

LandCruiser 200

King off the Road

TOYOTA

toyota.com.au

Oh what a feeling!

There's a spirit that runs through Toyota. It's a feeling of achievement. It pushes us. Inspires us.

— It's what saw us mass produce the first dedicated hydrogen fuel cell vehicle, the Mirai, and what will see us define the very future of movement. Our Japanese founders called it 'Kaizen,' but we simply call it 'continuous improvement.' A relentlessness to always move forward, never settle for good enough.

And here's the exciting part, this feeling of achievement is yours to experience. Life changing moments, just waiting to be told. Whether it's the thrill of experiencing the latest in technology, venturing somewhere completely new or simply spending more time with your family. That sense of achievement, whatever form it comes in, will be a feeling you never forget.

This is a journey for which we don't know the destination, but looking back at how far we've come, it's safe to say tomorrow looks exciting beyond imagination.

“

We are a group of passionate perfectionists who can't let well enough alone...

That's Toyota.

That's the spirit.

And that's our contribution to the world. We will be the best we can.

And we will help as many as we can to be the best they can...

— Eiji Toyoda

All hail the King

Way back in 1958, our very first LandCruiser helped build the Snowy Mountains Hydro-Electric Scheme, reliably carrying workers to and from the job in unforgiving and unrelentingly hard conditions. Since those back-breaking 'survival tool' days, LandCruiser has stamped its authority as the tough, uncompromising WorkHorse that's

come to be known as the 4WD that built Australia. Now, sixty years on, LandCruiser 200 is a true Australian icon.

Even as it has evolved to incorporate the very latest cutting edge technology and luxury, the rich heritage of the job hardened, proven DNA is still at the heart of every 200 Series.

Front cover and this page: Sahara model shown.

Bi-LED headlamps – Sahara model shown

Toughness never looked so good

When driving in some of the world's hardest conditions, you need proven strength and clever thinking to go the distance. Which is why a group of the world's finest four-wheel drive engineers crafted LandCruiser 200 to be both rugged in purpose and refined in intent. One look at the broad, uncompromising stance, and meticulous attention to detail, tells you LandCruiser 200 is more than ready to dominate. Whether on the road, crawling through muddy rivers or battling in the bush, you'll quickly appreciate LandCruiser 200 is seriously engineered to handle the hard stuff.

As well as looking bold and ready for action, the aggressive grille, protruding hood and radiator also add to the airflow of the engine. Sturdy roof rails are fitted as standard on GXL models and up, and the streamlined chrome side protection on Sahara variants not only looks good, but also protects against side by side door opening damage.

With LandCruiser 200, you've got rock solid appeal to match its hard-earned reputation as 'King off the Road.'

LED tail lamps – GXL model shown

Sahara model shown

The way ahead is more than clear

Echoing its uncompromising history, the bold headlamp styling on the 200 Series has been inspired by LandCruiser's past – even down to the LandCruiser logo in the corner. These distinctly styled projector headlamps on GXL models feature a LED low-beam and halogen hi-beam, rising to Bi-LED headlamps on VX and Sahara models that automatically switch on in low or dusk levels of light. The Sahara also

features Automatic High Beam¹ (AHB) which is designed to help you maintain safe and considerate driving by switching between high and low beam as needed.

Each time you start a GXL, the auto-levelling feature will adjust the headlamps to match the pitch angle of the car for optimum performance. While the dynamic auto-levelling in VX and Sahara models constantly adjusts the headlamps whilst you're in motion, so whatever you're carrying and in all conditions, the light beam will always point in

the optimum direction.

The Sahara and VX models also feature LED Daytime Running Lamps (DRLs), plus an integrated headlamp cleaning device. LED fog lamps feature on the GXL, VX and Sahara and are set in chrome surrounds to add extra style and further enhance visibility.

The back door garnish blends with the tail lamps to provide an added touch of sophistication on GXL, VX and Sahara models.

Wide open comfort and space inside.

