

IMPORTANT!

This brochure has been compiled by Daimler AG of Germany or one of its Group Companies to provide a general indication only of the range of vehicles, optional extras (for example satellite navigation systems, interface and telecommunication kits), accessories, merchandise and/or products (together, the range is known as the “Products”) available in various countries. Some of the Products shown may not be available in Australia, or may only be available in a different specification. Additionally, some Products may only be available in combination with others. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. Products available while stocks last. Changes may have been made to the Products since this brochure was printed. The information in this brochure is therefore indicative, illustrative and provided only for guidance and should not be relied upon. For current information on the availability, design, features and prices of Products available in Australia you should contact your local authorised Mercedes-Benz Dealer.

Genuine accessories for the M-Class

Status July 2005

Please note: changes may have been made to the products since this brochure went to press (01.07.05). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser.

Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure is distributed internationally. However, information given regarding statutory regulations, legal requirements and taxation applies to the Federal Republic of Germany only, at the time of going to press. Please consult your Mercedes-Benz dealer about regulations and their effects in other countries, and for final details.

Mercedes-Benz genuine accessories for your M-Class

As a driver of the Mercedes-Benz M-Class, you appreciate products which combine form and function at the highest level. The M-Class achieves this standard in an exemplary manner. It offers dynamic motoring comfort on road together with uncompromisingly high standards of off-road performance, all with the unmistakable design characteristics of Mercedes-Benz.

Mercedes-Benz genuine accessories are entirely in line with this concept. Our engineers have developed products which enable you to adapt the dynamic characteristics, comfort and functionality of your M-Class to suit your precise personal needs.

Take for example the new ► **Mercedes-Benz XL roof box**. Its shape has been optimised in an extensive series of wind tunnel tests. This means that the additional 450 litres of storage space are not only aerodynamically packaged, they also blend seamlessly with the design concept of your M-Class.

Or simply enjoy the fascination of the ► **incenio "Mintaka" designer wheels**, an 18" 5-spoke design, like the one shown here on the left. These wheels, and a host of brilliant additions to your M-Class are itemised on the following pages.

1 ▶ Radiator grille, sterling silver with chrome strips [P. 9] | 2 ▶ Visual enhancement, underdrive guard, stainless steel [P. 6] | 3 ▶ Set of turn flashers, chrome look [P. 7]

4 ▶ Rukbat **incenio** designer wheel [P. 7] | 5 ▶ Side guard with running board support [P. 9]

Mintaka | 5-spoke wheel¹

incenio designer wheel
Finish: sterling silver

Wheel: 8 J x 18 ET 60 | Tyres: 255/55 R18

**Visual enhancement, front underdrive guard,
visual enhancement, rear underdrive guard**

Attractive visor made of stainless steel. For upgrading with external visually appealing highlights. Brilliant addition to the sterling silver painted radiator grille with chrome strips (see Page 9). The front and rear underdrive guards can be supplied separately. | Front underdrive guard, see previous page |

Mercedes-Benz designer wheels

Rukbat | 6-spoke wheel¹

incenio designer wheel | Finish: sterling silver
| Also see Fig. on Page 4/5 |

Wheel: 8 J x 19 ET 60 | Tyres: 255/50 R19

¹ When upgrading from 17" light-alloy wheels to 18" and larger, the B6 647 0135 wheel nut and corresponding B6 647 0145 locking nut should be used.

Set of turn flashers with chrome look

Mirrored bulbs which complement the chrome finish of your M-Class perfectly.
| Series equipment, see Fig. on right |

Hub caps

Protect the hub from dirt.
Available in the following versions:
Sterling silver with chrome star | Fig. on left |
Classical roadster design, blue | Fig. on right |
Standard version in titanium silver | Not illustrated

Anti-theft wheel nut

Wheel nuts
Valve caps

Nothing changes the appearance of your car as much as its wheels. This is why we have developed **incenio** designer wheels which enhance the design of your M-Class in a very clear way.

All light-alloy wheels in the Mercedes-Benz genuine accessories range satisfy the same uncompromising quality standards as everything else bearing the famous star emblem. After all, you have a right to expect that everything runs smoothly when you own a Mercedes-Benz M-Class. Something which should also apply when the going gets tough.

