It's pretty hard to impress the writers at car magazines like *Automobile Magazine*, *Car and Driver* and *AutoWeek*. They're a tough audience. But Ford Focus did just that. The critics *really* liked this car. They raved about the European feel of its ride and handling. Heaped praise on its roomy interior. Applauded the responsive engines. In fact, they had so many great things to say about Focus, it was almost embarrassing. Almost.

10BEST, 4 YEARS IN A ROW  
 - *Car and Driver* magazine

ALL-STAR, 4-TIME WINNER  
 - *Automobile Magazine*

2001 BEST SMALL CAR  
 2002 BEST SMALL CAR  
 2002 BEST COUPE (SVT)  
 2003 BEST SMALL CAR

ZTS in CD Silver Metallic, shown with optional Sport Group and moonroof.

"...Focus... delivers a generous measure of driving fun... - Car and Driver

There's a reason *Automobile Magazine* called Focus "the best small car to drive." Simply put, this automobile has the rare ability to win over even the most jaded driving enthusiast. From the second you slip into the seat, you know some serious driving lies just ahead. On the road, the only way to describe its manners is something like pure European driving performance. Its fully independent suspension is not just agile, it's downright gripping – especially in the corners. That's also where you'll feel the responsive steering. And sense the power of its available 145-hp 2.3L engine, new for 2004. Just grab the wheel and you'll know exactly who's in charge.

Focus is the kind of car that makes you actually *want* to drive. For 100,000 reasons. And 100,000 miles. That's because every Focus comes with 100,000-mile/5-year powertrain coverage.\* The plan includes towing and roadside assistance. And it's fully transferable. So Focus will delight you – and any other driver – for miles and miles to come.

Get behind the wheel of a Focus, and get ready to be impressed. Very impressed.

\*A deductible applies. 100,000-mile/5-year Powertrain Limited Warranty in Florida. See dealer for details.

- 1 The available 2.3L DOHC 16-valve I4 engine delivers 145 hp. And it does it responsibly, too. In addition to meeting stringent standards for a Super Ultra Low Tailpipe Emissions Vehicle (SULEV), this 2.3L engine virtually eliminates any fuel evaporation. Which just goes to show you: The grass actually is greener with Focus around.
- 2 A fully independent rear suspension is not only fun, it's functional. Since the wheels can respond independently to bumps and dips in the road, it delivers responsive handling and maximizes traction to help keep you feeling in control.
- 3 Available ABS brakes include Electronic Brake Force Distribution (EBD), which maintains optimal braking force to the rear wheels in hard stops and helps enhance stability.

*"(Focus brings) indulgence  
to a segment that is all too often defined by sacrifice."  
- Automobile Magazine*

It's okay to indulge once in a while. And that's especially true when it comes to your car. After all, this is all about you, isn't it? Focus is destined to spoil you. Take a look inside – the entire interior has a contemporary, edgy feel. Reach out and touch the quality. Gauges and controls are easy to read and easy to reach, too. You'll be spending some quality time here, so bring a stack of CDs with you and turn up the tunes. A CD/MP3 player is standard on most models. Opt for the moonroof and take the night sky and stars along for a ride. One thing is certain: you're going to be spoiled – and you'll love every minute of it.

- 1 Load up the CDs and go with the available 6-disc in-dash CD changer.
- 2 Add the Audiophile sound system with a huge subwoofer and high-fidelity amp for even bigger sound.
- 3 Power windows include a one-touch-down feature on the driver's side. Standard on most models.
- 4 Turn up the sound of your CDs or MP3s. This versatile stereo is available on many models.
- 5 The Weather Package includes heated, power sideview mirrors and heated front seats. It's available on ZX5 Premium, ZTS Sedan and ZTW Wagon.

ZTS shown with optional Medium Graphite leather-trimmed seats.

"...distinguished by a high level of *interior finish,*  
including *rare-for-the-class extras.*"

-Car and Driver

From the outside, Focus is one deceptive vehicle. It sure doesn't look like there's 94 cu. ft. of room in here. But indeed, there is. That's enough for you and 4 passengers, with room to spare. And we're talking full-size adults, not just small children. In fact, Focus has one of the largest interiors in its class. Rest assured, everyone's well looked after, too. Features abound. Nice items like dual visor vanity mirrors, 3 cupholders, available air conditioning, and front and rear grab handles. There's even a handy penholder, because you never know when you'll need to jot something down. Choose the available leather-trimmed seats and take comfort to the maximum.

