

# HiLux

Genuine Accessories.

4x4 SR Double-Cab Pick-up V6 with VSC option pack in Sterling Silver accessorised with Alloy Bull Bar, 17" alloy wheels with BF Goodriche tyres, Smooth Canopy and Roof Racks. All accessories sold separately.

#### **Alloy Bull Bar**

Restyled for a slim-line appearance, Toyota Genuine Alloy Bull Bar incorporates full plastic masks over the sturdy aluminium frame to reduce scuffing. One-piece stamped aluminium corners offer clean, rounder edges to increase pedestrian safety and black-outs on the rear of the bull bar minimise reflection. The Toyota Genuine Alloy Bull Bar is available for all grades of 4x4 HiLux.

#### **Steel Bull Bar**

Toyota Genuine Steel Bull Bars are designed and tested to ensure optimal performance in the toughest of conditions. The crash box structure of the Steel Bull Bar features a strong and durable construction, which ensures energy is dispersed correctly during impact. Because of this, a Toyota Genuine Steel Bull Bar is compatible with the factory airbag system. The Steel Bull Bar is powder-coated to resist corrosion and is designed to be compatible with other Toyota Genuine accessories, such as the Toyota Genuine Driving Lights and Superwinch (all pictured and sold separately). Bull Bar pictured applicable to SR model.

#### **Stainless Steel Deluxe Nudge Bar**

Manufactured from sturdy stainless steel tubing, the Toyota Genuine Nudge Bar is lighter than the over bumper bull bar and its stainless steel finish has resistance to tarnishing. The Stainless Steel Nudge Bar has been designed with product strength and durability in mind. Available in a Standard or High grade Nudge Bar variant for both 4x4 and 4x2 models.

4x2 WorkMate Single-Cab Cab-Chassis featuring Heavy Duty Alloy Tray with optional headboard shown.

### Ute/Tailgate Liner

A stylish match for your HiLux Double-Cab utility is the super tough Toyota Genuine Ute Liner and Tailgate Liner. Tailor made for the HiLux, the one piece liner wraps stylishly over the wheel arches and integrates with the header board providing coverage right to and over the edge of the ute. The Toyota Genuine Ute Liner and Tailgate Liner is compatible with the Hard Genuine Tonneau Covers. Available on Double-Cab models 4x2 and 4x4.

### Chrome Grille

The Toyota Genuine Chrome Grille has been designed to add a slim-line, customised look to your HiLux. It is specifically designed to fit your HiLux and is tested to ensure it doesn't affect wind noise. Most importantly, the Chrome Grille will not restrict airflow over the radiator and in the engine bay - so it won't affect the cooling of your engine in harsh Australian driving conditions. The Toyota Badge Bracket clips onto the grille which means you are free to either keep your HiLux front-end badgeless for a clean customised look, or proudly display your Toyota badge.

### Protective Film – Door Handle Paint Protection

Toyota Genuine Door Handle Paint Protection is a high-grade, colourless urethane film which is pre-cut to fit the door-handle cups of your HiLux. Paint Protection maintains the colour of your vehicle by helping prevent paint damage and scratches, which are unsightly and can reduce the resale value of your HiLux.

### Driving Lights

Toyota Genuine Driving lights offer you increased visibility for a range of different applications. Designed to meet all state and federal regulations, the Toyota Genuine Driving Lights are engineered to mount to the HiLux range of accessories, such as Bull Bars and Nudge Bars. Bull Bar and Nudge Bar sold separately.

### Superwinch

The Toyota Genuine Superwinch is designed to integrate seamlessly with the Toyota Genuine Bull Bars. The flush-mounted design minimises front overhang for a stylish look. The Superwinch features a powerful electric motor and a compact, heavy duty solenoid unit that delivers up to 9000lb pulling capacity. The Superwinch's galvanised wire rope comes equipped with a nylon sheath around its leading end to reduce rattling and protect the vehicle's bull bar. Its rubber-coated hand remote control with water proof toggle switch is designed to maximise safety and dependability in all conditions.

### Alloy Sports Bar

The Toyota Genuine Polished Sports Bar is now available adding a level of customised sports styling previously only available on the A Deck variants. Featuring a polished aluminium construction, the tubing on the Sports Bar is designed to seamlessly accommodate the header board Sports Bar pictured applicable to Double-Cab WorkMate and Double-Cab SR model.

