

V-Class.

Mercedes-Benz

This Brochure is prepared by Daimler AG and it predominantly reflects the capabilities and performance of vehicles sold in Europe.

Some characteristics, capabilities, performance features and optional extras (e.g. towing systems) may not be available or may not apply in Australia under Australian conditions. The information in this Brochure is therefore indicative, illustrative and provided only for guidance and should not be relied on. To obtain current and accurate information on a vehicle and any options applicable to Australia, contact your local authorised Mercedes-Benz dealer.

Great. Exceptional.

A powerfully shaped front and unrivalled design. Developed with a passion for the joys and challenges of life, the V-Class offers a variable interior concept, while at the same time delivering an outstanding driving experience. A real eye-catcher, whether you're out and about with the kids and all their kit or travelling in style on business with a full complement of passengers. With all its intelligent assistance and safety systems, an innovative multimedia concept and a powerful drive system, it's not just its good looks on the outside that make the V-Class the new benchmark in this segment.

The vehicle illustrated may include optional extras.

The image shows the front interior of a Mercedes-Benz V-Class MPV. The dashboard and center console are finished with dark wood trim. Two circular air vents with chrome surrounds are visible on the dashboard. The center console has a gear shifter and handbrake. The seats are upholstered in dark leather with vertical stitching. The ambient lighting is a warm, golden-brown color, highlighting the wood and leather. A tablet is mounted on the left side of the dashboard, displaying a navigation screen. The overall atmosphere is one of luxury and modern design.

Vow.

The high-quality interior of the new V-Class brings a new favourite place to your life. Enjoy the exclusive cockpit and a choice of first-class materials. Choose the optional COMAND Online and your new V-Class will boast an innovative multimedia system for navigation, telephony and audio of a standard that you're entitled to expect in an MPV from Mercedes-Benz. Live Traffic Information¹ keeps you up to date with the current traffic situation, ensuring you always arrive as soon as you can. And if you're on the road at night, the mood-enhancing colour effects of the ambience lighting will ensure an unbeatably pleasant atmosphere in your V-Class AVANTGARDE.

¹ Free of charge for 3 years from first registration.

The vehicle illustrated may include optional extras.

Large as life.

Wherever you're planning to go, the new V-Class is ready. There is ample space for whatever you need to take with you, plus plenty of great ideas to help simplify your journey. The new, separately opening rear window¹ is just one of these. Thanks to its space-saving opening system with two loading levels and two baskets, loading and unloading really is child's play. Opening and closing the optional electrically operated EASY-PACK tailgate couldn't be easier either – simply press the button. What's more, with its multiple and varied seating configurations and adjustment options, the new V-Class is more than versatile enough to keep up with the needs of your children.

¹ Standard equipment for V-Class AVANTGARDE, option for V-Class.

The vehicle illustrated may include optional extras.

Compelling. The highlights of the new V-Class.

Mercedes-Benz Intelligent Drive.

Mercedes-Benz Intelligent Drive is our vision of accident-free and ever more comfortable driving. We develop intelligent technologies that actively support drivers, making life at the wheel noticeably easier.

Appearing for the first time in this segment is the optional Parking package with 360° camera, giving the driver a bird's-eye view of the area around the car on the central display unit – a real help in tricky parking and manoeuvring situations. Also keeping an eye on the road ahead is the optional COLLISION PREVENTION ASSIST system, which provides an audible and visual warning if a possible collision is detected, thereby significantly reducing the risk of an accident. The system continuously monitors the gap to the next vehicle and optimises braking performance accordingly. A further highlight is the optional DISTRONIC PLUS¹. This system not only maintains a steady speed, but also distance to the vehicle ahead. When needed, the system is able to brake and re-accelerate independently. And it does so with optimal visibility – as provided by the LED Intelligent Light System². While the low-beam headlights automatically adapt to the weather, light and driving conditions, Highbeam Assist permits wide illumination of the road ahead – without dazzling oncoming traffic.

Powerful performance.

The V 250 BlueTEC with 140 kW (190 hp) accelerates from 0 to 100 km/h in an impressive 9.1 seconds. Particularly in combination with 7G-TRONIC PLUS, this guarantees powerful fun at the wheel. By complying with the Euro 6 Gr. I emissions standard, while at the same time maintaining low fuel consumption, the V-Class meets the requirements of the future, today.

Intuitive multimedia concept.

The intelligent COMAND Online option is the highlight of a new generation of telematics, bringing together all the familiar audio, telephone and navigation functions in one place, together with an internet browser. LINGUATRONIC voice-operated control is also an integral part of the system.

Everyday versatility.

Make day-to-day life easier with our flexible seating concept and practical equipment, such as the new separately opening rear window² and the optional electrically operated EASY-PACK tailgate.

¹ With COLLISION PREVENTION ASSIST. ² Standard equipment for V-Class AVANTGARDE, option for V-Class.

The vehicle illustrated may include optional extras.

Market launch exclusive: the V-Class Edition 1¹.

