

POSSIBLY TOO MUCH TRUCK. LIKE THAT'S A PROBLEM.

Your eyes don't deceive you. It's a pickup truck. From International. Which makes it much more than a pickup truck. It's an International® 7300 CXT – born out of the proven International 7300 severe service truck used by professionals for the most rugged applications.

So you get all the attributes of a commercial truck – but you don't need a commercial driver's license to drive it.*

The legendary International® DT 466 diesel engine provides up to 6 tons of hauling power.** The air-ride cab and seats provide an exceptionally smooth ride. And a spacious and well-appointed interior ensures automotive-like comfort and convenience.

The result of more than a century of leadership in the truck market, the International 7300 CXT delivers performance. In a big way.

*State restrictions may apply. Talk to your local motor vehicle department.

**Tow hitch required at extra cost.

THE BRILLIANCE OF COMMON SENSE.™

HAULS SIX TONS. SEATS SIX PEOPLE.
PERFORMS SIX WAYS TO SUNDAY.

The International® 7300 CXT interior is all about comfort and convenience with an ergonomic dash, air-ride cab, a commanding view of the road and additional seating with the available crew cab. Optional custom leather interior with DVD and rear vision camera available.

- The spacious cab features world-class fit and finish, premium insulation and a best-in-class HVAC system for an exceptionally comfortable and quiet driver environment.
- The drivetrain features a smooth-shifting Allison 2500 Series 5-speed automatic transmission.
- 10" frame rail is both lightweight and strong. The International 7300 CXT has a gross vehicle weight of 25,999 lbs and can haul a 12,000-lb payload.
- Three-step E-coat prime/base coat/urethane clear coat paint process for the cab, hood and bed offers outstanding resistance to corrosion and fading.
- Wide-track front axles and excellent ground clearance allows the International 7300 CXT to outmaneuver standard size pickups, especially off-road.
- The 7.6-liter International® DT 466 diesel engine has 220 hp and 540 lb-ft of torque. Features include a proven wet-sleeve design, the EVRT® electronically controlled turbocharger and four valves per cylinder. The engine delivers responsive acceleration, outstanding fuel efficiency and extended serviceability. A 500,000-miles-to-engine-overhaul ensures long-term durability.
- Even when traversing over potholes and across trenches, the cab air suspension softens the ride.
- On-demand all-wheel drive ensures outstanding stability and traction on even the roughest terrain.
- An optional tilting bed makes unloading cargo faster and easier.
- Standard air brakes designed for 13-ton loads provide unmatched stopping power.
- The available 4-door crew cab comfortably accommodates up to 6 adults with abundant rear seating. Also available in an extended cab as shown below.
- Truck dimensions:
Overall length – 257 1/2"
Cab height – 108 1/4"
Standard bed length – 96"
Ground to bed floor – 57 1/2"
Ground to top of bed side – 77"

Optional bumper shown