- 1 The driver's seat is fully adjustable – not just forward and back, but up and down as well. So whether you're extra tall or on the smaller side, you'll drive at your ideal height. And it comes in stylish fabrics and colors.
- 2 Pop the top and enjoy the great outdoors. The power-retractable moonroof is standard on ZX5 Premium and available on several other models.
- 3 Here's an excellent way to take the chill out of winter. Heated front seats are included in the Weather Package.
- 4 Got a board? Tent poles? Lumber? No problem. Flip the 60/40 split-fold rear seatbacks down and pack it in.
- 5 Of course you need to bring your refreshments with you. That's why Focus includes 2 cupholders in the front and 1 in the back.

Shown here: ZX5 Premium in Light Tundra Metallic.  
Shown right: ZX3 Premium in French Blue Metallic.

### ZX5

Nothing on the road looks quite like the ZX5. It's got a cutting-edge design to it. On the road, it has a European feel with its stabilizer bars and fully independent rear suspension. It offers maximum access with 5 ways to load in - 4 doors and the hatch. Fill it with your gear, your friends or both. Add the available Audiophile audio system with its 6-disc in-dash CD changer and you've got a concert hall on wheels. And what's a cruise without a moonroof? It's standard on ZX5 Premium and available on Comfort. Let the sun shine in.

"...endlessly amusing..." - Automobile Magazine

**ZX3** Focus ZX3 is endlessly versatile, too, to make zipping around town a joy. You'll actually look forward to running errands. With its 2 doors and convenient hatch, you've got 3 times the access for gear or packages. The interior has room for 5. Up front, sporty bucket seats hug you and your passenger. Your other guests can cozy up with its standard rear-seat heat ducts. Then there's the Focus ZX3 Comfort model. It comes with extra comforts and conveniences. Cool off with its air conditioner. Cruise with its speed control. Adjust the tilt/telescoping leather-wrapped steering wheel and take off. At the top is the ZX3 Premium. It adds power door locks and power side mirrors, remote keyless entry, and a quick, 2.3L 145-hp engine. Let's go!

ZX5 SVT in Pitch Black, shown with optional HID headlamps and moonroof.

"This thing's a beauty of balanced engineering."  
- AutoWeek

**SVT** Does screaming down a long stretch of open road and maneuvering through a series of switchbacks raise your blood pressure a few points? Then the Focus SVT was designed with you in mind. A 2.0L 14 Zetec engine produces a smooth, yet exhilarating, 170 hp. The Getrag 6-speed manual transmission delivers precise, lightning-fast shifting and adds to the spirited driving experience. The sport-tuned front and rear suspensions further enhance the dynamic handling. And the 4-wheel disc brakes with 4-wheel, 4-channel anti-lock braking system ensures you've got an abundance of stopping power. Inside and out, it's obvious this is a special vehicle built for serious drivers.

- 1 Heady, stainless steel, racing-inspired pedals are just waiting for a vigorous workout.
- 2 The optional European Appearance Package includes unique 17" Argent wheels, distinct HID headlamps, RECARO® seats and the Audiophile package – plus more.
- 3 Cool, leather-trimmed seats with bright cloth inserts, special SVT white-faced gauges, an available Audiophile sound system with 290 watts of peak power – it all invites you to hit the streets and have some fun.

ZTS in Pitch Black, shown with optional Sport Group and moonroof.

"...celebrates a driver's enthusiasm..."

- Automobile Magazine

**SEDAN** Even when it's empty, it's loaded. It's Focus Sedan. LX models come with a list of features as long as your arm. And then some. Included are 60/40 split-fold rear seats, a SecuriLock<sup>SM</sup> passive anti-theft system, and an AM/FM stereo/cassette player. Feeling a bit more indulgent? Focus SE also comes with remote keyless entry; a CD player; power locks, windows and sideview mirrors; and 15" wheels.

**ZTS** ZTS Sedan delivers even more driving fun with its standard 2.3L engine. Add the available Sport Group and ZTS includes a leather-wrapped tilt/telescoping steering wheel, tachometer, 16" alloy wheels, rear spoiler and fog lamps.