With its perfectly formed 5-twin-spoke light-alloy wheels, 245/45 R 19 tyres and LED Intelligent Light System, the expressive design of the V-Class Edition 1 leaves a lasting impression. It's impressive inside too. The exclusive character continues here with marron nappa leather and dark anthracite ebony wood-look trim, along with a floor mat

with Mercedes-Benz lettering. With additional highlights such as COMAND Online, the Parking package with 360° camera and the Burmester® surround sound system, it leaves very little to be desired.

¹ The V-Class Edition 1 special model is expected to remain available until the end of 2014.

The vehicle illustrated may include optional extras.

Versatile. The standard equipment.

The V-Class has all that you need. Comprehensively equipped as standard, the powerfully shaped front end with reflection-type headlamps is a remarkable example of design. Inside too, the V-Class impresses with its high-quality cockpit, which includes an Audio 20 USB multimedia system as standard and luxury seats in black or crystal grey Santiago fabric.

The rear seats are flexibly configured, while the cockpit is accented with elegant piano-lacquer-look trim. On top of all this, ATTENTION ASSIST and Crosswind Assist are there to ensure you complete your journey safely.

Special. The AVANTGARDE equipment line.

With its 5-spoke light-alloy wheels with 225/55 R 17 tyres, LED Intelligent Light System and separately opening rear window with partitioned load compartment, the new V-Class AVANTGARDE satisfies the most discerning needs in terms of design, comfort and variability. There's no shortage of driving enjoyment either, thanks to AGILITY CONTROL

suspension with selective damping system. Inside, the vehicle offers a convincing package of stunning appointments, such as embossed Lugano leather luxury seats and ash wood-look trim – in the rear, too. Ambience lighting creates a pleasant atmosphere throughout the whole interior.

Exceptional. The packages for the new V-Class and V-Class AVANTGARDE.

Really make a statement with the Exterior Sports package, including 20-spoke light-alloy wheels with 225/55 R 17 tyres, brake callipers with Mercedes-Benz lettering and sports suspension. Choose the Interior Design package for your V-Class and enjoy luxury seats in Lugano leather, a nappa leather steering wheel and wave-look trim. Brushed aluminium sports pedals add the finishing touch to the cockpit.

The AVANTGARDE Exterior Sports package comprises 5-twin-spoke light-alloy wheels with 245/45 R 18 tyres, brake callipers with Mercedes-Benz lettering and the sports suspension. With the AVANTGARDE Interior Design package you can expect luxury seats in nappa leather, a leather-look instrument panel with decorative topstitching, ebony wood-look trim and brushed aluminium sports pedals.

Make it your own. Optional extras for the V-Class and V-Class AVANTGARDE.

The little extras that make your journey easier. Whether you're looking for improved comfort or increased safety, the V-Class can be personalised with special equipment to suit your needs.

¹ Figures stated in accordance with the currently applicable version of Directive 80/1269/EEC. ² Further tyre sizes available as an option. ³ The values stated were determined in accordance with the required measurement procedure (Regulation [EC] 715/2007 in the currently applicable version). The figures do not refer to an individual vehicle and do not constitute part of the offer, but serve solely as a comparison between the different vehicle types. ⁴ Tank capacity for all engines is approx. 57 l as standard, optionally approx. 72 l. ⁵ Information in accordance with the version of Directive 92/21/EC applicable at time of going to print. (With driver 68 kg, luggage 7 kg, all service fluids full and 90 % fuel tank content.) ⁶ Equipment or equipment lines can affect payload capacity due to increase/reduction in weight. Further information is available from your Mercedes-Benz sales partner. ⁷ The load compartment capacity for the body length A2 is 1030 l. ⁸ Brief boosting of output and torque via overtorque technology is activated in AGILITY SELECT modes "C", "S" and "M".

Dimensions.

All figures in mm. The dimensions shown are median values. They apply to vehicles in the basic specification and unladen.

¹ Optional roof rails increase vehicle height by 48 mm. ² Interior height. ³ Unladen. ⁴ Maximum width of passenger compartment (measured on the floor). ⁵ Internal dimensions between wheel arches. ⁶ Dimension measured on vehicle floor.

Take-back of end-of-life vehicles. You can return your V-Class to us for environment-friendly disposal in accordance with the European Union (EU) End-Of-Life Vehicle Directive. But that day lies a long way off.

A network of vehicle take-back depots and dismantlers has been established to make it as easy as possible for you to return your vehicle. You can leave it at any of these locations free of charge and, by doing so, make an important contribution to completing the recycling process and conserving resources.

Further information about end-of-life vehicle recycling and reuse, as well as conditions for returning a vehicle, is available online at the Mercedes-Benz website for your country.

Please note: changes may have been made to the product since this brochure went to press (13 September 2013). The manufacturer reserves the right to make changes to the design, form, colour or specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure is distributed internationally. However, information given regarding statutory regulations, legal requirements and taxation applies to the Federal Republic of Germany only and is correct at the time of going to press. Please consult your Mercedes-Benz dealer for information about the definitive latest version as well as regulations applicable in other countries and the impact of those regulations.
