

IMPORTANT!

This brochure has been compiled by Daimler AG of Germany or one of its Group Companies to provide a general indication only of the range of vehicles, optional extras (for example satellite navigation systems, interface and telecommunication kits), accessories, merchandise and/or products (together, the range is known as the “Products”) available in various countries. Some of the Products shown may not be available in Australia, or may only be available in a different specification. Additionally, some Products may only be available in combination with others. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. Products available while stocks last. Changes may have been made to the Products since this brochure was printed. The information in this brochure is therefore indicative, illustrative and provided only for guidance and should not be relied upon. For current information on the availability, design, features and prices of Products available in Australia you should contact your local authorised Mercedes-Benz Dealer.

VIP service

Your Viano offers you and your passengers a phenomenal amount of space. But, like every Mercedes-Benz, it also oozes elegance and style. If you're looking to underline these qualities, you've come to the right place.

Mercedes-Benz light-alloy wheels such as the 10-twin-spoke "X-Clusive" lend your Viano an executive class feel. Or you can opt for a distinctively sporty look with a 5-spoke wheel in high-sheen sterling silver. The range has plenty to offer "Very Individual Persons" - like you.

Hub caps

Protect the hub from dirt.

Available in the following versions:

- 06 classic Roadster design in blue
- 07 classic Roadster design in black
- 08 sterling silver with chrome star
- 09 titanium silver with chrome star

01 Snow chains

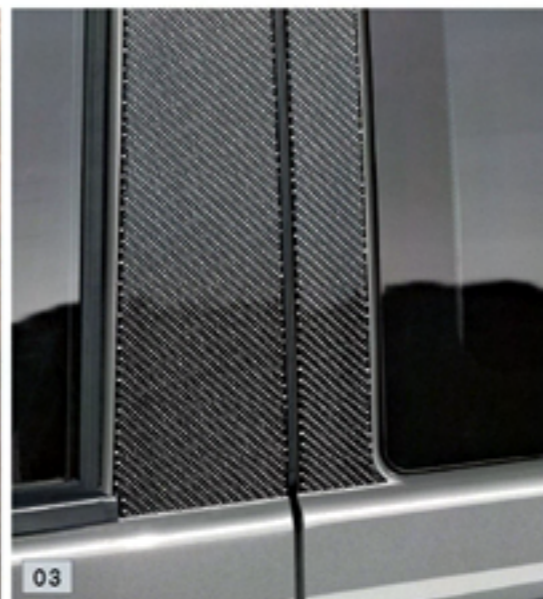

Safe roadholding even in wintry conditions. Snow chain system featuring track pattern chain mesh with grip links. Spring steel hoop for easy fitting. Also suitable for light-alloy wheels

02 Mud flaps

Effectively reduce spray and protect the bodywork from scratches and dirt. Made from high-quality, durable plastic. Simple to fit without any drilling

03 B-pillar trim

Trick of the light. Carbon fibre design with 3D structure. Simple adhesive attachment

04 Chrome trim strip for radiator grille

Chrome-effect trim for upper edge of radiator grille

05 Side window wind deflector

When the window is slightly open, the precision-fit wind deflector prevents the windows from steaming up and keeps out dust, rain and even insects. Enjoy the enhanced comfort of draught-free driving

- B-pillar trim
- Chrome trim strip
- Wheel accessories
- Wind deflector

Telematics

Multimedia
Navigation
Telephony

01 Rear Seat Entertainment System

01 Rear Seat Entertainment System

With this powerful system, your rear passengers can watch DVDs, look at their favourite photos or even play video games on a fold-down 25.9 cm colour screen – and all without disturbing the driver, as the sound is output via the two sets of infrared headphones provided.

For extra convenience there's a remote control too. This is a system that offers everything you need when it comes to in-car entertainment

Only in conjunction with pre-installation for Rear Seat Entertainment System (EV8)

Vanissimo!

Your Viano offers an impressive amount of space – plus the comfort of a Saloon.

The cutting-edge telematics systems are among the many features that let you know that – as you would rightly expect from a star-branded vehicle – there are no compromises here.

