TRUST YOUR INSTINCTS

IN THE RIGHT HANDS, A WILD CARD MAKES FOR SKILLFUL PLAY.

Clinting in the shadows. Shuddering with muscular defiance. Its cantilever profile peaks sharply, swoops quickly and cuts clean out. Beware of its precision and pure, unadulterated power.

Less mass. More muscle. Boomerang motion headlights give way to sheer kinetic dynamism. Solid yet svelte with a stiffer body, bigger brakes and lighter suspension, the new 370Z is more than at home downtown.

ACCEPT THE RUSH

BETRAY THE NORM,
THE HEAT OF THE CITY'S NO SWEAT.

REACH BEYOND THE SURFACE

Smooth and sculpted with its curvy rear bumper and distinctive tail torches – the draw is irresistible. A visceral presence in 6 stirring finishes with 19" forged alloy wheels (standard on GT Pack grade and above).

Find your pitch. Sleek and refined in metallic silver, titanium or black. Seriously playful in blue or a brilliant white. Or, for the ultimate sports statement, vibrant red.

Keep in shape. All metallic and pearl finishes have a Scratch Shield coating to protect its body art from environmental aggressions. This highly elastic and strong paint finish self-heals from fine scratches, making it look almost like new again.

SETTLE IN TO PLAY

Slip into the leather and suede comfort of the cockpit and soak up the adrenaline. In your g-force control seat and with a sturdy grip on the steering wheel, you're at one with the car - and the view is cinematic.

Feel a cut above the rest with a suede central armrest and premium door trims with stitching. Ideal for the sport that is everyday life.

Prepare yourself for serious action with generous knee pads and well-bolstered seats - raised between the driver's legs to buffer those hard corners.

Find your fit with black fabric or full black leather and suede seats.

EASE INTO THE LIGHT

Make no mistake. This one is a real pro mastered by sheer technique and intuitive timing - the hardest part is self-control.

You get as much as you give with the 370Z's new 3.7 litre V6 engine. Lighter and more powerful, this rear-wheel rebel is holding 328 horsepower and 363NM of torque.

Put your foot down and feel the difference with the 6-speed Synchro Rev Control transmission*. A world first, it delivers an exhilarating drive with superior responsiveness and control. The sound and lightning fast downshifting will make you feel like a racing driver.

Glory In perfect sports car proportions. With a 2550mm wheelbase, the new 370Z is shorter, leaner and a whole lot livelier. Not an ounce of energy is wasted. Variable Valve Event and Lift (VVEL) gives more power whilst improving fuel efficiency. So, nothing lost and more gained.

On top it comes with SNOW-MODE Which limits the amount of throttle in slippery road conditions for better grip and handling.

A top-kicking, 4th generation VQ37VHR engine with VVEL (Variable Valve Event and Lift) for pure adrenaline-addicts.

A special feature on the new seven-speed automatic version, Downshift Rev Matching (DRM) delivers rapid downshifts and a matching 'blip' of the throttle when used in manual mode.

6-speed transmission with new Synchro Rev Control* brings you ultra-smooth gear shifts up or down. An industry first.

* Available on GT Pack and GT Edition

A lean, keen thrilling machine, the new 370Z is as fast (if not faster) than the best of them –without you having to pay the price. Rev up to 363NM at 5,200 rpm and shoot down the asphalt. Complete exhilaration

FOCUS, EVEN AT FULL TILT. AND PLAY FAST, JUST BECAUSE YOU CAN.

RAISE WHEN YOU'RE RUNNING HOT

Get a serious grip with a full set of 19" tyres* and put the new 370Z's tenacious hold and ferocious agility to the test. No-one would ever dream you'd just cruised in from town.

Hit the brakes and experience instant turn-in. Strong, stiff yet highly responsive to your steering inputs with a variable ratio pedal. The short wheelbase makes for a much tighter slalom too.

Use the pulling power of the new 370Z's power-packed 3.7 litre V6 engine complete with Variable Valve Event and Lift (VVEL) and a redline of 7,000 rpm. There's simply no turning back.

LET IT RIP

Deftly light, sterling solid and fiendishly fast...
Sit well back in your seat and experience the new 370Z's lightning acceleration, matched only by its braking speed – handy on those hairpin bends.

Thanks to a new V-shaped suspension cradle forged in extra-light aluminium, the new 370Z combines world-class torsional rigidity with supreme agility on the track.

* Standard on GT Pack and above

COME DOWN GENTLY

The trip doesn't end here. Back on the streets, its double-wishbone suspension absorbs every terrain, even concrete slabs. With ample luggage and storage space, you'll be tempted to explore them all.