Mercedes-Benz light-alloy wheels
Standard and optional

7-spoke wheel²

Wheel: 7.5 J x 17 ET 56
Tyres: 235/65 R17

5-spoke wheel | Wing design¹

Wheel: 8 J x 18 ET 60
Tyres: 255/55 R18

5-spoke wheel¹

Wheel: 8 J x 19 ET 60
Tyres: 255/50 R18

1 When upgrading from 17" light-alloy wheels to 18" and larger, use B6 647 0135 wheel nuts and the corresponding B6 647 0145 locking (anti-theft) wheel nut.

2 When changing from 18" and larger sizes to 17", always use A 211 401 0370 nuts and their corresponding B6 647 0144 locking wheel nut on 17" wheels. Please note that 17" light-alloy wheels cannot be fitted to vehicles with 8-cylinder engines.

**Snow chain system
Rudmatic disc**

Provides excellent grip in the snow.
| Not illustrated |

Roof spoiler

Roof spoiler perfectly adapted to suit the M-Class and providing an eye-catchingly sporty look. Supplied with primer coat. Your Mercedes-Benz partner will paint it in the same colour as your car for you.

Luggage compartment edge guard

PU coating protects the bumper from scratches.

Mud flaps

To protect the underbody and the sides of the car from loose chippings and dirt. For front and rear axles. | Not in conjunction with AMG bodystyling, Code 772 and ML 63 AMG |

**Radiator grille, sterling silver
with chrome strips**

The chromed radiator grille forms the central element of a brilliant visual enhancement concept.

5-double-spoke wheel¹

Wheel: 8 J x 18 ET 60
Tyres: 255/55 R18

Side guard with running board support

Made of electro-polished stainless steel. Plastic steps to assist when getting into and out of the vehicle.

1 ▶ Wood-leather steering wheel [P. 13] | 2 ▶ Audio 50 APS [P. 16] | 3 ▶ Mobile phone bracket [P. 16]

Door sill strip, illuminated

These door sill strips, made of ground stainless steel, are another “Highlight” of the M-Class: the blue Mercedes-Benz lettering is activated every time the door is opened, i. e. when getting in or out of the vehicle.

The promise of life in a Mercedes-Benz: exclusive comfort and the calming sensation of always being able to find exactly what you are looking for.

The wood-leather steering wheel shown here on the right has a full range of those familiar high-tech functions, combined with that reassuringly “tangible” character that only hand-crafted hardwood can offer.

Would you like a couple more “touch and feel” ideas? Our extensive product programme in the telematics sector ranges from satellite-assisted navigation and convenient telephone systems right through to seamless integration of our Apple iPod. Just reach out.

Rubber mat, ribbed mat, velour mat

Long-life, hard-wearing materials available in various colours to suit interior colour schemes. Non-slip with clip attachments to secure them to the floor of your car.

Wood-leather steering wheel

Burr walnut | Kashmir beige

The wood-leather steering wheels are also available in other colours to suit your interior colour scheme. | Also see Fig. on page 10 |

INSIDE

"DUO" children's seat

With this model the padding on the shoulder straps is designed to limit the force of the belt, reducing stress to the child's head and neck. With automatic child seat recognition and ISOFIX attachment points. Adjustable tilt. For children between the ages of around 8 months and 4 years (approx. 9 to 18 kg).

Vario bag

Plenty of extra stowage space for the really important things in life. Available in two designs.

Mercedes-Benz child seats are available with automatic child seat recognition as an option. If your car also has automatic child seat recognition, the technology automatically deactivates the front passenger airbag when a child seat with automatic child seat recognition is installed on the front passenger seat. All child seats are also suitable for use in vehicles without ISOFIX attachment points.

For further information on the Mercedes-Benz child safety range, ask your Mercedes-Benz dealer for a copy of our separate brochure.

"KID" children's seat

Booster seat with height-adjustable backrest. The belt guides at the sides prevent the lap belt from sliding over the child's abdomen. Available with automatic child seat recognition as an option. For children between the ages of around 3.5 and 12 (15 to 36 kg).

Coat hangers

Robust coat hangers made of chromed metal and plastic. Easy to fit to power head restraints on driver and front passenger seats. Ideal for transporting items of clothing without creasing them.

