

Camry

TOYOTA

The Toyota Advantage.

Pay no more from one logbook service to the next with Toyota Service Advantage.

New Toyotas come with Toyota Service Advantage. That means on Camry you'll pay the same low capped-price from one logbook service to the next for the first four years or 75,000km, whichever comes first¹. So you'll enjoy the peace of mind of knowing in advance what your servicing costs will be. Better still, your Toyota will be serviced by Toyota-trained Technicians who know your vehicle inside out and only ever use Toyota Genuine Parts. For the full benefits of Toyota Service Advantage consult a Toyota dealer or visit toyota.com.au/advantage.

We've got your back.

Every new Toyota is built to exceptional standards, which is backed by a 3 year/100,000km² warranty, giving you the peace of mind to feel confident for years to come.

Finance to get you going.

Sometimes you need just a little help to get up and running. Toyota Finance³ can offer you a wide range of vehicle financing. From personal loans to leasing for all kinds of business, we can help.

Even more protection.

Everyone needs vehicle insurance, but take out our Comprehensive Motor Vehicle insurance and you'll get a policy packed with a great range of benefits.

These include:

- Where your Toyota becomes a total loss, is under 3 years old and has less than 100,000km on the clock, we'll replace it with a brand new Toyota vehicle.
- We'll also promise to use genuine new Toyota parts to repair your vehicle if it is less than 5 years old.
- And we'll guarantee the quality of workmanship on all authorised repairs as long as you remain the owner of the vehicle.

Toyota Insurance also offers Finance Gap Insurance, Payment Protection Insurance and Extended Warranty Insurance⁴.

Extend your peace of mind.

Extend your original factory warranty by up to 3 years with the Toyota Extra Care Extended Factory Warranty. Available on most new and used Toyotas⁵, it will give you extra peace of mind – as will membership to our Roadside Assist service, offering breakdown assistance 24/7. Rest assured should your vehicle be immobilised by a roadside breakdown or accident, help is never more than a phone call away with Toyota Extra Care Roadside Assist.

Discover the full range of Toyota products and services and find your nearest dealer at toyota.com.au

1 Standard scheduled servicing (normal operating conditions) up to the first 5 services. Excludes Government and Rental vehicles. Only applicable to ASV50R Camry with production date November 2011 onwards and AVV50 Camry Hybrid with production date February 2012 onwards. Contact your Toyota dealer or go to toyota.com.au/advantage for other exclusions and eligibility.

2 New Vehicle Warranty expires 3 years from date of first delivery or 100,000kms, whichever occurs first. Refer to the warranty conditions. The New Vehicle Warranty does not limit and may not necessarily exceed your rights under the *Competition and Consumer Act 2010*.

3 Toyota Finance is a division of Toyota Finance Australia Limited ABN 48 002 435 181, Australian Credit Licence No 392536.

4 Terms and conditions apply. Before making a decision about any of the insurance products, please refer to the current Product Disclosure Statement (PDS) for the relevant product available from participating dealers, via the Toyota Insurance website at toyotainsurance.com.au or by calling 137 200. Confidence that comes from an inherent sense of quality.

Toyota Camry has built a strong reputation in Australia, securing a place as the nation's favourite mid-sized sedan.

Built to exacting standards here in Australia, the 7th generation Camry takes a car that's brilliant down to the last detail, and makes it even better.

Adding to the prestigious and progressive feel, Camry boasts a low-wide dynamic exterior that enhances the strong athletic appearance. With impressive performance and low fuel consumption, Camry exceeds your expectations like never before. From its world class braking package and intelligent technologies through to its spacious interior, Camry is unashamedly dynamic.

Offering four different variants to choose from including the ever popular Altise model, the 7th generation Camry introduces the Atara nameplate to the Australian market. Featuring three different models – Atara S, Atara SL and Atara SX. Differentiated by an impressive array of features designed to enhance the vehicle's sports appeal and performance, Atara models are as engaging to drive as they are reliable.

- Athletic styling
- Outstanding driving dynamics
- Four different models
- Assured quality

ATARA SL IN GRAPHITE

Model features optional Moonroof

Head-turning brilliance.

One of the secrets to Camry's success has been its reliability. Time after time, you've always known what a Camry can deliver. But with the 7th Generation Camry, you're in for a surprise. From Altise through to the Atara models, Camry delivers across the range.

Performance-wise you'll find a powerful 2.5 litre dual VVT-i engine and six speed sequential shift transmission standard across the range. Combined with Anti-skid Braking System (ABS), Vehicle Stability Control (VSC) and Traction Control (TRC), you have a package that not only performs well but helps to keep you in control. Electric Power Steering (EPS) and suspension tuned specifically for Australian road conditions, as well as aerodynamic features combine to deliver a dynamic ride and handling package.

Atara is a clever combination of sports car design cues and everyday practicality. Sharp distinctive character lines extend along the body highlighting the sharp contours, while sleek headlights and fog lamps integrated into the aggressive lower air dams and a prominent lower front grille, and 17" alloy wheels further enhance its athletic on-road presence.

All Atara models feature a rear styling statement of dual exhausts and an integrated rear lip spoiler on Atara SX makes a strong impression.

Vortex-generating aero fins featured on the side mirror mounts, tail lamps as well as on the underbody of the car, are designed to help stabilise performance by dictating airflow behaviour around the vehicle, helping the car hug the road.

Atara models also come with sports paddle shifts and sports mode for faster gear changes and a more dynamic driving experience. The result, a smooth and responsive ride.

2.5L Dual VVT-i Engine

17" Alloy Wheels

Vortex-Generating Aero Fins

**Impressive on the outside.
Intelligent on the inside.**

Camry exudes a quiet, understated sense of quality. Premium features create enhanced levels of comfort.

