

2000
CENTURY

BUICK

You don't have to be rich to drive

a luxury car—you can drive a Century by Buick.

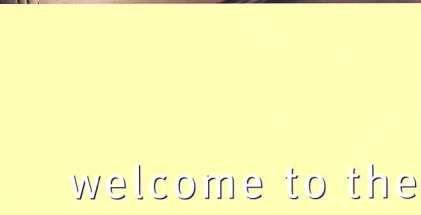

Century offers the room, comfort and amenities

you would expect in a luxurious family sedan,

with one big difference — it's affordable.

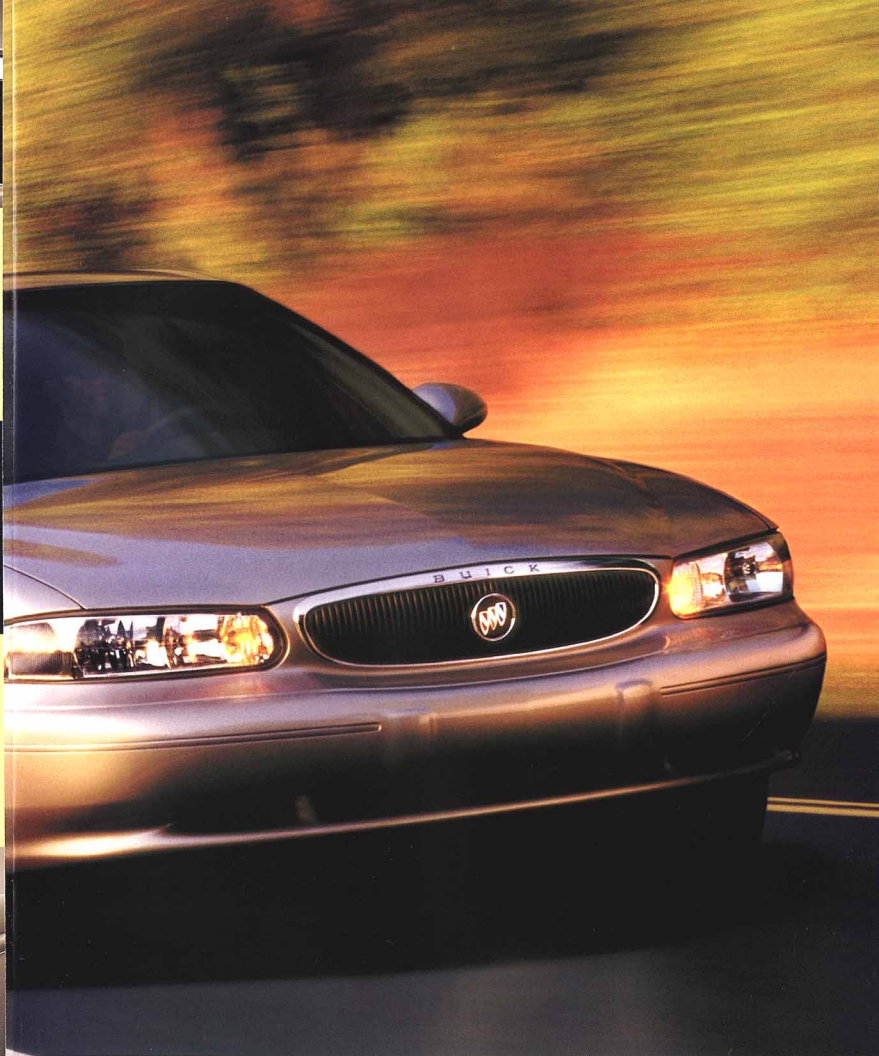

a luxury car for
everyone

welcome to the next

Century

Century 2000

Special Edition

The Century 2000 Special Edition is truly a Century for the

new millennium. With its black grille, color-keyed moldings,

specific aluminum wheels, Century 2000 nameplates and

embroidered head restraints, it has a look all its own.

