

 **TOYOTA COROLLA**  
oh what a *feeling!*

THE WORLD'S MOST POPULAR SMALL CAR

[toyota.com.au](http://toyota.com.au)

"We are a group of passionate perfectionists who can't let well enough alone... That's Toyota. That's the spirit. And that's our contribution to the world. We will be the best we can. And we will help as many as we can to be the best they can..."

- Eiji Toyoda

## Forever getting better.

The best Toyota ever?  
We haven't built it yet.

And we probably never will. Because as soon as it's built, we'll be working on something new - something better. You could say it's our philosophy here at Toyota, the one guiding principle that underpins everything we do. Our Japanese founders called it 'kaizen', but we simply call it 'continuous improvement'.

### DISCOVERING TOMORROW

We're incredibly proud of our 50-year history in this country - the cars we've built, the innovations we've introduced, and the reputation for quality we've worked so hard for. And never in all that time have we been more confident in the quality of our cars than right now - but we've still got one eye on tomorrow. After all, we see quality as more than just a promise - it's a way of life.

### BETTER'S BEST

We've always been like this - forever looking to improve. We figure that if we're never satisfied, there's more chance that you just might be. That you'll be more likely to feel pride when you spot your car in the car park. Feel excited at the prospect of every drive. Feel confident that you and your passengers are safe. All from the moment you're handed the keys, to the moment you hand them on to someone else.

### NO STOPPING US NOW

The best part is, there's still so much to be done. So many discoveries still to be made. So many challenges to be overcome. And so many benchmarks to be re-set. There's still so much to improve - so much still to look forward to.

No other small car has taken more people more places than Corolla.  
For over 40 years its quality and versatility have made it a part of life  
for tens of millions and one of the most loved cars on the road.  
Constantly evolving to meet your needs, it's the car that's  
always ready, willing and able; the car you can rely on.

No wonder it's grown to be the world's most popular small car.  
And with its stylish, bold exterior, 100 kW Dual VVT-i engine,  
trip computer, Smart Entry and Start System\*, plus the safety of  
Vehicle Stability Control and Traction Control† now standard on  
all Hatch models, the Corolla is more than ready to continue the tradition.  
And more than ready to win the hearts of a whole new generation.

Corolla: 34 million drivers and counting.

# Corolla

\*Standard on Levin ZR model.

†VSC and TRC standard on all models and available from October 2009 production.

## BORN STYLISH

Designed in Europe, the newly refined Corolla Hatch looks as sporty as it feels, with smooth modern lines, bold 16-inch alloy wheels on all models (except Ascent), sweeping headlights, deep rear bumper and front bumper sculpted into the hood. The Hatch's low, wide stance not only makes it look athletic, but also contributes to its exceptional stability. While on the inside, the Corolla's spacious cabin offers style and comfort.

And with four grades – from the well-appointed entry level Ascent, up through the generously equipped Conquest, the sporty Levin SX and the top grade luxury sports Levin ZR – there's a Corolla to suit every driver.

Above and front cover: Levin ZR in Silver Pearl with optional Moonroof shown.

# FEEL GOOD ON THE INSIDE

With ergonomically considered features such as its distinctive 'flying buttress' centre console and an intuitive use of space, every part of the Corolla's interior has been designed for driving pleasure and comfort.

Modern and functional, the interior instinctively connects driver and vehicle, with easy access to all controls, including audio controls on the premium D-shaped steering wheel\*, which also has a tilt and telescopic function to put you in the perfect driving position.

In keeping with its sporty looks, the doors and seats of the Levin ZR feature trims that complement the premium sports gearshift lever that comes standard on all models except Ascent (included in the optional Cruise Pack).

\*Standard on all models except Ascent (included in the optional Cruise pack).

# SPOILT FOR SPACE

While Corolla may be the world's most popular small car, the Hatch's interior is anything but 'small'. Clever design maximises both space and storage so you can enjoy equal levels of comfort and convenience.

The Hatch's wide interior, high window surfaces and ample head clearance combine to create a genuinely spacious feeling, and its 350 litre luggage capacity is generous to say the least. Shopping, sports gear, luggage, your mates – the roomy and adaptable Hatch is ready to take them all.

