Take a more luxurious drive.

It's apparent from the very first glance. The graceful posture, sleek lines and sophisticated styling make it clear that Aurion is truly a luxurious vehicle.

Step behind the wheel, and that sense of understated elegance is only enhanced – with the high quality finishes, the spaciousness, and the array of intuitive technology that make driving a simple and seamless pleasure. And under the bonnet, the powerful and efficient V6 engine responds with utmost precision.

Aurion is in a class of its own – a vehicle for those who place a premium on sophistication, who value the truly refined, and wherever they go, choose to go in style.

Engineered to be enjoyed.

First impressions are powerful things. And when you first lay eyes on the Aurion, it's clear this is a car that will get you noticed. In the best possible way. From every angle, the carefully crafted lines and sleek, confident profile speak not just to refined style, but intelligent aerodynamics.

Look closer and you'll notice touches of class from front to back – from the dynamic front grille, to the sports-inspired alloy wheels, Aurion makes a statement of style and refinement. And with aero stabilising fins mounted to the side view mirrors and the underbody, this is the most aerodynamic Aurion yet.

Throughout the Aurion range – from the elegance of the Presara, to the athletic prestige of the Sportivo models, you'll find individual interpretations of luxury, and a sense of style that perfectly matches your own.

The height of technological sophistication.

From the moment you step inside the Aurion you're enveloped in luxury. It starts with the opulent interior, and extends right through to the array of clever technologies, such as keyless Smart Entry and Smart Start¹ and the clever electric rear sunshade² that provides shade and protects from the heat and sun.

When it comes to sound, Aurion delivers, with the audio system highlighted by an impressive 6.1" audio display screen. Choose the Presara or Sportivo ZR6 and you'll enjoy the JBL premium audio system with 7" screen display complete with Digital Radio (DAB+),³ Satellite Navigation⁴ and SUNA^{TM5} Traffic Avoidance System.

Need to make or receive a phone call or change your music? Aurion makes that a seamless experience too – with steering wheel mounted audio controls, and Bluetooth^{®6} connectivity for audio streaming and hands free mobile calls. And, thanks to voice control in Presara and ZR6 models, convenience is enhanced further.

For the true pleasure of driving.

Every last detail of the Aurion has been designed for comfort, convenience and pleasure. From the dual-zone climate control air conditioning, ensuring you and your passengers are always the perfect temperature, to the acoustic insulation technology that blocks outside noise and keeps the cabin whisper quiet, Aurion is a genuine delight to drive.

You'll notice immediately the sense of space – with added legroom in the back seats created through clever sculpting of the door trims and seatbacks. Specially designed for comfort, the rear seats have been shaped for optimum sitting posture, and the driver's seat is equipped with advanced lumbar support for extra comfort, even on those long drives.

It takes just one glance at the Multi-Information Display (MID) to know all the key details of your trip – such as your average fuel economy. And with rain sensing wipers² and adaptive front lighting technology (on the Presara and the Sportivo ZR6 models), which changes your headlamp beam direction in response to steering, the Aurion is a pleasure to drive even in adverse conditions.

Superior performance, delivered powerfully.

Beneath the sleek lines of Aurion's bonnet you'll find an advanced 3.5 litre dual VVT-i V6 engine capable of an impressive 200kW. Highly responsive, and smoothly delivered, it's a sense of power and poise that brings enjoyment to even the most mundane journeys. And it's all achieved with a combined fuel efficiency of just 9.3L/100km.⁷

But the performance doesn't stop under the bonnet. The suspension has been specifically tuned for Australian road conditions – for enhanced handling and fuel efficiency. Shift gears with ease – with a smooth and efficient automatic six speed sequential shift transmission. Plus, in Sportivo models you'll enjoy quick-response paddle-shift technology, for faster gear changes and a more exciting, dynamic drive.

There's no playing it safe on safety.

There's nothing quite so important as the safety of everyone on board. Even on the shortest of trips, it's reassuring to know that you're buckling up in a vehicle awarded the maximum 5-Star ANCAP safety rating.

Aurion boasts a comprehensive range of active and passive safety features to help you steer clear of trouble. From ABS to Brake Assist (BA), Traction Control (TRC) to Electronic Brake-force Distribution (EBD), Aurion's intelligent braking system will ensure more control and more stopping power. And with the addition of Vehicle Stability Control (VSC), you can brake through corners with confidence. There's also a reversing camera⁸ across the range – and, if you choose the Presara or ZR6 model, a Blind Spot Monitor system (BSM)⁸ which will alert you to vehicles hiding in your blind spot.

With the extra safety of seatbelt warning indicators across the range, along with front and rear parking sonars⁸ on Prodigy, Presara and ZR6 models, you can enjoy peace of mind behind the wheel. And should a collision ever occur, you and your passengers will be protected from every direction with seven SRS airbags that includes driver's knee protection.