And there's more: never before have the rear seats in a Mercedes-Benz felt more like front row seats in a cinema than in a spacious Viano with Rear Seat Entertainment System.

And what greater comfort can there be than rear seat passengers who leave the driver in peace to concentrate on the driving?

02 iPod®/iPhone® holder

Black plastic holder for the glove compartment. Holds your iPod in place. Soft, flock surface protects your iPod or iPhone from scratches and prevents it sliding around. For the iPod Interface Kit

The Mercedes-Benz Interface Kit allows you to listen to the music on your iPhone. It does not support the phone function

03 Mercedes-Benz iPod® Interface Kit

It's easy to control your iPod via the multifunction steering wheel: scroll through the menus [A], adjust the playback and volume [B] and display the title of your choice in the instrument cluster [C]. The iPod is connected and charged in the glove compartment, where it is hidden from prying eyes

The iPod Interface Kit is compatible with the following models: iPod from 4th generation | iPod video | iPod photo | iPod U2 | iPod mini | iPod nano 1st, 2nd, 3rd and 4th generations | iPod classic | iPod touch 1st and 2nd generations | iPhone 1st generation | iPhone 3G | iPhone 3GS | iPhone 4

01 COMAND APS

Our innovative multimedia system combines contemporary in-car hi-fi technology with an intelligent hard drive-based navigation system (for navigation throughout Europe). The 17.7 cm colour screen with high-resolution map depiction and dynamic route guidance (takes into account congestion information provided via TMC) ensure optimum driver information. Up to 4 GB of memory offers space for your favourite music in MP3 format. And of course COMAND APS also plays audio or video DVDs. COMAND APS can be operated via the multifunction steering wheel. Available with DVD changer as an option

02 Europe navigation DVD for COMAND APS

03 Europe navigation DVD for Audio 50 APS

Rediscover navigation. In recent years integral navigation has made journeys more relaxed, less time-consuming and, above all, safer. If you want to continue to enjoy these advantages to the full, we recommend that you regularly replace the navigation DVD in your navigation system with the latest version. Ensuring that the data you're using matches the roads you're travelling on. And that the only surprises you encounter during your journey are of a pleasant nature. The data for the Mercedes-Benz navigation systems is updated regularly. Please contact your Mercedes-Benz partner for the latest map versions

01

02

03

04 MediaNavigationCenter

The MediaNavigationCenter offers an impressive range of functions: navigation, hands-free and audio/video playback. It is easy to operate via the 15.5 cm touchscreen or the multifunction steering wheel.

The navigation system has map data for 35 European countries. Audible directions in 18 languages, an integral TMC tuner and an option for inputting personal destinations (POI) round off the navigation functions.

The hands-free system with integral Bluetooth® module offers a safe, convenient way to use your phone while on the move.

For your entertainment the system offers, among other things, an MP3-compatible CD/DVD drive and connections in the glove compartment for iPhone/iPod and players with a USB or AUX interface. You can also watch the videos stored on your iPod. 4 x 50 W output

05 Audio 50 APS

Audio 50 APS offers DVD navigation throughout Europe, with convenient arrow-based instructions provided on the 12.7 cm colour display. Integral dynamic route guidance via TMC. Three radio tuners, MP3-compatible DVD player and Bluetooth interface with standard hands-free function. Audio 50 APS allows you to dial phone numbers via the telephone keypad or can be operated using the multifunction steering wheel. Available with DVD changer as an option

06 Audio 20 CD

Compact twin-tuner radio with MP3-compatible CD player and Bluetooth interface with hands-free function. Audio 20 CD can be operated using the telephone keypad or the multifunction steering wheel. Integral CD changer

07 Sound 5

The Sound 5 radio features an MP3-compatible CD player and can be operated using the multifunction steering wheel. Song titles are shown on the LCD display. Manual or automatic tuning. 10 presets

01 Mobile-phone holders

When it comes to selecting a mobile for your Mercedes-Benz, you've never had so much choice. One "click" is all it takes to replace the system's "intelligent" mobile-phone holder. It takes a matter of seconds and is as straightforward as inserting the mobile into the holder itself.

