A passing glance. A beguiling thought.

And the next moment you're caught up in a tide of emotion. It's nice to know those breathtaking encounters that enrich our lives still exist. Just take a look at the new S-Class Cabriolet – pure temptation.

When did you last give in
to temptation?

Feel free to swoon. As you gaze at the exclusive details. As you stroke the soft leather. And marvel at the superlative manufacturing quality. All of the instruments and displays have a top-class glazed finish. And the new Touch Control buttons react to your every movement as if they could read your mind.

Moments to cherish.

Motoring is a pure delight under the fabric top of the S-Class. Could there be anything more alluring on travels than this soothing peace and quiet? Perhaps the sounds of nature. And the soft top opens in a heartbeat to let them in.

Follow your boldest dreams.

The rear of the new S-Class Cabriolet is designed to enchant. Such exquisite details – one highlight being the new OLED rear lamps – and oozing self-assurance. The exclusive, twin tailpipes feature a stylish chrome-plated finish and clear surfaces provide an effective backdrop for the star. Reach out and touch, before it slips away.

Luxury that touches the soul.

A truly unique sensation: warm air, pleasant light, irresistibly soft leather and satin-finish wood. The sensual purity of the design. The S-Class Cabriolet puts all the senses in rapturous overdrive.

One of our ultimate deep yearnings.

The heat sets
our minds racing.
Desire pulses
through our veins.

A journey through
the night begins.

Driven by an urge
to feel life,

the night goes on
until the dawn.

That look: captivating.

Insistently they point the way. The night is theirs. The headlamps of the LED Intelligent Light System are little works of art and blazing beacons of pure allure.

A show of strength.

The city is pulsating. The V8 doesn't miss a beat. No more holding back. Seize the moment. Into the night, the next adventure, leaving the everyday far behind. Motorsport-proven AMG performance technologies lend the engines even more power.

Open for adventure.

Inborn strength of will.

An instinctive awareness of what's right. No ifs, no buts. Just pure conviction. The new S-Class Coupé embodies such instincts and applies them in practice, too, with next-generation driving assistance systems that can analyse even more effectively and act even faster.

Inner calm. Outer dynamism.

In design terms they go by the name of powerdomes and dropping lines. In body language, they are the muscles and sinews of a perfectly toned athlete who is ready to dash at any moment – and equally able to relax with consummate ease.

Experience it all. With no regrets.

Get the best out of every journey, every day, every night. The S-Class supports you with new ENERGIZING comfort control. An innovation that can stimulate or relax you as you wish – for fresh vitality and improved concentration.

Feeling hooked?

Mercedes-Benz Intelligent Drive – pointing the way to accident-free and autonomous driving.

Mercedes-Benz is the first automotive manufacturer worldwide to have developed an integral safety concept, with the aim of safe driving, responding in an appropriate manner to hazards, avoiding accidents and mitigating the consequences of accidents. For the occupants of a Mercedes and for all other road users, too.

Mercedes-Benz Intelligent Drive forms part of this integral safety concept. It makes your Mercedes one of the most intelligent automobiles in the world – an “intelligent partner”. The Mercedes-Benz Intelligent Drive assistance systems are able to recognise hazards, provide timely warnings and even intervene autonomously when necessary – by performing braking manoeuvres, for example. In this way, accidents can be prevented or the severity of accidents can be significantly reduced. In order to protect passengers as necessary in case of danger, additional protective features such as PRE-SAFE® are activated as anticipatory measures. These features vary according to the model concerned.

Many Mercedes-Benz vehicles already offer the option of a Driving Assistance package. The key functions of this package include partially automated driving on motorways, on country roads and in built-up areas. The Driving Assistance package also lends support when changing lane on multi-lane roads, for example during overtaking. This relieves the driver’s workload, as in normal driving they no longer need to brake or accelerate. The driver also receives substantial support with steering – even in bends.

Never before have safety, comfort and measures to reduce the strain on the driver been combined so effectively. This intelligent and pioneering interplay of sensors and safety and assistance systems represents a milestone on the road to autonomous and accident-free driving. And a fascinating new experience into the bargain.

