

THE 2001 LESABRE BY BUICK

LESABRE

Peace of Mind

For each of the past eight years, thoughtful people have

selected LeSabre more often than any other full-size sedan as*

their family's safe home on the road. Some are drawn to LeSabre's

history of quality and advanced technology,

others to its award-winning reputation and widespread media

praise. Powerful and smooth, roomy and luxurious, the 2001 LeSabre

stands ready to comfort and help protect your family and provide

true peace of mind.

*Based on Full large sedan segment registrations.

Throughout this brochure, you will see Internet URL addresses such as www.stabilitrak.lesabre.com adjacent to key product features. Each Web address enables you to go online for more information about that specific feature. No surfing required.

*There is nothing quite like the assurance and pleasure of driving
a great road car like LeSabre. Large heated* side mirrors
help sustain your all-around vision. As the afternoon light wanes,
Twilight Sentinel® automatically switches daytime running
lamps to headlamps. Every time you drive, LeSabre's technology
is working to help make your travels safe and pleasurable.*

**Standard on Limited.*

LeSabre Limited in Light Bronzemet Metallic, shown with available equipment.

Powerful and self-assured, you'll find LeSabre is agile in turns yet stable on the open road. You are confident thanks to four-wheel anti-lock disc brakes, and comforted by its long wheelbase, wide track and advanced suspension. LeSabre provides you the luxury of feeling in control.

Assurance

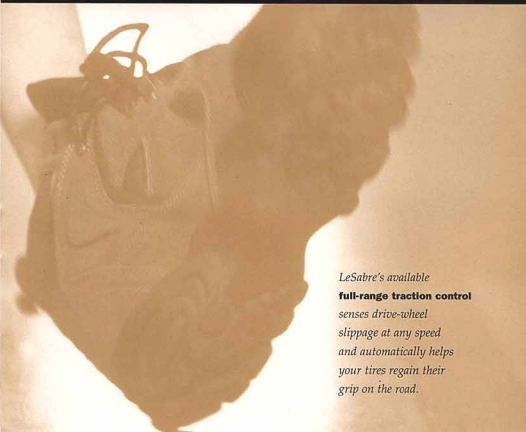

Enter a freeway or pull out to pass, and 205 horsepower from the highly praised **3800 Series II V6** is yours to unleash.

LeSabre Limited's **EyeCue® Head-Up Windshield Display** provides your driving speed and a range of important information, allowing you to keep your eyes on the road.*

*Included in the available Driver Confidence Package.

For your driving safety, LeSabre's four-wheel **anti-lock disc brakes** help maintain steering control and help prevent skidding on most slippery surfaces during hard braking.

LeSabre's available **full-range traction control** senses drive-wheel slippage at any speed and automatically helps your tires regain their grip on the road.

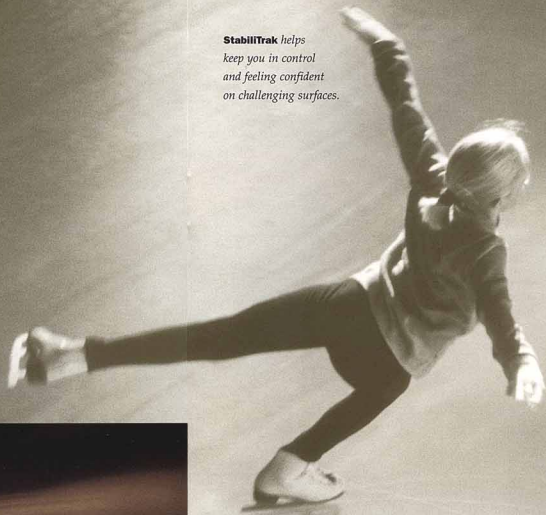

Steadiness

StabiliTrak®* Where a slick road or hazard might take you off course or cause a skid, StabiliTrak instantly senses any disparity between your steering wheel position and actual direction of travel. Smoothly and naturally, it works to help get you back on course and in control. www.stabilitrak.lesabre.com

*Included in the available Driver Confidence Package.

StabiliTrak helps keep you in control and feeling confident on challenging surfaces.

StabiliTrak's advanced technology is always alert and ready to assist, its computerized reflexes faster than any human's.

StabiliTrak sensors, located strategically throughout your LeSabre, are **constantly at work**, monitoring your vehicle's stability.

When LeSabre's sensors detect any difference between your steering wheel angle and the direction your LeSabre is actually turning...

...StabiliTrak immediately takes **corrective action** by applying either the right or left front brake, as necessary, to help restore LeSabre to your intended course of travel.

