

Corolla

TOYOTA

The world's most popular small car.

Forever getting better.

“We are a group of passionate perfectionists who can't let well enough alone... That's Toyota. That's the spirit. And that's our contribution to the world. We will be the best we can. And we will help as many as we can to be the best they can...”

— Eiji Toyoda

The best Toyota ever?

We haven't built it yet. And we probably never will. Because as soon as it's built, we'll be working on something new – something better. You could say it's our philosophy here at Toyota, the one guiding principle that underpins everything we do. Our Japanese founders called it 'kaizen', but we simply call it 'continuous improvement'.

Discovering tomorrow

We're incredibly proud of our 50-year history in this country – the cars we've built, the innovations we've introduced, and the reputation for quality we've worked so hard for. And never in all that time have we been more confident in the quality of our cars than right now – but we've still got one eye on tomorrow. After all, we see quality as more than just a promise – it's a way of life.

Better's best

We've always been like this – forever looking to improve. We figure that if we're never satisfied, there's more chance that you just might be. That you'll be more likely to feel pride when you spot your car in the car park. Feel excited at the prospect of every drive. Feel confident that you and your passengers are safe. All from the moment you're handed the keys, to the moment you hand them on to someone else.

No stopping us now

The best part is, there's still so much to be done. So many discoveries still to be made. So many challenges to be overcome. And so many benchmarks to be re-set. There's still so much to improve – so much still to look forward to.

Corolla

Corolla is one of the most loved cars on the road. For over 40 years its quality and versatility have made it a part of life for roughly 34 million people.

Both Corolla hatch and sedan come with:

- Trip Computer
- Vehicle Stability Control (VSC) and Traction Control (TRC)
- 100kW Dual VVT-i engines
- Driver and front passenger SRS airbags, front side airbags, side curtain shield airbags and driver's knee airbag¹.

And now that there are two new Ascent Sport variants available, it's no wonder that Corolla is still the world's most popular small car.

¹ Standard on Ascent models from September 2010 production.

The stylish side.

The Corolla looks every bit as good as it feels... and it feels like nothing else on the road. Inside and out, you're always on the stylish side.

The Corolla sedan exudes confidence with a low, wide-set stance from the sweeping headlights to the stepped tail lights.

The sporty hatch offers sculpted lines and a deep rear bumper, ensuring that the crisp Corolla styling isn't compromised.

All interiors boast a spacious cabin with ergonomically designed features, such as the streamlined centre console.

The Levin ZR, Ultima, plus Conquest sedan and hatch models sport a moonroof¹ with retractable shade.

And with nine different grades over the hatch and sedan range – from the well-appointed Ascent, to the sporty Levin ZR hatch and luxurious Ultima sedan – there's a Corolla to suit every driver.

1 Available as standard from September 2010 production.

Ultima sedan in Graphite and Levin ZR in Silver Pearl shown.

Levin ZR hatch dual-type Optitron display[®].

Levin SX and ZR hatch front sport bucket seats².

Levin ZR interior shown.

Smart Start button⁴.

The inside.

Corolla's interior is where ergonomics, functionality and style fuse seamlessly, with generous seats, white and amber-lit instruments and iridescent silver accents.

Corolla's tilt and telescopic steering column functions allow for the perfect driving position, while easy access to audio and cruise controls on the premium "sports car" inspired steering wheel offer greater convenience¹.

The Levin SX and ZR offer front sport bucket seats², while the Ultima boasts a leather-accented interior, remote electric boot release and a 3.3-inch LCD rear vision monitor³ for increased safety while reversing.

The technological side.

Thanks to its Smart Entry and Start System⁴, the Corolla senses your presence. By carrying the key fob in your pocket or bag, the Corolla unlocks keylessly the moment you touch the door handle. Then allows the engine to start keylessly with a mere press of the Smart Start button.

The Levin ZR and Ultima have auto-on headlights, rain sensing windscreen wipers and an electro-chromatic interior rear view mirror, which automatically dulls the brightness and glare from the lights of other vehicles.

The Corolla's audio system offers:

- Bluetooth™⁵ handsfree mobile phone capabilities
- The ability to store your six most frequently dialed numbers
- Audio streaming direct from Bluetooth™⁵ compatible devices
- Six-disc CD changer (single disc player on Ascent and Ascent Sport models)
- 3.5mm AUX input for portable audio players and USB input for some iPods®⁶/USB memory sticks⁷
- The Ascent Sport models boasts a Gen Y audio system.

