

# The E-Class Cabriolet

Mercedes-Benz

**This Brochure is prepared by Daimler AG and it predominantly reflects the capabilities and performance of vehicles sold in Europe. Some characteristics, capabilities performance features and optional extras (e.g. towing systems) may not be available or may not apply in Australia or under Australian conditions. The information in this brochure is therefore indicative, illustrative and provided only for guidance and should not be relied on. To obtain current and accurate information on a vehicle and any options applicable to Australia, contact your local authorized Mercedes-Benz dealer.**

## A revelation.

Watch out! This Mercedes needs just 20 seconds to seduce you. That's how quickly the soft top opens. That's how quickly you and your senses succumb to the inevitable. At this moment, all you want to do is share the moment. That's why the new E-Class Cabriolet offers four fully-fledged seats with plenty of free space and unrivalled comfort.

# The fine art of doing without.

The best way to describe the design of the new E-Class Cabriolet is to tell you what we've left out. Firstly, there's no fixed roof - which lends the car a timelessly elegant look. And the silhouette an even lighter and longer appearance. What a view! The eyes are drawn inexorably along puristic surfaces with forms reminiscent of a sculpture. With breathtakingly sensual and clean lines.

The best thing about this  
moment is that you can share it.

The new E-Class Cabriolet is a generous invitation for up to four adults. Dive in, let go. Exclusive design details such as the unique air vents that look like turbines and the optional open-pore wood trim – in light brown elm or black ash, for example – embrace the occupants. This wrap-around effect creates a unique feeling of comfort.

## A roof that exercises quiet restraint.

The fully automatic, fabric acoustic soft top controls itself elegantly, blending in seamlessly with the coupé silhouette. It makes the new E-Class Cabriolet not only one of the most sensual, but also one of the quietest cars in its class. This quiet operation marks the start of true all-year-round enjoyment, made complete by options such as AIRCAP and AIRSCARF, which defy wind and weather when the roof is down.

A dark grey Mercedes-Benz E-Class Cabriolet convertible is shown from a side-rear perspective, parked on a paved surface. The car's top is down, revealing light-colored leather seats. In the background, there is a body of water and a range of mountains, with the sky showing a soft sunset glow. The overall mood is serene and sophisticated.

Not a cloud in sight. But it  
feels like you're floating on one.

The optional AIR BODY CONTROL multi-chamber air suspension delivers unparalleled refinement. There is no more undisturbed, quiet and effortlessly superior way to enjoy your newly won independence. Or let yourself get carried away: use DYNAMIC SELECT to select "Sport" or even "Sport+" mode, and experience cornering dynamics on a par with a sports car. Only the new E-Class Cabriolet can offer you this degree of artistic licence.

## E 400 4MATIC. Refined power.

245 kW (333 hp), 480 Nm, six cylinders and two turbochargers make for an effortlessly superior driving experience. Furthermore, the DYNAMIC SELECT driving modes enable you to influence the engine's response – from sportily direct to emphatically comfortable and efficient. The all-wheel drive system 4MATIC ensures that the engine output is converted to power with virtually no losses – even in adverse road or weather conditions.

## Rain and snow? Perfect E-Class Cabriolet weather. Thanks to 4MATIC all-wheel drive.

The Mercedes-Benz E-Class Cabriolet now also comes with the option of 4MATIC permanent all-wheel drive for the first time. For a safe, thrilling driving experience all year round in practically any conditions. The 9G-TRONIC automatic transmission completes the highly sophisticated powertrain. Featuring nine forward gears, it enables even faster and imperceptible, smooth gear changes.

## Quiet please: the fabric acoustic soft top.

The fully automatic, fabric acoustic soft top ensures extraordinarily quiet operation and climate comfort at the highest level. It can be opened and closed when the car is on the move – up to a speed of 50 km/h. Available in a choice of four colours: black, dark brown, dark blue or dark red.

## Now it can be summer all the time: the AIRSCARF neck-level heating.

The optional AIRSCARF neck-level heating system makes open-top motoring a pleasure, even when the temperature outside plummets. Through air outlets in the head restraints, pleasantly warm air is “wrapped” around the necks of the driver and front passenger like an invisible scarf. The desired temperature can be adjusted in three levels.

## AVANTGARDE. Captivating elegance.

The AVANTGARDE exterior features a sporty, expressive look. Light-alloy wheels, a diamond radiator grille and the lowered AGILITY CONTROL suspension emphasise the athletic look. The integral-look cabriolet seats upholstered in ARTICO man-made leather/Norwich fabric and the 3-spoke multifunction steering wheel in nappa leather lend the AVANTGARDE interior its sporty, luxurious flair.