And with features like cruise control, six-way power

driver seat and AM/FM cassette with steering wheel-

mounted controls, it just might be the value of the century.

raise your standards

When it comes to standard equipment, Century sets very high standards. Besides room for six and a large, easy-access trunk, Century includes power windows and door locks and an air filtration system.

ABS and traction control standard
for added driver confidence

standard 3100 V6 engine
with increased horsepower and torque

dual ComforTemp climate control* standard
for individualized comfort

*Manual dual ComforTemp is standard on Custom and Limited; automatic (shown) is optional on Limited.

standard remote keyless entry
with instant alarm

tire inflation monitor standard
for added reassurance

With the new split-folding rear seat (optional), you can fold down either side — or both sides — to create more room for your gear.

Century's generous cabin provides 101.8 cubic feet of space — including over three feet of legroom for front and rear passengers to enjoy.

The comforting body-contoured seats allow you to sit back and relax (shown with leather trim — standard on Limited).

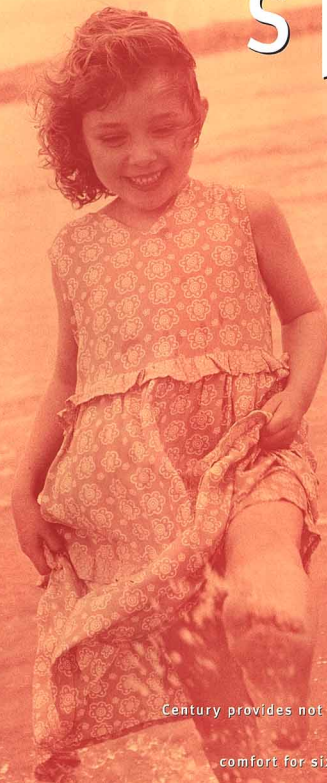

Flush-mounted windshield glass, micrometer door fits and triple door seals contribute to your peace and quiet inside Century.

The sleek, aerodynamic shape enhances Century's contemporary styling — and also helps minimize wind noise.

savor your personal space

Century provides not just room for six, but genuine
comfort for six — with plenty of accommodating
features. In other words, Century is designed
to give you a lot of car for your money.

enjoy the ride

Century's notably graceful ride is combined with a sense of stability and control plus responsive V6 performance. It all adds up to a very pleasurable and confident driving experience.

Century's sense of stability and solidity and its remarkably smooth ride are the result of many factors, including a very rigid body structure.

Another reason for Century's consistently pleasant ride is its four-wheel independent suspension with vibration-resistant crossmembers.

To further enhance Century's smoothness, the refined V6 engine is coupled to a new four-speed automatic transmission with overdrive.

The long wheelbase contributes to your sense of stability — and also to Century's excellent ride.

Your feeling of control is enhanced by power-assisted rack-and-pinion steering in Century Custom and magnetic variable-effort steering in Century Limited.

Century Limited interior with standard leather trim in Medium Gray, shown with optional equipment.

expect the unexpected

Everyone deserves some genuine luxury.

That's why Century offers an array of optional features and amenities you would normally

expect to find only in much more expensive cars.

Push a button to open the optional power sunroof with retractable sunshade — and get a breath of fresh air.

To experience breathtaking audio, combine a CD player with the eight-speaker Concert Sound III audio system (both optional).

The rear-seat armrest can be used as a small table and includes a storage area and dual cup holders (included with optional split-folding rear seat).

The lighted visor vanity mirrors for driver and front passenger include an extendable sunshade (standard on Limited, optional on Custom).

The optional steering wheel-mounted radio controls let you change sound sources, raise or lower the volume and hit mute — all without taking your hands off the wheel.

Century Custom in Bordeaux Red Pearl, shown with optional equipment.

always feel secure

Century provides an array of safety and security features, including standard traction control and four-wheel anti-lock brakes (ABS). ABS helps you maintain steering control on most slippery surfaces, especially during hard braking.

In addition to dual front air bags, Century now offers the added safety of a driver side air bag* (standard on Limited).

*Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. Front seat side-impact air bag helps reduce the risk of certain injuries to the driver in side impacts. See the Owner's Manual for more safety information.

