NEW EXPERIENCE LEADS TO NEW EXPRESSION.

There is always something new to experience when you live a life in motion. And often, this gives rise to new ways of expressing yourself. With Genuine BMW Accessories for the Exterior, there is always the most fitting solution to suit this dynamic approach to life. Sporty, aesthetic, high quality – and as unique as you are.

In focus: 20" light alloy wheels Cross-spoke style 404
The high quality 20" light alloy wheels are in Bicolour Black with a burnished finish on the visible sides and feature corrosion protection. Tyre Pressure Monitoring complete wheel set with mixed, run-flat tyres.

EXTERIOR. BMW 3 SERIES. BMW 4 SERIES.

1 M Aerodynamics package

The M Aerodynamics package visually accentuates the sportiness of the vehicle. It comprises a front apron with enlarged air inlets, special side skirts and a rear apron with a diffuser insert in Dark Shadow metallic. The tailpipes are finished in high-gloss chrome.

1 20" light alloy wheels Star-spoke style 660

These wheels are forged, in Bicolour Orbit Grey and have a burnished finish on the visible sides. With their two-colour look, they give the vehicle a strikingly sporty touch.

2 20" BMW M Performance light alloy wheels Double-spoke style 405 M

Forged, in Bicolour Orbit Grey, burnished on the visible sides and featuring the BMW M logo.

2 BMW Design retaining clips

These are made in high quality spring steel, painted in a classic grey and feature the BMW logo. They replace the standard retaining clips and, with the open-wheel design, make the brake calipers look even more striking. Available in sets of two or four.

3 + 4 20" BMW M Performance light alloy wheels Double-spoke style 405 M

Forged and polished (pic 3), or forged, in Bicolour matt Black and milled (pic 4). Featuring the BMW M logo.

➤ Find the style that matches your BMW – with the wheel configurator at bmw.com.au/wheelsconfigurator

04

5 + 6 20" light alloy wheels Double-spoke style 361

Giving the vehicle an even sportier look in Bicolour Black with a red border (pic 5), or Bicolour Ferric Grey and burnished on the visible sides (pic 6).

7 19" light alloy wheels Double-spoke style 598 M

In Bicolour Orbit Grey, burnished on the visible sides and featuring the BMW M logo.

8 19" light alloy wheels Multi-spoke style 399

In Bicolour and with a burnished finish.

9 18" light alloy wheels Multi-spoke style 416

In Reflex Silver and with a burnished finish on the visible sides.

10 Mud flaps*

The robust black mud flaps protect both your vehicle and those following from dirt and stone chips. They are optimally matched to the vehicle's design, impressively accentuate the striking BMW look and are available in sets for the front and rear axles.

Locking wheel bolts (not pictured)

This set comprises four locking wheel bolts with special BMW coding. The bolts can only be opened using the supplied tool and thus provide highly effective protection from wheel theft.

➤ For more Genuine BMW wheel options, visit the wheel configurator at bmw.com.au/wheelsconfigurator

*For non M Sport models & dependent on BMW model variant.

EXTERIOR. BMW X3. BMW X4.

1 BMW M Performance front grille, black

The black front grille, in tear- and impact-resistant plastic, impressively underscores the individuality of the vehicle. Black grille bars and high-gloss black surrounds accentuate the sporty character, while making the BMW kidney grille a visual highlight in itself.

1 BMW M Performance wing mirror caps, carbon

Meticulously hand-crafted in 100 per cent carbon: the striking wing mirror caps highlight the technologically advanced character of the vehicle. Their dynamic design ensures a particularly high quality look and creates an individual, sporty accent.

1 M Aerodynamics package

The M Aerodynamics package visually accentuates the sportiness of the vehicle. It comprises a front apron with enlarged air inlets, special side skirts and a rear apron with a diffuser insert. The tailpipes are finished in chrome.

1 + 2 21" BMW M Performance light alloy wheels Double-spoke style 599 M

In Bicolour matt Black, burnished on the visible sides and featuring the BMW M logo.

3 20" BMW M Performance light alloy wheels

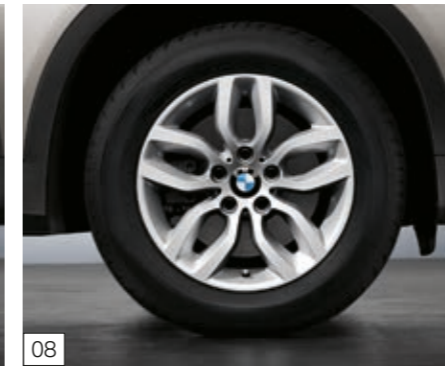

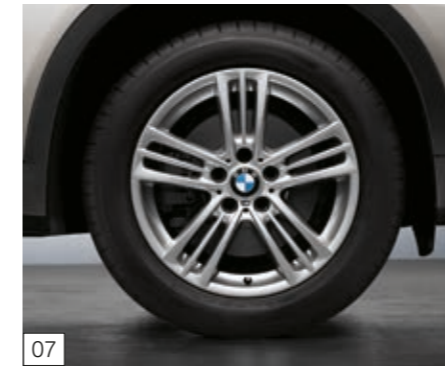

Double-spoke style 310 M

In Bicolour Orbit Grey, burnished on the visible sides and featuring the BMW M logo.

