WINDSTAR

## What is more important than your family's safety?

Nothing, of course, and that's what makes Windstar a great family vehicle. And there's more, too, like all the little things that create such a strong bond among family members. It's no different with Windstar. It is designed to meet your needs. It's accommodating. It's responsive. It will spoil you with its amenities. And it strives to provide a safe environment. Others notice, too. Windstar is the only vehicle to receive the prestigious quadruple 5-star government crash test rating four years in a row.\* We know how much your family means to you.

\*Tested with optional side airbags.

SE shown in Matador Red Metallic.

**What a way to tell them you've arrived.**

In style. In luxury. In comfort. To say that Windstar Limited is just a minivan is a definite understatement. Why, just opening the doors to its supple, two-tone leather quad seating surfaces should be proof enough of that. But then add the fact that they're 6-way power adjustable driver and front passenger heated seats with driver-side memory setting and lumbar support, and are reclinable to boot, and it's pretty much clinched. Still, with Windstar, the pampering doesn't stop there. Further refined touches say as much. Such as a classically designed wood and leather-wrapped steering wheel. Distinctive instrument cluster accents. Plush carpeting underfoot. There's even the convenience and safety of heated power mirrors with integrated safety signals and the confidence that comes with power adjustable pedals. Add the exceptional sound of an AM/FM stereo with a 6-disc in-dash CD player and digital clock and you can't help but conclude that Windstar Limited is anything but limited.

Limited shown in Estate Green Metallic and Mineral Grey Metallic.

windstar LIMITED

4

## Hard as it might seem at times, you *can* find inner peace.

Just thinking about the optimum comfort and luxury of leather-trimmed, 7-passenger seating would be a start. Then consider the power controls that customize your seat position to fit your driving style, and the fact that both front seats are heated. What could be better? Distinctive easy-to-read instruments and controls help you appreciate everything. Add to that the thoughtful leather-wrapped steering wheel, front and rear temperature and audio controls, and the generous storage, and suddenly you're in your element.

Limited shown in Premium two-tone Medium Parchment Leather trim.

- 1 How convenient is that? Windstar Limited's memory feature remembers and resets the position preferences of seats and outside mirrors for two totally different drivers. You've got enough on your mind already.
- 2 Sounds like an open-and-shut case. Windstar's remote keyless entry system unlocks the driver door, passenger door and opens and closes the rear power sliding doors with a push of a button. And its SecuriLock™ coded-key passive anti-theft system acts as an engine immobilizer.
- 3 Audiophiles listen up! Windstar's AM/FM stereo with a 6-disc in-dash CD player is music to your ears. And one "sound" decision.
- 4 Windstar offers an optional AutoVision® Video Entertainment System with remote. For 2003, the family could think it's the most popular show on the road.

windstar LIMITED

9

**Who's kidding whom? Windstar is as much for you as it is for them.**

Sure they'll love the available AutoVision<sup>®</sup> Video Entertainment System and 6-disc in-dash CD player and rear audio controls. Heck, they'll even love the fact that everyone who's anyone, and everyone who's anyone's gear, can pile in and car-pool with them to soccer. But you'll love its power adjustable pedals, its sporty low-back quad bucket seats, the confidence of 4-wheel ABS, and the convenience of heated power mirrors with built-in safety signals. In fact, if you'd ever admit it, you might even say you love the pampering of the leather-wrapped steering wheel. And no one would argue with that.