OnStar

Wherever you go, the optional OnStar® service is there to help you. Simply push a button and you reach a trained Advisor who can call emergency service providers or roadside assistance. OnStar's premium package is available to provide directions, locate restaurants and even make reservations.

With Twilight Sentinel®, your headlamps automatically turn on and then remain on for a specified time as you exit your Century at night — to help you see where you're going.

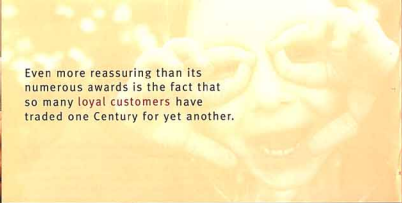

NEW for 2000, the upper child seat anchors are designed to help you strap in a child restraint seat more securely, and make you feel more confident. Comfort guides are included for the rear outboard lap/shoulder safety belts.

The standard PASS-Key® II theft-deterrent system precludes any other key from starting your Century.

Century
LIMITED

Even more reassuring than its numerous awards is the fact that so many loyal customers have traded one Century for yet another.

Century incorporates platinum-tipped spark plugs, long-life fluids and other components that allow you to drive up to 100,000 miles before your first scheduled tune-up!*

Century's sterling reputation for dependability is backed by the New Vehicle Limited Warranty, which covers you for 3 years/36,000 miles, whichever comes first.†

When you bring your Century in for service, with Buick's Courtesy Transportation your dealer will give you a ride up to 10 miles away.‡ Century's emergency Roadside Assistance is available around the clock, 365 days a year, throughout the life of your warranty.

Century is proud to play a role in Buick's sponsorship of the PGA TOUR — and to help sponsor professional golfers like Steve Elkington (shown here with his family).

*Maintenance needs vary with different uses and driving conditions. See the Owner's Manual for more information.
†Excludes normal maintenance. See your dealer for details.
‡See your dealer for details.

build a quality relationship

Century is renowned for durability and dependability.

It's designed to be a quality automobile and backed

by Buick's Quality Plus program. Be prepared

for a rewarding and lasting relationship.

At Buick, we offer real cars through and through, like
Century. Cars that are solid and substantial, with more
power than you may ever need. Cars that are unapologetically
comfortable, with wide seats and room to stretch.
Cars that are accommodating enough for your family and
stylish enough for a night on the town. Buicks are designed
to fulfill your desire for a thoroughly enjoyable driving experience.
real power. real comfort. real style.

A word about this catalog We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Some information may have been updated since the time of printing, so please check with your Buick dealer for complete details. Buick reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

Child safety Children generally are safer if they are secured in a rear seat using the appropriate child safety seats and restraints, which is why General Motors recommends that child safety seats be properly secured in a vehicle's rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

Engines Buicks are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

Assembly Buicks and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Buicks with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

Updated service information Buick regularly sends its dealers useful service bulletins about Buick products. Buick monitors product performance in the field. We then prepare bulletins for servicing our products better. You can receive these bulletins too. Ask your dealer or, for ordering information, call 1-800-551-4123.

Warranty The GM 3-year/36,000-mile New Vehicle Limited Warranty covers repairs for any new Buick, including labor and parts, to correct any defects in material or workmanship occurring during the warranty period. The complete vehicle (including tires) will be covered for 3 years or 36,000 miles, whichever comes first. (Excludes normal maintenance.) See your Buick dealer for terms of this limited warranty.

The GM Card[®] For information or to apply for The GM MasterCard[®] call 1-800-8GM-CARD.

SMARTLEASE
by GMAC

SmartLease[®] by GMAC[®] For information about SmartLease or any of the other quality GMAC financing options, see your Buick dealer or call 1-800-32-SMART.

MOBILITY
PROGRAM

General Motors Mobility Program[™] Buick recognizes the importance of mobility to everyone's life and, therefore, offers financial assistance to persons with disabilities through the General Motors Mobility Program. This program can provide up to \$1,000 reimbursement toward the cost of aftermarket mobility adaptive equipment for drivers or passengers. For details and free resource information, call 1-800-323-9935 (TTY users: 1-800-833-9935).