4 + 5 20" light alloy wheels Star-spoke style 311

In Silver (pic 4) or fully chromed (pic 5) and featuring visible wheel bolts for a sporty look.

➤ Find the style that matches your BMW – with the wheel configurator at bmw.com.au/wheelsconfigurator

6 19" light alloy wheels Double-spoke style 369 M

Cast and featuring the BMW M logo.

7 18" light alloy wheels Star-spoke style 368 M

For a particularly elegant and sporty look.

8 17" light alloy wheels Y-spoke style 305

With a look that highlights the vehicle's sporty appearance.

9 Mud flaps*

The robust black mud flaps protect both your vehicle and those following from dirt and stone chips. They accentuate the powerful and distinctive look while also, on the road, showing what the vehicle can do off the beaten track. Sets are available for the rear or front wheels.

10 20" light alloy wheels Y-spoke style 542

In Bicolour matt Black and burnished on the visible sides.

Locking wheel bolts (not pictured)

This set comprises four locking wheel bolts with special BMW coding. The bolts can only be opened using the supplied tool and thus provide highly effective protection from wheel theft.

➤ For more Genuine BMW wheel options, visit the wheel configurator at bmw.com.au/wheelsconfigurator

*For non M Sport models & dependent on BMW model variant.

HIGH TECH FOR A HIGH PULSE RATE.

Your breath is taken away, your pulse rate rockets: BMW M Performance Accessories bring over 80 years of motor sport passion directly to the street. With high-tech materials. With uncompromising athleticism when it comes to aerodynamics, the chassis, drivetrain and cockpit. And with a motor sport feel that will make the idea of everyday driving a distant memory.

Ready? The full range of BMW M Performance Accessories, in all its diversity, can be found at www.bmw.com.au/mpformance. Your BMW service partner will also be happy to provide a current BMW M Performance Accessories brochure.

BUSINESS AS UNUSUAL.

Some believe that they need to adapt to their surroundings. The surroundings of your BMW, however, adapt to you. More comfort? More functionality? More safety? More style? Discover how life on the move can be even more individual with Genuine BMW Accessories for the Interior.

In focus: Travel & Comfort system – BMW holder for Apple iPad™

Watch videos, check e-mails or surf the Internet: whatever you wish to do with your iPad, the BMW holder for Apple iPad™ lets you find the right position with ease and leaves your hands free. Simply fasten the BMW holder to the front seat's headrest and click the Apple iPad™ into place in the frame. Now you can relax and use the device from the back seat.

01

1 - 3 Travel & Comfort system

The Travel & Comfort system extends the vehicle's functionality. A variety of components can be effortlessly latched onto the sturdy base carrier, which is easily attached between the headrest pillars.

Clothes hanger (p. 13)

The clothes hanger is another useful feature. This makes it possible for pieces of clothing or light bags to be easily stowed on the rear side of the backrest, providing protection from dirt in the footwell.

02

1 Folding table

This practical folding table has an attractive BMW design, is adjustable for height and angle and features an integrated cup holder with a chrome ring.

2 Universal hook

The universal hook allows for pieces of clothing or light bags to be easily stowed on the rear side of the backrest, providing protection from dirt in the footwell.

03

3 Tablet holder

The base carrier can be used with holders for different Apple iPads (Apple iPad 2, 3, 4, Apple iPad Air 1 or Air 2 and Apple iPad mini) as well as Samsung tablets (Samsung Galaxy Tab 3 10.1 and 4 10.1). It also includes a port for a USB/charging cable and a 360° swivelling frame for the device.

All Travel & Comfort system components have been crash-tested in BMW vehicles and comply with the particularly high safety standards of BMW. They can be ordered individually, as required.

04

05

4 - 5 Sunblind

The sunblind is available for the rear side windows (pic 4) or the rear windscreen (pics 5) and can even be used when the window is open. Thanks to its precisely fitting shape, it is particularly effective in protecting children from direct sunlight and also helps to reduce the temperature of the interior..

06

6 Backrest bag

The high-quality bag is made of durable material and can be attached to the back of the front seat. Thanks to an array of inner pockets, it offers a wealth of storage space for various items and can also be easily folded and carried when needed. Available in black, black/Anthracite, black/red and black/beige.