### Reversing Camera (Ute)<sup>2</sup>

The Toyota Genuine Reversing Camera is discretely located on the HiLux ute body and projects the view at the rear of the vehicle for added safety and confidence when reversing. Requires AVN or Display Audio unit.

### Reversing Camera (Tray Body)<sup>2</sup>

Designed to work specifically with Toyota Genuine Tray Bodies, the Toyota Genuine Reversing Camera utilises a bracket lip that produces a point of reference for the camera at the lower edge of the vehicle. The Reversing Camera is sealed from the elements and the wiring is also sealed in corrugated tubing to ensure durability in harsh conditions. As with all Toyota Genuine accessories, it is designed to meet all state and national legal requirements, and when it is correctly installed on a HiLux with a tray body it will not infringe on the visibility of the licence plate. Requires AVN or Display Audio unit.

### Reverse Parking Sensors (Tray Body)<sup>2</sup>

Toyota Genuine Reverse Parking sensors are designed to work with the Toyota Genuine Tray bodies, giving you confidence to reverse with the limited visibility a ute tray can create. The Reverse Parking Sensors have been engineered and tested to the rear to assist in protecting your tray, with alarm intensity to warn you as you approach an object. Also available for SR5 utes.

### **Bonnet Protector**

You can help protect your bonnet and paint from stone chips and other damage during daily driving and long trips with the Toyota Genuine HiLux Bonnet Protector. The Bonnet Protector is purpose-built for the HiLux and constructed from high-strength UV-stabilised acrylic, offering superior strength and durability. Hilux bonnet protectors are also tested to suit harsh Australian conditions. Available in clear and tinted finish. Tinted bonnet protector shown.

### **Weathershields (sold separately)**

Toyota Genuine Weathershields offer added weather protection and are lightly tinted to reduce glare. Made in Australia from durable UV and impact-resistant acrylic, they are tailored specifically to the body contours of your HiLux so they fit and offer an integrated look. Left and right shields are sold separately.

### **Roof Racks**

If you're planning to make the most of the outdoors with your HiLux, the Toyota Genuine Roof Rack System is just the thing to help carry the extra gear required. The easy-to-fit and lightweight design requires no tools to attach. The racks are compatible with a huge range of accessories, including the Kayak Cradle<sup>1</sup>, Bike Carrier<sup>1</sup> and Roof Pod<sup>1</sup>, and have an integrated locking system to deter unwanted Roof Rack removal. Available on SR & SR5 models.

### **Towbar with Rear Step**

The super-tough Toyota Genuine Towbars with rear step are available with maximum tow capacities<sup>3</sup> of 750kg unbraked, 2250kg braked (4x2) or 2500kg braked (4x4) and feature a stylish non-slip chrome step bar to give you easy access to your loads. With an easily removable tongue and an anti-rattle mechanism, the Toyota Genuine HiLux Towbar with Rear Step is engineered with an adjustable mounting system. Its black powder-coated finish offers better corrosion resistance. Towball and Trailer Wiring Harnesses are sold separately.

### **Towbar, Towball and Trailer Wiring Harness<sup>3</sup>**

Toyota Genuine Towbars are available with maximum tow capacities<sup>3</sup> of 750kg unbraked, 2250kg braked (4x2) or 2500kg braked (4x4). Towbars are designed specifically for the HiLux chassis, maximising your safety and the durability of your vehicle. All towbars are powder-coated for corrosion resistance and feature an adjustable mounting system. Towbar, Towball and Trailer Wiring Harnesses are sold separately.

### **Tray Body Range**

Toyota Genuine Tray Bodies are available in either lightweight aluminium or heavy duty steel and are offered in a range of variants to suit your needs. With a range of different styles to choose from, deciding which tray construction material best suits you is easy. If you're going to be throwing heavy-duty loads into the back of your HiLux, such as bricks and rocks, then the steel tray body is the perfect fit for your tough jobs. General Purpose Steel Tray shown.

### Smooth Canopy with Roof Racks

The Australian designed and made Toyota Genuine Smooth Canopy is manufactured from PMMA capped ABS (thermoplastic), making it highly durable, impact-resistant and able to withstand extended UV exposure. Each canopy is fitted to your HiLux to create a natural, integrated look and feel. Colour-coded canopies are robotically painted to a high-quality factory finish. The durable canopies are light and are available with slide windows or hinged windows with high mounted strut points for easy access. Roof Racks sold separately. Canopy roof racks available from October 2011.