For the full information on Mercedes-Benz Intelligent Drive, please go to www.mercedes-benz-intelligent-drive.com

Our world in your hands.

www.mercedes.me – it's all about you. Discover a world of fascinating services, products and innovations that will simplify and enrich your life. Coming straight to you in digital form. And turning our world into your world.

Life can be so fascinating when you're fully connected.

All our connectivity and mobility services plus a host of other fascinating features – all in one place and exclusively for you. That's Mercedes me. Register free of charge today and make the world of Mercedes-Benz your very own at your convenience – on your PC or laptop or in mobile mode via tablet, smartphone or smartwatch. And because your life is forever changing, our services are also continually evolving. Join us now at: www.mercedes.me/welcome

Looking for individual inspiration in real life, too? The Mercedes me Stores are a fascinating phenomenon worldwide – in Beijing, Moscow and Hamburg, for example.

Mercedes me connect connects you with your vehicle – and your vehicle with the whole world. A comprehensive range of convenient connectivity services relating to all areas of your vehicle supports you, ensuring greater safety, closer contact and an even more fascinating driving experience. It's reassuring to stay connected all the time while you're on the move. Mercedes me connect includes Standard Services, which are able to provide you with automatic support in the event of a breakdown or an accident, as well as Remote Online Services – the option enabling vehicle settings to be carried out by smartphone – and lots more besides.

Mercedes me inspire offers special brand experiences and an opportunity to engage in an inspiring dialogue. We aim to share our ideas with you and we would like to know your ideas and wishes. So that we can always offer you the best solutions. A community is available to this end, and you will also find a growing range of offerings and experiences which go beyond the traditional vehicle-related topics – from areas such as events, travel and lifestyle.

Mercedes me move offers access to intelligent mobility solutions: car2go is the pioneer and global market leader in free-floating car sharing, the moovel mobility app pools the offerings from various mobility providers to find the ideal route from A to B. With the mytaxi app you can order a taxi, track its approach live and pay for your journey in a convenient manner. Mercedes-Benz Rent offers vehicles to suit all occasions for short- or long-term rental from an authorised Mercedes-Benz dealer near you. Blacklane enables you to book a chauffeur-driven limousine, FlixBus offers inexpensive, comfortable and environment-friendly trips on long-distance coaches.

Mercedes me assist makes easy work of organising maintenance for your vehicle, providing a convenient online means of locating a Mercedes-Benz dealer in your neighbourhood and arranging a service appointment. The digital service report keeps you up to date on performed service work. The report can be made available to you online just one day after a service. In addition to the current service report, you can also view your vehicle's complete service history and service intervals, and you can print this information out if you so wish.

Mercedes me finance offers you various routes to your vehicle of choice. Mercedes-Benz Bank/Mercedes-Benz Financial Services finds the ideal leasing, financing and insurance solution together with you – tailored to your needs. Our leasing products enable you to drive the latest models at all times while enjoying maximum flexibility, as you pay not for acquisition of the vehicle, but only for its use. You also benefit from attractive monthly instalments. Our financing arrangements enable you to pay for your new Mercedes-Benz in a way that suits your personal budget. You can tailor your monthly instalments to your needs by deciding on an appropriate down-payment and term for your contract. Our individual insurance solutions offer reliable protection for your budget and your vehicle on attractive terms. Your existing financial contracts can be managed conveniently online.¹

¹ Depending on market availability.

Our service: the perfect fit for your Mercedes.

Beyond the car itself, you also acquire something priceless – an exclusive partnership with Mercedes-Benz. For you, this means safety, independence and motoring free of any worries. In other words: the reassuring feeling of driving a Mercedes.

The best for your Mercedes. No-one knows your Mercedes better than our experienced specialists at the Mercedes-Benz workshops. The comprehensive range of services and the high standard of quality ensure that your vehicle is in top condition. We use proven Mercedes-Benz GenuineParts and special tools to this end.

The best for you. Motoring free of any worries right from the word go: with the tailor-made Mercedes-Benz Service Contracts. These offer you the benefits of a reliable basis for long-term planning, permanent control over costs, fixed monthly rates and cost transparency. Plus ideal protection from additional workshop costs.