All models sport power windows⁹, power Fold-in exterior mirrors (hatch models only), remote central locking and a pollen filter.

On the instrument cluster, the Ascent and Conquest hatch models feature eye-catching dials, while the Levin SX, Levin ZR, Conquest sedan and Ultima have a sophisticated dual-type Optitron display, that's considerably brighter and clearer than conventional displays, in both day and night driving. The multi-information trip computer provides at-a-glance updates on fuel economy, driving range, average speed and driving time.

1 Standard on all models except Ascent (included in optional Cruise Pack).

2 Available from June 2011 production.

3 Rear View Camera is designed as a driver assist device only and should not be used as a substitute for skilled driving and safe parking practices. The area into which the vehicle is to be reversed must be visually monitored by the driver while parking.

4 Standard on Levin ZR and Ultima models.

5 The Bluetooth™ word mark is owned by The Bluetooth SIG, Inc. Not all devices will be compatible and functionality will vary depending on the device.

6 iPod® is a registered trademark of Apple Inc.

7 Not all devices will be compatible and functionality will vary depending on the device.

8 Optitron display standard on Levin hatch, Conquest sedan and Ultima sedan models.

9 Available from September 2010 production.

The economic side.

Dynamic acceleration, fuel efficiency and environmental consideration are all hallmarks of the Dual VVT-i engine found under the hood of every Corolla.

Corolla's manual transmission has been engineered for performance and fuel economy. The automatic transmission has the ability to "sense" hills, reducing the number of shifts needed when accelerating uphill, as well as optimising engine braking downhill.

The Corolla achieves fuel economy of 7.3 litres/100km¹ with manual transmission, while the automatic transmissions in the Levin ZR and Ultima achieve 7.5 litres/100km¹ and 7.7 litres/100km¹ respectively.

The powerful side.

Boasting a 2.0L engine, with an 8% improvement in torque and 102kW of power produced earlier in the rev range, the Ultima sedan makes quick work of hill climbing and overtaking.

The environmental side.

In addition to its fuel efficiency, Corolla's CO₂ and exhaust emissions meet Euro IV emission standards.

Manufacturing processes are constantly reviewed to ensure waste and energy usage are kept to a minimum from the moment the car is built to the day it's recycled.

1. Fuel consumption will vary depending on driving conditions/style, vehicle conditions and options/accessories. Source of fuel consumption data: ADR81/02 combined cycle.

Levin ZR in Wildfire shown.

The sporty side.

Now for something completely different. Welcome to Corolla's sporty side, with a touch of added attitude.

The Corolla Ascent Sport boasts:

- 16-inch “Blade” alloy wheels¹
- Rear spoiler
- Front spoiler on the hatch
- Front fog lights
- Gen Y Audio System
- Premium steering wheel with audio controls
- Premium shift lever
- Cruise control.

The classically sporty Levin SX and ZR continue to offer all the extra features you’d expect plus front sport bucket seats.

¹ Spare steel wheel.

Levin ZR (pre-June 2011 model) and Ultima sedan in Ink.

The hatch side.

Ascent Hatch

Everything that's great about the sedan in a stylish hatch form:

- 1.8L Dual VVT-i engine
- Vehicle Stability Control (VSC) and Traction Control (TRC)
- Active Braking with intelligence (AB-i), incorporating Anti-skid Braking System (ABS), Electronic Brake-force Distribution (EBD) and Brake Assist (BA)
- Power windows⁴
- Rear spoiler
- MP3 compatible CD player with a 3.5mm AUX input for portable audio players
- Ergonomic steering wheel with tilt and telescopic steering adjustment
- USB input for some iPods^{®1}/USB memory sticks² and Bluetooth^{™3} compatibility
- Driver and front passenger SRS airbags, front seat side airbags, full length side curtain shield airbags⁴ and driver's knee airbag⁴
- Optional Cruise Pack with cruise control, premium gear shift and steering wheel with built in audio and cruise control.

Ascent Sport Hatch⁷

The stylish and edgy Ascent Sport hatch comes with all the features of the Ascent hatch, plus a twist of attitude:

- 16-inch "Blade" alloy wheels⁵
- Large rear spoiler
- Front sports spoiler
- Front fog lights
- Ascent 'Sport' Badge
- Gen Y Audio system
- Premium steering wheel with built in audio controls
- Premium gear shift
- Cruise control.