Camry's acoustic insulation technology makes for a quieter ride, while allowing full appreciation of the Bluetooth™¹ hands-free phone and media streaming across the range. All Atara models come with dual-zone climate control air conditioning for a comfortable ride all round. The technological advancements continue with an on-board trip computer that monitors and reports on your performance efficiency. Across the Atara range Smart Entry and Smart Start lets you enter and start the car without reaching for your keys.

There's also a full suite of active safety technologies to help you steer clear of trouble. As the saying goes, there is safety in numbers. That's why Camry also comes with seven SRS airbags, including driver's knee airbag and seatbelt warning indicator for all occupants as standard.

- ¹ The Bluetooth™ word mark is owned by the Bluetooth SIG, Inc. Not all devices will be compatible and functionality will vary depending on the device.
- ² Automatic High Beam and Blind Spot Monitor are designed as driver assist devices only and should not be used as a substitute for safe driving practices.
- ³ SUNA™ Traffic Channel is only available in the following metropolitan areas: Adelaide, Brisbane, Canberra, Gold Coast, Melbourne, Perth and Sydney; it operates from information provided by Intellematics Australia and may not cover all road incidents and congestion. Please see www.sunattraffic.com.au for details.
- ⁴ Current mapping database encompasses major and primary national road networks as well as offering some coverage in regional areas.

Camry Firsts.

Camry features world class technologies that instinctively interact with the driver and road for a safer and more intuitive driving experience.

Blind Spot Monitor (BSM)²

You can't always see what's coming, but Camry Atara SL has got eyes where you don't. Even with properly adjusted side mirrors, adjacent vehicles may enter blind spot areas that are outside of the driver's view. Blind Spot Monitor (BSM)² uses radars to monitor these blind spots. Should you indicate to change lanes, the system will alert you to other vehicles that are hiding in the blind spot zones, via illuminating warning indicators on the appropriate side mirror. Knowing what's around your vehicle is key to confident driving.

Digital radio & SUNA™ Traffic Channel – live traffic updates.³

Camry Atara SL also features a ten speaker surround sound JBL premium audio system with 7" display and satellite navigation⁴ Live traffic data³ keeps the driver up-to-date via the navigation system⁴ on the latest road conditions and automatically recommends alternative routes that will save time.

Automatic High Beam²

In a Camry first, Atara SL features Automatic High Beam² technology which is designed to automatically switch the headlights from high beam to low beam when it detects approaching vehicles.

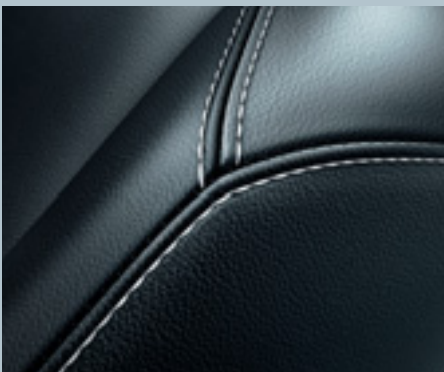

ATARA SL INTERIOR IN BLACK

What's your Camry?

LEFT TO RIGHT: ATARA S, ATARA SX, ALTISE, ATARA SL

Altise – Brilliance starts here

Setting the stage for the Camry experience, Altise delivers on performance with a 2.5L Dual VVT-i engine, six speed sequential shift transmission and locally tuned suspension for enhanced handling and fuel efficiency. A great all-rounder that features an on-board trip computer as standard, steering-wheel mounted audio controls, Bluetooth™¹ hands-free phone and media streaming, and an impressive array of standard safety features such as seven SRS airbags including driver's knee airbag and seat belt warning indicator for all occupants.

Camry Altise shown in Diamond White.

Atara S – Exhilarating brilliance

Atara S is a sportier take on Camry. With a dynamic exterior, dual exhausts, front fog lamps, 17" alloy wheels and sharper body contours, Atara S makes a strong impression. All Atara models come with surprising features, including reverse camera², dual-zone auto climate control air-conditioning, electric driver seat adjustments with lumbar, Smart Entry and Smart Start and a 6.1" display audio with six speakers.

Camry Atara S shown in Eclipse Black.

Atara SL – The height of brilliance

Atara SL showcases the best the Camry line-up has to offer. It comes with all the latest technology, including Blind Spot Monitor² and Automatic High Beam². The instinctive driving experience continues with rain-sensing wipers, electric rear sunshade, reverse camera² with path-prediction reference lines and automatic dipping side mirrors. If you're a sound connoisseur, you'll love the ten speaker JBL premium audio system with 7" display and satellite navigation³ which, along with the electric two-memory driver's seat, ensures the ride is as entertaining as it is comfortable.

Camry Atara SL shown in Magnetic Bronze.

Atara SX – Sporting brilliance

If it's a more dynamic sports feel you're after, Atara SX is the ultimate model for you. Atara SX makes for an engaging drive, with paddle shift technology and high response up shifts and throttle "blipping" down shifts when Sports mode is selected. Unique leather accented sports seats and trim, black tinted headlamps, alloy sports pedals, a sports body kit and sports-tuned suspension make Atara SX the ultimate sports package in the Camry range.

Camry Atara SX shown in Reflex Blue.

¹ The Bluetooth™ word mark is owned by the Bluetooth SIG, Inc. Not all devices will be compatible and functionality will vary depending on the device.

² Automatic High Beam, Blind Spot Monitor & Reversing camera are designed as driver assist devices only and should not be used as a substitute for skilled driving and safe parking practices. The area into which the vehicle is to be driven must be visually monitored by the driver.

³ Current mapping database encompasses major capital and primary national road networks as well as offering some coverage in regional areas.

Redefine your Camry experience.

There's nothing quite like creating the exact car you want. So, we've put together a wide range of accessories for you to choose from.