The best for your mobility. The Mercedes-Benz Mobilo¹ mobility solution provides for motoring free of any worries throughout Europe – covering breakdowns, accidents, minor mishaps and vandalism. The benefits offered by Mobilo include on-the-spot assistance, a replacement vehicle, towing and overnight hotel accommodation, for example. Mobilo comes free of charge for the first two years after initial registration and can subsequently be renewed each time the vehicle is serviced by an authorised service partner, for a period of up to 30 years in all. Whenever you need assistance, you can reach us free of charge throughout Europe on 00800 1 777 7777².

↘ FIND OUT MORE

For the full information on Mercedes-Benz Service Contracts, go to www.mercedes-benz.com – or ask your authorised Mercedes-Benz dealer to draw up an individual offer for you.

¹ Our general terms and conditions apply. The period of validity is extended after each service carried out by an authorised Mercedes-Benz service partner until the due date for the next service – up to a maximum of 30 years after initial registration. ² Roaming charges may apply when calling from abroad.

What would motorsport be without Mercedes-Benz?

The first vehicle to ever win an automobile race was powered by a Daimler engine. The first Mercedes was a racing car. The Silver Arrows – a true legend. Mercedes-Benz has a long tradition of involvement with the world of sport. Motorsport shapes the brand and every vehicle bearing the Mercedes star to this day. Discover the brand's unique history first-hand: at the Mercedes-Benz Museum in Stuttgart.

↘ FIND OUT MORE

Discover just what has been moving the world for over 130 years and take a journey through time as well as through the history of the automobile at the Mercedes-Benz Museum. More than 1500 exhibits await you on 16,500 m² of floorspace, including unique gems such as the oldest surviving Mercedes from 1902 or the legendary gull-wing models. Welcome to a place of innovation:

What would Mercedes-Benz be without motorsport?

3 June 1934 marked the beginning of the Silver Arrows legend in the International Eifel Race at the Nürburgring. Today this legend is more alive than ever: in 2016 the Silver Arrows works team Mercedes-AMG Petronas Motorsport won the Formula 1 constructors' and drivers' titles for the third year in a row, making history by winning 19 of the 21 Grand Prix races. In a spectacular finale in the desert city of Abu Dhabi, Nico Rosberg secured his first world championship title in his Mercedes-Benz F1 W07 Hybrid. The value of these successes extends way beyond the race track: every mile raced advances development in fields such as lightweight materials and hybrid technology for series production.

A manifestation of verve and vigour. Mercedes-AMG S-Class Coupé and Cabriolet.

Mercedes-AMG is more than just a manufacturer of performance vehicles – AMG is a promise. The promise to always go one step further. To expect a lot and to give everything. That's how we create exceptional motor cars for exceptional people.

The Mercedes-AMG S 63 4MATIC+ Coupé and Cabriolet and the Mercedes-AMG S 65 Coupé and Cabriolet have been developed to surpass even the highest expectations. They are the most exclusive of their kind. They combine technical prowess with the ultimate in driving pleasure. They quench a longing for luxury and freedom. They delight with unbridled power and unparalleled dynamism.

Welcome to the world of AMG.

Fuel consumption of Mercedes-AMG S 63 4MATIC+ (Coupé) urban/extra-urban/combined: 12.0/7.7/9.3 l/100 km; CO₂ emissions, combined: 211 g/km. Fuel consumption of Mercedes-AMG S 63 4MATIC+ (Cabriolet) urban/extra-urban/combined: 13.6/8.0/10.1 l/100 km; CO₂ emissions, combined: 229 g/km. Fuel consumption of Mercedes-AMG S 65 (Coupé) urban/extra-urban/combined: 17.1/8.6/11.9 l/100 km; CO₂ emissions, combined: 279 g/km. Fuel consumption of Mercedes-AMG S 65 (Cabriolet) urban/extra-urban/combined: 17.1/8.9/12.0 l/100 km; CO₂ emissions, combined: 272 g/km.