6 Rear storage bag

This bag, available in black, black/Anthracite, black/red and black/beige, attaches to the centre safety belt and can serve as an armrest in the rear. It offers a great deal of storage space, plus two cupholders, and can be comfortably carried with the integrated shoulder strap.

1 BMW LED doorsill finishers

The sophisticated doorsill finishers with illuminated BMW lettering automatically emit a discreet light when the doors are opened. The high-performance batteries for the LED lights last up to three years and changing them is as easy as installing the finishers.

1 + 2 All-weather floor mats

The precisely fitting, hard-wearing mats with their raised bordering and elegant design not only protect the footwells from damp and dirt, but also prevent feet from getting wet. They are available in black (pic 1), black/red, black/beige or in black with additional metal inlays (pic 2) for the front and rear footwells*.

3 Velour floor mats

The precisely fitting matts are made in water- and dirt-resistant material, reliably protect the footwells from soiling and moisture and blend perfectly with the interior design. Sets for the front and rear footwells are available in either Anthracite, Oyster or Beige depending on model.

4 Textile floor mats

The precisely fitting textile floor mats for the front or rear footwells are available in black, black/beige or black/red. They provide reliable protection from dirt and damp and, depending on the version, feature either a metal inlay or additional heel protection*.

6 BMW LED interior lighting package

This package offers long-life, low-energy bulbs with the same light emission characteristics and a contemporary daylight white for replacing the roof lights (set of 4), the roof, footwell and door lights (set of 10) or all interior lights with C5W bulbs (set of 2).

7 BMW LED door projectors

The innovative door projectors automatically activate when the doors are opened. They project an image onto the ground next to the car using an interchangeable slide. There are several designs to choose from, each illuminating the entry area in strikingly individual style.

8 BMW LED luggage compartment lighting

This provides five times greater illumination than the standard lighting. Optimised light distribution also effectively illuminates otherwise dark corners of the luggage compartment in BMW Sedans.

9 Key case

The key case, in high-quality leather, is firmly attached to the key by means of a stainless steel clasp. It protects against scratches, dirt and moisture, prevents buttons from accidentally getting pressed and features black colouring that perfectly complements the BMW interior.

*BMW model dependent.

➤ For detailed information on the compatibility of smartphones and tablets with your BMW, please go to www.bmw.com.au/bluetooth

WHEN STAYING CONNECTED MAKES SENSE.

In the picture, up to date, in touch with your world: with Genuine BMW Accessories for Communication & Information you will always be ahead of the times. Wherever you go next, your network is right there by your side.

🔍 In focus: Snap-in adapter

The Snap-in adapter is a secure docking and charging system for mobiles from manufacturers including Apple, Samsung, Nokia and Motorola. To ensure optimal network connection, the mobile accesses the vehicle's exterior aerial via the adapter. Depending on the vehicle and its equipment, the Snap-in adapter is available in Basic, Music, Media, Connect and Connect Universal versions. These also allow audio stored on a mobile to be played through the vehicle's speakers. Additionally, the adapter enables convenient operation via the iDrive Controller, multifunction steering wheel or radio.

1 Tablet DVD system

The high quality Tablet DVD system allows rear passengers to experience the best in entertainment from two portable screens. A DVD player and speakers are integrated into the system for the playback and enjoyment of music, video and images from various media.

1 Infrared stereo headphones

The infrared stereo headphones are specially designed for the Tablet DVD system. Their exceptional sound quality and outstanding comfort can be enjoyed by adults and children alike.

2 USB adapter

This allows compatible Apple iPod or iPhone devices to be securely integrated in the vehicle, enabling individual music enjoyment and simultaneous charging. Functions are operated using the iDrive Controller, the multifunction steering wheel or radio and music is played through the vehicle's loudspeaker system.

3 BMW dual USB charger

The BMW dual USB charging adapter simply inserts into the cigarette lighter. This allows two external mobile devices to be easily and conveniently charged at the same time. The high current enables the likes of smartphones and MP3 players to be charged very quickly.

4 BMW Head-up Screen

Innovation always in sight. The BMW Head-up Screen is a transparent OLED display that shows important vehicle information. It is always in the driver's direct line of sight, so there is no need to look away from the road ahead. And even in direct sunlight, the display can be easily read.

5 Connect Universal snap-in adapter

This makes it possible to dock and charge all compatible phones with a micro USB port and the BC 1.2 charging standard. To ensure optimal network connection, the mobile accesses the vehicle's exterior aerial via the adapter. A USB interface enables music stored on a phone to be played through the BMW audio system, while respective album covers are shown on the Control Display. The functionality of the adapter can be extended via the BMW Connected app, which allows access to a host of smartphone features.

Micro USB adapter (not pictured)

This allows various mobile audio sources to be integrated in the vehicle, enabling individual music enjoyment and charging. Devices such as MP3 players and smartphones can be operated directly via the on-board control system.