60:40 split fold seats in all Hatch models allow you to carry long objects while still carrying two passengers in the rear of the car. While a single-motion tilt-down mechanism allows both the seat cushions and the backrests to fold down, creating an expansive and flat cargo space.

In addition, there are up to 26 storage compartments. All Hatch models have front and rear door pockets, a dual compartment glove box, overhead console, front console, retractable front cup holder for driver and passenger, centre console with lid and a hidden storage space in the floor of the boot to keep those extra-special valuables out of sight.

Levin ZR Hatch with 60:40 rear split

Levin ZR interior shown.

# FULL OF TECHNOLOGICAL WONDERS

Thanks to its Smart Entry and Start System\*, the technology inside Corolla becomes evident before you even enter the car. Simply by carrying the key inside your pocket or bag, the Corolla senses your presence and unlocks the car the moment you touch the door handle, which can then be started with the mere press of the Smart Start button. Easy.

Cruise Control comes standard on all models except Ascent (which is included as part of the optional Cruise Pack and also the combined Cruise and Enhanced Safety Pack). And in every Corolla you'll find a powerful stereo system incorporating a 6-disc CD changer (a single disc player on Ascent), along with USB and audio input jacks, allowing for easy connection of an iPod® or other remote device. In fact, on the Conquest and Levin models, the LCD screen also lets you clearly view and select music files stored on your iPod.

The audio system is also Bluetooth™\* compatible, allowing hands-free mobile phone usage and the storage of your six most frequently dialled numbers for speed dialling. You can also stream audio^ direct to the stereo system from your Bluetooth™ enabled mobile phone or MP3 player.

\*Standard on Levin ZR model

~iPod® is a registered trademark of Apple Inc.

\*The Bluetooth word mark is owned by Bluetooth SIG, Inc. Bluetooth™ will only operate with telephones enabled with compatible Bluetooth™ wireless technology (HFP (Hands Free Profile) v1.0 or later and OPP (Object Push Profile) v1.1 or later international standards). OPP functionality only works on satellite navigation equipment.

^Streaming Bluetooth™ Audio compatibility requires devices that are enabled with compatible technology Bluetooth™ v1.2 and must also be enabled with both A2DP (Advanced Audio Distribution Profile) v1.0 or later and AVRCP (Audio/Video Remote Control Profile) v1.0 or later.

## POWER ECONOMY FUN

Dynamic acceleration, fuel efficiency, and environmental consideration are all hallmarks of the 100kW Dual VVT-i engine found under the hood of every Corolla. Combine it with either the six-speed manual or four-speed automatic transmission, and you're firmly at the helm of a responsive, efficient and above all, exhilarating motoring experience.

Corolla's manual transmission has been engineered to maximise performance and fuel economy, while the automatic transmission has the ability to "sense" hills, reducing the number of shifts needed when accelerating uphill, as well as optimising engine braking when travelling downhill.

This, combined with Corolla's electric power-assisted steering and responsive suspension system, delivers exceptional handling and stability along with excellent fuel efficiency. The Corolla Hatch achieves fuel economy of 7.3 litres/100km† and

On the instrument cluster, the Ascent and Conquest models feature eye-catching dials, while the Levin SX and Levin ZR have a sophisticated 2-dial type Optitron display that's considerably brighter and clearer than conventional displays, in both day and night driving. Plus, a multi-information trip computer provides at-a-glance updates on fuel economy, driving range, average speed and driving time since departure.

Power windows come standard across the range (front power windows only on the Ascent), along with power mirrors and remote central locking. While the Levin ZR has the added safety and convenience of auto-on headlights and rain sensing windscreen wipers that even adjust to the speed of the vehicle.

Further comfort is provided in the Levin ZR by an electrochromatic rear view mirror that automatically dulls the brightness and glare from the lights of other vehicles, while a pollen filter comes standard on the Corolla's air conditioning, blocking out pollens, dust and other allergens.

These are just some of many intelligent technologies found in Corolla that make driving safer, easier and more enjoyable than ever.

7.4 litres/100km† with automatic transmission (except Levin ZR automatic which achieves 7.5 litres/100km†).

†Fuel consumption will vary depending on driving conditions/style, vehicle conditions and options/accessories. Source of fuel consumption data: ADR81/02 combined cycle.