S 63 COUPÉ

High performance to its core.

Luxury and performance are no contradiction. There is no denying the motorsport origins of the Mercedes-AMG S 63 4MATIC+ Coupé – it's in its DNA. And they are directly tangible: touching the accelerator rouses the AMG 4.0-litre V8 biturbo engine to deliver its output of 450 kW (612 hp) and torque of 900 Nm, accelerating the Coupé from 0 to 100 km/h in just 3.5 seconds. Inspiring driving dynamics come courtesy of the AMG SPEEDSHIFT MCT 9-speed sports transmission and the AMG sports suspension based on AIRMATIC – right from the off, thanks to the RACE START function. The striking AMG Panamericana grille catches the eye straight away. A motor-racing feature that optimises aerodynamics and the supply of cooling air. Its basic form can be traced back to the legendary Mercedes-Benz 300 SL racing car.

Fuel consumption of Mercedes-AMG S 63 4MATIC+ (Coupé) urban/extra-urban/combined: 12.0/7.7/9.3 l/100 km; CO₂ emissions, combined: 211 g/km.

Eye-catching. From every perspective.

It all begins with a design idiom that words can barely describe. Characterised by the typical proportions of a large luxury coupé. In the form of a long bonnet with imposing powerdomes and an elegant roof line including frameless side windows. With a rear end signalling the imposing presence of the Mercedes-AMG S 63 4MATIC+ Coupé.

Fuel consumption of Mercedes-AMG S 63 4MATIC+ (Coupé) urban/extra-urban/combined: 12.0/7.7/9.3 l/100 km;
CO₂ emissions, combined: 211 g/km.

The image shows the interior of a Mercedes-AMG S 63 4MATIC+ Coupé. The car features light-colored, perforated leather seats with a prominent diamond-patterned stitching. The center console is also upholstered in the same material and includes a handbrake and a gear selector. The dashboard and steering wheel are visible, showing a modern, high-tech interior design. The car is parked on a gravel surface with a rocky, mountainous landscape in the background.

A loving attention to the finer details.

Nobody likes doing without luxury. Even at speeds of 200 km/h. Perfectly finished materials guarantee the most refined driving experience – the specially developed AMG sports seats in fine nappa leather with AMG-specific upholstery layout, for example. They offer optimum lateral support and the highest level of comfort – even on long journeys. Indulge in pure, unadulterated driving pleasure, optionally making your mark with 50.8 cm (20") AMG cross-spoke forged wheels. The necessary control is provided by the AMG high-performance compound braking system with the option of red-painted brake callipers. The AMG ceramic high-performance compound braking system is also available as an option.

Fuel consumption of Mercedes-AMG S 63 4MATIC+ (Coupé) urban/extra-urban/combined: 12.0/7.7/9.3 l/100 km;
CO₂ emissions, combined: 211 g/km.

Touching the sky. And the road.

Those who have reached the top seek extraordinary moments. Experience them every day with the Mercedes-AMG S 63 4MATIC+ Cabriolet. Its striking profile and the side line gently inclined towards the rear hint that the next trip will be a revelation. With AMG DYNAMIC SELECT and four drive programs as standard, you can determine the intensity of the experience – from comfortable through sporty or particularly sporty to your own special style in the Individual program. The exclusive additional “RACE” program – available for both the Cabriolet and the Coupé – provides for an even more tangible racing experience in terms of response, engine speed and shift times in the Cabriolet. And sets pulses racing like never before.

Fuel consumption of Mercedes-AMG S 63 4MATIC+ (Cabriolet) urban/extra-urban/combined:
13.6/8.0/10.1 l/100 km; CO₂ emissions, combined: 229 g/km.

S 63 CABRIOLET

The driver's den.

Select, perfectly finished materials. Futuristic control elements. The interior of the Mercedes-AMG S 63 4MATIC+ Cabriolet is a place you yearn to return to. Technical highlight: the Widescreen Cockpit comprising instrument cluster and media display. The three-spoke nappa leather AMG Performance steering wheel is particularly sporty, provides plenty of grip and includes shift paddles for manual gearshifts and to support a sporty driving style. Equally, the totally new rear end including diffuser panel and the AMG-specific twin tailpipe trims of the variable AMG sports exhaust-system also guarantee a grand appearance.

