## Limited Warranty Information

Ford Motor Company will repair or replace any properly dealer-installed Mercury Accessory found to be defective in factory-supplied materials or workmanship during the warranty period, as well as any component damaged by the defective accessory. The accessory will be warranted for whichever provides you the greatest benefit:

- 12 months or 12,000 miles (whichever occurs first), or
- The remainder of your New Vehicle Limited Warranty.

This means that Mercury Accessories purchased along with your new vehicle and installed by the dealer are covered for the full length of your New Vehicle's Limited Warranty – 3 years or 36,000 miles (whichever occurs first). Contact your dealer for details and a copy of the warranty.

## Red Carpet Lease

Many accessories purchased and installed by the dealer at lease inception can be paid for with your monthly lease payment. There may even be residual value left at the end of your lease term. See your dealer for details.

## ESP PremiumCare Plan

Depending on the ESP Plan you select, many dealer-installed accessories can now be covered up to 7 years or 100,000 miles. See your dealer for details.

NOTE: The product descriptions, specifications, and pricing contained herein were correct at the time this material was being prepared for printing. However, our policy is one of continuous improvement, and we reserve the right to change design or specifications at any time without notice and without incurring obligation.
