

2002 BUICK REGAL

Yes, it's a luxury
performance sedan.

It's just a bit more
casual about it.

Regal by
Joseph Abboud.

Regal by Joseph Abboud in Dark Bronzemist Metallic with Light Sandrift Metallic lower accent.

A feast for the senses
in a casual setting.

No fashion designer in America combines quality and sophistication with a casual feel quite like Joseph Abboud. This exclusive designer continues the line of Buick Regals that bears his signature, and we're proud to introduce his latest creation — the 2002 Regal by Joseph Abboud. Subtle exterior colors complemented by muted lower accents grace its already distinctive shape. And its new, refined two-tone interior, with glove-soft leather-trimmed seats and a rich, two-tone leather-wrapped steering wheel, makes it even more breathtaking. This new Regal is a feast for the senses in every way. And it's everything you want it to be.

Specific color-accented wheels complement the distinctive, elegant exterior of the Regal by Joseph Abboud.

Performance is definitely part of this car's style. Because underneath the gorgeous textures and colors of the special Abboud design beats a heart that's pure Regal. You can choose from two different engines, a 3800 Series II V6 rated at 200 horsepower, or a super-charged 240-hp V6. The Regal by Joseph Abboud keeps all this power under control with standard Gran Touring suspension, traction control and four-wheel anti-lock disc brakes. You'll also find a long list of other highly desirable features, including a standard power sunroof. Audiophiles who appreciate the utmost in sonic performance will revel in the fidelity and kick of the 220-watt Monsoon audio system.*

Included as part of the Abboud Appearance Package, the rich feel of this TWO-TONE LEATHER-WRAPPED STEERING WHEEL is something you'll look forward to wrapping your hands around every day.

Inside and out, these Joseph Abboud signature emblems make a subtle, yet unmistakable statement of style.

The elegance of its interior is evidenced by two-tone leather-trimmed seats,** the tasteful instrument panel and door trim plates, complemented by Abboud signature accents on the head restraints and carpet savers. Should you so desire, heated driver and front passenger seats are available as well.

*Standard on Abboud GS, available on Abboud LS.
**Taupe monotone seats may also be selected.

D E S I G N

Sophistication and style
that wear well anywhere.

Regal by Joseph Abboud in Sterling Silver Metallic with Light Sandrift Metallic lower accent.

Regal GS. Life, luxury
and the pursuit of happiness.

Regal GS in Sterling Silver Metallic, with Storm Gray Metallic lower accent.

Give your inner child
240 horses to play with.

The way we see it, you're never too grown up to have fun. And while Regal GS offers all the trappings of a cleanly styled, richly appointed luxury sedan, its supercharged V6 will quickly steer your thoughts in a different direction. This engine delivers 240 horsepower, giving Regal GS the most power of any car in its class* for authoritative performance whenever you need it.