The LandCruiser 200 might be tough as nails outside, but inside you'll be treated to a luxurious expanse of creature comforts.

So wherever your LandCruiser 200 takes you, you'll always feel reassuringly removed from the rigours of the outside world. On GXL, VX and Sahara models you'll find steering wheel controls for audio functions, along with Multi Information Display (MID) and telephone functions to help make it an effortless journey.

From the country to the inner city, the satellite navigation³ makes it easier to reach your

destination and head back home again. In the VX and Sahara, this operates via an Electro Multi-Vision (EMV) system that also controls the 9-speaker audio system and the pollen filtered air conditioning with 4-zone climate control.

In Sahara, the Rear Seat Entertainment system features two 11.6" screens installed behind the driver's and front passenger's headrests. GXL models and up offer dual-zone climate control for passengers in the front seats and additional cooler controls in the rear seats, whilst the GX has air conditioning fitted as standard.

Goes where others fear to tread.

LandCruiser has always been ready for the toughest conditions, and the 200 Series raises its already legendary capability. The Torsen®LSD has a front-to-rear torque distribution structure of 41:59 to ensure greater stability and control

when accelerating. On slippery, uneven surfaces the crawl control⁴ allows you to maintain a low constant speed by automatically and independently controlling both engine power and brake input to each wheel. This feature also includes Turn Assist⁴ to help manage you through the tightest of low-speed corners.

On GXL petrol models, VX and Sahara (optional on GXL diesel) the Kinetic Dynamic Suspension

System (KDSS) hydraulically controls the anti-roll bar and makes intelligent adjustments depending on whether greater off road wheel articulation or more competent on road handling is required. The VX and Sahara models are also fitted with a five setting Multi-Terrain Select (MTS) system that allows you to choose the specific grip assistance to match the terrain.

Take charge of the situation

With a smart entry and start system on the GXL, VX and Sahara, it's easy to jump in and get started, even with your keys still in your pocket or bag. When reversing, the integrated reversing camera⁶ available in these models, helps make it easier to see what's behind. In tight spaces, front and rear parking sensors⁶ on GXL, VX and Sahara models use audible warnings to help you squeeze in and out with ease. The VX and Sahara models are also equipped with a Multi-Terrain Monitor⁷ (MTM) that uses four cameras to help give you a close look at the conditions right around the vehicle.

In all models you'll find a 12V outlet and in Sahara models there's also an integrated wireless phone charger.⁸

Even with such an abundance of innovative technology, the 200 Series is still 100% LandCruiser tough. When faced with the steepest terrain, Hill-start Assist Control⁶ (HAC) will help ensure a smooth take-off and the Multi-Terrain Anti-lock Braking System (ABS) is also fitted as standard on all models. You'll have Active Traction Control system (A-TRC) to automatically distribute the power to the tyres with the best grip, while Electronic Brake-force Distribution (EBD) automatically increases the brake force to the wheel(s) that need it most.

Crawl control⁴ is available as standard, while GXL petrol models, VX and Sahara (optional on GXL diesel) enjoy the added benefit of Kinetic Dynamic Suspension System (KDSS).

Vehicle Stability Control

Power to reach further than ever before

LandCruiser's reputation has been built on rock solid performance and, as 'King off the Road,' LandCruiser 200 gives you the choice of two awesome engines. The 4.6 litre V8 Petrol engine is seriously powerful, producing a massive 227kW⁹ and has a maximum torque of 439Nm⁹ at 3400rpm.⁹ It also meets strict EURO V emissions regulations to deliver improved fuel efficiency¹⁰ and performance.

The 4.5 litre V8 Twin Turbo diesel engine with intercooler and direct injection is a serious beast in its own right. Muscling up with 200kW⁹ of power and 650Nm⁹ of heavy duty torque at 1600 – 2600rpm,⁹ it delivers all the grunt you'll ever need across this wide brown land.