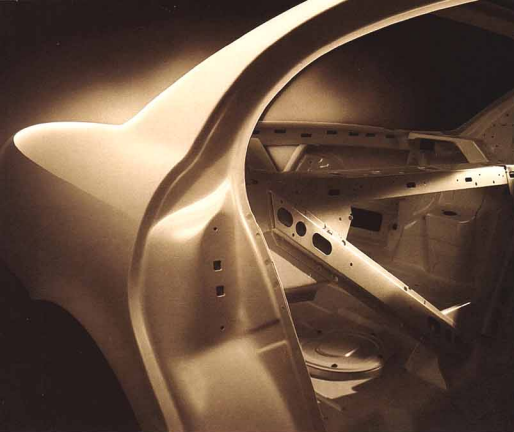

With StabiliTrak, you simply steer where you want to go, and your LeSabre effectively utilizes this advanced technology to help get you **back on course** and in control.

*Everything you need for comfortable travel can be with you,
thanks to an 18-cubic foot trunk. Its wide opening and
low lift-over make access easy. Automatic rear level control
suspension helps maintain LeSabre's smooth ride even with a
full load. The open road awaits your travel pleasure.*

LeSabre Limited in Light Bronzemet Metallic, shown with available equipment.

★★★★★ The 2000 LeSabre has earned the National Highway Traffic Safety Administration five-star frontal crash rating under the New Car Assessment Program. This is the highest government front crash test rating for the driver and front passenger. The 2001 LeSabre continues this leading safety design to help protect you and your family and provide true peace of mind.

Security

LeSabre's feeling of stability is due in great part to its **rigid body structure**. This structural integrity enables LeSabre's suspension to be optimally tuned for a smooth and controlled ride with precise handling.

Available **rain-sensing wipers**, when switched on, automatically adapt their sweep rate to the precipitation and road spray, ending the annoyance of continually adjusting wiper speed as you drive.

www.rainsensing.lesabre.com

In a low-speed rear-impact collision, LeSabre's innovative **Catcher's Mitt™ seats*** are designed to help absorb energy and pocket the occupant's pelvis and lower back. The self-aligning head restraints rotate forward to help reduce the head motion that may cause neck injury.

www.seats.lesabre.com

*Outboard front seats only.

In addition to dual stage front air bags, LeSabre also includes dual front **side-impact air bags**** for added safety.

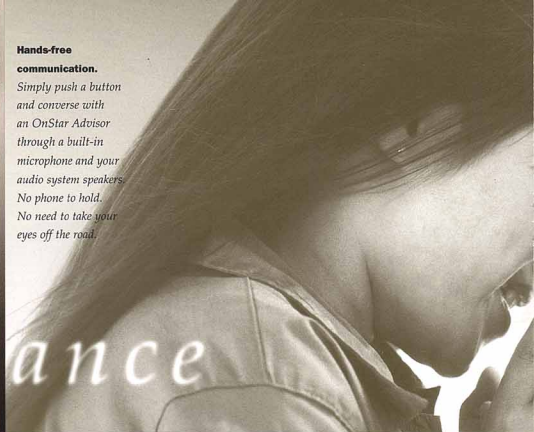

www.sideairbags.lesabre.com

**A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

Assistance

Hands-free communication.
Simply push a button and converse with an OnStar Advisor through a built-in microphone and your audio system speakers. No phone to hold. No need to take your eyes off the road.

With OnStar, when you need **personal assistance**, someone is always there to help you.

OnStar® is a unique blend of cutting-edge technology and attentive personal service that provides an unparalleled level of safety, security and information. At the touch of a button, an OnStar Advisor is available to contact emergency service providers or roadside assistance. Even in a collision in which your air bags deploy, the OnStar service in your vehicle will automatically contact the OnStar Center. There, trained Advisors will immediately contact emergency assistance if needed and provide them with your exact location.*

OnStar provides Advisors 24 hours a day to assist you when you're on the road, so you're never without a **travel companion** when you need help.

www.onstar.lesabre.com

Want even more personal assistance? OnStar's available **Premium Service Plan** provides OnStar Advisors access to over 5 million service listings so they can offer directions if you are lost or get you almost anywhere you need to go.

*One-year OnStar Safety and Security Service Agreement standard on LeSabre Custom with SE Package and LeSabre Limited models. For more information, call 1-800-ONSTAR-7.

A photograph showing the interior of a car, specifically the front and rear seats. The seats are upholstered in a dark, possibly black or dark brown, leather with a quilted or tufted pattern. The car has a steering wheel visible on the right side, and the interior panels and door handles are also visible. The lighting is dramatic, highlighting the texture of the leather and the contours of the seats.