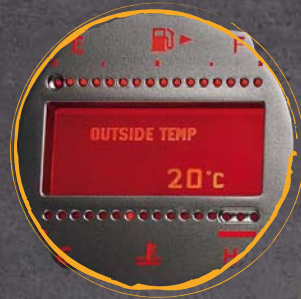

Decelerate with pure grace at the first red light. The new 370Z's variable ratio brake pedal ensures equal breaking power and control whether you're slowing down in town or cutting it fine on the track.

Pack up with fresh supplies thanks to its 235 litre trunk capacity. A large glove-box in the cockpit and door-trim bottle holders should come in handy too.

Get back in touch thanks to Bluetooth connectivity. Download your entire phonebook onto the Connect Premium system

Alert and ultra-responsive, with an optimised navigation system and speed-sensitive power steering for increased stability on and off the motorway: the 370Z knows exactly where you want to go...

GO ALL IN

Push the starter button and pick up speed with the floor-mounted acceleration pedal. Engage the clutch and revel in a perfectly automated heel-to-toe shift or opt for the automatic manual mode with magnesium paddle shifters.

Keep your eyes peeled with an ultra-wide combi-meter including tachometer and shift position indicator. Three information gauges mounted on the steering column make sure you never miss a trick.

Stay on track with Nissan's New Connect Premium system featuring a high resolution touch satellite navigation and a Michelin Guide.

Make some noise with a 6-CD changer for your audio-CDs, MP3 or WMA – and amplify the experience with the Bose Sound System.*

Guide your way with the rear view camera now fitted to Nissan Connect Premium (Optional on GT Pack, standard on GT Edition).

*Dependent on grade.

Introducing our commitment to you

You care about your Nissan so Nissan will care for you. That's why we'll make the following commitment:

YOU care about staying on the road when your Nissan is in for service or repair.

YOU care about quality enough to have your Nissan serviced at a Nissan dealership.

YOU care about getting the best value for money when it comes to service and repair.

YOU care about having your problems resolved quickly.

YOU care about getting the right Nissan model, engine and gearbox to test drive.

NISSAN will keep you mobile free of charge.

NISSAN says thanks by giving you continuous Nissan Roadside Assistance for free.

NISSAN will price match like for like competitor written quotes within 10 miles of your local dealer.

NISSAN will propose how to resolve any problem within 2 working days.

NISSAN will guarantee that's what you'll get when you pre-book your test drive either online or through our customer service centre.

ACCESSORIES

Exterior styling

- **19" NISMO forged alloy wheels.** Enhance your styling with an exclusive and sporty design.
- **Mud guards.** Black set of two pieces: available to fit both the front and rear to protect the bodywork and help keep your 370Z in pristine condition. The mud guards can be painted to match the colour of the bodywork.

Interior styling

- **Floor Mats.** Enhance and protect your interior thanks to these luxury mats made from high quality materials, featuring an embossed 370Z logo.
- **Trunk Mat.** A useful complement is the trunk mat with 370Z logo, which covers the whole trunk and protects it, whatever you carry.
- **Horizontal Luggage net.** Attaches to hooks in the boot to help stop your luggage from sliding around.
- **Illuminated Entry Guards.** These aluminium entry guards help protect the paintwork and make the cockpit even more inviting.

Safety

- **Nissan Tracking System.** A Thatcham Category 5 system that has been developed specifically for the European market. Providing pin-point GPS tracking throughout Europe, this is the only Nissan approved tracking device.
- **Front and Rear Parking systems.** Integrated and colour coded into 370Z's bodywork, Nissan parking sensors are available for both the front and rear bumpers. They will help ensure your vehicle's bodywork retains its smooth finish by alerting you to objects that may not always be visible.

Nissan's commitment to you includes all of the following benefits – some of which may be the reasons why you chose your new Nissan in the first place:

Three-year/60,000 miles manufacturer's warranty – Nissan's comprehensive warranty provides cover for your new Nissan from defects in materials or workmanship. Your vehicle is covered in all European Countries where Authorised Nissan Dealers are located. If your vehicle becomes inoperative due to a warrantable defect a towing service, when necessary, to the Authorised Nissan Dealer is covered. If a warrantable defect abroad takes more than six hours to repair, the Touring Assistance Programme will pay for a hotel room or rental car up to a certain maximum. The paint warranty covers painted body parts (excluding the underbody) for three years regardless of mileage driven. For further details please contact your local Authorised Nissan Dealer.

NV200 Combi - New Vehicle Warranty is issued by Nissan International SA is valid for 3 years from the warranty start date or 60,000 miles, whichever comes first. In addition, for each new NV200 Combi sold by an authorised UK Nissan dealer, Nissan Motor (GB) Limited (NMGB) will issue an extension to the New Vehicle Warranty. This warranty extension will cover your vehicle from 60,000 miles up to 100,000 miles or 3 years from the warranty start date, whichever comes first. Please note that audio and navigation units will not be covered by the warranty extension.