Whichever engine you choose, the power will be smoothly delivered by an automatic 6-speed Electronically Controlled Automatic Transmission (ECT). It features the latest technology to improve performance and efficiency while remaining surprisingly quiet.

Tough on the outside, safe on the inside

No matter how rough and tumble it gets the safety features are engineered to help provide you with maximum protection. In the event of a collision, the safety frame and impact absorbing structure works with the upper body reinforcement to absorb and redistribute the impact. All models feature dual-stage SRS airbags along with knee and front side airbags for the driver and front passenger, plus curtain shield airbags for the first and second row.

In GXL, VX and Sahara, full-length curtain shield airbags help protect passengers in the third row. In the VX and Sahara additional second row side airbags have also been added.

On Sahara, Toyota Safety Sense delivers advanced driver assistance functions. These include Pre-Collision Safety system¹ which applies the brakes and tensions seatbelts when it senses a collision is imminent. Lane Departure Alert¹ provides an audible warning should you drift out of your lane and Active Cruise Control¹ helps maintain a constant distance between you and the vehicle in front. Additionally Automatic High Beam¹ automatically switches between high beams and low beams to assist with optimum night-time

visibility.

On VX and Sahara, there's also a Blind Spot Monitor⁶ to help alert you of any vehicles in blind spots and Rear Cross Traffic Alert⁶ to help alert you of any vehicles approaching from the side when reversing out of a parking spot.

The safety features on LandCruiser 200 also do more than just help protect people. When towing, the Trailer Sway Control (TSC) uses sensors to help suppress sway triggered by various elements including wind, bumpy roads and the steering operation.

Toyota Safety Sense¹¹

At Toyota, we constantly strive to create a safer driving environment for everyone. That's why we developed Toyota Safety Sense (TSS),¹¹ a multi-feature active safety package designed to support safe driving and help protect you and your passengers.

TSS incorporates Lane Departure Alert, Pre-Collision Safety system, Automatic High Beam and Active Cruise Control.

With automated pre-collision warning and braking at its core, TSS aims to recognise specific hazards and help avoid certain collisions, providing greater reassurance to the driver and extra protection for passengers across a varying range of driving speeds and conditions.

Toyota
Safety
Sense

Lane Departure Alert¹

Lane Departure Alert (LDA) is designed to help prevent vehicles drifting from their lane, by monitoring road markings, and providing a visible and audible alert should it detect any deviation from the lane.

Pre-Collision Safety system¹ with pedestrian detection¹²

Pre-Collision Safety system (PCS) with pedestrian detection was developed to help reduce the likelihood of a frontal collision with cars or pedestrians. Forward Collision Warning (FCW) uses radar to help alert you to imminent threats. During braking, Brake Assist (BA) can help to slow the vehicle by applying additional force. If the driver has not applied the brakes and if the system detects a collision may be unavoidable, Autonomous Emergency Braking (AEB) can apply the brakes to help mitigate the impact.

Automatic High Beam¹

Using a camera to sense either approaching headlights or the taillights ahead, Automatic High Beam (AHB) aims to help maintain safe and considerate driving by switching between high and low beam as needed.

Active Cruise Control¹

Active Cruise Control (ACC) is designed to help keep a constant distance between vehicles. It uses a millimeter-wave radar to monitor the gap between your vehicle and the one in front, automatically accelerating or slowing down when needed to help maintain a set distance.

LandCruiser GX

Vertically hinged barn door tailgates

Snorkel

- 6-speed automatic transmission
- 17" steel wheels
- Snorkel (standard)
- Fabric seat material and vinyl floor covering
- Full time 4WD
- Vehicle Stability Control (VSC)
- Active Traction Control (A-TRC)
- Tilt and telescopic adjustable steering column
- 12V accessory connector
- 6.1" touchscreen display, MP3 compatibility,² single CD, Bluetooth^{®13} connectivity and 4 speakers
- Emergency Brake Signal
- Manual seat adjustment and driver's seat power adjustable lumbar support
- 138L total fuel tank capacity (93L main and 45L sub tank)
- Engine immobiliser
- Power adjustable windows and mirrors
- Driver and front passenger SRS front, knee and side airbags; Front row and second row curtain shield airbags
- Multi Terrain Anti-lock Braking System
- Crawl control with Off-Road Turn Assist
- Vertically hinged barn door tailgates
- Trailer Sway Control
- Diesel particulate filter
- Satellite navigation³