Conquest Hatch

The Conquest hatch builds on the already impressive features of the Ascent hatch:

- 16-inch alloy wheels⁵
- Moonroof⁴
- Premium steering wheel with built in audio controls
- Premium gear shift
- Cruise control
- MP3 compatible six-disc CD changer with a 3.5mm AUX input for portable audio players
- USB input for some iPods^{®1}/USB memory sticks² and Bluetooth^{™3} compatibility.

Levin SX Hatch

The sporty Levin SX hatch also boasts all the features of the Ascent hatch, plus:

- 16-inch alloy wheels⁵
- Side skirts
- Large rear spoiler
- Front sports spoiler
- Premium steering wheel with built in audio controls
- Premium gear shift
- Cruise control
- Front fog lights
- MP3 compatible six-disc CD changer with a 3.5mm AUX input for portable audio players
- USB input for some iPods^{®1}/USB memory sticks² and Bluetooth^{™3} compatibility.
- Optitron Combimeter instrument display
- Front sport bucket seats⁷.

Levin ZR Hatch

Being the luxury top grade sports vehicle, Levin ZR offers all the features of the SX, plus:

- 16-inch "Blade" alloy wheels⁵
- Moonroof⁴
- Smart Entry and Start System
- Rain sensing wipers
- Climate control air conditioning
- Electro-chromatic interior mirror
- Auto-on HID headlights.

The sedan side.

As standard, the Ascent sedan includes:

- 1.8L Dual VVT-i engine
- VSC and TRC
- AB-i, incorporating ABS, EBD and BA
- Power windows⁴
- Side mirror turn signals
- Ergonomic steering wheel with tilt and telescopic steering
- MP3 compatible CD player with a 3.5mm AUX input for portable audio players
- USB input for some iPods¹/USB memory sticks² and Bluetooth^{TM3} compatibility
- Driver and front passenger SRS airbags, front seat side airbags, full length side curtain shield airbags⁴ and driver's knee airbag⁴
- Optional Cruise Pack with cruise control, premium gear shift and steering wheel with built in audio and cruise control.

Ascent Sedan

The edgy Ascent Sport sedan comes with all the features of the Ascent sedan, plus some added attitude:

- 16-inch "Blade" alloy wheels⁵
- Rear spoiler
- Front fog lights
- Ascent 'Sport' badge
- Gen Y Audio system
- Premium steering wheel with built in audio controls
- Premium gear shift
- Cruise control.

Ascent Sport Sedan⁷

The Conquest sedan adds to the already impressive features of the Ascent sedan:

- 16-inch alloy wheels⁵
- Body coloured grille with chrome accents
- Smoke finish halogen headlights
- Moonroof⁴
- Premium steering wheel with built in audio controls
- Premium gear shift
- Cruise control
- Optitron Combimeter instrument display
- MP3 compatible six-disc CD changer with a 3.5mm AUX input for portable audio players
- USB input for some iPods¹/USB memory sticks² and Bluetooth^{TM3} compatibility.

Conquest Sedan

The top of the range Ultima sedan is equipped with all the features of the Conquest sedan, plus:

- 2.0L Dual VVT-i engine
- 16-inch "Blade" alloy wheels⁵
- Front fog lights
- Rear spoiler
- Rain sensing wipers
- Auto-on HID headlights
- Electro-chromatic interior mirror with built in 3.3-inch LCD Rear View Monitor⁶
- Smart Entry and Start System
- Leather accented interior
- Climate control air conditioning.

Ultima Sedan

¹ iPod® is a registered trademark of Apple Inc.

² Not all devices will be compatible and functionality will vary depending on the device.

³ The Bluetooth™ word mark is owned by The Bluetooth SIG, Inc. Not all devices will be compatible and functionality will vary depending on the device.

⁴ Available from September 2010 production.

⁵ Spare steel wheel.

⁶ Rear View Camera is designed as a driver assist device only and should not be used as a substitute for skilled driving and safe parking practices. The area into which the vehicle is to be reversed must be visually monitored by the driver while parking.

⁷ Available from June 2011 production.

The safe side.

Every Corolla comes equipped with a raft of safety features designed to help keep both vehicle occupants and pedestrians safe from injury.