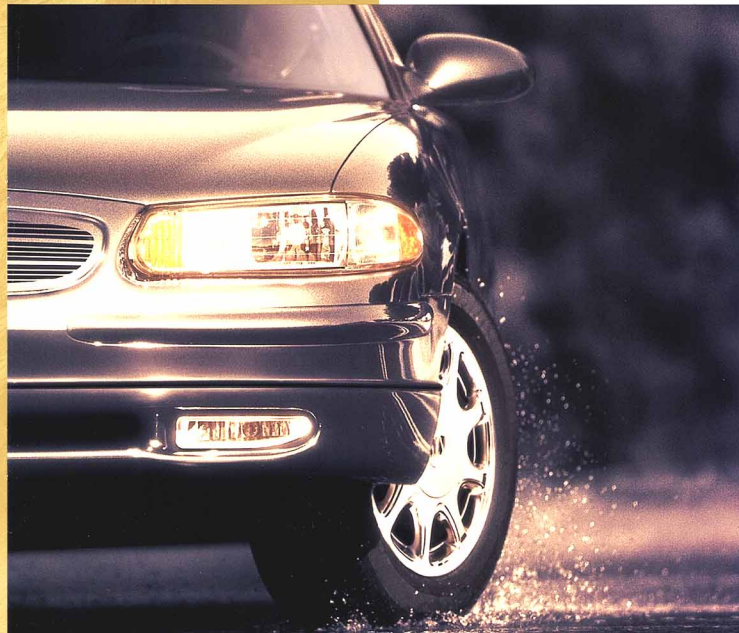

Standard on Regal GS, this SUPERCHARGED 3800 SERIES II V6 delivers 240 horsepower at your command without any of the lag often associated with turbocharged engines. The Regal LS provides an ample 200 horsepower from its acclaimed 3800 Series II V6.

*The GRAN TOURING SUSPENSION** designed for impressive handling and response, augments Regal's already precise, independent design with specific 16" Gran Touring aluminum wheels and performance tires.*

Put yourself in a position of control.

All that energy can be harnessed by Regal's traction control, four-wheel anti-lock disc brakes and a specifically designed Gran Touring suspension**. This combination of power and control is delivered to your hands via the magnetic variable-effort steering that continuously adjusts its precise rack-and-pinion steering effort to your driving speed.

*Encountering a wheelspin-inducing patch of ice or slippery spot on the road as you begin to pull away or drive along signals Regal's **traction control system** to go to work. The system reduces engine power to the drive wheels until you regain traction.*

*Regal's standard **magnetic variable effort steering** automatically adjusts the "weight" of the power steering depending on your driving speed. For instance, when you're pulling into a parking spot, you don't want the steering to feel heavy and when you're at speed on the highway, you don't want the steering effort to be too light.*

*Based on Ward's Upper Middle segment. Excludes other GM vehicles. Based on 2001 competitive vehicles.
**Standard on Regal GS, available on Regal LS.

PERFORMANCE

It's a mood-altering
experience.

Regal GS Interior with standard leather-trimmed seats in Graphite, shown with available equipment.

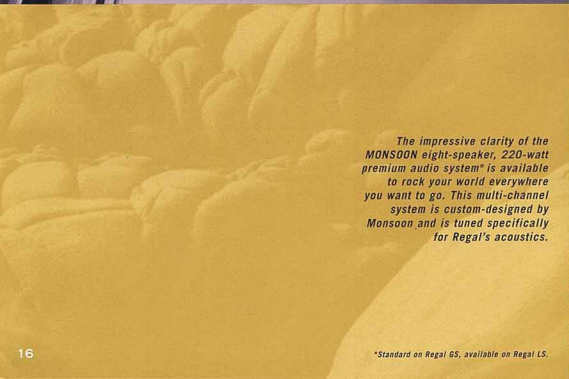

Luxury for the real world. Yours.

From the moment you get behind the wheel, you'll discover that a big part of Regal's true beauty is its special brand of luxury — the kind that delivers plenty of rich touches but doesn't require you to treat it with kid gloves. This is a vehicle that stands you in good stead for a night on the town, yet stands up to life in the family lane. So open up the available power-sliding sunroof and take in the sky. Adjust the Monsoon® audio system* with convenient steering wheel-mounted controls* And turn the landscape into a blur from the comfort of your own Regal world.

Body-contoured, leather-trimmed front bucket seats* aside, you'll find Regal's casual luxury remains perfectly balanced with just the right amount of practicality. Like a handy center console with dual cup holders and an auxiliary power outlet. A convenient split-folding rear seat for extra long cargo. And a generous trunk with 16.7 cubic feet of space to stow luggage or recreational gear. One look inside and you'll quickly see why this is a luxury performance sedan made for the way you really live.

The impressive clarity of the MONSOON eight-speaker, 220-watt premium audio system* is available to rock your world everywhere you want to go. This multi-channel system is custom-designed by Monsoon and is tuned specifically for Regal's acoustics.

*Standard on Regal GS, available on Regal LS.

You like things on the cool side but your front-seat passenger likes it warm? Regal's automatic dual zone climate control allows you both to adjust inside temperatures to suit your different styles.*

L U X U R Y

Casual, yes.