Fuel consumption of Mercedes-AMG S 63 4MATIC+ (Cabriolet) urban/extra-urban/combined: 13.6/8.0/10.1 l/100 km; CO₂ emissions, combined: 229 g/km.

S 65 COUPÉ

Declaration of power.

It's not just the first impression that counts. So does every moment thereafter. What ever is around the next bend, the Mercedes-AMG S 65 V12 Coupé forges ahead with effortless poise, spurred on by one of the most powerful V12 engines around. The driver determines at the push of a button how the Mercedes-AMG S 65 Coupé feels – with AMG DYNAMIC SELECT. The AMG sports suspension based on MAGIC BODY CONTROL provides ride comfort and excellent driving dynamics on practically any road surface. The characteristics of the engine, transmission, suspension and steering change in a split second. In addition to “Comfort” (C), “Sport” (S), “Sport+” (S+) and “Individual” (I), there is an exclusive “Curve” mode available – for a unique boost of adrenaline. Not least on winding roads.

Fuel consumption of Mercedes-AMG S 65 (Coupé) urban/extra-urban/combined: 17.1/8.6/11.9 l/100 km;
CO₂ emissions, combined: 279 g/km.

V12 BITURBO

The best seats for a unique sound experience.

Stylish design. High-quality equipment. Sophisticated details. The interior of the Mercedes-AMG S 65 Coupé is hard to beat where exclusivity is concerned. AMG sports seats with AMG-specific V12 seat upholstery layout as well as a cockpit containing the AMG instrument display and the AMG Performance steering wheel in nappa leather underscore the car's passionate character right away. However, it is when the powerful V12 sound of the AMG sports exhaust system is emitted from the two chromed twin tailpipe trim elements in AMG V12 design that the car reveals its true nature.

Fuel consumption of Mercedes-AMG S 65 (Coupé) urban/extra-urban/combined: 17.1/8.6/11.9 l/100 km; CO₂ emissions, combined: 279 g/km.

S 65 CABRIOLET

A magnificent open-air appearance.

Design is never an end in itself to us. It always represents the perfect symbiosis of shapes and functions. For this reason, each detail in the Mercedes-AMG S 65 Cabriolet is an uncompromising commitment to top performance. The jet-wing design front apron featuring large air inlets and the new Panamericana radiator grille lend the vehicle its unmistakable face. The high-shine chrome elements on the front of the vehicle show at first glance that what's fast approaching is unbridled power in luxurious design.

Fuel consumption of Mercedes-AMG S 65 (Cabriolet) urban/extra-urban/combined: 17.1/8.9/12.0 l/100 km; CO₂ emissions, combined: 272 g/km.

At home in the lead.

A warm summer's night. A road that elegantly winds its way through breath-taking scenery. Is there a more beautiful place to unleash its full power and accelerate from 0 to 100 km/h in a mere 4.1 seconds? AMG developers equipped this dream car with all the performance superlatives. Including an AMG 6.0-litre V12 biturbo engine with an output of 463 kW (630 hp) and 1000 Nm of

torque as its beating heart. Large 50.8 cm (20-inch) AMG forged multi-spoke wheels in ceramic high-sheen polished finish handle the exceptional driving dynamics effortlessly on asphalt – optionally with the AMG ceramic high-performance compound brake system.

Fuel consumption of Mercedes-AMG S 65 (Cabriolet) urban/extra-urban/combined: 17.1/8.9/12.0 l/100 km;
CO₂ emissions, combined: 272 g/km.

V12 BITURBO

S MA 2172

Top-flight engineering.