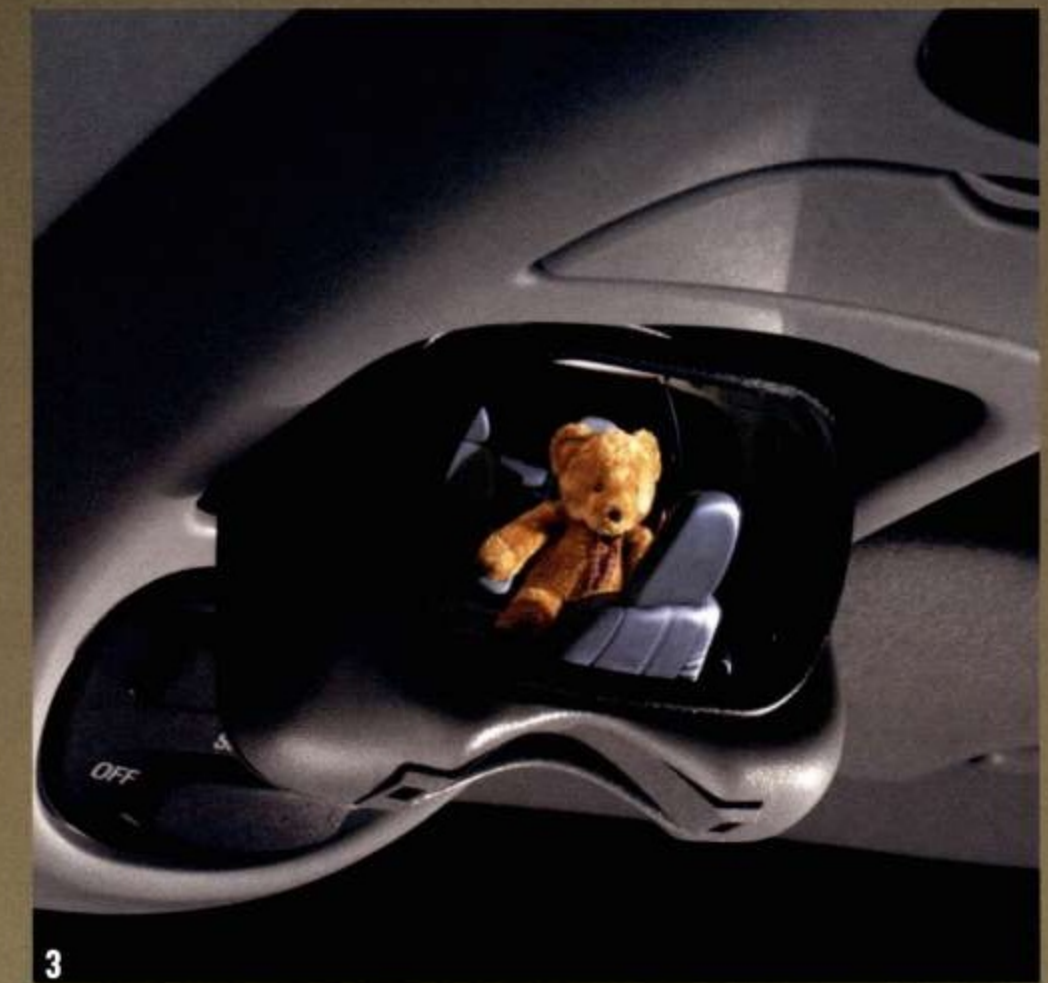

SE shown in Light Parchment Gold Metallic.

windstar SE

## Considering everything it has to offer, the word "mini" hardly seems appropriate.

It's big on comfort, big on space, big on convenience, big on... well, does that seem "mini" to you? It's just like Windstar, though, to be more than what's expected. Its stretch-out, lay-back quad bucket seats in wear-and-tear-tough cloth can pamper your family one day, and be reconfigured to accomplish a weekend project the next. The overhead console is home to Windstar's conversation mirror, temperature readings, compass, map light and such. It's also handy storage for things like sunglasses and remotes. And the back seat doesn't take a back seat to anything. Rear temperature controls and audio tuning respect individuality. And that's pretty big, too.

SE shown in Medium Graphite Cloth.

- 1 Power adjustable accelerator and brake pedals can be positioned for up to three different drivers – not just for comfortable seating, but for improved driver control. So, who's got the Windstar tonight?
- 2 Every Windstar comes with built-in child seat anchors to make installing a child safety seat a snap, and you more assured about doing it.
- 3 The conversation mirror will let you keep an eye on things in the back. A little glance lets them know you care. And that's what Windstar is all about.

windstarSE

A silver Ford Windstar LX is shown in a scenic mountain landscape. The car is parked in a field of tall grass, with a wooden fence in the foreground. The background features rolling hills and mountains under a clear sky. The car is shown from a front-quarter view on the left and a side profile on the right.

