The special 'Limited Edition' badging adds the final touch.

18" Alloy wheels.

Rev up the attitude with the assertive 18" alloys.

Falcon XR6 Limited Edition interior shown.

A difference that needs to be experienced.

The XR6 is a vehicle designed for those who want to take driving to the next level. It bristles with standard features that are anything but standard. The awesome power of a 195kW I6 engine, with 391 Nm torque, can't help but ignite the driver in you. Performance is mirrored in the XR6's bold lines. A rear spoiler, sports body kit and sports seats reinforce the XR6's athletic credentials. But don't think for a minute this is a car that's all brawn and no brain. Technology surges through every centimetre of its sporty frame. Fatigue warning, Bluetooth® and iPod® integration are but a few of the XR6's long list of intelligent features. Add to this climate control, child night lighting, steering wheel controls and multi-function display and you have a level of comfort you'd normally associate with a European marque.

XR6 Limited Edition.

The difference you'll feel in the XR6 Limited Edition is something you'll grow accustomed to very quickly. And why wouldn't you, when we're adding an abundance of extras to an already feature packed standard model. It starts from the ground up. The slick 18" alloy wheels give the XR6 even more attitude. Top this with unique colour accents on the upper and lower grilles, the fog lamp surrounds and rear bumper bezels, and the package starts looking very attractive. Move inside and there are leather trim sport seats that look awesome and feel even better. Then there's a 7" colour command screen that puts all the XR6's state-of-the-art technology at your fingertips. It all comes together in a Limited Edition pack that will be limited to some lucky drivers. Make sure you're one of them and you won't regret it.