LandCruiser GXL

In addition to, or in replacement of, GX features:

- 17" alloy wheels
- Snorkel (available as an optional extra on diesel model only)
- 4.6L V8 Petrol engine option
- Privacy glass
- Body coloured mirrors
- Driver and passenger illuminated vanity mirrors
- Dual-zone automatic climate control
- Premium steering wheel with steering wheel switches
- LED low beam headlamps with auto-levelling and LED clearance lamp
- 1 x 12V accessory connector and 220V rear accessory connector
- Horizontal split tailgate
- Smart entry and start system
- Reversing camera⁶
- Front and rear parking sensors
- Electroluminescent combimeter and 4.2" Multi Information Display
- Variable intermittent wiper
- Kinetic Dynamic Suspension System (KDSS) (available as option on GXL Turbo diesel)
- LED front fog lamps
- 6.1" touchscreen display, MP3 compatibility,² single CD, digital radio¹⁴ functionality, Bluetooth^{®13} connectivity and 6 speakers
- Aluminium side steps
- 8 seats with cloth trim
- Roof rails
- Alarm
- Carpet floors
- Rear spoiler

Smart entry and start system

LandCruiser VX

Moonroof

Black anodized look side steps

In addition to, or in replacement of, GXL features:

- Leather accented seats
- 18" alloy wheels
- Rain sensing wipers
- Electronically retractable side mirrors
- Moonroof
- Black anodized look side steps
- 4-camera Multi Terrain Monitor⁷
- Woodgrain-look interior highlights
- Bi-LED headlamps with dynamic auto-levelling and LED Daytime Running Lamps (DRLs)
- Dusk sensing headlamp (with auto-off)
- Electro-chromatic interior rear-view mirror and exterior side mirrors
- 40/20/40 folding second row seats
- Multi-Terrain Select
- 7-seat capacity for Turbo diesel models
- Stainless steel window moulding
- 4-zone climate control air conditioning
- Blind Spot Monitor⁶ with Rear Cross Traffic Alert⁶
- 9-speaker 9" Electro Multi-Vision (EMV) audio with USB,² AUX² input, digital radio¹⁴ and Bluetooth^{®13}
- Power adjustable driver and front passenger seats

4-zone climate control air conditioning (Overseas model shown)

Dash Camera

Rubber and carpet floor mats
(Carper floor mats not available on GX)

The Toyota Advantage

Every Toyota gives you a lifetime of advantages – from a three year/100,000km warranty,²² capped priced servicing,²³ finance packages, insurance to even roadside assistance in case something should go wrong. That's what makes it a Toyota. You'll enjoy legendary Toyota value from the moment you drive away, and you'll continue to appreciate the quality, safety and innovation that's engineered into each model, every day you drive.

Discover the full range of products and services and find your nearest Dealer at toyota.com.au

Discover the freedom of Toyota Access²⁴

Toyota Access puts you in complete control when buying a new car, with lower monthly repayments.²⁵ Drive out of the Dealership with a clear road ahead then drive back a few years later with more options at your disposal than ever before. Whatever stage you're at in life, Toyota Access puts you in the driver's seat with flexibility and assurance. To discover Toyota Access for yourself visit toyota.com.au/access

Capped price servicing²³

A new Toyota means you don't have to worry about unexpected service costs. Every Toyota comes with a low, capped price service cost for a set number of years/kilometres. Pay the same low capped price from one eligible logbook service to the next for up to three years or 60,000km, whichever occurs first (including Genuine parts, labour and fluids). For the full benefits consult a Toyota Dealer or visit toyota.com.au/advantage

We've got your back

Every new Toyota is built to exceptional standards, backed by a three year/100,000km warranty,²² giving you the peace of mind to feel confident for years to come. In the unlikely event that you need them, every Toyota Service Centre is committed to providing any warranty repairs you may need. They have the technology, the tools, and the skilled personnel to keep your Toyota in excellent condition.