Changing your mobile and even alternating between different models of mobile no longer presents a problem. There are no compromises when it comes to convenience-enhancing telephone technology either.

Further advantages of a mobile-phone holder:

- Optimum reception quality as a result of using vehicle's external aerial
- Mobile's battery is charged
- Access to internal phone memory
- Convenient operation using multifunction steering wheel

To use a mobile-phone holder, your vehicle must be factory-fitted with special equipment Code EH4. Holders are available for many popular models of mobile phone

Holders are available for many popular Nokia, BlackBerry, Apple and Sony Ericsson mobile phones. The range of mobile-phone holders is constantly being extended.

For further information about using the phone while in your van, go to www.mercedes-benz.com/connect or contact your Mercedes-Benz partner

02 Mercedes-Benz Bluetooth® telephone module

The telephone module is designed to extend the mobile communication system in your Mercedes-Benz. Just connect it to your Convenience Telephony system (Code EH4) on the dashboard, and start using your mobile via the on-board hands-free system. You can leave your mobile phone in your jacket pocket.

Advantages of the Bluetooth (SAP) telephone module:

- Access to contact details saved on SIM card
- Optimum reception quality as a result of using vehicle's external aerial
- Read and receive text messages
- The closed box features an integral USB port which can be used to charge the mobile phone

Two versions of the Mercedes-Benz Bluetooth SAP* telephone module are available: one in the form of a closed box (pictured) and the other with a corded handset (not pictured). Both versions feature a SIM card reader

*SAP (SIM Access Profile) allows the module to read your mobile phone's SIM card

Interior

Child safety
Interior appointments

01 "DUO plus" child seat

01

02

03

Visionary

It's in the nature of the Viano that its passengers often tend to be numerous and young. So it's reassuring to know that your Mercedes-Benz lives up to the star brand's reputation for occupant safety in every respect.

What could be more natural than to trust the same brand when it comes to child safety accessories too?

Mercedes-Benz child seats are available with automatic child seat recognition as an option. If your vehicle also has automatic child seat recognition, the technology automatically deactivates the front passenger airbag when a child seat with automatic child seat recognition is installed on the front passenger seat.

All child seats are also suitable for use in vehicles without ISOFIX attachment points. For further information on the Mercedes-Benz child safety range, ask your Mercedes-Benz partner for a copy of our separate brochure

01 "DUO plus" child seat

Optimum safety for children between the ages of around 8 months and 4 years (9 to 18 kg). Fitted as standard with top tether, an additional belt for securing the head section, a height-adjustable shoulder belt and ventilation channels. Adjustable tilt. With automatic child seat recognition and ISOFIX attachment points. Washable "DaimlerSquare" cover

02 "KidFix" child seat

Booster seat for optimum side-impact protection, with height-adjustable backrest. The "KidFix" seat is secured using the 3-point seat belt and ISOFIX attachment points. For children between the ages of around 3.5 and 12 (15 to 36 kg). Available with automatic child seat recognition as an option. Washable "DaimlerSquare" cover

03 "BABY-SAFE plus" child seat

Deep, moulded seat design offers extra side-impact protection for optimum safety. Special padding, designed to protect particularly vulnerable body areas of children up to around 15 months (up to 13 kg). Washable "DaimlerSquare" cover

04 Stainless steel badge for door sill panel

Making a stylish entrance all round. For the driver and front passenger doors and the sliding doors. Available individually

05 Velour floor mats

Extensive coverage of the footwell with soft yet extremely robust velour acts as a visual upgrade for the interior of your Viano. Other advantages: a precision fit, held in place to prevent slipping, odourless

06 Rubber floor mats

Robust, dirt-repellent natural rubber - precision-tailored to the geometric dimensions of your Viano. Zip fasteners seamlessly join corresponding mat sections, ensuring extensive floor coverage and preventing the mats from slipping. Easy to remove and clean

07 Rep floor mats

The perfect combination of extremely hardwearing, durable rep material and elegant design. Other advantages: a precision fit, held in place to prevent slipping, odourless