## When was the last time something like going on vacation was really a vacation?

Say so long to "Are we there yet?" Windstar is stocked with kid-friendly, attention-absorbing features and options like the AutoVision<sup>®</sup> Video Entertainment System, or an AM/FM stereo with single CD and cassette player. And then there's the key to squelching that famous "he's bugging me" complaint with a seemingly infinite number of seating options and ample personal space. It all adds up to Windstar not just being the right way to get there, but the only way to get there (at least if you plan on keeping your sanity).

## If it took any better care of you, you might be tempted to call it "Mom."

- 1 Available 1st-row side-impact airbags\* deploy in a millisecond, readily helping to protect you and your front passenger in certain side-impact collisions.
- 2 Available heated power mirrors with integrated safety signals keep things in focus when snow or ice obscures the view. Integrated turn signals clue in other drivers as to where you're going.
- 3 Windstar handles the pressure just fine, thank you. With its standard Low Tire Pressure Warning System, it alerts the driver when tire pressure is low.
- 4 Windstar's standard 4-wheel anti-lock braking system provides an extra measure of handling ability over slick or uneven pavement by reducing wheel lockup in sudden braking. Now, just imagine what that does for steering control, not to mention driver confidence.
- 5 No fumbling with keys, no fighting with locks. With Windstar's available keyless entry keypad, just enter your code and you're in. Nice and easy, nice and secure.

\*Always wear your safety belt and secure children in the rear seat.

- 1 The available reverse sensing system offers the security of knowing you'll be alerted to objects directly behind the vehicle. Using a series of beeps, it helps you gauge your distance.
- 2 The standard Low Tire Pressure Warning System constantly monitors all four wheels in order to tell you if any of the tires have lost appropriate air pressure.
- 3 Standard 4-wheel ABS brakes help maintain steering control in hard braking situations to help avoid a possible accident.
- 4 Windstar's built-in LATCH child safety seat system makes attaching a child's safety seat a snap, and you less frustrated and more assured about doing it.
- 5 Windstar's on guard to help protect you and your front passenger in certain side-impact collisions. Ready to deploy in a moment's notice, available side-impact airbags are mounted in the front seats and protect both the head and chest.
- 6 Once Windstar is locked, its perimeter anti-theft system monitors the doors, hood and liftgate against anyone but you entering them.
- 7 Its "safety cell" unitized body construction helps Windstar absorb collision impact by transferring collision forces throughout the passenger compartment.
- 8 Windstar's dual stage front airbags\* make sure just the right amount of airbag pressure is used in the event of a severe frontal crash.
- 9 Windstar's SecuriLock™ passive anti-theft system immobilizes the engine until your specially coded ignition key gives the signal.
- 10 Here's a nice choice. With Windstar's available self-sealing tires, even small punctures avoid flats.
- 11 Available All-Speed Traction Control helps maintain traction and steering control on a variety of slippery surfaces by using anti-lock braking system components to monitor wheel slippage.

### PERSONAL SAFETY SYSTEM™:

#### SIX TECHNOLOGIES DESIGNED FOR YOUR COMPREHENSIVE PROTECTION

In a front crash, dual stage airbags are properly deployed with the help of crash severity sensors. Depending on the severity of the impact, it's determined how much energy is needed to deploy the airbags. Safety belt pretensioners act to tighten the belts to ensure that the passenger is held securely in their seated position. The driver's seat position sensor relays data to the airbag's computer as to how far away the driver is seated from the steering wheel. The safety belt usage sensors determine if the driver and front passenger are belted. This information helps select the inflation rate and timing of the airbags. If a severe accident occurs, safety belt energy management retractors limit the belt forces to a predetermined maximum and then "hand off" to the deploying airbag. In an accident, this electronic coordination is carried out in a split second. Actually quicker. All in all, the Personal Safety System is one of the most sophisticated vehicle safety systems available to you today.

**The gang's all here**

So, it's everyone and his brother... or sister, or aunt, or uncle, or... well, you get the idea. With passenger room for seven, and seven's paraphernalia, Windstar's always game. Even if you don't know who's playing.

**Pack it in**

OK now... didja think of everything you need to take today? Good. 'Cause with up to 139.4 cu. ft. of cargo space, you can bring just about everything, except your worries.

**But wait, there's more to follow**

Windstar's confident enough to pull its own weight... and then some. When properly equipped, it can tow up to 3500 lbs., easily.