Finance to get you going

If you need a little help, Toyota Finance²⁶ can offer you a wide range of vehicle financing options. With Toyota Finance, you'll have the peace of mind of dealing with one of Australia's leading vehicle finance corporations with over 30 years experience. And with a range of flexible products and services to suit almost every need and circumstance, Toyota Finance can help find the right package for you or your business.

Insurance options

Our Comprehensive Motor Vehicle insurance policy is packed with great benefits including; agreed value cover, new vehicle replacement if your Toyota is written off within the first three years, use of Toyota Genuine Parts, and a Lifetime Repair Guarantee on repairs authorised by Toyota Insurance.²⁷ And our Factory Approved Extended Warranty Insurance also provides benefits, for more information visit toyota.com.au/insurance

Extend your peace of mind

Whether it's a flat tyre, lost keys or a flat battery, Toyota Extra Care Roadside Assist²⁸ is never more than a phone call away. Available 24 hours a day, seven days a week, our technicians are there to help you get back on the road.

Disclaimers and Notice

- Lane Departure Alert (LDA), Automatic High Beam (AHB), Active Cruise Control (ACC) and Pre-Collision Safety system (PCS) including Forward Collision Warning (FCW), Brake Assist (BA) and Autonomous Emergency Braking (AEB) are driver assist features only and not a substitute for safe driving practices. Driver remains responsible at all times for safe driving.
- Not all devices will be compatible. Functionality varies depending on device.
- Current navigation mapping database encompasses major capital and primary national road networks and offers some coverage in regional areas. (Available on LC200, GX, GXL, VX and Sahara).
- Crawl control with Turn Assist is a driver assist technology and should not be used as a substitute for safe driving practices. Areas into which the vehicle is driven must be visually monitored.
- Wash the exterior and underside of the vehicle with fresh water immediately after driving through seawater to prevent damage.
- Reversing camera/Park Assist/rear parking sensors/Blind Spot Monitor/Rear Cross Traffic Alert and Hill Start Assist Control (HAC) are driver assist features only and should not be used as a substitute for safe driving practices. Driver remains responsible at all times for safe driving.
- Multi-Terrain Monitor (MTM) does not provide a comprehensive view of the area surrounding the vehicle, it is a driver assist device only and should not be used as a substitute for safe driving practices. Areas into which the vehicle is driven must be visually monitored.
- Only Qi-supported devices are compatible. Refer to your device manufacturer to determine your device's compatibility. Some devices may require the purchase of a Qi-supported accessory to enable wireless charging.
- Power and torque test standards differ. Ensure comparisons use same test standard.
- Results achieved in test conditions. Actual results may vary depending on driving conditions/style, vehicle condition and options/accessories fitted. Fuel consumption data provided for comparison purposes only. Source: ADR81/02.
- Toyota Safety Sense is a driver assist safety package only, designed to operate when certain technical conditions are met, and its features are not a substitute for safe driving practices. Driver remains responsible at all times for safe driving.
- Pre-Collision Safety system with pedestrian detection is a driver assist feature only and not a substitute for safe driving practices. Driver remains responsible at all times for safe driving. Pedestrians may not be detected in certain conditions including low and harsh light, where partially obstructed from view, where clothing or movement obscures or affects body contours, persons under 1 metre or over 2 metres tall and where carrying or pushing large objects.
- The Bluetooth® word mark is owned by Bluetooth SIG, Inc. Not all devices will be compatible and functionality varies depending on the device.
- Digital radio station coverage dependant on vehicle location.
