carnival. With a sleek yet robust presence, generous family comforts, and the innovative technologies of an advanced automobile, Carnival is a one-of-a-kind Life Utility Vehicle.

Blind view monitor¹
 activates within the instrument panel when you turn on the blinker to change lanes, to display the blind spot in the direction of your turn signal.

Wireless charging^{1,3}
 keeps your smartphone charged while you're on the road.

Optimized for a higher level of control.

With an available large, crisp, fully digital instrument cluster and a range of other available features, Carnival's modern cockpit offers the ultimate setup to keep you comfortably in control.

Passenger view monitor¹
 allows the driver to check on rear passengers at a glance... day or night.

¹ Available feature. See features page or visit kia.ca for full details.

Own your space.

With three spacious rows of versatile seating and a range of available convenience features, Carnival's modern, open cabin is designed for riding in comfort.

Multi-zone automatic climate control¹

2nd-row VIP lounge seating with relaxation mode¹

Dual power tilt & slide sunroofs with sunshades¹

¹ Available feature. See features page or visit kia.ca for full details.

Endless adaptability.

Carnival can take a large group of family or friends as far as the road goes, with ample space for their gear, tools or the weekly groceries.

Easy cargo access

for up to 4,110 litres (145.1 cu. ft.) of cargo space with 2nd and 3rd row seats folded.

Smart-power liftgate¹

opens automatically when you stand behind it for three seconds with your Smart Key — and can automatically close and lock just by walking away with the Smart Key in your possession.

3,500 lb. of towing capacity¹²

allows you to tow a wide variety of trailers, when equipped with trailer brakes.

¹ Available feature. See features page or visit kia.ca for full details.

Help in a heartbeat.

Using the latest sensing and processing technology, the Carnival helps you stay aware of your position on the road, and can even assist in helping to prevent collisions.

Forward collision avoidance assist with junction turning function^{1,2}

is designed to alert you of a potential collision and apply the brakes to reduce or avoid impact in a number of scenarios including when you are making a left turn at an intersection.

Lane follow assist²

is designed to detect the white lines on the road and keep you in the centre of your lane while maintaining a safe distance from the vehicle ahead.

Blind spot collision avoidance assist^{1,2}

uses radar to detect vehicles in your blind spot and can give visual and audible alerts to help you avoid hazardous lane changes. It will also correct the steering to prevent you from changing lanes when it's unsafe.

Rear cross traffic collision avoidance assist^{1,2}

uses radar sensors to monitor the area to the left and right while reversing, and warn or even actively apply the brakes if there's traffic approaching from either side.

¹ Available feature. See features page or visit kia.ca for full details.