All set for top performance: the AMG 4.0-litre V8 biturbo engine of the Mercedes-AMG S 63 4MATIC+ Coupé and Cabriolet is closely related to the engine on board the Mercedes-AMG GT R super sports car. Generating an output of 450 kW (612 hp) and 850 Nm of torque, it sets benchmarks in terms of power and torque. The engine features the proven biturbo design in which the two turbochargers are located in the V between the cylinder banks rather than on their outside – an arrangement which specialists call “hot inside V”. This basic principle enables a compact engine design and more spontaneous response for the turbochargers. As a result of features including cylinder shutoff, it is considered one of the world’s most efficient V8 engines in series production.

Fuel consumption of Mercedes-AMG S 63 4MATIC+ (Coupé) urban/extra-urban/combined: 12.0/7.7/9.3 l/100 km; CO₂ emissions, combined: 211 g/km. Fuel consumption of Mercedes-AMG S 63 4MATIC+ (Cabriolet) urban/extra-urban/combined: 13.6/8.0/10.1 l/100 km; CO₂ emissions, combined: 229 g/km.

Prime mover: the AMG 6.0-litre twin-turbo V12 engine. Hand-built according to the “one man – one engine” principle just like the V8 biturbo engine, this powerhouse has an output of 463 kW (630 hp) and peak torque of 1000 Nm. These figures place the Mercedes-AMG S 65 Coupé and Cabriolet among the front runners in their segment. The strengths of the biturbo 12-cylinder engine further include effortless acceleration throughout all speed ranges and smooth running with the striking hallmark AMG V12 sound. In short: supreme performance with style.

Fuel consumption of Mercedes-AMG S 65 (Coupé) urban/extra-urban/combined: 17.1/8.6/11.9 l/100 km; CO₂ emissions, combined: 279 g/km. Fuel consumption of Mercedes-AMG S 65 (Cabriolet) urban/extra-urban/combined: 17.1/8.9/12.0 l/100 km; CO₂ emissions, combined: 272 g/km.

Passion grows when it is shared: The AMG Private Lounge is our Community centred around the world of AMG. This is where AMG customers meet up at top-class events and exchange views about the latest developments from Affalterbach on the online platform. They can benefit from special offers and from direct links to the head office of AMG: www.mercedes-amg.com/privatelounge/welcome

The AMG Driving Academy stands for an incomparable team spirit: experience performance with like-minded drivers and improve your driving skills on racetrack and lifestyle events held at breathtaking locations around the world. Become a part of the “World’s Fastest Family”: www.mercedes-amg.com/driving-academy

Still want more? With the Customer Racing programme, Mercedes-AMG Motorsport offers the ideal platform for professional motorsport – and in the Mercedes-AMG GT3 it has a racing car designed specifically for this purpose. Fully integrated service support allows you to participate in motorsport at the highest level: www.mercedes-amg.com/customerracing

At the AMG Performance Studio we create cars that are perfectly tailored to your wishes and desires. No limits are placed on our experts’ creativity, who demonstrate their unparalleled craftsmanship and attention to detail in areas as varied as special technical components, extravagant paintwork finishes and the most exclusive interior appointments imaginable, to produce one-off masterpieces.

Enter the world of AMG. Experience true driving performance.

Mercedes-Benz is one of the founding partners of the “Laureus Sport for Good Foundation”.

Since the foundation was established in 2000, Mercedes-Benz has been supporting and promoting the aims and values of this worldwide non-profit-making programme: to use social sports projects to improve the lives of children and young people who are disadvantaged or suffering from illness. Laureus has become a fundamental element of Mercedes-Benz’s social responsibility. Every new Mercedes is an ambassador embodying these values. In buying a Mercedes you are supporting the “Laureus Sport for Good Foundation”.

Please note: changes may have been made to the product since this brochure went to press (01.09.2017). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Take-back of end-of-life vehicles. At the end of its long life, you can return your S-Class Coupé or Cabriolet to us for environment-friendly disposal in accordance with the European Union (EU) End-Of-Life Vehicles Directive. But that day lies a long way off.

A network of vehicle take-back depots and dismantlers has been established to make it as easy as possible for you to return your vehicle. You can leave it at any of these points free of charge and, by so doing, make an important contribution to completing the recycling process and conserving resources.

For further information about the recycling and disposal of end-of-life vehicles, and the take-back conditions, please visit the national Mercedes-Benz website.