01

01

01 Stowage box for centre console

The new stowage box for your Viano keeps everything you need during your journey within easy reach. Fitted between the front seats, it offers space for all sorts of items, including e.g. 1.5-litre bottles. Nets attached to the outside provide extra space for documents, newspapers or the like. A removable nylon bag makes it easy to transport the stowed items

02 Extended centre console

Because you can never have too much stowage space, this extension for the lower end of the centre console is designed to add to the on-board stowage capacity. It can be used as an oddments tray or as an installation slot for an additional DIN unit

03 Litter bag

For hygienic, odour-free disposal of rubbish when you're on the move. 5-litre vinyl bag with handy liners: remove one liner and the next automatically slides into place

Replacement liners for litter bag | not pictured

Pack of 20 liners

04 Coat hanger

Robust coat hanger made from chromed metal. Easy to fit to the front head restraints. The ideal way to transport items of clothing without creasing them

01

02

03

01 Air conditioning system

Whether summer or winter, you can set your preferred temperature at the touch of a button and it will be regulated by sensor. The air conditioning system also lowers humidity, helping to prevent the windows from steaming up. An integral filter keeps out pollen and dust. Requires specialist fitting by your Mercedes-Benz partner

01 Auxiliary heating

For pre-heating and stationary heating. The auxiliary heating ensures comfortable temperatures before you've even started the engine. Infinitely adjustable, with timer and with remote control as an option. Fitted by your Mercedes-Benz partner

02 Remote control

Makes it easy to switch the auxiliary heating on and off from a distance of up to 600 m. The heating stays on for a maximum of 60 minutes after it is switched on

03 Tachograph

The tachograph is mandatory under EU law for vehicles that are registered as commercial vehicles and whose gross weight exceeds 3.5 t. It is also mandatory for vehicles carrying 9 passengers or more. It provides tamper-proof recording of speeds and rest times. The data is rapidly and easily acquired and can be electronically evaluated

04 Cruise control

Cruise control makes the driver's job easier, especially when it comes to obeying speed limits, but also when driving long distances or towing a trailer. The selected speed is stored and maintained - although manual intervention via the brake and accelerator is, of course, possible at any time

Parameterisable special module | not pictured

The parameterisable special module (PSM) offers an interface which allows separately installed components and systems to access the vehicle's electronic systems. There are 10 inputs and 20 outputs for retrieving information. This information can range from e.g. light switch settings, open doors and wiper settings to seat occupancy. As soon as the relevant information is defined, it is parameterised. The PSM can be accessed via the front passenger footwell

Load compartment accessories

02

- 01 Alustyle basic carrier bars for roof rails
- 02 Mercedes-Benz roof box 450

01

03

Mercedes-Benz roof boxes

Elegant, aerodynamic design, made for your Mercedes-Benz. High-quality, extremely durable material. Boxes open on both sides for convenient loading and unloading

01 Mercedes-Benz roof box 450

Family box. Capacity approx. 450 litres.
Available in black metallic and silver metallic

02 Mercedes-Benz roof box 330

Sports box. Capacity approx. 330 litres.
Available in titanium metallic and matt silver

Variability

Everyone has different transport needs. But the Viano is designed to cope with the whole range of activities that life offers.

With well thought-out cargo solutions that help ensure, for example, that you're relaxed and unwound before you even set off for your holiday destination.

01 02

03 Luggage set | for roof box 450

Four bags, designed to make perfect use of the space available in the roof box 450. Made from hardwearing, water-repellent polyester. Plus two matching ski bags, each designed to hold max. two pairs of skis. Ski bag also available separately

Also suitable for previous XL model which opens on one side

Luggage set | for roof box 330 | not pictured

Four bags made from hardwearing, water-repellent polyester. Tailored to the dimensions of the roof box 330

Also suitable for previous L model which opens on one side

Ski rack insert | for roof box 450 | not pictured

A secure hold for up to five pairs of skis, subject to ski geometry

Also suitable for previous XL model which opens on one side

Ski rack insert | for roof box 330 | not pictured

A secure hold for up to three pairs of skis, subject to ski geometry

Also suitable for previous L model which opens on one side

04 New Alustyle ski and snowboard rack "Comfort"

For up to 6 pairs of skis or 4 snowboards. Lockable. Practical pull-out function makes loading and unloading easier