Digital roadmaps (not pictured)

The digital roadmaps for BMW navigation systems are your dependable travel guides. In addition to the current road situation, they also offer points of interest for valuable extra information on the move.

YOUR BMW. YOUR SPACECRAFT.

Whether it's the day-to-day, it's free time or you're thinking of a long journey: life offers endless possibilities. And with Genuine BMW Accessories for Transport and Luggage you will be best equipped to make the most of them. All set for launch in no time at all – and on to new horizons.

In focus: BMW roof boxes

The contemporary boxes fit all BMW roof rack systems and, depending on model, have a capacity of 320, 350 or 460 litres. They feature an innovative opening system that makes loading very easy. There is also triple-central locking on both sides to prevent theft. Roof boxes with a 350-litre capacity are available in silver/Anthracite, while the 320- and 460-litre versions come in black/Anthracite and Titanium Silver/Anthracite and various decorative trims.

02

03

04

06

07

1 + 5 Racing cycle holder, lockable

The lockable racing cycle holder enables the secure transport of racing bikes with the quick-release wheel system. It is made of high-strength aluminium and features a simple clamping system for attaching the bicycles.

1 - 7 BMW roof rack system

The BMW roof and rail carrier is optimised for all BMW roof racks and roof boxes and can be easily mounted. With its robust construction and anti-theft locking system, it also meets the highest quality and safety standards.

2 + 6 Touring cycle holder, lockable

The lockable touring bicycle holder is made from high-strength aluminium and enables the safe transport of a racing, touring or children's bicycle or a mountain bike. Bicycles weighing up to max. of 22.5kg can be attached with an easy-to-use clamping system.

3 Ski and snowboard holder, lockable

This is compatible with all BMW roof rack systems and enables the secure transport of up to six pairs of skis, four pairs of skis with ski poles or two snowboards and two pairs of skis with poles. To prevent damage from raised ski bindings, **raised carrier bars** can be used to increase the gap between the holder and the roof of the car by 25mm.

4 Luggage rack

The lockable luggage rack, in highly durable anodized aluminium, can be used with the tensioning belts to add an abundance of storage space to any BMW roof rack system. The particularly tear-resistant belts feature sturdy turn-buckles and help prevent even the most unwieldy objects from moving around.

7 Surfboard holder

The holder can be used to securely mount a surfboard and mast on all BMW roof rack systems. It features an innovative attachment system that makes handling particularly easy.

1 + 9 Luggage compartment mat, fitted

The durable, anti-slip and water-resistant mat with raised bordering on all sides protects the luggage compartment from dirt and moisture. Visually, it also perfectly blends in with the luggage compartment and different versions are available.

2 Adaptive luggage securing system

This system is easily attached to the lashing rails and can be adjusted forward and backward. This allows the storage space to be quickly and individually partitioned, thus preventing light loads from slipping.

3 Luggage compartment restraint belts

With these extremely strong luggage compartment belts, storage space can be divided to suit individual needs. The belts can be quickly attached to the rails, then slid into place to prevent luggage from shifting.

4 Travel set

This comprises a cabin-size trolley and a carry-on bag, which can be used to create extra storage space on the rear seat. The pieces of luggage can be transported individually or stacked together. They are held in place using the seatbelt and feature their own anti-theft locks.

5 Rear seat protector

This protective cover prevents the rear seats from getting dirty. Thanks to recesses for safety belts and buckles, it's the perfect accessory when travelling with dogs, for example. When carrying passengers or cargo at the same time, a divisible cover is also available.

6 Ski and snowboard bag

The ski and snowboard bag allows up to four pairs of skis or three snowboards to be transported in the vehicle's interior and is available in various designs. For optimal safety, the bag must be attached to available fastening points using the lashing straps, which include carabiner hooks.

7 Folding box

The folding box, with its load capacity of up to 20kg, can be used to store smaller items or as a shopping crate. It can be effortlessly folded and unfolded thanks to Velcro strips, is slip-resistant and can be easily stored away to save space when not in use. Available in black, black/red and black/beige.

8 Luggage compartment net

This prevents loose items from slipping in the luggage compartment. The elasticated black netting features pull tabs and attaches via integrated S-hooks to the vehicle's existing lashing eyes.

9 Loading sill mat

The durable mat protects the loading sill during loading and unloading and the luggage compartment from scratches and dirt. It is attached using moveable velcro strips on the rear fastening points in the luggage compartment. It can also be used as an anti-slip mat in the luggage compartment.

BMW Service

INNOVATION MEETS EXPERTISE.

GENUINE BMW ENGINE OIL AND SERVICE.

BMW engines deserve the most innovative premium oil, which is why we use new BMW TwinPower engine oil for BMW oil servicing. Genuine BMW engine oil is engineered to precisely meet the needs of your engine and ensures consistently high performance and a longer lifespan.
