# SPRINT

# THIS ONE'S FOR THE COLLECTORS

This is unlike any Falcon ever seen before. A truly memorable vehicle that highlights the sheer passion of the Ford team and the dedication to create an unforgettable vehicle for Falcon fans. A limited release of only 500 Falcon XR6 Sprint models with automatic transmission, and 750 Falcon XR8 Sprint comprised of both automatic and manual will be released. Each individually numbered with an exclusive plaque on the engine, paying homage to the collectability of this rare vehicle.

\*Power and torque figures measured using premium unleaded 95RON fuel.

\*\*Both Falcon XR6 Sprint and Falcon XR8 Sprint are available in shown colours. #Prestige paint is an option which incurs an additional charge.

**XR6**

"Everything is important" was the Ford engineers' motto while creating the Falcon XR Sprint. And it wasn't lost on the Falcon XR6 Sprint. A re-engineered engine right down to the fine details including a larger turbocharger, intercooler and injectors. This means that it is packed with a hefty 325kW\* of power and 576Nm\* of torque with transient overboost for up to 45kW\* and 74Nm\* more power and torque.

The Falcon XR6 Sprint also received an aerospace-grade, lightweight carbon fibre air duct under the bonnet, a first for Falcon and the gold standard in performance. Proudly designed and developed locally in Geelong, this innovative engineering increases airflow to the turbocharger for maximum boost.

This car was built to stand out with legacy decals and unique silhouette black accents. Gloss black wheels frame the iconic gold finished 6-piston front and 4-piston rear Brembo brakes. Together with custom embroidered suede and leather accented seats, it really is a breathtaking drive experience.

The bold Falcon XR8 Sprint embodies world-class Australian engineering. The moment you turn the keys, you'll feel the chest thumping 345kW<sup>ˆ</sup> of power and 575Nm<sup>ˆ</sup> of torque with transient overboost for up to 55kW<sup>ˆ</sup> and 75Nm<sup>ˆ</sup> more power and torque. This kind of muscle makes it the most powerful Falcon XR8 ever.

With silhouette black highlights, Falcon XR8 Sprint specific decals and an impressive signature bonnet power dome, it is a true muscle car. Unique gold finished 6-piston front and 4-piston rear Brembo brakes that sit behind gloss black wheels finish off the bold exterior design. The interior embroidered suede and leather accented seats and trims, alongside custom-made branded gear knob and badges, give a nod to its distinctiveness.

---

*“IT’S THE BEST  
FALCON XR WE  
HAVE EVER MADE”*

*David Burn, Chief Program Engineer*

---

After extensive testing, Ford engineers chose the ultra high performance Pirelli P-Zero tyres for both models – ideal for the high-powered engines, and a first for Falcon. To ensure total performance the Falcon XR Sprint was given a finely tuned suspension package with revised spring rates and increased rebound damping. The result is ultimate body control, improved launch feel and acceleration, alongside enhanced wet and dry handling.

## Specifications

Engine	Falcon XR6 Sprint	Falcon XR8 Sprint	Audio & Communication	Falcon XR6 Sprint	Falcon XR8 Sprint
4.0L DOHC DI-VCT TURBO I6	S	–	Premium audio system with DAB+/AM/FM radio, single slot CD, 9 speakers, 150 watt amplifier and subwoofer	S	S