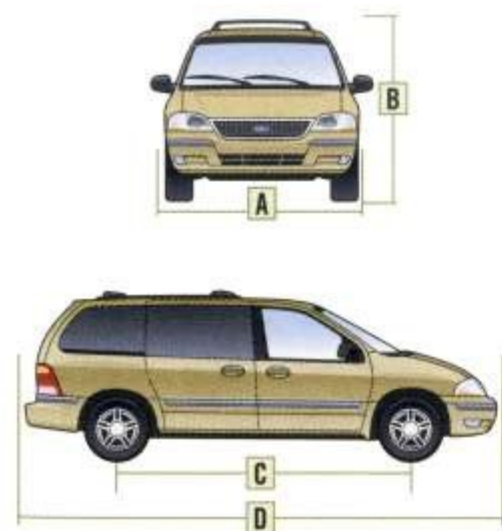

**Mobile theater**

Ready to get this show on the road? With an available state-of-the-art AutoVision® Video player, including a pull-down 6.4" color monitor, remote control and two headphones, all you need to bring are the movies, popcorn and your favorite beverages.

**STANDARD FEATURES**

**Safety/Security**

Personal Safety System™ for driver and front passenger – With dual stage airbags, safety belt pretensioners, energy management retractors, safety belt usage sensing, driver's seat position sensing, crash severity sensing, and restraint control module  
 4-wheel anti-lock braking system (ABS)  
 Autolock – Doors lock automatically when driving  
 Belt-Minder™ safety belt reminder  
 Brake/shift interlock  
 Bumpers – 5-mph energy-absorbing  
 Low Tire Pressure Warning System  
 Power window lockout feature  
 Rear upper and lower child safety seat anchors for outboard seating positions  
 "Safety cell" unitized body construction  
 SecuriLock™ – Passive anti-theft system  
 Side intrusion door beams  
 Warning lights – Low fuel level, fuel cap off, low oil pressure, low washer fluid, brake system, ABS, charging system, high beam indicator and tire pressure loss warning

**Mechanical**

3.8L OHV V6 engine with split-port induction  
 4-speed electronic automatic transaxle with overdrive lockout  
 4-wheel power front disc/rear drum brakes with ABS  
 100,000-mile tune-up interval\*\*

**Battery saver**

Front-wheel drive  
 Fuel tank – 26-gallon capacity  
 Power rack-and-pinion steering  
 Stabilizer bar – Front  
 Stainless steel exhaust system  
 Suspension – Front: independent MacPherson strut; rear: torsion beam

**Seating**

7-passenger seating

**Interior**

Accessory delay for power features  
 Air conditioning  
 AM/FM stereo with digital clock and 4 speakers  
 Cupholders – Up to 13 (depending on series)  
 Dome lights – Front and rear  
 Floor mats – Front and rear  
 Power door locks – With child safety locks on rear sliding doors  
 Power front windows – With one-touch-down driver's side feature  
 Power points – 1st row passenger side and rear cargo area  
 Shoulder belt height adjusters – 1st row  
 Tilt steering column

**Exterior**

Antenna – Concealed in glass  
 Bodyside moldings  
 Power 3rd-row flip-open windows  
 Power mirrors  
 Rear defroster  
 Solar tinted glass  
 Windshield wipers – Front and rear interval

\*Always wear your safety belt and secure children in the rear seat.  
 \*\*Under normal driving conditions with regular fluid and filter changes.

1 Turn your Windstar into a mobile "great room" with the **DVD Entertainment System**. Get used to a new complaint, though: "We're there already?"

2 To help keep things even more organized on the inside of your Windstar, the available **center console** includes two cupholders and space for much more.

3 You never know what twists and turns are going to come up. But a **compass mirror** with digital readout will help keep you headed in the right direction.

4 Push the **remote start** button and start your Windstar, even from inside your home. It's a perfect way to warm it up or cool it down.

5 They used to be called "spoilers." We call this a good-looking choice that is anything but a spoiler... it's a **rear air deflector**. Spoiler? Never.

6 Our **seat back organizer** has special places for tissues, bottles, maps, comic books, bubble gum, rocks... oh, you get the idea.

7 Thought it was too late to have a combination keypad? This **keypad** works via radio frequency. No wires.

8 You have lots of interests and stuff to take along. We have racks galore that mix and match, like this **bike rack and sport box combination**. Are you ready yet?