### EXTERIOR HIGHLIGHTS

---

Dynamic front bumper with chrome trim and air intakes with diamond lattice

---

Diamond radiator grille with black pins, chrome surround, integral Mercedes star and a single louvre in matt iridium silver with chrome inserts

---

43.2 cm (17-inch) 10-spoke light-alloy wheels (small image); options include 48.3 cm (19-inch) light-alloy wheels painted tremolite grey with a high-sheen finish (large image)

---

Lowered AGILITY CONTROL suspension

---

Beltline trim strip in polished aluminium

---

### INTERIOR HIGHLIGHTS

---

Sporty cabriolet seats featuring an integral-seat look with horizontal quilting on the seat surfaces

---

ARTICO man-made leather/Norwich fabric upholstery in black

---

3-spoke multifunction steering wheel in nappa leather, with Touch Control buttons and galvanised steering-wheel shift paddles

---

Light crystal-grain aluminium trim and centre console in black piano-lacquer look

---

Beltlines and door centre panels with soft finish in black

---

## AMG Line. Sensual sportiness.

The AMG Line perfects the combination of sportiness and exclusivity – from the dynamic AMG bodystyling to the diamond radiator grille with pins in chrome to the large AMG light-alloy wheels. Interior highlights include the multifunction sports steering wheel with a flattened bottom section, seat upholstery in ARTICO man-made leather/DINAMICA microfibre, AMG sports pedals, AMG floor mats and ambient lighting.

### EXTERIOR HIGHLIGHTS

---

AMG front apron with chrome trim, sporty and distinctive air intakes with side louvres, AMG side sill panels, and AMG rear apron in diffuser look with chrome trim strip

---

Diamond radiator grille with pins in chrome with integral Mercedes star

---

AMG 48.3 cm (19-inch) 5-twin-spoke light-alloy wheels (RTD) painted titanium grey with a high-sheen finish (small image)

---

Broad matt aluminium trim strip around the soft top compartment lid and beltline trim strip

---

### INTERIOR HIGHLIGHTS

---

ARTICO man-made leather/DINAMICA microfibre upholstery in black

---

3-spoke multifunction sports steering wheel in black nappa leather with a flattened bottom section (only in conjunction with black-based interior combinations)

---

Dashboard upper section in black ARTICO man-made leather with topstitching

---

AMG sports pedals in brushed stainless steel with black rubber studs

---

AMG floor mats in black with “AMG” lettering

---

Ambient lighting with 64 light colours

---

**The best for the engine:**  
Mercedes-Benz genuine engine oils.

<sup>1</sup> Information on rated output and rated torque in accordance with Directive (EC) No. 595/2009 in the currently applicable version. <sup>2</sup> Electronically governed. <sup>3</sup> The figures shown for fuel consumption and CO<sub>2</sub> emissions were obtained in accordance with the prescribed measuring process (§2 Nos. 5, 6, 6a Pkw-EnVKV (German Ordinance on Fuel Consumption Labelling) in the currently applicable version). The figures are not based on an individual vehicle and do not constitute part of the product offer; they are provided solely for purposes of comparison between different vehicle models. Figures vary depending on wheels/tyres. <sup>4</sup> Figure only valid within the European Union. May vary from country to country. <sup>5</sup> Calculated on the basis of the measured CO<sub>2</sub> emissions, taking into account the mass of the vehicle. Only valid for the Federal Republic of Germany. <sup>6</sup> Figures according to Directive 2007/46/EC in the currently applicable version. <sup>7</sup> Kerb weight figures according to Directive 92/21/EC in the currently applicable version (kerb weight with fuel tank 90% full, driver, 68 kg, and luggage, 7 kg) for standard-specification vehicles. Optional extras and accessories will generally increase this figure and reduce the payload capacity accordingly. Further technical data can be found at [www.mercedes-benz.com](http://www.mercedes-benz.com)

**Mercedes-Benz is one of the founding partners of the “Laureus Sport for Good Foundation”.**

Since the foundation was established in 2000, Mercedes-Benz has been supporting and promoting the aims and values of this worldwide non-profit-making programme: to use social sports projects to improve the lives of children and young people who are disadvantaged or suffering from illness. Laureus has become a fundamental element of Mercedes-Benz’s social responsibility. Every new Mercedes is an ambassador embodying these values. In buying a Mercedes you are supporting the “Laureus Sport for Good Foundation”.

**Please note:** changes may have been made to the product since this brochure went to print (23.02.2017). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and optional extras which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure is distributed internationally. It provides a general indication of the range of models, features, optional extras and/or colours available in various countries. Some of the models, features, optional extras and/or colours shown may not be available in your country or may only be available in a different specification. Additionally some models, features, optional extras and/or colours may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras, colours and/or services available in your country, and their pricing, you should contact your nearest authorised Mercedes-Benz Passenger Car Dealer.

**Take-back of end-of-life vehicles.** At the end of its long life, you can return your E-Class Cabriolet to us for environment-friendly disposal in accordance with the European Union (EU) End-Of-Life Vehicle Directive. But that day lies a long way off.

A network of vehicle take-back depots and dismantlers has been established to make it as easy as possible for you to return your vehicle. You can leave it at any of these points free of charge and, by doing so, make an important contribution to completing the recycling process and conserving resources.

For further information about the recycling and disposal of end-of-life vehicles and take-back conditions, please visit your national Mercedes-Benz website.