New Alustyle ski and snowboard rack "Standard" | not pictured

For up to 4 pairs of skis or 2 snowboards. Lockable

Alustyle basic carrier bars

Elegant and aerodynamic: the Alustyle system is designed to be combined with a variety of accessories such as roof boxes or ski racks. Max. roof load of up to 100 kg. Available for vehicles with and without roof rails:

A Alustyle basic carrier bars

Bolted into the roof channel

B Alustyle basic carrier bars for roof rails

For quick, flexible attachment to the roof rails

Retrofit roof rails | not pictured

Complete kit, providing a fast, simple way to retrofit roof rails to the standard roof

01

01 Rear-mounted bicycle rack

Designed to be fitted to the tailgate. Holds 2 cycles (virtually any model and size). Even with bicycle rack in place, tailgate can still be opened. Includes statutory repeater lights. Rear power supply required

Extension kit for rear-mounted bicycle rack | not pictured

Allows you to add 2 further cycles to the rear-mounted bicycle rack

02 Trailer coupling

Making light work of towing heavy loads. Available with detachable or fixed ball head. Both versions have an unbraked towing capacity of 750 kg and a braked towing capacity of up to 2,500 kg. Fitted by your Mercedes-Benz partner

02

04

03

Bicycle rack

Trailer coupling

Ultrasonic reversing aid

03 Mini adapter

Designed to connect any trailer with a 7-pin plug to the 13-pin trailer coupling

04 Ultrasonic reversing aid

The reversing aid is designed to assist the driver. Any obstacles up to a distance of 1.60 m behind the vehicle are registered using ultrasonic technology. Audible signals make manoeuvring and reversing into a parking space easier and safer

05 Box of replacement bulbs

Space-saving safekeeping for all the required standard bulbs

06 Fluorescent jacket

Already compulsory in many countries, the bright orange and yellow fluorescent jackets with reflective stripes are conspicuous even in the dark

07 Charger with trickle charge function

With its cutting-edge technology, the Mercedes-Benz charger ensures the longest possible battery life.

Available in a 3.6 amp version (below) and a 25 amp version (not pictured)

01 Deep load compartment tub

Helps protect your Viano's load compartment from dirt and scratches. Made from lightweight, robust plastic. Depth: approx. 27 cm. Suitable for transporting foodstuffs. For long and extra-long models

02 Shallow load compartment tub

Like the deep load compartment tub, protects your vehicle's load compartment. The slightly raised edge, approx. 6 cm deep, also helps prevent dirt from getting into the passenger compartment. Suitable for transporting foodstuffs. For long and extra-long models

03 Load compartment stowage pocket set

Creates flexible order in the load compartment. Easy to attach to the load-securing bolts in the seat rails. Requires next to no space when folded

04 Luggage net

The robust net prevents contents from falling out of the load compartment, even when the tailgate is opened quickly. Items can also be stowed in the handy mesh pockets

05 Protective film

Transparent adhesive film made from high-strength plastic. Designed to protect the paintwork around the doors. Simple to affix and virtually invisible when in place. Set of 2 film strips

06 Load sill guard

The black film with chrome fin design and polyurethane coating protects the much-used load sill from scratches and also adds an individual touch

07 Coolbox

Connected to the 12 V socket on board, the coolbox consistently and reliably cools its contents, even on long journeys. Made from hygienic, easy-to-clean plastic. Special strap system for securing in place in the load compartment. Easy to carry using handy carry straps. Capacity: 16 litres

Please note: changes may have been made to the products since this brochure went to press (30.11.2010). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of special equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure has been compiled by Daimler AG of Germany and is distributed internationally. Information given regarding statutory regulations, legal requirements and taxation and the consequences thereof applies to the Federal Republic of Germany only and is correct at the time of going to press. Please consult your Mercedes-Benz Dealer for final details.