### Environmentally savvy.

In addition to its fuel efficiency, Corolla's Dual VVT-i engine helps reduce CO<sub>2</sub> and exhaust emissions, meeting the stringent Euro IV emission standards on carbon monoxide, hydrocarbons and oxides of nitrogen well ahead of legislated timelines.

It's all part of how Corolla is made with the environment in mind. Manufacturing processes are constantly being developed and reviewed to ensure waste and energy usage are kept to a minimum over the life of the car, from the moment it starts to be built to the day it's ultimately recycled.

## Ascent Hatch

Standard equipment on the Ascent includes Toyota's sophisticated Dual VVT-i engine; an ergonomic steering wheel with multi-info display switch; tilt and telescopic steering; driver and passenger front SRS airbags and dual front seat mounted side airbags; Vehicle Stability Control (VSC) and Traction Control (TRC)\*; front power windows; outer mirror with electric fold and turn signal; body coloured door handles; an MP3 compatible CD player with USB and Audio Input for easy connection to an iPod® or other portable MP3 player and Bluetooth™ compatibility. Standard across all models is Active Braking with intelligence (AB-i), incorporating Anti-skid Brakes (ABS), Electronic Brake-force Distribution (EBD) and Brake Assist (BA).

There are two optional packages available on the Ascent: a Cruise Pack (consisting of cruise control, premium steering wheel with built in audio and cruise control buttons and a premium sports shift lever) and an Enhanced Safety Pack (comprising full length curtain shield airbags to the driver and passenger sides as well as a driver's knee airbag). A combined Cruise and Enhanced Safety Pack is also available on the Ascent.

## Conquest Hatch

The impressive Conquest Hatch takes features to a new level adding in all the features found on the Ascent with cruise control, premium steering wheel with built in audio and cruise control buttons and a premium sports shift lever; dual full length curtain shield airbags and a driver's knee airbag; 16-inch alloy wheels\*; rear power windows and an MP3 compatible 6-disc CD changer with USB and Audio Input for easy connection to an iPod® or other portable MP3 players and Bluetooth™ compatibility – all as standard equipment.

\*VSC and TRC standard on all models and available from October 2009 production.

~iPod® is a registered trademark of Apple Inc.

\*The Bluetooth word mark is owned by Bluetooth SIG, Inc. Bluetooth™ will only operate with telephones enabled with compatible Bluetooth™ wireless technology (HFP (Hands Free Profile) v1.0 or later and OPP (Object Push Profile) v1.1 or later international standards). OPP functionality only works on satellite navigation equipment.

# SOMETHING FOR EVERYONE

With a choice of four grades, from the stylish entry-level Ascent through to the sporty and generously appointed Levin ZR, there's a Corolla Hatch to suit every driver.

Levin SX in Tungsten shown.

Levin ZR in Tidal Blue shown.

## Levin SX Hatch

The sporty Levin SX Hatch also boasts all the features of the Ascent with the following additional features as standard: side skirts; fog lights; larger rear spoiler and front sports spoiler; 16-inch alloys<sup>†</sup>; Optitron Combimeter instrument display; rear power windows; MP3 compatible 6-disc CD changer with USB and Audio Input for easy connection to an iPod® or other portable MP3 players and Bluetooth™ technology; cruise control, premium steering wheel with built in audio and cruise control buttons and a premium sports shift lever. The Enhanced Safety Pack is optional on the Levin SX Hatch.

## Levin ZR Hatch

The top grade luxury sports Levin ZR Hatch has the following features in addition to those of the Levin SX: Smart Entry and Start System; rain sensing wipers; climate control air conditioning; electro-chromatic interior mirror; auto-on headlights; sporty seat and door trim; exclusive alloy wheels; dual full length curtain shield airbags and a driver's knee airbag. 7 in total. An optional Moonroof is also available on the Levin ZR Hatch.

## Toyota Service Advantage – capped price servicing

Toyota Service Advantage makes owning a Toyota even more economical. All new Corolla models are entitled to low cost scheduled servicing<sup>‡</sup> capped for up to 6 standard services during the first three years or 60,000km, whichever occurs first. Plus, you get the security of knowing you have Toyota trained technicians using Toyota Genuine Parts and advanced diagnostics to provide a genuinely better service.

