The Ultimate
Driving Machine

THE BMW M3 COUPÉ AND CONVERTIBLE.

SPECIFICATION GUIDE.

BMW EfficientDynamics
Less consumption. More driving pleasure.

MODELS.

	Transmission	Cylinder / Capacity cm ³	Power / Torque	Combined fuel consumption	CO ₂ emissions
Petrol Models					
M3 Coupé	6-speed manual	8-cylinder 3,999	309 kW 400 Nm	12.4	290
M3 Convertible	6-speed manual	8-cylinder 3,999	309 kW 400 Nm	12.7	297

BMW recommends the use of RON 95 super unleaded petrol. Unleaded 91 RON and higher with a maximum ethanol content of 10% (E10) may also be used. Output and fuel consumption figures apply to RON98 fuel. All engines meet the EU5 emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle (93/116/EU), which consists of approximately one third urban traffic and two thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured in addition to fuel consumption. Optional equipment (e.g. wider tyres) can have a significant impact on fuel consumption.

■ Standard □ Optional NCO No Cost Option

STANDARD EQUIPMENT.

	M3 Coupé	M3 Convertible
Transmission and technology		
6-speed manual transmission	■	■
BMW 8-cylinder V engine with 4-valve technology, individual throttle butterflies with electronic throttle butterfly control and Double-VANOS variable camshaft control	■	■
Auto Start/Stop function , reduces fuel consumption by switching off the engine when the vehicle comes temporarily to a stop, manual transmission only	■	■
Brake Energy Regeneration , improves fuel efficiency and ensures that the full power of the engine is available for acceleration	■	■
Brake-pad wear indicator	■	■
Condition Based Service , inspections are scheduled to suit the way in which the car is driven	■	■
Electronic Damper Control (EDC)		■
M Drive		■
M suspension with twin-joint spring strut front axle, sub-frame, front axle tie-rod and stiffening plate in aluminium, rear axle sub-frame in steel, track control arm and spring strut in aluminium and lightweight steel construction	■	■
M Servotronic	■	■
Start/Stop button incl. keyless ignition	■	■
Variable M differential lock	■	■
Safety		
Active headrests , front, automatic triggering of the headrests in the event of a collision, to reduce whiplash	■	■
Airbags: driver and front passenger airbags, seat occupancy detector for front passenger airbag; side airbags for driver and front passenger, integrated in seat backrests	■	■
Airbags: head airbags in the front and rear	■	
Alarm system , with remote control	■	■
Brakes: compound disc brakes front and rear, inner-vented, perforated	■	■
Central locking with electronic immobiliser, crash sensor, fuel tank filler cap integrated into central locking system	■	■
Complimentary BMW Driver Training Intensive Course , offer redeemable for one customer per vehicle purchase. Only available for new owners within the new vehicle warranty period	■	■
Dynamic Stability Control (DSC) , incl. Antilock Braking System (ABS) and Cornering Brake Control (CBC), Pullaway Assistant, Dry Braking and Braking Readiness	■	■
Roll-over safety system		■
Safety body shell: bumper system with deformation zones at the front and rear, easily-replaceable deformation elements that absorb impacts at speeds up to 15km/h; integrated side impact protection in doors	■	■
Seat belts: ergonomic belt system at the front and rear with inertia-reel belts, pyrotechnical belt latch tensioner and belt force limiter at the front	■	■

- BMW Tyre & Rim Insurance
- BMW Extended Warranty Insurance
- BMW Loan Protection Insurance
- BMW Motor Equity Insurance
- BMW Leaseprotect Insurance
- BMW Purchase Price Insurance

Speak to your Business Manager today about our extensive range of Finance and Insurance products.

BMW DRIVER TRAINING.

If you've ever wondered why a BMW is the Ultimate Driving Machine, a BMW Driver Training course is for you. If you've ever wondered what an Ultimate Driving Machine is capable of, this is the Ultimate test-drive.

Sign up for a BMW Driver Training course and you will learn what these remarkable vehicles can really do. More importantly, you will also acquire essential skills that will enhance your driving ability and safety.

BMW Driver Training was introduced in 1977, the first of its kind initiated by an automotive manufacturer to improve the skills, reactions and awareness of drivers.

Today more than ever, the 3-stage programme offers drivers a positive, exhilarating experience, along with an excellent education and an enthralling opportunity to accelerate their driving abilities behind the wheel of an efficient and dynamic range of Ultimate Driving Machines.

The aim of the programme is to enhance each participant's driving ability by developing attitudes and skills through a structured sequence of courses. Each course takes participants through an increasingly challenging mix of low and high speed driving exercises that help them respond effectively in emergency situations and become progressively more confident, safe and enthusiastic drivers.

Our courses are conducted at Australia's leading facilities, and all BMW Driver Training courses are supervised by highly-trained instructors under the stewardship of Le Mans and Bathurst winner, Geoff Brabham.

BMW Driver Training offers a range of different courses, from Young Driver training to the more advanced and exhilarating M Dynamic performance driving course.

BMW Young Driver Training

An important new initiative developed by BMW Group Australia to instil safe driving habits amongst young drivers.

BMW Advanced Driver Training

The ideal starting point for experienced drivers to develop safer and more confident car control.

BMW Intensive Driver Training

An exciting introduction into performance driving, designed for confident drivers.

BMW M Dynamic Driver Training

After completing our Intensive Training course, drivers can take their skills to another level with this high-performance course designed to test their ability to the fullest.

To find out more about BMW Driver Training courses and dates, please call **1800 000 269** or visit **bmwdrivertraining.com.au**