### All Weather Rubber Ute Mat

Made of thick natural rubber, the Toyota Genuine All Weather Rubber Ute Mat is custom designed to fit the tray floor of your Pick-up. Covering the tray floor to the corners, the All Weather Rubber Ute Mat provides economical protection from scratching and dents caused by sharp and heavy objects moving around in the back of the tray. The rubber surface adds a friction point between the tray surface and the load to help prevent the load from sliding around in the tray. It can be removed for cleaning.

### Ute Soft Tonneau Cover

Toyota Genuine Soft Tonneau Cover is designed to sit flush with the ute of your HiLux. It creates a strong seal between your tonneau cover and ute by utilising a press-and-clip style securing system on internal mounts. Bungee strap style covers available where double cab ute fitted with a Ute Liner. Bungee strap style not compatible on J deck with sports bar.

### Tray Soft Tonneau Cover

Toyota Genuine Soft Tonneau Cover is designed to sit flush with the tray of your HiLux. It creates a strong seal between your tonneau cover and tray by utilising a press-and-clip style securing system on internal mounts.

### All Weather Rubber Tray Mat

Toyota Genuine tray mats are made from thick natural rubber and are specifically tailored to fit the shape of the HiLux trays. Designed to fit over the tray body, the mats offer protection of the tray from scuffing and scratching. The mats also help prevent loads from sliding around in the tray, and it can be removed for cleaning.

### Hard Sports Tonneau Cover

The security of your tools, sporting equipment and other loads are important – that's why Toyota Genuine Hard Sports Tonneau Covers can be locked securely into position. They can also be removed for increased load flexibility. The hard Tonneau Cover is colour-coded to offer a tough sports look and is designed to integrate alloy sports bars on the A Deck. Engineered and manufactured in Australia to ensure durability throughout years of operation in harsh Australian conditions, the hard Tonneau Cover features stainless steel hinges and gas struts for easy opening and closing.

### **Steel Side Step and Rail**

When you take your HiLux over rocky terrain, the sill (lower body area under the door), doors and side of the body are vulnerable to damage from scraping and bashing against large rocks. Toyota Genuine Side Steps and Rails are made from heavy duty corrosion-resistant steel and are designed to protect your HiLux from damage that can occur when driving over rocky terrain by fending off the direct impact. Available as an optional addition to attach to the Toyota Genuine Steel Bull Bar, the Side Step's stylish aluminium chequer plate tread enables occupants to step in, out and reach up to the top of the vehicle. Not suitable for SR5 or SR with fender flares. Fitment requires removal of original side step.

### **Canvas Style Seat Covers**

Toyota Genuine Seat Covers are manufactured from hard-wearing canvas and are specifically tailored to the factory seats in your Toyota HiLux. Rigorous quality testing ensures your Toyota Genuine Seat Covers are durable and resistant to fading from UV exposure. The fire-resistant material is also tested against shrinkage and colour fading from washing and contact abrasion. They will not interfere with the deployment of the airbags and are designed to avoid seat controls, so the mechanics of the seat aren't affected or obscured and adjustments can be made easily. Washing as per instruction on seat cover.

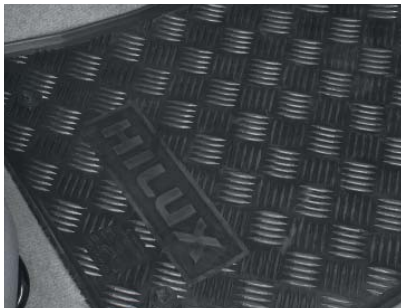

### **Sports Vest Seat Covers**

Sports Vest Seat Covers are tailored from sports neoprene. The neoprene material firmly grips the seat providing additional cushioning. They are water resistant and hand washable, fit easily without straps and are engineered to the highest standards. They will not interfere with the deployment of the airbags and they meet all Australian Design Rule requirements. Toyota Genuine Seat Covers are also designed to avoid seat controls, so the mechanics of the seat aren't affected or obscured and adjustments can be made easily. Washing as per instruction on seat cover.

### **Alloy Wheels 17"**

These Toyota Alloy Wheels are a single piece cast alloy design to ensure maximum strength. Put through the same rigorous testing regime as the standard alloy wheels, these rims are stress tested to ensure they don't bend or corrode and are durable enough to survive on the roughest Australian roads. Offered in 17 inch, the Toyota Genuine Alloy Wheels offer a sporty look without compromising on the quality and durability that the Toyota testing regime can offer. BF Goodrich tyres sold separately. See participating Dealers for further details.