<sup>†</sup>Toyota Service Advantage pricing represents the maximum amount payable for standard scheduled servicing which is as per 'maintenance for normal operating conditions' outlined in the Warranty & Service Handbook's service schedule. Service Advantage eligibility excludes Government and Rental vehicles and certain other exclusions apply. Contact your Toyota Dealer or visit [advantage.toyota.com.au](http://advantage.toyota.com.au) for further details.

# PEACE OF MIND COMES STANDARD

Every Corolla comes equipped with a raft of safety features designed to keep both vehicle occupants and pedestrians safe from injury.

## Passive safety.

Passive safety begins with Toyota's legendary Safe-T-Cell - a highly rigid body and reinforced cabin, complemented by seatbelt pre-tensioners and a comprehensive package of impact protection measures, such as seven SRS airbags available on all models.

Corolla Conquest and Levin ZR have dual front, dual side, dual full-length side curtain shield and driver's knee airbags as standard equipment. While the Ascent and Levin SX have dual SRS and dual front seat mounted side airbags as standard equipment. The optional Enhanced Safety Pack adds dual curtain shield airbags and a driver's knee airbag (Corolla being the first car in its class to offer such an airbag).

Crash protection in the Corolla is part of Toyota's MICS (Minimal Intrusion Cabin System) where reinforcements and structural members are designed to disperse impact energy around the passenger compartment and minimise the risk of injury to the occupants. In addition, impact-absorbing material in the door panels and trim helps to suppress any impact.

## Active safety.

In addition to four-wheel disc brakes, every Corolla comes equipped with Toyota's world class Active Braking with intelligence (AB-i) system, as well as Vehicle Stability Control (VSC) and Traction Control (TRC)<sup>†</sup>.

AB-i has three components: Anti-skid Braking System (ABS), Electronic Brake-force Distribution (EBD) and Brake Assist (BA).

ABS uses modern electronics and a hydraulic actuator to compare and adjust wheel speeds when braking, helping to prevent wheel lock-up and potential skidding.

EBD minimises stopping distances by maximising braking power to the wheels with the most grip. So, for example, if there's a heavy load in the boot, EBD will recognise this and distribute the braking force accordingly to ensure maximum braking.

BA is designed to assist the driver in emergency braking. It interprets a quick, hard push of the brake pedal as emergency braking and supplements the braking power so that the car slows more rapidly.

Combined, these three pieces of technology instantaneously adjust braking to help provide an increased level of control and confidence. But add VSC and TRC<sup>†</sup> to the equation and Corolla's true level of safety becomes clear, both systems helping the driver maintain maximum steering precision and control in the most testing of circumstances.

VSC prevents loss of control by dampening understeer and oversteer. If due to unexpected circumstances, the Corolla experiences a slide with the front or rear wheels, VSC can take corrective action to help bring the vehicle back under control, even in more challenging cornering situations.

Traction Control (TRC), on the other hand, assists the driver in maintaining steering precision and control. TRC fights against any loss of traction in the front wheels caused by harsh acceleration or less than ideal road conditions.

<sup>†</sup>VSC and TRC standard on all models and available from October 2009 production.

<sup>~</sup>Standard on Conquest and Levin ZR Models (included in the enhanced safety pack).

