Star sign

Whether you opt for the classic radiator grille that forms part of the CLASSIC and ELEGANCE lines or the sporty, dynamic front-end of the AVANTGARDE line, pictured left, both design versions of the new C-Class have the same star sign. It's a sign that symbolises all the characteristics you rightly expect to find in a Mercedes-Benz: quality, safety and benchmark technology.

And there's something else that both body variants have in common: they offer more choice than ever when it comes to giving your C-Class a more individual touch – as this brochure amply demonstrates. Accentuate your C-Class's looks with exclusive **incenio** designer wheels and distinctive styling accessories or expand its transport capacity with flexible carrier systems. Seamlessly integrate your iPod or treat yourself to the unparalleled luxury of a wood/leather steering wheel.

Whatever your choice, there's one constant throughout: all of the products shown on the following pages feature a star symbol. So all that you and your C-Class have to do is:

Follow the stars.

Rounded off to perfection

Good wheel design blends high tech and individual styling. Perfect wheel design merits the epithet **incenio** designer wheel.

The technical challenge is to minimise the unsprung masses while maintaining the greatest possible stability. Meeting this challenge while also focussing on delivering perfect styling has produced a range of spellbinding products: sporty, dynamic or elegant.

TELEMATICS

Rich, vibrant sounds

The Mercedes-Benz C-Class is an exceptional car. But that's not all. It's also a navigation centre, communications platform or concert hall.

Relax as you head to your meeting thanks to the COMAND system's easy-to-follow navigation instructions. And relax on the way back with music from your iPod.

However you enjoy your journey, you're at home in your C-Class the moment you take your seat.

Mercedes-Benz iPod® Interface Kit³

It's never been easier to take your favourite music with you when you're on the move. The Mercedes-Benz Interface Kit provides an elegant and functional way to integrate your iPod into your C-Class's audio system. The iPod is connected to the system inside the glove compartment, where it is hidden from prying eyes. While you're on the move, you can scroll through the playlists, select songs and adjust the playback volume using the buttons on the multifunction steering wheel. Your iPod's battery is also recharged. The current status of your iPod appears in the central driver's display, helping you to keep your attention focused on the traffic

To use the iPod Interface Kit, your car must be fitted with the luxury 12-button multifunction steering wheel and the 4.5" instrument cluster display (optional extra Code 442 for CLASSIC, standard for ELEGANCE and AVANTGARDE).

It's easy to control your iPod via the multifunction steering wheel:

- A** | Select the iPod menu and scroll through the options
- B** | Adjust the volume, playback
- C** | Display current artist/title

Media Interface consumer cables

For models with optional extra "Media Interface" (Code 518)⁴

Set of 3 cables, designed to connect various players (one at a time) to the pre-installed Media Interface in the glove compartment. Allows you to select tracks and adjust the playback via your car's audio system.

The current status of your player also appears in the central driver's display, helping you to keep your attention focused on the traffic.

Designed to connect iPods¹ [2] and devices with USB² [1] or AUX [3]

iPod holder³

Black plastic holder for the glove compartment.

Holds your iPod in place. Soft, flock surface protects the player from scratches and prevents it sliding around

¹ For details and a list of the supported players, please contact any Mercedes-Benz service outlet or visit the "Accessories" section of our website: www.mercedes-benz.com

² Supported formats MP3, WMA and AAC. For further details, contact your Mercedes-Benz partner

³ The Mercedes-Benz Interface Kit allows you to listen to the music on your iPhone. It does not support the phone function

The iPod Interface Kit and the iPod holder are compatible with the following models: iPod from 4th generation | iPod video | iPod photo | iPod U2 | iPod mini | iPod nano 1st, 2nd and 3rd generation | iPod classic | iPod touch | iPhone

iPod/iPhone holder cannot be used in conjunction with Media Interface consumer cables

⁴ Optional extra Media Interface (Code 518) not available for Audio 20 CD without CD changer (Code 523)

COMAND APS

The multimedia system features a fold-out 7" colour display and a hard-drive navigation system for fast, high-resolution map-based navigation throughout Europe. The integral DVD drive reads audio CDs/DVDs and video DVDs. The "Music Register" function allows the user to copy and save music files and compressed audio files (e.g. MP3) to a 4 GB hard drive. These files can be imported from CD, DVD or memory card

COMAND APS with DVD changer

COMAND APS is optionally available with a 6-DVD changer

***Rediscover navigation.** In recent years integral navigation has made journeys more relaxed, less time-consuming and, above all, safer. If you want to continue to enjoy these advantages to the full, we recommend that you regularly replace the navigation DVD in your navigation system with the latest version. Ensuring that the data you're using matches the roads you're travelling on. And that the only surprises you encounter during your journey are of a pleasant nature*

Mercedes-Benz Bluetooth® telephone module

Supports Bluetooth SAP¹ mobile phones approved by Mercedes-Benz. A wireless connection is established between your mobile phone and the Mercedes-Benz hands-free system. Simply leave your telephone in your jacket pocket – it couldn't be more convenient

¹ SAP (SIM Access Profile) allows the module to read your mobile phone's SIM card

Mobile-phone holders

When it comes to selecting a mobile for your Mercedes-Benz, you've never had so much choice. One "click" is all it takes to replace the mobile-phone holder. It takes a matter of seconds and is as straightforward a process as inserting the mobile into the holder itself.

