LINCOLN
NAVIGATOR

Navigator Ultimate in Silver Birch Metallic with available power-deployable running boards.

Navigator Ultimate's standard power liftgate with available 18" 7-spoke chrome-clad aluminum wheels.

Feel the Power.

Lincoln Navigator is elegantly restyled for 2005 with sleek, new exterior lines reinforcing its powerful proportions. Under this taut skin, a new 300-hp 5.4L 3-valve V-8 engine is paired with a 6-speed transmission for improved off-the-line acceleration. With all this power comes exceptional poise, thanks to AdvanceTrac® with Roll Stability Control™ (RSC)*, standard on every Navigator. By automatically applying the brakes and modulating engine torque, AdvanceTrac gives you more control in adverse conditions. Class-exclusive** RSC utilizes a gyroscopic sensor to monitor the vehicle's condition and engages AdvanceTrac as soon as an unstable situation is detected. It's peace of mind you can't find anywhere else.

When you've got the power, use it. Navigator's got it. Class-exclusive features like Navigator Ultimate's standard power-folding 3rd-row seats put convenience at your fingertips, and available power running boards glide out to provide a step when the door is opened, and retract when the door is closed. Loading is easy, even with your hands full, with Ultimate's standard liftgate that raises or lowers on its own. In addition, power-adjustable brake and accelerator pedals with memory for 2 drivers make you comfortable behind the wheel of every Navigator. Even the large, heated sideview mirrors provide a power-fold function, and they include built-in turn indicators to clearly signal your driving intentions.

Navigator Ultimate is the first in its class to offer a cinema-quality sound system created exclusively for an SUV. Just like THX® technology at the movies, the available Lincoln Soundmark™ THX-Certified Audio System is fine-tuned with 9 speakers, 300 watts of power, a 6-disc in-dash CD changer and 3 listening modes. This sonic treasure is packaged with a Navigation System that understands over 170 voice commands. For a seemingly endless stream of audio bliss on every journey, add the SIRIUS Satellite Radio† service, which features over 120 channels of coast-to-coast music, news and entertainment.

*Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. **Full-size Luxury SUV. †See your Lincoln Mercury Dealer for SIRIUS installation and activation details.

Navigator Ultimate in Camel with American walnut burl wood accents.

KEY NAVIGATOR STANDARD EQUIPMENT

LUXURY

Performance

Brakes - power 4-wheel disc with Anti-lock Brake System (ABS) and Electronic Brake Force Distribution (EBD)
