FRONT FOG LAMPS

The Limited Edition Yaris Rush. Big things come in small packages.

For a car so cleverly compact it's hard to believe that there could be so many features packed inside the Limited Edition Yaris Rush. Best of all, it's packed with value too.

But don't be deceived, for a small car, it's truly big on space. Extra storage compartments and a completely flat floor means you'll never run out of room for legs or luggage.

It's a smooth ride, too. Toyota's renowned world-class braking and suspension systems make driving a breeze, while the Safe-T-Cell body offers reassuringly strong levels of protection.

Yaris Rush doesn't just look smart. It thinks smart too. On the automatic, electronically controlled transmission makes thirsty fuel consumption a thing of the past, while artificial intelligent shift control adjusts to your driving style and shifts accordingly. Clever stuff.

High on features, low on price.

With all the features that make Yaris a leader in its market, like electric powered windows, air conditioning, power steering and power mirrors, the Rush already has an impeccable pedigree for a car of its price. The extras, however, are what make it really special.

For starters, 15-inch alloy wheels create a sleek look, while the exclusive Rush badge will really distinguish your Yaris from the rest of the crowd.

Front-mounted fog lamps mean you'll never lose sight of your destination. And with the Bluetooth™** compatible 6 disc in-dash MP3 stereo, your trip there will never have sounded as sweet.

Available with a 1.3 litre VVT-i engine and five-door access, Yaris Rush puts paid to the idea that 'less is more' – by giving you more where it really counts.

**Bluetooth™ compatible with HFP (Hands Free Profile) version 1.0 only.