### **All Weather Rubber Floor Mats**

The Toyota Genuine All Weather Rubber Floor Mats are tailor-made to fit your HiLux and have a hardy checker plate appearance and a raised lip to catch mud and moisture. They are easy to clean and offer great protection for the interior of your HiLux.

### **Headlamp Covers**

The Toyota Genuine Headlamp Covers provide protection from insects, stone chips and damage. They are tailored to fit your HiLux and are made in Australia from high-strength acrylic, which is resistant to cracking and UV discolouration. Bonnet protector shown sold separately.

### Audio Visual Unit with Satellite Navigation<sup>4</sup>

Find an easier route home with the guidance of the Toyota Genuine Satellite Navigation Audio System<sup>4</sup>. Equipped with Suna Traffic<sup>5</sup> the navigation system receives traffic updates 24/7, so it can navigate alternative routes around traffic congestion and landmarks can be displayed in 3D for easier recognition. The audio system allows you to play from iPod<sup>®6,7</sup>, iPhone<sup>®6,7</sup>, USB<sup>6</sup> or CD, and the full-colour touch-screen display features a simplified audio track search and album jacket display (for iPod<sup>®6,7</sup> and iPhone<sup>®6,7</sup>). Voice control function allows you to select audio by the artist name (for iPod<sup>®6,7</sup> and iPhone<sup>®6,7</sup>) or make phone calls, and the FM radio is capable of displaying the station name and song name. Also compatible with the Toyota Genuine reversing camera (optional).

### First Aid Kit – Personal and Family

If you're planning on heading off-road or incorporating your HiLux into an action lifestyle, it's a good idea to have a first aid kit in the glove box. The kit holds sixteen different items, including essentials such as wound covers, dressings, slings and scissors. Designed by St John Ambulance it comes complete with a quick First Aid Reference Guide. Family Motorist First Aid Kit also available.

#### TOYOTA GENUINE ACCESSORIES ARE COVERED BY OUR TOYOTA WARRANTY\*

\* All Toyota Genuine Accessories purchased and fitted to a Toyota are warranted for the remainder of the New Vehicle Warranty or 12 months, whichever is greater. Toyota Genuine Accessories purchased from an authorised Toyota Dealer over the counter are warranted from the date of purchase for one year. Conditions apply. The Toyota Genuine Accessories Warranty does not limit and may not necessarily exceed your rights under the Competition and Consumer Act 2010.

See your Dealer for advice regarding Toyota Genuine Accessories. Pictured Accessories are all sold separately. For a comprehensive guide on the entire range of Toyota Genuine Accessories, visit our website at [accessories.toyota.com.au](http://accessories.toyota.com.au).

Front cover: 4x4 SR Double-Cab Pick-up V6 with option pack in Sterling Silver accessorised with Roof Racks, Kayak Carrier, Steel Bull Bar, Superwinch, Driving Lights, 17" Alloys with BF Goodrich Tyres, Weathershields and Ute/Tailgate Liner. All accessories sold separately.

- 1 Accessories sold separately.
- 2 Reversing Camera and Park Assist is designed as a driver assist device only and should not be used as a substitute for skilled driving and safe parking practices. The area into which the vehicle is to be reversed must be visually monitored by the driver while parking.
- 3 Towing bar capacity subject to regulatory requirements, towbar design, vehicle design and towing equipment limitations. Ask your Dealer for details of Toyota Genuine Towbar capacity and availability.
- 4 Current navigation mapping database encompasses major capital and primary national road networks, as well as offering some coverage of regional areas.
- 5 Suna™ is only available in the following metropolitan areas: Adelaide, Brisbane, Canberra, Gold Coast, Melbourne, Perth and Sydney; it operates from information provided by Intelomatics Australia and may not cover all road incidents and congestion. Genuine Canopies.

## Cover up your gear.

*The Australian-made Toyota Genuine Smooth Canopy is highly durable, impact-resistant and able to withstand extended UV exposure.*

The Toyota Genuine Smooth Canopy is designed to Toyota's stringent standards and put through a rigorous testing regime – including rugged off-road driving – to ensure it is tough enough to withstand Australian conditions.

The Smooth Canopy has been developed to be easy to use and is a durable piece of equipment.

For those requiring more load-carrying capacity the optional roof racking system attaches to the sturdy internal support frame, which has been tested to carry up to 90kg and is compatible with the Toyota Genuine uteliner (sold separately).