 **TOYOTA GENUINE**  
PARTS, SERVICE & ACCESSORIES

Toyota Genuine Accessories are covered by our Toyota Warranty\*. Some Toyota Genuine Accessories are not applicable to all Corolla Hatch models. See your Dealer for advice regarding Toyota Genuine Accessories. Pictured Accessories are all sold separately. For a comprehensive guide on the entire range of Toyota Genuine Accessories, visit our website at [accessories.toyota.com.au](http://accessories.toyota.com.au) \*All Toyota Genuine Accessories purchased and fitted to a Toyota are warranted for the remainder of the New Vehicle Warranty or 12 months, whichever is greater. Toyota Genuine Accessories purchased from an authorised Toyota Dealer over the counter are warranted from the date of purchase for 12 months. Conditions apply. All warranties are additional to the implied warranties under the Trade Practices Act 1974. >ParkAssist and Rear View Camera are designed as a driver assist device only and should not be used as a substitute for skilled driving and safe parking practices. The area into which the vehicle is to be reversed must be visually monitored by the driver while parking. ~Streaming Bluetooth™ audio compatibility requires devices that are enabled with compatible technology Bluetooth™ v1.2 and must also be enabled with both A2DP (Advanced Audio Distribution Profile) v1.0 or later and AVRCP (Audio/Video Remote Control Profile) v1.0 or later. †iPod® is a registered trademark of Apple Inc. †† Optional FollowMe iPod® kit available. iPod® is a registered trademark of Apple Inc. ^Current navigation mapping database encompasses major capital and primary national road networks, as well as offering some coverage of regional areas. #The Bluetooth word mark is owned by Bluetooth SIG, Inc. Bluetooth™ will only operate with telephones enabled with compatible Bluetooth™ wireless technology (HFP (Hands Free Profile) v1.0 or later and OPP (Object Push Profile) v1.1 or later international standards). OPP functionality only works on satellite navigation equipment. < Towing capacity subject to regulatory requirements, towbar design, vehicle design and towing equipment limitations.

# A SERVICE TO MEET ALL OF YOUR NEEDS.

## The Toyota Guarantee

We are confident that all of our vehicles will be as reliable and dependable as you need them to be. We understand that a new car purchase can often be a big decision. You need to feel confident that not only are you making the right decision now, but you are making a decision that won't end up costing you more in the future. That is why every new Toyota is proudly backed by a 3 year/100,000km warranty<sup>(1)</sup> (whichever occurs first), which provides you with peace of mind and care free motoring.

 **TOYOTA** WARRANTY

## Extend your peace of mind

When you purchase your new or used<sup>(2)</sup> Toyota, you can extend your original factory warranty<sup>(3)</sup> for up to 3 years. Providing you protection from unexpected repair bills and more importantly a little extra peace of mind.

Should you break down we also offer Roadside Assist, a reliable breakdown service with round the clock reassurance and assistance.

Toyota Extra Care is that extra helping hand when you need it most. For more details visit [toyotaextracare.com.au](http://toyotaextracare.com.au)

 **TOYOTA** EXTRA CARE

## All the insurance coverage you could need

Could you afford costly repairs or having to replace your vehicle altogether? At Toyota Insurance<sup>(4)</sup> we understand that your vehicle is a critical part of your life and can offer you a motor insurance solution designed specifically for Toyota vehicles.

Our comprehensive motor vehicle insurance benefits include:

- Replacement of your new Toyota if it is a total loss so long as it is less than 3 years old and has traveled less than 100,000kms
- Genuine new Toyota parts replacement promise for Toyota vehicles less than five years old since the date of first registration
- Genuine Toyota quality repair guarantee for the duration of your vehicle ownership

Toyota Insurance also goes further by offering Finance Gap Insurance and Payment Protection Insurance.

Visit [toyotainsurance.com.au](http://toyotainsurance.com.au) for more details about the coverage we offer.

 **TOYOTA** INSURANCE

## Finance to get you in the driver's seat

Toyota Financial Services<sup>(5)</sup> can offer you a range of easy vehicle finance options available for you to organise conveniently at your preferred Toyota dealership.

Whether you require a simple personal vehicle loan, a novated lease for you or your employees, or serviced leasing on your small-business tool of trade vehicles we can help.

Toyota Financial Services is the best way to finance your Toyota, visit [toyotafinance.com.au](http://toyotafinance.com.au) to find out why.

 **TOYOTA**  
FINANCIAL SERVICES

[toyota.com.au](http://toyota.com.au)

(1) Conditions apply. All warranties are additional to implied warranties under the Trade Practices Act 1974.

(2) Used vehicle being a vehicle less than three years old and has travelled less than 90,000kms since its purchase as a new vehicle (conditions apply).

(3) Extended Factory Warranty is not available for all vehicles (for example Toyota vehicles used as a taxi or for rental and courier purposes). Please ask your participating Toyota Dealership about eligibility. Terms and conditions apply.

(4) Toyota Insurance products are underwritten by Aioi Insurance Co. Ltd. (Aioi), ABN 39 096 302 466 AFSL Number 254489 (Aioi). Aioi is a member of the Toyota Group of Companies.
