

HiAce

OH WHAT A FEELING

You'll feel it with every drive. In every twist and every turn. It's our unwavering commitment to move you, not only today, but well into tomorrow as we relentlessly reimagine the future of mobility.

With our eyes on the horizon, we're committed to creating a future where all of humankind is empowered with the freedom to move.

Work never looked better

Cover: HiAce LWB Van shown accessorised with rear corner protector, tow bar, tow ball and trailer wiring harness¹

Foreground: HiAce LWB Van shown
Background: HiAce LWB Crew Van shown

After earning one of the most enviable records in work history, HiAce continues to build on its legendary reputation as the work partner that's ready to meet the challenge of any job, now and into the future.

Quieter, safer, more comfortable and with improved performance on the road, HiAce projects more than just professional good looks.

Every element, both inside and out, has been carefully designed to make it more functional and incredibly versatile. Halogen Daytime Running Lamps (DRLs)

ensure you'll be noticed, while the semi-bonnet design allows the engine to sit forward to provide greater driver comfort and better driving stability.

The van variants also feature dual sliding doors and a single sliding door option (LWB only), making it easy to load passengers, or standard AU size pallets (SLWB only) in and out. More than just the ultimate task master, HiAce is ready to work harder, smarter and any way you choose.

The perfect work environment

Foreground: HiAce LWB Crew Van shown
Background: HiAce LWB Van shown

Jump into HiAce and you'll discover the perfect mobile workspace that's filled with well-considered features and creature comforts.

The light filled and ergonomically inspired layout places all the controls and handy storage spaces just where you need them to make your time travelling in the HiAce as convenient and practical as possible.

Locating the engine forward of the cabin ensures extra quietness, as does the increased sound absorbing material surrounding the engine, resulting in reduced gear noise.

With a comprehensive selection of steering wheel mounted controls, including telephone, audio, cruise control, voice control and Lane Departure Alert (LDA), you've got virtually all you need right at the tip of your fingers.

The windows and surrounds have been carefully designed to provide maximum vision and light to brighten the entire cabin space.

HiAce, it's a first-class space to work.

- B Large glove box – LWB Crew Van shown
- C USB² ports and drink holders – selected passenger positions – Commuter GL only

Making the
tough jobs easy

When there are jobs to be done, you need a partner that's built to give you everything it can, for as long as it's required. As one of the most powerful models in the Toyota range, HiAce is available in the 2.8L turbo diesel engine.

The intelligent 6-speed manual transmission, available on HiAce LWB diesel, provides excellent start-off and uphill performance at cruising speeds as well as automatically balancing the engine speed to ensure the smoothest possible gear changes.

The stop and start system on HiAce automatically stops the engine when sitting idle at traffic lights or in congestion to help save fuel, and then restarts the engine automatically when the foot is removed from the brake. Manual transmission variants will restart when the driver presses the clutch.

Working with the latest technology is no longer the exclusive domain of office dwellers. HiAce is equipped with all the smart thinking you need to make a long day a little lighter.

The 8" touchscreen display includes satellite navigation³ with SUNA™^{4,5} traffic channel to keep you moving smoothly around town. The AM/FM/digital radio/audio unit includes USB ports plus Bluetooth⁶ connectivity. You can also connect compatible smart phones to use Apple CarPlay^{7,8} and Android Auto™^{7,9} (speak to your Dealer about device compatibility) to assist you while on the road.

The 4.2" colour Multi Information Display (MID) provides you with valuable trip information including fuel efficiency, distance travelled and outside temperature.

B 4.2" Multi Information Display (MID) – LWB Crew Van shown

Travel safely to work and home

When working long days, you need an environment to support both your mental and physical wellbeing to help you get the job done safely.

Every HiAce comes with the assurance of class-leading safety including a range of innovative features to protect you as you go about your everyday business.

These include Toyota Safety Sense¹⁰ as standard across the range. Pre-Collision Safety¹⁰ (PCS) system with pedestrian and daytime cyclist detection to help sense and take action in case of potential danger ahead. Lane Departure Alert¹⁰ (LDA) warns you should you inadvertently drift out of your lane, and Automatic High Beam¹⁰ (AHB) dips your headlights as another vehicle approaches. Road Sign Assist¹⁰ (speed signs only) (RSA) is designed to detect certain speed signs in front of you as you're travelling, and display them on the Multi Information Display¹⁰ (MID). If you happen to be driving over a recognised speed limit, an audible and visual warning will be displayed, reminding you to slow down.

Blind Spot Monitor¹⁰ (BSM) warns you if a vehicle is in your blind spot on the open road. This is standard in every HiAce, as is Rear Cross Traffic Alert¹⁰ (RCTA), that warns you of vehicles approaching from either side when reversing out of a parking spot.

A SRS airbags – LWB Crew Van shown

B Reversing camera with moving guidelines – Overseas LWB Crew Van shown

C Blind Spot Monitor (BSM) – Downward visibility mirror is only available on SLWB Van and Commuter

Toyota Safety Sense

Toyota
Safety
Sense

At Toyota, we believe it's simply not enough to say "safety comes first" – we prove it. That's why, in our on-going pursuit of creating ever safer cars, now and into the future, we developed Toyota Safety Sense¹⁰ (TSS). A suite of active safety features designed to help support safe driving and help protect you and your passengers.

HiAce features the latest TSS driver assistance technologies, aiming to recognise and help avoid certain hazards and collisions, giving you and your passengers greater peace of mind wherever you're headed. Please visit toyota.com.au for vehicle and specification information.

