SUNFIRE

New GT Front and Rear Bumper Fascias and Lamps

New Dual Exhaust

New Painted Door Handles

New Contoured Rocker Moldings

Sporty, *Fun...* & More Than You'd Expect!

Hot set of wheels.

Money left to burn.

More Hot New Features

- Sizzling new styling is created with GT front and rear bumper fascias.
- The sports car look is super-enhanced with dual exhaust pipes.
- Sharp and sleek is accentuated by the aerodynamic feel of body-colored painted door handles.
- Talk about a sizzler! Contoured rocker moldings heat this baby to the boiling point.

More Style

- The lighted "Pontiac" nameplate on the rear deck lid is way cool.
- Nothing heats up the look like the standard rear spoiler.

More Comfort and Convenience

- It doesn't matter what size you and your gang are, Sunfire's monument-sized interior easily seats four.
- Ergonomic seating is sooooo comfortable you'll be tempted to drive forever, and the rear seat folds down to expand your trunk's cargo capacity.
- Air conditioning comes standard, and convenience features like rear-seat heat and air ducts abound.
- There's full instrumentation with backlit red gauges that are as easy to read as they are good-looking.
- It's got Tilt-Wheel steering, and you can even get available radio controls built right into it!
- An electric rear window defogger clears the real glass back window to enhance the view.
- Not only are there cupholders, there's a glove box that's big enough to hold a 12-pack of soda and still close!

- A single key opens the doors and trunk and starts the car.
- Sunfire's power top is a snug-fitting, multi-layer design that drops with the flip of a single release handle.

More Driver Control and Safety Features

- Daytime running lamps stay on all the time so people see you coming.
- Battery rundown protection turns off interior lights when you forget so you won't find any surprises in the parking lot.
- Anti-lock brakes help you maintain steering control while braking hard on most slippery surfaces.
- An Enhanced Traction System (ETS) is a standard part of the 4-speed automatic transmission to help maximize traction when you hit the gas.
- Hey, it happens. That's why Sunfire comes equipped with dual front Next Generation Air Bags.*
- Of course, Pontiac Cares™ comes standard with every Sunfire, offering free Roadside Assistance and Courtesy Transportation from your dealership should your car ever need warranty service.

More Power and Precision

- The standard 150-horsepower, 16-valve 2.4 liter Twin-Cam engine really shows you're a dual exhaust kind of person.
- A 4-speed automatic with ETS comes standard, or you can go for the available five-speed automatic.
- Front-wheel drive pulls you along more steadily and helps give you greater control.
- Power rack-and-pinion steering and

MacPherson strut front suspension are there to help keep you humming along, handling the road, feeling only the good parts.

More Standard Equipment

- Air conditioning.
- AM/FM stereo radio with compact disc player, graphic equalizer, 6-speaker sound system and clock.
- Controlled-cycle windshield wipers.
- Daytime running lamps and composite halogen headlamps.
- Front bucket seats and fold-down rear seat.
- Maintenance-free battery.
- Power Package, with power mirrors and power windows.
- Rear deck lid spoiler.
- Rear defogger.
- Security Package, with remote keyless entry and power door locks.
- Tilt-Wheel steering and cruise control.
- 15" Rally cast aluminum wheels.
- 15" steel-beited blackwall touring tires with built-in tread wear indicators.

More Available Features

- Steering wheel with radio controls.
- Sport Interior Package, with leather-wrapped steering wheel, parking brake handle and shift knob; driver lumbar adjuster; seatback pocket and seat side bolsters.

*Always use safety belts and proper child restraints, even with Next Generation Air Bags. See the Owner's Manual for more safety information.

So much for so little.