Further advantages of the mobile-phone holders:

- Optimum reception quality as a result of using vehicle's external aerial
- Mobile's battery is charged
- Access to internal phone memory
- Convenient operation using multifunction steering wheel

To use a mobile-phone holder, your car must be factory-fitted with optional extra **Code 386, Convenience Telephony**

To find out more about the mobile-phone holders and functions available for your mobile, go to www.mercedes-benz.com/connect, or contact your Mercedes-Benz partner

INTERIOR

Gripping design

Have you ever had the privilege of driving a Mercedes-Benz with a wood/leather steering wheel? These masterly creations place precision craftsmanship at your fingertips.

It takes 15 intensive processing stages to turn elegant fine wood into your car's central control instrument. Of course a Mercedes-Benz steering wheel is also packed with technology. But the passion with which these stunning one-off items are produced is something you can sense.

Take a hands-on approach.

Wood/leather steering wheel

The exclusive wood/leather steering wheel, with its 4-spoke design, coordinates perfectly with the interior of your C-Class. It not only underlines your car's dynamic elegance but also offers ergonomic comfort with its contoured thumbrests | leather: black |

Available wood:

- 1 | burr walnut
- 2 | eucalyptus
- 3 | bird's-eye maple

Coat hanger

Robust coat hanger made from chromed metal and plastic. Easy to fit to the front head restraints. The ideal way to transport items of clothing without creasing them

Cup holder insert for centre console

black, grained | Moveable arms secure up to two drinks containers of different sizes*, holding them within easy reach. The insert is simple to fit to the standard stowage compartment in the centre console

- 2** | “Angel & Driver” fabric (not pictured)
- 3** | Alcantara, java (not pictured)

INTERIOR

Mercedes-Benz child seats are available with automatic child seat recognition as an option. If your car also has automatic child seat recognition, the technology automatically deactivates the front passenger airbag when a child seat with automatic child seat recognition is installed on the front passenger seat. All child seats are also suitable for use in vehicles without ISOFIX attachment points. For further information on the Mercedes-Benz child safety range, ask your Mercedes-Benz partner for a copy of our separate brochure

Additional interior mirror

Designed to help you keep an eye on what's going on in the rear of the car. This practical product, made from shatterproof safety glass, is simple to snap into place

Not in conjunction with optional extra "automatically dimming interior mirror" (Code 249)

"DUO plus" child seat

Optimum safety for children between the ages of around 8 months and 4 years (9 to 18 kg). Fitted as standard with top tether, an additional belt for securing the head section, a height-adjustable shoulder belt and ventilation channels. With automatic child seat recognition and ISOFIX attachment points. Adjustable tilt. Removable, washable "DaimlerSquare" cover

Cover for integral child seat

Hardwearing, easy-care material. The side bolsters offer additional support and transform the booster-style integral child seat | see **A** | into a fully fledged child seat for children up to the age of around 12 (up to 36 kg) | see **B** |

“KidFix” child seat

Booster seat with height-adjustable backrest. Because it covers the entire shoulder area of younger and older children, it is very comfortable and provides optimum protection in the event of side impact. Fixed in place using ISOFIX points or 3-point seat belt. Available with automatic child seat recognition as an option. For children between the ages of around 3.5 and 12 (15 to 36 kg). Removable, washable “DaimlerSquare” cover

“BABY-SAFE plus” child seat

Deep, moulded seat design offers extra side-impact protection for optimum safety. Special padding, designed to protect particularly vulnerable body areas of children up to around 15 months (up to 13 kg). Removable, washable “DaimlerSquare” cover

Padded play table for integral child seat

Protects the child’s abdomen when using the integral child seat. For children between the ages of around 2 and 4 (12.5 to 18 kg)

Lateral support headrest for integral child seat

Supports your child’s head and shoulders and enhances comfort, particularly for sleeping child. Ensures optimum seat belt routing in conjunction with the integral child seat. For children aged between around 2 and 12 (12.5 to 36 kg). Cannot be used in conjunction with cover for integral child seat

Design and function

Freedom is a central concept when it comes to your Mercedes-Benz. If you want to make the most of it, you'll appreciate the products shown on the following pages. After all, the C-Class isn't just a very attractive car – it's also an extremely functional one.

It goes without saying that the range of genuine accessories from Mercedes-Benz echoes these qualities. The New Alustyle roof-mounted carrier system, for example, features robust, practical products, designed to carry a variety of items.

And because form follows function, these products are impressively attractive too.

Mercedes-Benz Bikes

These sporty and elegant bikes, with their exclusive Mercedes-Benz design, are suitable for everyday all-round use and for touring. For more detailed information, please see our "Mercedes-Benz Bikes" brochure | not pictured |

The convenient design of the Mercedes-Benz bicycle rack allows the cycle to be attached at ground level. The cycle is simply mounted on the rail alongside the vehicle and both are then fitted to the basic carrier bars

New Alustyle bicycle rack

Up to three bicycle racks can be fitted per pair of basic carrier bars. Each bicycle rack can hold one bicycle with a max. frame diameter of 98 mm (circular frame tubes) or 110 x 70 mm (oval frame tubes). The support frame folds down when not in use, reducing drag when travelling without cycles. Cycles can either be attached to the rack once it has been fitted to the roof or before it is fitted | also pictured left |