Passive safety.

Passive safety begins with Toyota's Safe-T-Cell – a highly rigid body and reinforced cabin, complemented by seatbelt pretensioners and a comprehensive package of impact protection measures, such as seven SRS airbags¹. Standard across all models, Corolla has driver and front passenger airbags, front seat side airbags, full length side curtain shield airbags¹ and driver's knee airbag². Crash protection in the Corolla is part of Toyota's Minimal Intrusion Cabin System (MICS), where reinforcements and structural members are designed to disperse impact energy around the passenger compartment and minimise the risk of injury to the occupants. In addition, impact-absorbing material in the door panels and trim helps to suppress impact.

Toyota Safe-T-Cell.

¹ Available as standard on Ascent models from September 2010 production.

² Available from June 2011 production.

Driver and front passenger SRS airbags, front seat side airbags, full length side curtain shield airbags¹ and driver's knee airbag¹. Levin ZR interior shown².

Active safety.

In addition to four-wheel disc brakes, every Corolla comes equipped with Toyota's Active Braking with intelligence (AB-i) system, as well as Vehicle Stability Control (VSC) and Traction Control (TRC). AB-i has three components: Anti-skid Braking System (ABS), Electronic Brake-force Distribution (EBD) and Brake Assist (BA). ABS uses modern electronics and a hydraulic actuator to compare and adjust wheel speeds when braking, helping to prevent wheel lock-up and potential skidding. EBD minimises stopping distances by maximising braking power to the wheels with the most grip. So, for example, if there's a heavy load in the boot, EBD will recognise this and distribute the braking force accordingly to ensure maximum braking. BA is designed to assist the driver in emergency braking. It interprets a quick, hard push of the brake pedal as emergency braking and supplements the braking power so that the car slows more rapidly.

Combined, these three pieces of technology instantaneously adjust braking to help provide an increased level of control and confidence. Now add VSC and TRC to the equation and Corolla's true level of safety becomes clear. Both systems help the driver maintain maximum steering precision and control in the most testing of circumstances. VSC helps to prevent loss of control by dampening understeer and oversteer when faced with the unexpected. TRC on the other hand, fights against any loss of traction in the front wheels caused by harsh acceleration or less than ideal road conditions.

The big side.

While Corolla may be the world's most popular small car, the interior is anything but 'small'.

Both hatch and sedan feature a wide interior and ample head clearance. The hatch boasts up to 26 different storage compartments and a 350 litre luggage capacity, while the sedan offers a further three storage compartments and an extra 100 litres of boot space.

60:40 split fold seats in all hatch and sedan models allow you to carry long objects while carrying two passengers in the rear of the car. The seat backrests also fold down, creating an expansive and flat cargo space.

Ultima sedan with 60:40 rear split.

Levin ZR hatch¹ with 60:40 rear split.

¹ Available from June 2011 production.

Ultima sedan in Graphite shown.

The accessory side.

The choice doesn't stop at hatch or sedan. Define your Corolla with any number of Toyota Genuine Accessories to add style, safety or functionality.

TOYOTA GENUINE ACCESSORIES ARE COVERED BY OUR TOYOTA WARRANTY*

Some Toyota Genuine Accessories are not applicable to all Corolla models/grades. Refer to the Accessories brochure (available from your Toyota salesperson) or visit toyota.com.au for details on warranty and which Accessories are suitable for your vehicle. Pictured accessories are sold separately. Accessory colours shown may vary from actual colour due to the printing process.

* All Toyota Genuine Accessories purchased and fitted to a Toyota are warranted for the remainder of the New Vehicle Warranty or 12 months, whichever is greater. Toyota Genuine Accessories purchased from an authorised Toyota Dealer over the counter are warranted from the date of purchase for one year. Conditions apply. The Toyota Genuine Accessories Warranty does not limit and may not necessarily exceed your rights under the *Competition and Consumer Act 2010*.

- 1 Roof racks sold separately.
- 2 ParkAssist is designed as a driver assist device only and should not be used as a substitute for skilled driving and safe parking practices. The area into which the vehicle is to be reversed must be visually monitored by the driver while parking.
- 3 Towing capacity subject to regulatory requirements, towbar design, vehicle design and towing equipment limitations.
- 4 Current navigation mapping database encompasses major capital and primary national road networks, as well as offering some coverage of regional areas.