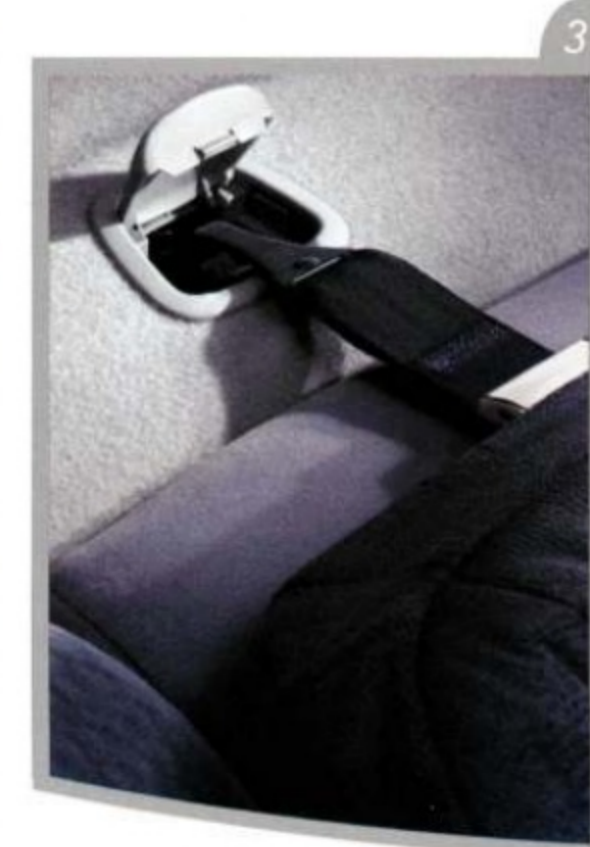

**SAFETY** Now for a serious topic that really deserves attention - your safety. Focus goes to great lengths to protect you with things like the Ford Personal Safety System<sup>SM</sup> - standard on every model. It combines 6 technologies designed to help keep you out of harm's way. In the event of a collision, this system uses sensors to measure certain occupant conditions and the severity of impact. Then it determines how to help protect you and your front passenger - all in a matter of milliseconds. There are available anti-lock brakes and traction control to help you avoid an accident in the first place. For peace of mind, there's a standard anti-theft system, and the battery saver feature shuts off your interior lights if you happen to leave them on.

1 For an extra margin of safety, side-impact airbags are available on all models. They're ready to help protect you and your front passenger in certain side-impact collisions.

2 To help keep children secure, activate the rear-door child safety locks.

3 The LATCH system's lower anchors and upper tether anchors in the outboard rear-seat positions make it easy to secure a child safety seat.

**WAGON** So you need a bit more space? Try Focus Wagon on for size. There's so much room, you can fit your foursome and 4 complete sets of golf clubs. Pack your sports equipment, bags, friends and family and get moving. There's more interior volume and cargo space than a Volkswagen Jetta wagon. In fact, Focus boasts more cargo room than a BMW 540i sport wagon, a Mercedes C320 wagon, or a Lexus RX300.

**ZTW** Who said that just because you need more space, you can't have fun behind the wheel? Focus ZTW comes with features everybody'll enjoy - standard 2.3L engine, 4-speed automatic transmission, tilt and telescoping steering wheel, and available heated front seats and sideview mirrors. Add the Sport Group and get eye-catching wheels, lumbar support, fog lamps and more.

*"Sprightly performance and excellent fuel economy."* - Money magazine (March 2003)

ZTW in CD Silver Metallic, shown with optional Sport Group.  
\*EPA estimated 25 city/31 highway mpg - 2.0L Zetec engine/automatic transmission.

### POWERTRAIN COVERAGE

Ever think about where you'll be in 100,000 miles? No need to wonder; we've got you covered. That's because every new Focus comes standard with 100,000-mile/5-year powertrain coverage.\* So, wherever you cruise for 100,000 miles, Ford will be there for you. You can drive 4 times around the world, or the equivalent of 3,816 Boston Marathons. That's a lot of miles. And if the need for a new Focus hits you before you reach 100,000 miles, don't fret. The plan is fully transferable so the next driver can enjoy it, too. Coverage includes towing and roadside assistance, and it's all in addition to the standard limited warranty.\*\*

\*A deductible applies. 100,000-mile/5-year Powertrain Limited Warranty in Florida. See dealer for details.  
\*\*3-year/36,000-mile Limited Warranty. See dealer for details.

ZTS in Infra-Red, shown with optional Sport Group.

1 The mini-mask is an excellent way to protect the front of your Focus from road debris, stones and bugs.

2 When it's time to leave 4 wheels behind, you'll be ready with a Yakima® removable roof rack. It accommodates things like bikes, snowboards and surfboards. So go ahead – design your day and load 'em up.

3 This B-pillar appliqué has the look of brushed aluminum and features the Focus logo. Pretty sharp.

4 The rear spoiler doesn't just look good, it's built to stay that way.

5 Stand back up to 500 feet, and you can still start your Focus with the remote start accessory. Warm it up, cool it down or just surprise everyone.

6 With the keyless entry keypad, locking your keys in the car is no big deal. Just enter your programmed code and you're in. And since it operates by radio frequency, there's no hardware required for mounting.

7 You don't *need* it, but a chrome exhaust tip just makes your Focus look that much cooler. And somehow, it even sounds cooler, doesn't it?

See your dealer for these and other great dealer-installed Genuine Ford Accessories or visit us at [www.fordaccessoriesstore.com](http://www.fordaccessoriesstore.com).