Laid-back?
That's up to you.

Regal GS in Black, shown with available equipment.

Performance and safety
can peacefully coexist.

Certainly, Regal's elegant style and remarkable power and handling rightfully take center stage. But you'll be glad to know Regal also takes a very comprehensive approach to safety. In fact, every Regal comes with over 140 standard safety features in and around its tough, two-sided galvanized steel body. The list includes the added security of dual front and driver side-impact air bags,* a tire inflation monitor, traction control and the stopping power of four-wheel anti-lock disc brakes. You can be sure your safety is something we'll never take casually.

Four-wheel anti-lock disc brakes stop powerfully, yet help you maintain steering control on most slippery surfaces during hard braking. The tire inflation monitor visibly alerts you should one of your tires have significantly less pressure than the other three.

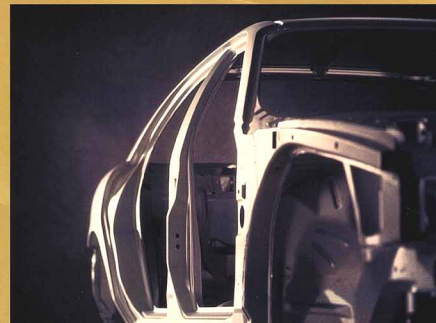

S A F E T Y

Surround yourself with strength.

Regal's sleek, aerodynamic shape is bolstered by the strength of its safety cage construction, a rigid skeleton of steel designed to help preserve the integrity of the passenger compartment in the event of a collision. The LATCH system of upper and lower child seat anchors is designed to help easily secure a compatible child restraint seat and give you more confidence. And, of course, Regal has front-wheel drive which helps optimize handling and control when the weather turns nasty. It all adds up to a strong sense of security.

Regal's rigid, unitized body structure and SAFETY CAGE CONSTRUCTION contribute to a reassuring sense of solidity and stability.

*Driver side-impact air bag standard on GS, available on LS. Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in the rear seat. See your Vehicle Owner's Manual for more safety information.

Regal LS.
Luxury you can live with
on a daily basis.

Cutting-edge technology. Personal service.

An unparalleled level of safety, security and information services. When you have OnStar® onboard your Regal, you have one of the world's most advanced mobile satellite/cellular communications networks at your command.

With OnStar's Safety and Security Plan,* a touch of a button immediately connects you with an OnStar Advisor, who can contact emergency service providers 24 hours a day. If your Regal is stolen, OnStar can track it. Lock your keys inside and OnStar can unlock your doors, just about anywhere. It can even diagnose an engine problem as you drive.

The available PREMIUM SERVICE PLAN augments the Safety and Security Plan by providing access to over five million service listings, including hotels, restaurants, dealerships, hospitals and ATMs. OnStar Advisors can make reservations, help you find tickets or help you get almost anywhere you want to go, all from the comfort of your Regal.

S E R V I C E

Perhaps the ultimate luxury.

A wide variety of special service and calling plans to choose from makes OnStar even more valuable and indispensable to you now and down the road. For more information, call 1-800-ONSTAR-7 or visit www.onstar.com.

With OnStar, keeping in touch with your family at home or people at work is easier than ever. Personal Calling** connects you with a nationwide wireless service. This voice-activated system dials the number for you and your party answers through your stereo speakers, allowing you to keep your hands on the wheel and your eyes on the road. OnStar Virtual Advisor† is an added benefit to Personal Calling subscribers, providing up-to-date information on stocks, sports scores, weather, news, even your e-mail, right in your car. It's voice-activated, so all you have to think about is driving.

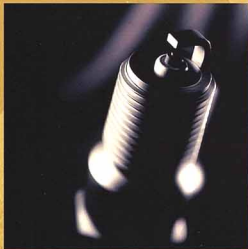

*One-year OnStar Safety and Security service agreement standard on Regal GS and Abound GS. OnStar uses existing emergency service providers and cellular telephone and satellite technologies. Vehicle electrical system must be operating for OnStar to work. Call 1-800-ONSTAR-7 or visit www.onstar.com for system limitations and details.
**Existing OnStar service agreement required. Additional usage charges apply for Personal Calling. Available in select markets. OnStar voice recognition system may not work with all voices. †Existing OnStar service contract required. Advance payment of Personal Calling minutes required. Additional charges apply. Available in select markets.

