### **BMW Tested Bluetooth Mobiles**

BMW has tested various Bluetooth mobiles for compatibility / functionality in BMW vehicles. These mobiles, with the relevant software versions loaded, are compatible with the BMW X6. **For full details please refer to your BMW Dealer or visit [www.bmw.com/bluetooth](http://www.bmw.com/bluetooth).**

BMW snap-in adapters enable charging of the mobile in the car, in-car storage of the mobile and connection to the vehicle's external phone aerial for improved reception. These adapters are available from your BMW Dealer.

Not all Bluetooth-enabled mobile phones are compatible with the Bluetooth interface in BMW vehicles and not all mobile phone functions can be used with the hands-free kit. In addition, changes to the mobile phone software by the phone manufacturer may result in the phones no longer being completely compatible or connectable.

## **Stylish. Dynamic. Exclusive. Experience the drive that is BMW.**