Cleanbag

The ideal way to keep the interior clean when you're on the move: the small "Cleanbag" is simply attached to the net in the front passenger footwell.

Glasses case

Universal - adjusts to different sizes of spectacles.

Audio 50 APS

Navigation system and car hi-fi combined in one unit. Dynamic route management linked free of charge to traffic information via RDS/TMC. Arrow navigation on a 4.9" TFT colour display. Audio section equipped with double-tuner reception for USW, MW, LW and SW, 4-channel amplifier, CD-drive for audio CDs and navigation CD as well as CD-changer control. Can be operated from the multifunction steering wheel.

For further information about using the phone while in your car, see our Telematics brochure. Ask your Mercedes-Benz dealer for a copy.

Mobile phone brackets

When choosing a mobile phone for your Mercedes-Benz you now have more independent freedom of choice than ever before: with a simple "Click" you can replace the "intelligent" retaining bracket on the system - taking only seconds, which is also true of placing your mobile phone in the bracket. It is no longer any problem to change the model of your mobile phone or even to use various models alternately. All this without having to do without the most convenient telephone technology money can buy: telephone operation via the multifunction steering wheel and display of the telephone status and call information on the central multifunction display - everything operates in the familiar manner.

To use a mobile phone holder, your car must be factory-fitted with one of the two following optional extras:

- ▶ Code 386 "Mobile phone" equipment with interface (UHI)
- ▶ Code 388 Mercedes-Benz "mobile phone" (UHI)

Mobile phone brackets are available for many of the standard models from Nokia, Siemens and Sony Ericsson. | See list on Page 38 |

Hands-free unit MB FSE-MFL

If your car is not factory-fitted with the telephone option (see above), the Mercedes-Benz hands-free unit offers optimum comfort. It is perfectly adapted to suit the electronics in your car, it enables you to use the mobile phone brackets (see above) and fits unobtrusively into the interior design concept of your car.

The data for the Mercedes-Benz navigation systems is constantly updated. Please ask your Mercedes-Benz dealer for the latest update.

COMAND APS

Top-class car hi-fi combined with intelligent navigation technology. Can be operated via the multifunction steering wheel. 6.5" TFT colour display, double tuner for FM, MW, LW and SW, 4-channel amplifier (4 x 50 W) for outstanding sound quality, CD changer controls. The integral drive reads both audio CDs and navigation DVDs (for map-based navigation throughout Europe). Dynamic route guidance possible, taking into account traffic information supplied by radio

European navigation CD for Audio 50 APS

Six CD-ROMs for navigation throughout Europe.

European navigation DVD for COMAND APS

The whole of Europe on one DVD.

Mercedes-Benz navigation and tracking system

The latest generation of anti-theft alarm system does not give the light-fingered a chance. A GPS satellite signal enables your car to be located at any time by mobile phone. You can also use this system to issue an emergency call at any time - and this message is also triggered automatically by an integral collision impact sensor in the event of a road accident.

CD-changer

Compact and convenient changer for up to 6 CDs. Plays conventional audio CDs and CDs with MP3 format audio files.

Electronic LOGMATIC log book

Available in Germany only.

Back seat passenger entertainment system

The innovative DVD entertainment system consists of a DVD player and a high-resolution 7" LCD colour display. The system is easy to operate by remote control. The back seat passenger entertainment system is available in black, alpaca grey and kashmir beige.

Mercedes-Benz iPod® Interface Kit*

It has never been easier to take your own choice of music with you on a trip. The Mercedes-Benz Interface Kit integrates your iPod in an elegant and functional manner in the audio system of your M-Class.

Inside the glovebox, safely protected from prying eyes, the iPod is connected to the system. While driving, you can navigate through the system from your multifunction steering wheel, running through play lists from which you select tracks of music and control the playback volume. At the same time, the accumulator in your iPod gets recharged.

The current status of your iPod is displayed on the central driver display panel. The system therefore helps you to focus on road and traffic conditions at all times.

Control your iPod comfortably from your multifunction steering wheel:

- Choice of iPod menu and Navigation through the current selection
- Volume adjustment, replay
- Interpret/title display on current iPod selection

* Only for 3rd generation iPod, 4th generation iPod, iPod mini, iPod photo and iPod U2.