- 1 Streamlined shape promotes a seamless, integrated look
- 2 Single key needed to lock the rear and side windows for added security
- 3 Dark tinted glass in rear door and side windows for added privacy
- 4 Rear glass door with centre door handle features high-mounted strut points to allow freer access inside the canopy
- 5 Manufactured from highly durable and impact-resistant thermoplastic and is able to withstand extended UV exposure
- 6 Two side window variations - Dual Sliding and Dual Lift Up
- 7 Internal light makes finding what you need much easier
- 8 Optional Roof Racking System for additional loads up to 90kg (sold separately)

#### High and low roof textured-finish canopy

- Constructed from strong, lightweight moulded ABS plastic
- Features large tinted windows with double-point locking mechanism
- Two lockable windows on each side of the Canopy come in sliding or pop-up
- Colour matched to vehicle

#### Smooth Canopy with Dual Lift Up Windows

- Manufactured from single-skin PMMA capped ABS (thermoplastic)
- Smooth finish creates a natural, integrated look and feel
- Solid dual-curved rear glass door (with centre door handle) features high-mounted strut points to open fully
- The dual side windows are available as sliding or lift action – lift action side windows also feature high-mounted strut points
- Also colour-matched to vehicle

4x4 SR Double-Cab Pick-up V6 in Sterling Silver  
 accessorised with Alloy Bull Bar, 17" Alloys with  
 BF Goodrich Tyres, Smooth Canopy with Dual  
 Sliding Windows and optional Roof Racks.  
 All accessories sold separately.

# HiLux

Genuine Tray Bodies.

# Unbreakable trays for tradies.

*Toyota Genuine Tray Bodies are available in either lightweight aluminium or heavy duty steel and are offered in a range of variants to suit your needs.*

Toyota Genuine Tray Bodies feature an advanced new generation of quick-lock hinges<sup>2</sup> which replace the steel hinges on the drop sides of previous models. Manufactured from tough plastic, the hinges are almost three times stronger than the previous metal hinges. The simple innovative locking and unlocking action makes for easy removal and installation of sides and reduces the risk of hand and finger injuries. There are no sharp edges and the hinges will not corrode.

Aluminium tray bodies now feature internal tie-down rails, which give you more flexibility when choosing tie-down points for high or short loads. They increase the stability of shallow and small loads that sit below the tray line and ensure that the drop sides are not damaged under the stress of heavy loads. External Rope Rails are still available as an optional extra.

- 1 Headboard Ears
- 2 Tapered Angle Alloy Headboard with Steel rear window protector
- 3 Internal tie-down rail for effective restraint of low and difficult loads
- 4 Rippled drop sides increases resistance to scratching, increase longevity and improve appearance
- 5 Drop side catches increase strength, improve operation and reduce chance of corrosion

- 6 Next generation mud guards are high-strength, improve corrosion performance, are light weight and reduce chance of injury from sharp corners
- 7 Market leading New Generation plastic hinges which are safer, significantly stronger and no corrosion<sup>2</sup>
- 8 Step/Rope Rail
- 9 Tapered round tube headboard

The new generation of trays feature tough plastic mudguards, which help increase safety by reducing the number of sharp edges around your HiLux. The lightweight plastic mudguards are reinforced with rib structures which allow them to flex, without permanently deforming, in case you back into something.

Rippled drop sides are designed to reduce the incidence of scratching of the tray's surface, and the headboard and tray profile has been redesigned with a rounder corner post for added pedestrian safety. And Toyota Genuine Tray Bodies now incorporate specifically engineered mounting points for the optional Rear Parking Sensor and Cameras.

The optional Rear Ladder Rack features a single-bolt, quick-release attachment that allows you to easily remove the rack when you need more space in the tray to carry larger loads, or simply want to sweep-out the tray.

With a range of different styles to choose from, deciding which tray construction material best suits you is easy. If you're going to be throwing heavy-duty loads into the back of your HiLux, like bricks and rocks, then the steel tray body is the perfect fit for your tough jobs. Designed to carry the same payload<sup>1</sup> as the aluminium tray body, the steel trays are heavier and won't easily dent and scratch.

#### **Entry Level Alloy Tray (ELA)**

- Lowest cost option
- Compact design-narrow and short

#### **General Purpose Alloy Tray (GPA)**

- Tapered Angle Alloy Headboard
- Shown with optional Window Protector

#### **Heavy Duty Alloy Tray (HDA)**