### www.fordvehicles.com

Get information on any Ford vehicle, print e-brochures or take a look at financing and leasing options. Ford owners can enjoy the benefits of **My Ford**, a private, owners-only area of [fordvehicles.com](http://www.fordvehicles.com), designed to provide a single, convenient area to manage vehicle information, including maintenance, financing and web services. Our website also offers details about European Delivery, the Pre-Owned Ford program, Ford Credit and more. There's a world of information, but only one address to remember, [fordvehicles.com](http://www.fordvehicles.com).

### Blue's Clues Alliance

Our idea of safety and security goes beyond quadruple 5-star government crash test ratings. It goes as far as bringing relevant safety messages to the parents and children of our communities. To that effort, Ford is proud of its **Blue's Clues Safety Alliance**. A national child safety campaign, this program is an engaging, interactive approach to educating the young and old alike about the role of safety in many aspects of their lives. We're happy to be part of such an alliance. At Ford, we take the well-being of all families in all communities to heart.

### We are here to help.

Ford Motor Company understands that a physical disability doesn't mean life can't be rewarding. In fact, for many thousands of Ford Motor Company customers, **Mobility Motoring** has meant their lives can also be easier and more fulfilling. Visit [www.ford.com/mobilitymotoring](http://www.ford.com/mobilitymotoring). In this site you can request a Ford Mobility Motoring Video, learn about the Ford Mobility Motoring process, and hear what Ford Mobility Motoring customers say about the freedom and independence their adapted vehicle provides them.

### Ford Credit and Red Carpet Lease

Many lease managers have completed several hours of training in a Red Carpet Lease program designed to make us the best in the business. We think you'll find a Red Carpet Lease the best way to lease.

Under the New Vehicle Limited Warranty, you'll receive Bumper-to-Bumper, no-deductible coverage on your new Ford vehicle for 3 years/36,000 miles. You'll also receive unlimited-mileage, no-deductible corrosion perforation coverage for five years. Ask your Ford Dealer for a copy of this warranty.

During its 3-year/36,000-mile limited warranty period, every new Ford vehicle includes the assurance and support of a 24-hour emergency Roadside Assistance program. Roadside Assistance includes such services as fuel delivery, tire changes, jump starts, and help when you are locked out of your vehicle. Ask your Ford Dealer for complete details about this program.

Complete information on our vehicle lineup is available on our website. To get more information, please visit us at [www.fordvehicles.com](http://www.fordvehicles.com). Likewise, to get details on various financing options available on your new Ford vehicle, please visit [www.fordcredit.com](http://www.fordcredit.com). Doing so can give you a head start before talking to your Ford Dealer about financing your new Ford vehicle.

**no boundaries**

[fordvehicles.com](http://fordvehicles.com)

**FORD. NO BOUNDARIES.** WHEN YOU LIVE WITH SPIRIT AND PASSION, THE POSSIBILITIES OF LIFE AND ACHIEVEMENT ARE LIMITLESS. THERE ARE NO BOUNDARIES. EVERY PRODUCT FORD MOTOR COMPANY DESIGNS AND BUILDS IS THE DIRECT RESULT OF 100 YEARS OF THAT SPIRIT AND PASSION. IT WAS PRESENT WHEN HENRY FORD FOUNDED THE COMPANY IN 1903 AND WHEN THE FIRST AUTOMOBILE ROLLED FROM HIS WORKSHOP. TODAY, IT IS MORE ALIVE THAN EVER. THERE ARE NO BOUNDARIES TO OUR ENDLESS DRIVE TO TURN A NO INTO A RESOUNDING YES. TO GO BEYOND WHAT WE THOUGHT WAS POSSIBLE. TO CREATE AN ARRAY OF VEHICLES THAT HELP PROVIDE A PLACE WHERE FAMILY AND FRIENDS CAN CONNECT WITH EACH OTHER AS WELL AS WITH THEIR COMMUNITY. AND THERE ARE NO BOUNDARIES TO OUR DEDICATION – STRIVING TO BRING YOU THE HIGHEST QUALITY, MOST EXCITING, BEST ENGINEERED, MOST RELIABLE PRODUCTS IN THE WORLD.

*Ford Motor Company*  
100 YEARS