- Toyota Australia reserves the right to vary and discontinue the current interior and exterior colours, trims and colour/trim/model combinations. Colours and trims displayed here are a guide only and may vary from actual colours due to printing/display process. See your Toyota dealer to confirm colour/trim/model availability when ordering your vehicle. Metallic/mica pearlescent paint is optional and subject to additional charges on most models.
- Paint featured is an optional extra at additional cost.
- Toyota Genuine Accessories are not applicable to all models/grades. Consider the mass of your load to ensure you will not exceed the maximum allowable individual axle capacity, Gross vehicle Mass and/or Gross Combined Mass of the vehicle. Refer to the current Accessories brochure or visit toyota.com.au for details on warranty and toyota.com.au/vehiclepayload for details on vehicle payload to help determine Accessories suitable for your vehicle. Accessory colours shown may vary from actual colour due to the printing process.
- All Toyota Genuine Accessories purchased and fitted to a Toyota are warranted for the remainder of the New Vehicle Warranty or 12 months, whichever is greater. Toyota Genuine Accessories purchased from an authorised Toyota Dealer over the counter are warranted from the date of purchase for one year. Conditions apply. The Toyota Genuine Accessories Warranty does not limit and may not necessarily exceed your rights under the *Competition and Consumer Act 2010*.
- For vehicles fitted with front cameras, fitment of a Nudge bar or bullbar will reduce the field of vision.
- Not available on GX models.
- Towing capacity is subject to regulatory requirements, tow bar, vehicle design and towing equipment limitations. Ask your Dealer for Toyota Genuine Tow bar capacity and availability details.
- New Vehicle Warranty expires three years from date of first delivery or 100,000km, whichever occurs first. Refer to the warranty conditions. The New Vehicle warranty does not limit and may not necessarily exceed your rights under the *Competition and Consumer Act 2010*.
- Maximum payable for standard scheduled logbook servicing (normal operating conditions) until first of three years or 60,000km (whichever occurs first), up to the first six services. Excludes Government & Rental vehicles. Contact your Toyota Dealer or go to toyota.com.au/advantage for other exclusions, eligibility and full details.
- Terms and conditions, fees and charges apply. Toyota Access Guaranteed Future Value products are available to approved customers of Toyota Finance, a division of Toyota Finance Australia Limited ABN 48 002 435 181, AFSL and Australian Credit Licence 392536.
- Lower monthly repayments compared to a similar term with no Guaranteed Future value (GFV) or equivalent balloon final payment. Total interest charges will be higher if a GFV or balloon final payment is selected.
- Approved applicants only. Terms and conditions apply. Toyota Finance is a division of Toyota Finance Australia Limited ABN 48 002 435 181, AFSL and Australian Credit Licence 392536.
- Terms and conditions apply. This advice is general in nature and does not take into account your objectives, financial situation or needs. Before making a decision to purchase any of the insurance products you should consider the appropriateness of the advice taking into account your own objectives, financial situation and needs and refer to the current PDS for the relevant product available from participating Dealers, via our website at toyota.com.au/insurance or by calling 137 200. Toyota Insurance purchased in a dealership or via the Toyota Insurance National Customer Solutions Centre is issued by Toyota Finance Australia Limited ABN 48 002 435 181, AFSL and Australian Credit Licence 392536. The insurer is Aioi Nissay Dowal Insurance Company Australia Pty Ltd. ABN 11 132 524 282, AFSL 443540 (Adica). If Toyota Insurance is purchased online, the issuer and insurer is Adica. Our warranty insurance policies do not change or take away your rights under the Australian Consumer Law. Your right to claim under our warranty insurance policies for the benefits covered are in addition to other rights and remedies you have under the law in relation to your vehicle. However, you can choose to make a claim under any of our warranty insurance policies even if you have rights under the law.
- Toyota Extra Care Roadside Assist is administered by Toyota Finance, a division of Toyota Finance Australia Limited ABN 48 002 435 181, AFSL and Australian Credit Licence 392536.