Quality is always in style.

The true test of a car's quality isn't how it feels the first day, but how it feels down the road. You'll find Regal passes that test with flying colors. Buick's comprehensive Quality Plus program is there to help assure you of a satisfying ownership experience from the day you take delivery, through the warranty period. It includes 24-hour Roadside Assistance and the New Vehicle Limited Warranty* which covers you for 3 years or 36,000 miles, whichever comes first.

*PLATINUM-TIPPED SPARK PLUGS are one reason why you can expect to travel up to 100,000 miles before your first scheduled spark plug replacement.** Long-life fluids and other quality components are all engineered into your Regal to help it go the distance.*

24-HOUR ROADSIDE ASSISTANCE is at your service 365 days a year for the duration of your limited warranty. COURTESY TRANSPORTATION assures that when you bring your Regal in for service, your dealer will give you a ride up to ten miles away.†

*Excludes normal maintenance. See your dealer for details.
**Maintenance needs vary with different uses and driving conditions.
See the Owner's Manual for more information.
†See your dealer for details.

S A T I S F A C T I O N

Buick. It's all good!™

Completely beautiful. Beautifully complete. No matter which Buick you get into, you'll find it to be so well-equipped, inside and out, that your toughest decision may well be deciding on the color. It's why, year after year, Buicks are recognized by leading consumer publications and the automotive press for their outstanding value and desirability. It's why Buick owners are so loyal, returning to their dealer year after year. With so much going for them — and you — it's easy to see why.

B U I C K

Buick, the official car of the PGA TOUR, is proud to be associated with golfing great Tiger Woods and to support the Tiger Woods Foundation. Together, we're encouraging youth to dream big dreams and reach their highest potential.

A word about this brochure. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time without notice in price, color, material, equipment, specifications, models and availability. Some information may have been updated since the time of printing, so please check with your Buick dealer for complete details. Buick reserves the right to strengthen or shorten the model year for any product for any reason, or to start and end model years at a different time. **Child safety.** Children safer if they are secured in a rear seat using the appropriate child safety seats and restraints, which is why General Motors recommends that child safety seats be properly secured in a vehicle's rear seat. Never place a rear-facing infant seat in the front seat of any vehicle equipped with an active air bag. Front-seat side-impact air bags help reduce the risk of injury to front-seat occupants in side impacts. See your vehicle Owner's Manual and child safety seat instructions for more safety information. **Engines.** Buick also equipped all engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. **Assembly.** Buick and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Buick with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you. **Updated service information.** Buick regularly sends its dealers useful service bulletins about Buick products. Buick monitors product performance in the field. We then prepare bulletins for servicing our products better. You can receive these 30- to 60-day. Ask your dealer or, for ordering information, call 1-800-551-4123. **Warranty.** The GM 3-year/36,000-mile New Vehicle Limited Warranty covers repairs for any new Buick, including labor and parts, to correct any defects in material or workmanship occurring during the warranty period. The complete warranty coverage is outlined in the GM New Vehicle Limited Warranty booklet. **Excludes normal maintenance.** See your Buick dealer for terms of this limited warranty. **The GM Card.** For information or to apply for the GM MasterCard, call 1-800-803-CARD. **SmartLease** by GMAC. For information about SmartLease or any of the other quality GMAC financing options, see your Buick dealer or call 1-800-32-SMART. **GM Mobility Program™** Buick recognizes the importance of mobility to everyone's life and, therefore, offers financial assistance to persons with disabilities through the General Motors Mobility Program. This program can provide up to \$1,000 reimbursement toward the cost of aftermarket mobility equipment for drivers or passengers. For details and free resource information, call 1-800-323-9936 (TTY: 1-800-883-9936).

BUICK REGAL