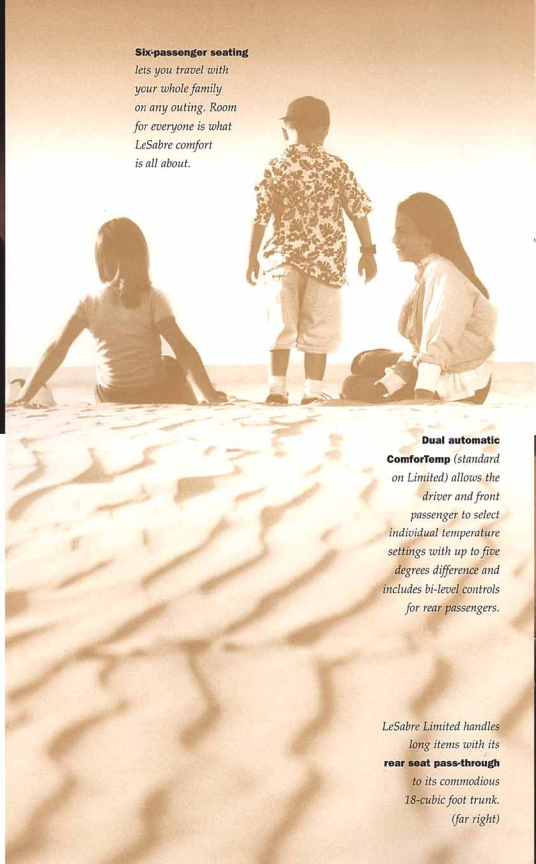

Full-size comfort and a quiet and hushed cabin are at the core of LeSabre's first-class travel environment. Front side-impact air bags provide an extra measure of safety. Integrated front safety belts and fold-down center armrests comfort you. Ten standard convenient storage areas neatly stow all your necessities.

LeSabre Limited interior in Taupe, shown with available equipment.

The luxury of **leather-trimmed seats** is available on all LeSabres. The warmth of heated front outboard seats, standard on LeSabre Limited and available on Custom, completes your driving comfort.

Six-passenger seating lets you travel with your whole family on any outing. Room for everyone is what LeSabre comfort is all about.

Dual automatic ComforTemp (standard on Limited) allows the driver and front passenger to select individual temperature settings with up to five degrees difference and includes bi-level controls for rear passengers.

LeSabre Limited handles long items with its **rear seat pass-through** to its commodious 18-cubic foot trunk. (far right)

Accommodating

LeSabre is America's favorite full-size sedan* because it takes care of everyone in the family. There's room to stretch out, front and rear, with generous hip and shoulder room. LeSabre is flexible enough to accommodate your family and their gear.

*Based on 1996 full-size sedan segment registrations.

LeSabre's thoughtful cockpit positions everything a driver needs at hand and in perfect symmetry. Large, legible gauges delight the eye, while the Driver Information Center* alerts you to low fluid and fuel levels, oil life and low tire pressure. Available steering wheel controls for the sound system, temperature (Limited) and cruise control elevate your driving control. And the valet lockout on the remote trunk release helps secure your valuables.

*Standard on Limited, available on Custom.

LeSabre Limited instrumentation, shown with available equipment.

To help make you feel supremely comfortable, LeSabre's remarkable front seats are designed for solid support and real accommodation. In addition to laboratory testing, they have been ComforTeam-tested in many miles of real-world driving.

Relaxation

An available CD and cassette player is part of a wide range of audio systems, including the **Concert Sound II** six-speaker system.* For more audio pleasure, a trunk-mounted **12-disc CD changer** is available on LeSabre Limited. *Standard on Limited, available on Custom.

Personal Choice Memory Settings (available on Limited) are activated by the remote keyless entry, and automatically bring the temperature settings, 10-way power driver seat, lumbar and recliner adjustments and outside mirrors to your favorite positions.

www.personalchoice.lesabre.com

Your LeSabre can be equipped with the available **Universal Transmitter.**** As you enter your driveway, this three-function programmable device can turn on lights inside your house, open your garage door and more.

**Standard on Limited, available on Custom.

The available **power sunroof** includes a tilt feature, retractable sunshade and UV-resistant glass.

Travel with confidence, thanks to LeSabre's sterling reputation for quality and safety. But just in case, you're also protected by LeSabre's emergency 24-hour roadside assistance and the close support of 2,800 Buick dealers nationwide. That's peace of mind.*

**3-year/36,000-mile Limited Warranty.*

LeSabre Custom in Dark Bronzermist Metallic, shown with available equipment.

One test drive and the quality of LeSabre becomes immediately apparent. Year after year, LeSabre's meticulous reputation for value and long-lasting dependability has earned many awards from consumer publications, and praise from industry analysts and media critics. No wonder LeSabre has been America's best-selling full-size sedan for the past eight years.*

Quality

Quality Plus is standard on every LeSabre. This is a comprehensive program that assures that your new LeSabre delivers a quality experience throughout your travels.