1 ► Mercedes-Benz XL roof box [P. 22] | 2 ► Railing brackets, New Alustyle [P. 23] | 3 ► Roof-mounted spoilers [Fig. see chapter *BASE* P. 8]

TOP

Mercedes-Benz roof boxes

Elegant, aerodynamic design dedicated to your Mercedes-Benz. High-quality, extremely durable material. Available in titanium metallic [A] and matt silver [B] paint finishes.

[1] Mercedes-Benz XL roof box
| Family box | Volume approx. 450 litres.
Option of opening on left or right sides.
Optionally available as an accessory: set of made-to-measure luggage and ski rack insert. | Fig.: see below |

[2] Mercedes-Benz L roof box
| Sports box | Volume approx. 330 litres.
Option of opening on left or right sides.
Optionally available as an accessory: set of made-to-measure luggage and ski rack insert. | Fig.: see below |

[3] Mercedes-Benz M roof box
| Leisure box | Volume approx. 400 litres.
Option of opening on right or left sides.

Anyone who drives an M-Class is most probably one of those people who lead a life of above average activity.

After all, who else could the M-Class have been created for?

Its virtually unlimited abilities on roads and off-road trails tempt drivers to explore new boundaries.

To enhance this experience, we offer a wide range of rugged products which increase the probability of M-Class owners experiencing boundless satisfaction.

Set of made-to-measure luggage
| For the Mercedes-Benz XL roof box |

Four appropriately shaped bags made of hard-wearing, water-repellent polyester make full use of the storage space in the XL roof box. Every bit as ingenious as the two fitted ski bags, each able to hold max. two pairs of skis.

Set of made-to-measure luggage
| For the Mercedes-Benz L roof box |

Four bags made of hard-wearing, water-repellent polyester - perfectly adapted to suit the dimensions of your L roof box.

Ski rack fitting

Secure grip for up to five pairs of skis.
| Mercedes-Benz XL roof box, top Fig. |
Secure grip for up to three pairs of skis.
| Mercedes-Benz L roof box, not illustrated |

Transport bag for the New Alustyle roof bar bracket

Robust bag made of high-quality nylon fabric protects the roof bar bracket. Simplifies transport and storage.

New Alustyle roof bar bracket

Used in conjunction with other roof mountings, the New Alustyle system provides flexible options for transporting sports equipment and luggage. The roof bracket also assures safety and aerodynamics. | Can only be fitted in conjunction with Code 720 (roof bars) |

New Alustyle bike rack

For transporting bicycles up to max. frame sizes of 82 mm. On every basic frame, up to three bike racks can be fitted. The folding support frame reduces air resistance when not carrying a bike. The removable rail makes it possible to fit bikes on the ground. | Fig. top right |

Rear-mounted bike rack on towbar fixture

A simple foldaway mechanism (see Fig. on right) ensures that the tailgate can still be opened. For two bikes, lockable.

Optional extension for a third bike available (see Fig. on right).

[A]

[B]

[A] When the rear-mounted bike rack is unloaded, fold down the upright retaining bracket to gain access to the tailgate.

[B] When loaded with bikes, the rack can be swivelled backwards, thus enabling you to open the tailgate.

Adapter

For bike racks with 7-pin connector.

Towbar fixture

Removable, max. towing load: 140 kg.
| Available from the 4th quarter of 2005 |

Internal bike rack

To transport two standard bikes, protected against the weather and from theft, max. frame size 28". Including practical, robust bag for safe and clean transport of removed front wheels. The optional boot tub protects the floor of the luggage compartment from dirt.

For further details, see the Mercedes-Benz Bikes brochure.

Ski bag

For up to four pairs of skis. With carry handle and straps for securing it to retaining points on floor of luggage compartment.

Mountain Bike

High-end mountain bike for superlative traction and optimum hill-climbing. Shimano Deore LX Dual Control gear shift and hydraulic disc brake, oil-gas rear shock absorbers. Mercedes-Benz luggage rack available as an option.

Comfort fitness bike | Fig. on left | Sports fitness bike | Fig. on right |

Sporty elegant fitness bikes in exclusive Mercedes-Benz design, suitable for the everyday all-round cyclist and cycle touring. Extremely robust aluminium frame with trekking geometry, RST spring fork, Shimano Deore mechanism and disc brake.