Lane Departure Alert

Lane Departure Alert¹⁰ (LDA) is designed to help prevent vehicles drifting from their lane, by monitoring road markings, and providing a visible and audible alert should it detect any deviation from the lane.

Pre-Collision Safety system with pedestrian and daytime cyclist detection

Pre-Collision Safety¹⁰ (PCS) system with pedestrian detection and daytime cyclist detection, was developed to help reduce the likelihood of a frontal collision with cars, cyclists or pedestrians. Forward Collision Warning¹⁰ (FCW) uses radar to help alert you to imminent threats. During braking, Brake Assist¹⁰ (BA) can help to slow the vehicle by applying additional force. If the driver has not applied the brakes and if the system detects a collision may be unavoidable, Autonomous Emergency Braking¹⁰ (AEB) can apply the brakes to help mitigate the impact.

Automatic High Beam

Using a camera to sense either approaching headlights or the taillights ahead, Automatic High Beam¹⁰ (AHB) aims to help maintain safe and considerate driving by switching between high and low beam as needed.

Road Sign Assist (speed signs only)

Road Sign Assist¹⁰ (speed signs only) (RSA) was developed to help recognise road speed signs and provide information to you. It displays the most recently recognised speed limit on the Multi Information Display.

Toyota Connected Services¹¹

3 years complimentary access¹¹

Driving should be easy, enjoyable and safe. That's why inside every connected Toyota you'll find a suite of advanced features focused on safety, convenience and a better driving experience.

To learn more, please visit toyota.com.au/connected

Stolen Vehicle Tracking¹² (SVT)

Should the unthinkable unfortunately occur, you'll have the peace of mind of knowing Toyota Stolen Vehicle Tracking (SVT) is designed to help find your missing vehicle. After filing a stolen vehicle report to the police, and providing your VIN and police report number to a Toyota Stolen Vehicle Assistance agent, the agent will validate your SVT subscription and initiate tracking. They can then provide updates to the police to assist with the potential recovery of your vehicle.

Automatic Collision Notification¹³ (ACN)

Every second counts when assistance is needed the most. Should an airbag deploy or a severe collision be detected by the impact sensors, Toyota Automatic Collision Notification (ACN) is designed to automatically connect with our 24/7 Toyota Emergency Assistance call centre. If you're unable to communicate or respond, we'll immediately contact emergency services and direct them to your vehicle's location.

SOS Emergency Call¹⁴

If the situation ever arises where you require urgent assistance, it's comforting to know help can be available at the touch of a button. In the event of a genuine emergency, you can speak directly to a Toyota Emergency Assistance agent, 24/7, simply by pressing the dedicated SOS button in your vehicle. If required, they can direct emergency services to your vehicle's location.

Fit for purpose

Our hassle-free French Vanilla is the perfect match to pair with your branding, or to simply stand out on the road.

Enjoy the comfort of Grey fabric interior in all HiAce models as well as soft touch Beige fabric seats with Grey synthetic accents which is exclusive to the HiAce Commuter GL model.

The Toyota Advantage

When you join the Toyota family, you get so much more than a new car feeling. You get a lifetime of benefits keeping you moving now and well into the future.

Discover your Toyota lifetime of advantages at toyota.com.au

Discover the freedom of Toyota Access¹⁶

Toyota Access puts you in complete control when buying a new car, with lower monthly repayments.¹⁷ Drive out of the Dealership with a clear road ahead then drive back a few years later with more options at your disposal than ever before. Whatever stage you're at in life, Toyota Access puts you in the driver's seat with flexibility and assurance. To discover Toyota Access for yourself, visit toyota.com.au/access

Capped price servicing¹⁸

A new Toyota means you don't have to worry about unexpected service costs. Every Toyota comes with a low, capped price service cost for a set number of years/kilometres. Pay the same low capped price from one eligible logbook service to the next for up to 3 years or 60,000km, whichever occurs first (including Toyota Genuine parts, labour and fluids). For the full benefits, consult a Toyota Dealer or visit toyota.com.au/advantage

Toyota Warranty Advantage

Every new Toyota is built to exceptional standards, and from 1 January 2019, Toyota vehicles are backed by a 5-year/unlimited kilometre warranty.¹⁹ If your vehicle is properly serviced and maintained per its Warranty and Service Book, we'll extend your engine and driveline warranty for an additional 2 years,²⁰ giving you peace of mind for years to come. In the event of a claim covered by warranty, you are covered by 7 years emergency assistance

including expenses related to car hire or towing if required. For more information, visit toyota.com.au/owners/warranty

Finance to get you going

If you need a little help, Toyota Finance²¹ can offer you a wide range of vehicle financing options. With Toyota Finance, you'll have the peace of mind of dealing with one of Australia's leading vehicle finance corporations with over 30 years experience. And with a range of flexible products and services to suit almost every need and circumstance, Toyota Finance can help find the right package for you or your business.

Insurance options

Our Comprehensive Motor Vehicle insurance policy is packed with great benefits including: agreed value cover, new vehicle replacement if your Toyota is written off within the first 3 years, use of Toyota Genuine Parts on authorised repairs within manufacturer's warranty, and a Lifetime Repair Guarantee on repairs authorised by Toyota Insurance.²² For more information, visit toyota.com.au/insurance

Extend your peace of mind

Whether it's a flat tyre, lost keys or a flat battery, Toyota Extra Care Roadside Assist²³ is never more than a phone call away. Available 24 hours a day, 7 days a week, our technicians are there to help you get back on the road.