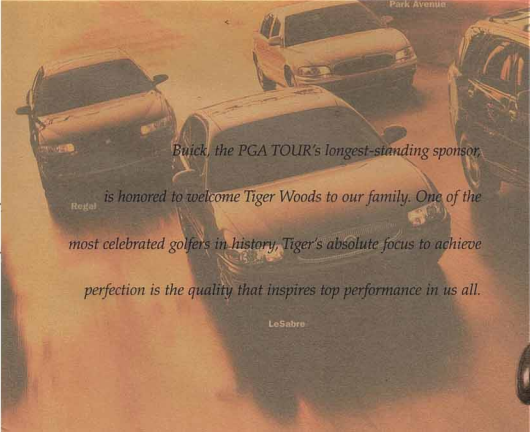

FUEL ECONOMY
AVERAGE 30.0 MPG

LeSabre's quality design achieves remarkable **fuel efficiency** (19 city/30 hwy.) for a full-size car—especially one with such responsive performance!

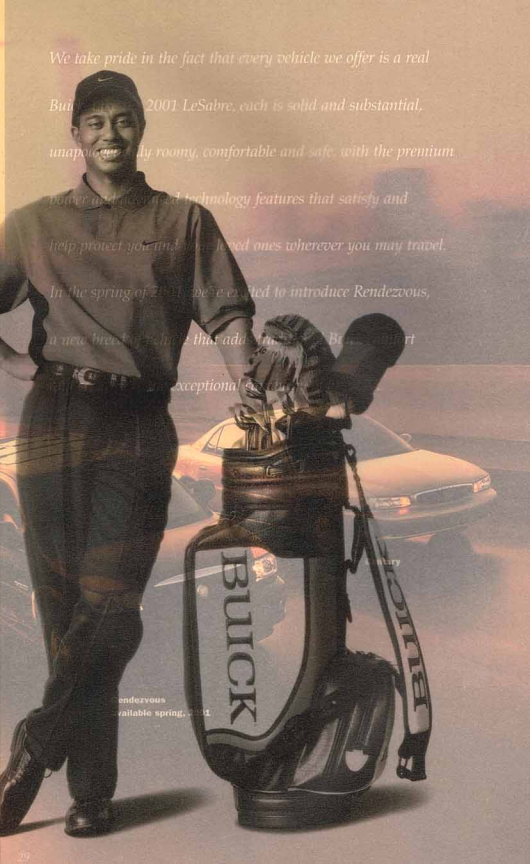

*Based on 2000 EPA estimates. 2001 EPA estimates not available at time of printing.

LeSabre durability extends to its platinum-tipped spark plugs, long-life engine fluids, and other quality components that allow you to drive up to **100,000 miles** before your first scheduled tune-up.**

**Maintenance needs vary with different uses and driving conditions. See Owner's Manual for more information.

Buick, the PGA TOUR's longest-standing sponsor, is honored to welcome Tiger Woods to our family. One of the most celebrated golfers in history, Tiger's absolute focus to achieve perfection is the quality that inspires top performance in us all.

We take pride in the fact that every vehicle we offer is a real Buick. Each 2001 LeSabre, each is solid and substantial, unapologetically roomy, comfortable and safe, with the premium leather upholstery and technology features that satisfy and help protect you and your loved ones wherever you may travel. In the spring of 2001, we're excited to introduce Rendezvous, a new breed of SUV that adds another dimension to our exceptional quality.

Rendezvous available spring, 2001

*A word about this brochure. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Some information may have been updated since the time of printing, so please check with your Buick dealer for complete details. Buick reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times. **Child safety.** Children generally are safer if they are secured in a rear seat using the appropriate child safety seats and restraints, which is why General Motors recommends that child safety seats be properly secured in a vehicle's rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information. **Engines.** Buicks are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. **Assembly.** Buicks and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Buicks with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.*

***Updated service information.** Buick regularly sends its dealers useful service bulletins about Buick products. Buick monitors product performance in the field. We then prepare bulletins for servicing our products better. You can receive these bulletins too. Ask your dealer or, for ordering information, call 1-800-551-4123. **Warranty.** The GM 3-year/36,000-mile New Vehicle Limited Warranty covers repairs for any new Buick, including labor and parts, to correct any defects in material or workmanship occurring during the warranty period. The complete vehicle (including tires) will be covered for 3 years or 36,000 miles, whichever comes first. (Excludes normal maintenance.) See your Buick dealer for terms of this limited warranty. **The GM Card.[®]** For information or to apply for The GM MasterCard,[®] call 1-800-8GM-CARD. **SmartLease[®]** by GMAC.[®] For information about SmartLease or any of the other quality GMAC financing options, see your Buick dealer or call 1-800-32-SMART. **GM Mobility Program.[®]** Buick recognizes the importance of mobility to everyone's life and, therefore, offers financial assistance to persons with disabilities through the General Motors Mobility Program. This program can provide up to \$1,000 reimbursement toward the cost of aftermarket mobility equipment for drivers or passengers. For details and free resource information, call 1-800-323-9935 (TTY users: 1-800-833-9935).*