New Alustyle ski and snowboard rack

Two versions available:
 “Standard” for up to 4 pairs of skis or 2 snowboards, lockable. | Not illustrated |
 “Comfort” for up to 6 pairs of skis or 4 snowboards, lockable.
 The practical pull-out function simplifies loading and unloading. | Fig.: see above |

Luggage compartment management

The Cargo Management System protects objects from sliding around while driving. Consisting of two frame elements, a swivel-mounted and adjustable net frame (with three settings) and a retaining strap and hooks which attach to the net frame.

The rear bench seat luggage net can also be used as a luggage net for the boot edge.

Luggage nets

Available for the floor or side of the luggage compartment and for the rear bench seat. Prevents objects in the luggage compartment from sliding around while driving.

Wire mesh divider / Divider

Black | Three interconnecting steel mesh sections used as dividers and to protect the passenger compartment.

Non-slip mat

Black | Non-slip mat made of oil and acid-resistant polyester, cut to fit the dimensions of the luggage compartment. | Not illustrated |

Reversible mat with boot edge guard

This reversible mat has high-quality velour on one side and a non-slip rubber surface on the other. This not only protects the original floor of the luggage compartment from dirt but also protects the boot edge from scratches. When the rear seats are folded down, the reversible mat covers the entire luggage area. | Available in black, alpaca grey and kashmir beige |

TOP

Net divider

Divides the luggage compartment from the passenger cell.

Tie-down strap

Even heavy objects can be secured in place easily using this strap.

Luggage-securing feature

Ingenious solution to the problem of luggage which slides around in the boot. Attaches securely around the object in question thanks to Velcro fastening.

Boot tub, deep

The boot tub protects the luggage compartment from dirt. Non-slip. Foodstuff-compatible.

Cargo Organizer

Consisting of a shallow boot tub and the stowage box. This can be divided into four sections using adjustable dividers. This provides safe storage for items which might otherwise tip over or slide. The stowage box can also be secured to the side of the load area, or to the rear bench seat using tie-down straps. The ribbed surface of the boot tub provides extra grip for the box and protects the floor of the load area from dirt. | Box and tub can be supplied separately. Full functionality of box is only assured when used with boot tub |

The range of genuine accessories includes plenty of other useful aids, including: a towing rope, fire extinguisher mounting, jump leads and a fluorescent jacket.

Ask your Mercedes-Benz partner.

Loading device with load-holding function

With its cutting-edge technology, the Mercedes-Benz charger ensures the longest possible life for the battery.

Safety tow rod

2-piece steel rod with patented connector and locking pin. For trailer couplings and towing eyes. Suitable for vehicles with a gross weight of up to 3.2 t.

Lamp box

Practical and, if required, fitted with a handle. Appropriate lighting hardware, carefully packaged to protect against impact loads.

Cooling bag

Black | 14 litre content. 12V connection for the cigarette lighter, or option of receptacle in the luggage compartment.

Coolbox

Blue-white | Robust hard case. 16.5-litre capacity. 12V connection for cigarette lighter or the optional socket in the load compartment.

TOP

1 ▶ Basic watch [P. 33]

Classic keyring

Made of metal. With rotary star. Diameter: approx. 3.5 cm.

With an M-Class, new worlds are always there to explore. We invite you to discover that aspect of the world of the M-Class that extends well beyond the car itself.

The products on these pages are certainly worthy companions to take on that journey.

Even if, exceptionally, you are not in the process of exploring new worlds in your M-Class.

Basic watch

For men and women. Watertight to 5 ATM. Case made of matt-finish stainless steel with screw base. Hardened convex mineral glass. Black plastic strap. Matt-finish stainless steel clasp. Mercedes-Benz engraved on base. Available with a white or a black dial.

Baseball cap

Black | Lightweight cap made of textured cotton. Embossed Mercedes-Benz star on the visor and colour-on-colour stitching. Available in khaki, beige and black.

M-Class model cars | W164

1:18, tansanite blue metallic, iridium silver metallic (see Fig.) and obsidian black metallic. Manufacturer: Minichamps

Sponge bag

Mercedes-Benz by Samsonite. Made of tough, hard-wearing polyester. Rubber-reinforced corners and dividers. Dimensions: approx. 28 x 17 x 9 cm.
